APPENDIX D—LIST OF COMPARABLE CATEGORIES

This appendix shows the comparable categories which you use in fixing your ceiling price under Rule 5. You use this appendix as follows:

In the first column at the left of the table below you find the category to which the article you are pricing belongs. If you go across the table to the right on the same line, you will find that several other "comparable" categories are listed opposite the category to which the article belongs. You look in column 1 of your chart to see whether you have listed the first comparable category shown in the table. If you have not listed the first comparable category in column 1 of your chart, look on your chart for the second comparable category, then the third and so forth until you find a comparable category which is listed in column 1 of your chart. When you have such a comparable category, you figure your ceiling price under Rule 5 as if the article you are pricing belonged to the first comparable category which appears in column 1 of your chart.

You will note that Categories 306 and 307, 351 and 353, 501–507, and 601–607) no comparable categories are listed in the table below. These categories therefore cannot be priced under Rule 5. Thus, if those categories are not listed in column 1 of your chart, you must fix your ceiling price for them under section 10.

[Appendix G added by Am. 10, 11 F.R. 2987, effective 3-19-46]

Effective date. This regulation shall become effective March 20, 1945. [Maximum Price Regulation 580 originally issued March 20, 1945]

[Effective dates of amendments are shown in notes following the parts affected]

NOTE: The reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget, in accordance with the Federal Reports Act of 1942.

Issued this 17th day of May 1946.

PAUL A. PORTER,
Administrator.

PART 1382—HARDWOOD LUMBER

[MPR 458,[1] Amdt. 5]

OAK, PECAN AND MISCELLANEOUS HARDWOOD FLOORING

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 458 is amended in the following respects:

1. Section 2 is amended to read as follows:

SEC. 2. *What products, transactions and persons are covered.* This regulation covers all direct mill sales of unfinished and prefinished hardwood flooring produced from the species and in the regions indicated as follows:

Species	*Regions where produced*
Oak, pecan and gum	Anywhere in the United States.
All hardwood species except oak, pecan gum, hard maple and birch.	Anywhere in the United States except in the Northern, Northeastern, and North Central hardwood regions as those regions are described in Maximum Price Regulations 223, 368, and 155.

For the purposes of this regulation, prefinished hardwood flooring means flooring that has been sanded, filled, finished, waxed, and pressure rubbed to form a finished product ready for immediate use after installation. The regulation applies regardless of the kind of mill or plant in which the flooring is produced, and regardless of whether the particular item is specifically priced in the price tables or not. Any person who makes a sale of this kind for himself or others, is subject to this regulation.

NOTE: See Supplementary Order 150.

All grade terms in this regulation have the meaning given in the effective Official Flooring Grading Rules for Oak, Pecan, Beech, Birch and Hard Maple issued by the National Oak Flooring Manufacturers' Association insofar as those rules apply to species covered by this regulation. One of the grade requirements of these rules, and of this regulation in order for the prices established herein to be charged, is that the hardwood flooring of the indicated species must be made from properly kiln-dried lumber, side matched and end matched, and machined to pattern. In addition, of course, it must meet all of the other grade requirements.

2. Section 3 is amended to read as follows:

SEC. 3. *Maximum f. o. b. mill prices.* (a) The maximum f. o. b. mill prices for the hardwood flooring covered by this regulation are set forth in Articles IV to VIII, inclusive.

(b) *Small quantity shipments, other than by rail at the carload rail rate or water.* When the purchaser's order specifically requires that shipments of hardwood flooring covered by this regulation be made solely by some means of transportation other than rail at the rail carload rate, or water, an addition of $4.00 per thousand feet board measure to the maximum f. o. b. mill prices for the hardwood flooring so ordered, may be made by the seller. The $4.00 addition may be made by the seller under the conditions referred to in this paragraph if shipment is made solely by truck, express or by rail at the less-than-carload rates. If all or any part of the hardwood flooring covered by such order is shipped by rail at the carload rail rate or water, the above addition shall not be made.

3. Immediately following section 12, and immediately preceding Article IV, a table is added reading as follows:

Coverage of Articles IV-VIII

Article	Species	Producing regions
IV	Oak	Southern and South Central hardwood regions, and elsewhere in the United States except in Appalachian, North Central, Northern and Northeastern hardwood lumber regions.
V	Oak	Appalachian, North Central, Northern and Northeastern hardwood lumber regions.
VI	Beech	Southern and South Central hardwood lumber regions, and elsewhere in United States except in Appalachian, North Central, Northern and Northeastern hardwood lumber regions.
VII	Pecan, gum	United States.
VIII	Beech	Appalachian hardwood lumber region.

4. In section 8, *Prohibited practices*, a new paragraph is added to read as follows:

It shall be a violation of the regulation to mark, label, or otherwise identify hardwood flooring produced outside the regions covered by Articles V and VIII, in any manner which would reasonably lead any purchaser to believe that the flooring had been produced within the regions covered by Articles V and VIII.

5. Article IV is amended to read as follows:

ARTICLE IV—PRICE TABLES

The maximum prices established in Article IV are for 1000 feet board measure of flooring of the indicated species, grade and size, f. o. b. mill, produced anywhere in the United States, except in Appalachian, North Central, Northern and Northeastern hardwood lumber regions as those regions are described in Maximum Price Regulations 146, 155, 223, and 368.

Notes on prefinished red or white oak flooring:
Prime grade: Same as select and better strip oak flooring, and will average approximately 50 percent each clear and selects. Bundles: 2' and longer; minimum average: 4½'.
Standard grade: A combination of No. 1 Common and No. 2 Common strip oak flooring, and will average approximately 70 percent No. 1 Common and 30 percent No. 2 Common. Bundles: 1¼' and longer; minimum average: 3½'.
Standard and better grade: A combination of prime grade and standard grade, to include the normal percentage of each of these grades developing.
Additions and deductions: For standard or standard and better grade, shipped in 2' and longer bundles, add $2.00 per M'BM to the price for the regular grade (2' bundles contain 12' bundles only). For standard or standard and better grade, shipped in 1¼' bundles only, deduct $15.00 per M'BM from the price for the appropriate grade in table 2.

6. Four new articles, designated Article V, Article VI, Article VII and Article VIII, are added, to read as follows:

ARTICLE V—PRICE TABLES

The maximum prices established in Article V may not be charged except for

[1] 8 F.R. 15323; 9 F.R. 457, 10 F.R. 12118; 11 F.R. 1622.

flooring produced in mills located in certain regions. These regions are the Appalachian, North Central, Northern and Northeastern hardwood lumber regions, as defined in Maximum Price Regulations 146, 155, 223, and 368. The maximum prices set forth are for 1000 feet board measure for the indicated species, grade, and size, f. o. b. mill.

In order that the Office of Price Administration may properly enforce these maximum prices, particularly on sales out of distribution yard stocks, it is necessary that it maintain an accurate file of hardwood flooring mills located in these regions, and that all flooring produced in such mills be easily identifiable as such. Therefore, the following two requirements must be complied with before the prices in this Article V may be charged:

1. The producing mill must register with the Lumber Branch, Office of Price Administration, Washington 25, D. C., and must keep on file an acknowledgement from OPA that the registration has been received. The registration may be in any form so long as it shows the exact name of the mill, and the location of the mill (town, county, and State).

2. The producing mill must either stamp each piece with the name and location (town and State) of the mill, or securely tag or label each bundle, the tag or label to bear the following wording:

Produced by _____
(Exact name of producing mill)
At _____
(Location of producing mill)
Authorized maximum price fixed by Article V of MPR 458

NOTE: Since Order No. 3 (effective April 11, 1946) permitted agreements to adjust prices upward to reflect increased granted by this amendment, the above two requirements do not apply to shipments made prior to May 31, 1946.

The maximum prices for any oak flooring produced by a mill which fails to meet the registration and labeling requirements set forth above shall be the maximum prices established in Article IV of the regulation.

Notes on standard grades and victory grade gum flooring:

For purposes of this regulation, the grades of gum flooring are defined as follows:

Clear.—Face practically free of defects. 2' and longer, permitting up to 30% 2' and 3'.

Select.—Admits small tight knots, pin worm holes, and slight imperfections in working. 2' and longer, permitting up to 40% 2' and 3'.

No. 1 Common.—Will lay a sound floor without cutting. 1' and longer, permitting up to 60% 1' to 3'.

No. 2 Common.—Admits defects of all kinds, but will lay a serviceable floor with some cutting. 1' and longer, permitting up to 80% 1' to 3'.

Victory.—Shall be machine run, consisting of all grades named herein developed in a normal run of average grade lumber, with all grades bundled together. The lowest piece admitted shall not be less than No. 2 Common and lay a serviceable floor without cutting. The bundles are to be 2' and up, with an average length of not less than 4½'.

MANUFACTURING REQUIREMENTS

Flooring must meet all of the manufacturing requirements for tongued and grooved, end-matched flooring, as required by rules of the National Oak Flooring Manufacturers Association for standard grades of oak and other hardwood flooring.

Flooring shall not be considered to meet the requirements of these grades unless the lumber from which the flooring is manufactured has been properly kiln-dried.

For prime, standard or standard and better grade, shipped in 1¼' bundles only, deduct $15.00 per M'BM from the price for the appropriate grade in table 9.

ARTICLE VIII

The maximum prices established in Article VIII may not be charged except for flooring produced in mills located in the Appalachian hardwood region, as defined in Maximum Price Regulation 146. The maximum prices set forth are for 1000 feet board measure for the indicated species, grade, and size, f. o. b. mill.

In order that the Office of Price Administration may properly enforce these maximum prices, particularly on sales out of distribution yard stocks, it is necessary that it maintain an accurate file of hardwood flooring mills located in this region, and that all flooring produced in such mills be easily identifiable as such. Therefore, the following two requirements must be complied with before the prices in this Article VIII may be charged:

1. The producing mill must register with the Lumber Branch, Office of Price Administration, Washington 25, D. C., and must keep on file an acknowledgment from OPA that the registration has been received. The registration may be in any form so long as it shows the exact name of the mill, and the location of the mill (town, county, and state).

2. The producing mill must either stamp each piece with the name and location (town and state) of the mill, or securely tag or label each bundle, the tag or label to bear the following wording:

Produced by _____
(Exact name of producing mill)
At _____
(Location of producing mill)
Authorized maximum price fixed by Article VIII of MPR 458.

NOTE: Since Order No. 3 (effective April 11, 1946) permitted agreements to adjust prices upward to reflect increases granted by this amendment, the above requirements do not apply to shipments made prior to May 31, 1946.

The maximum prices for beech flooring produced by a mill which fails to meet the registration and labeling requirements set forth above shall be maximum prices set forth in Article VI.

Notes on prefinished beech flooring.

Prime grade: Same as second and better strip beech flooring, and will average about 50 percent first grade and 50 percent second grade. Bundles: 2' and longer; minimum average: 4'.

Standard grade: Same as third grade. Bundles 1¼' and longer: Minimum average: 3'.

Standard and better grade: A combination of prime grade and standard grade to include the normal percentage of each of these grades developing.

Additions and deductions: For standard or standard and better grade, shipped in 2' and longer bundles, add $2.00 per M'BM to the prices for the regular grade (2' bundles contain pieces 18'' to 30'').

For prime, standard or standard and better grade, shipped in 1¼' bundles only, deduct $15.00 per M'BM from the price for the appropriate grade in table 11.

MAXIMUM PRICES FOR STAPLE WORK GLOVES

This compilation of Revised Maximum Price Regulation 506 includes Amendment 3, effective May 20, 1946. The text added or amended by Amendment 3 is underscored. Changes made by Amendment 3 in Tables 1 through 12 of Appendix A are indicated by notes.

A statement of the considerations involved in the issuance of this Revised Maximum Price Regulation No. 506 has been issued simultaneously herewith and filed with the Division of the Federal Register.[2] In the judgment of the Price Administrator the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended. Such specifications and standards as are used in this regulation were, prior to such use, in general use in the trade or industry affected.

§ 1389.604 *Maximum prices for staple work gloves.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders No. 9250 and No. 9328, Revised Maximum Price Regulation No. 506 (Maximum Prices for Staple Work Gloves) which is annexed hereto, and made a part hereof, is hereby issued.

AUTHORITY: § 1389.604 issued under 56 Stat. 23, 765; 57 Stat. 566; Pub. Law 383, 78th Cong.; Pub. Law 108, 79th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681; E.O. 9599, 10 F.R. 10155; E.O. 9651, 10 F.R. 13487; E.O. 9697, 11 F.R. 1691.

SECTION 1. *Scope of this regulation—*(a) *Kinds of work gloves covered.* The specified staple work gloves covered by this regulation are work gloves of the following kinds:

(1) Single thickness canton flannel gloves.

(2) Canton flannel gloves with double thickness palm.

(3) Fully-lined canton flannel gloves.

(4) Two-thumbed canton flannel gloves.

(5) Jersey gloves.

(6) Combination leather and canton flannel or jersey gloves. However, grain leather palm gloves are not covered by this regulation.

For the purposes of this regulation (except Appendix A) "gloves" means both gloves and mittens.

(b) *Kinds of sales covered.* This regulation applies to all sales including sales at retail, sales at wholesale and sales by manufacturers. These kinds of sales are defined as follows:

(1) *Sales at retail.* All sales to individual consumers are "sales at retail." Such sales may, of course, be made by someone who is primarily a wholesaler or a manufacturer.

Sales to industrial, commercial, governmental, and charitable institutions which do not resell are also considered "sales at retail" if made by a person who sells principally to individual consumers, and only incidentally to institutions of these kinds. If not made by such a person, sales to these institutions are considered sales at wholesale or sales by manufacturers.

(2) *Sales at wholesale.* A sale at wholesale is any sale which is neither a sale at retail as explained in (1) nor a sale by a manufacturer as explained in (3). For example, a sale by a jobber, who buys work gloves from a manufacturer and resells them to a retailer or to an industrial user, is a sale at wholesale. Sales from jobber to jobber, and from retailer to retailer are also sales at wholesale, but are called "special sales", as explained in section 3.

(3) *Sales by a manufacturer.* A sale by a manufacturer is a sale of work gloves by a person:

(i) Who fabricated the gloves sold; or

(ii) Who sold or consigned to the fabricator of the gloves any of the principal materials from which they were made; or

(iii) Whose business is under the same ownership or control as the person who fabricated the gloves.

(c) *Where this regulation applies.* This regulation covers sales in the 48 states and the District of Columbia.

SEC. 2. *How to find retail ceiling prices.* Ceiling prices for sales at retail are listed in the tables in Appendix B. Two tables of ceiling prices are provided. Table I lists retail ceiling prices for gloves purchased from a wholesaler (the term "wholesaler" is defined in section 3 (a)). Table II lists retail ceiling prices for gloves purchased direct from the manufacturer.

The ceiling prices in the tables are not given by the kind of glove, but by the supplier's net ceiling price. The tables show the retail ceiling price which corresponds to each different supplier's net ceiling price. Before using the tables, the retailer must find his supplier's net ceiling price according to the instructions given below. Retailers should also pay particular attention to section 6 (Marking of gloves).

[Above paragraphs amended by Am. 2, 9 F.R. 10862, effective 9-1-44]

(a) *Where retailer does not know the supplier's ceiling price.* If the retailer does not know the ceiling price of the manufacturer or wholesaler who supplies him, he may inquire of the supplier, who is required to disclose his ceiling price. Moreover, if the gloves to be priced are those specified in Appendix A, the retailer can find the ceiling prices for manufacturers in column (a) of the tables in Appendix A, and the ceiling prices for wholesalers in column (b) of these tables. Note, however, that the ceilings listed for manufacturers in column (a) are on a gross basis. Thus for gloves purchased from manufacturers "the supplier's net ceiling" is the price listed in column (a) of the appropriate table, less 2% (the discount available on all purchases from manufacturers), or less such more favorable terms as may be extended by your supplier.

[Paragraph (a) amended by Am. 3, effective 5-20-46]

(b) *Where retailer's suppliers have different ceiling prices.* Some manufacturers have two ceiling prices for the same number—a Group I ceiling and a Group II ceiling. If the retailer pays the Group I ceiling price (or less), he takes that ceiling to figure his retail price; but if he pays the manufacturer a higher price, he takes the Group II ceiling. If, however, he buys gloves with the identical manufacturer's lot number or brand name at different prices, making one purchase at or below the Group I ceiling and another above, he must use the Group I ceiling to figure his retail price on all gloves of this lot number or brand name. Moreover, if he buys gloves with the identical manufacturer's lot number or brand name from a wholesaler and also from the manufacturer, he must use Table II in determining his retail ceiling price, and must take the manufacturers' ceiling, not the wholesalers' ceiling, to figure his retail ceiling for this number.

Example. Retailer B buys lot No. 902 from the X Company, the manufacturer, at $2.40, 2, 20, net 40, per dozen, which is the manufacturer's ceiling specified in Appendix A. Later he gets more gloves of lot No. 903 from a wholesaler, who charges him $2.85 per dozen, the wholesalers' ceiling listed in Appendix A.

In figuring his retail ceiling for work gloves of this lot number, B takes $2.40 less 2% as his supplier's net ceiling price, or $2.35. In Table II of Appendix B, he finds 26¢ per pair as his ceiling price for this lot number (not 32¢ based on $2.85).

[Example amended by Am. 3, effective 5-20-46]

[Paragraph (b) amended by Am. 2, 9 F.R. 10862, effective 9-1-44]

(c) *Where gloves are bought at a "special sale".* Sales which are neither sales by a manufacturer nor "regular sales" at wholesale are called "special sales". These include sales by retailers to retailers, sales by brokers, commission merchant, job-lot dealers or like persons and sales of other types. (The difference between "regular" and "special" sales is more fully explained in section 3.)

If the retailer has bought a glove at a "special sale", he does not figure his ceiling price by taking the price of his own supplier. Instead, he takes the ceiling price of the supplier of the person who made the "special sale". If a succession of special sales has been made, he takes the ceiling price of the supplier of the person who made the first of these special sales. Thus, the retail ceiling price of a pair of gloves is the same as if the retailer had bought directly from the original supplier, without any special sale intervening.

Example 1. C, a retail chain, buys one dozen 8 oz. canton flannel gloves from a manufacturer at $1.72½, 2/20, net 40, which is the manufacturer's ceiling listed in Appendix A. C sells them to D, another retail chain, for $1.77½ (which is equal to C's cost plus freight actually paid by him).

In figuring his retail ceiling D assumes his supplier's ceiling to be $1.69 ($1.72½ less 2%), the net ceiling price of C's supplier, not $1.77½, the price D actually paid. Accordingly, from Table II in Appendix B, D finds a retail ceiling of 19¢ per pair.

Example 2. E, an independent retailer, buys one dozen 18 oz. double palm cotton flannel gloves from a wholesaler at $3.15 (the jobber's ceiling). He decides to liquidate and sells them to an auctioneer for $2.75 a dozen. The auctioneer resells them to F, another retailer, for $3.20 (this being the price paid by E, plus transportation charges incurred by the auctioneer).

In figuring his retail ceiling F takes $3.15 as his supplier's ceiling, so that his retail ceiling, found from Table I in Appendix B, is 35¢ (not 36¢).

[Examples 1 and 2 amended by Am. 2, 9 F.R. 10862, effective 9-1-44, and Am. 3, effective 5-20-46]

(d) *Where a retail sale is made by manufacturer.* Where a sale at retail is made by a manufacturer, the retail ceiling is found from Table II in Appendix B. But since the manufacturer has no "supplier," he takes the Group I manufacturers' ceiling for these gloves (found in column (a) of the tables in Appendix A) and uses this as his "supplier's ceiling price."

[Paragraph (d) amended by Am. 2, 9 F.R. 10862, effective 9-1-44]

SEC. 3. *How to find wholesale ceiling prices.* Under this regulation, there are two kinds of sales at wholesale. They are called "regular sales" and "special sales", and are explained in this section. Different methods of pricing are provided for these two kinds of sales.

(a) *Regular sales at wholesale—*(1) *What is a regular sale.* A "regular sale" is a sale by a wholesaler to a person who sells principally at retail or is an industrial user, and whose business is not under the same ownership and control as the seller's.

A "wholesaler" is a person or business organization to which all the following statements apply:

(i) It sells goods to retailers in general, and not primarily to a single retailer, or to a group of retailers which are under common ownership.

(ii) It buys and sells goods in "wholesale quantities", as understood in the trade, and sells through traveling salesmen or circulated catalogs.

(iii) It carries at all times at its principal place of business a representative stock of work gloves, and makes at least 50% of its work glove deliveries from stock (as opposed to drop shipments).

(iv) It is not under the same ownership or control as the person who fabricates the work gloves which it sells.

(v) It extends credit, and carries its own accounts. It may, of course, entrust or assign its delinquent accounts to others for collection.

(vi) It is not (*a*) a buying office or other agency representing retailers, (*b*) a stock-carrying affiliate of retailers, (*c*) a central office or warehouse for stores which are commonly owned or controlled, (*d*) a drop shipper, (*e*) a broker, (*f*) a commission-merchant, (*g*) a selling-agent, or (*h*) a job-lot dealer.

A person who wishes to qualify as a "wholesaler" but was not such a wholesaler in 1942, must, before making any sales at ceilings for regular sales at wholesale, send a statement by registered mail to the Office of Price Administration ("Men's Clothing Section"), Washington 25, D. C. The statement must give the "wholesaler's" name and address, and the date on which he commenced business as a wholesaler.

(2) *Ceiling prices for "regular sales".* For the work gloves specified in Appendix A, ceiling prices for regular sales at wholesale are those stated in column (b) of the tables in that appendix.

For work gloves not specifically priced in Appendix A and which a wholesaler had in stock on the effective date of this regulation, the ceiling prices for regular sales at wholesale are those established under the prior applicable price regulation (either the General Maximum Price Regulation[3] or Maximum Price Regulation 210[4]).

In some cases, the Office of Price Administration may establish by individual order manufacturers' ceiling prices for work gloves not specifically priced in Appendix A. In each such case, the wholesaler figures his ceiling price by taking the manufacturer's Class I gross ceiling price and multiplying this price by 1.168.

[Above paragraph amended by Am. 3, effective 5-20-46]

(b) *Special sales.* Sales at wholesale which are not "regular sales" as explained in paragraph (a) are "special sales". They include (but are not confined to) sales by wholesalers to wholesalers, sales by retailers to retailers, and all sales by brokers, commission merchants, job-lot dealers, and like persons.

(1) *Ceiling prices for special sales.* The ceiling prices for a "special sale" is the net price actually paid by the seller (not exceeding the ceiling price), plus any charges for transportation actually paid by him. Moreover, any person who buys at a special sale and resells at another special sale must figure his ceiling price by taking the price paid by the seller in the first special sale.

Example 1. G, a large retailer, buys a dozen 8 oz. canton flannel gloves from a manufacturer at $1.72½, 2/20, net 40, the manufacturer's ceiling price, and pays 10¢ per dozen for freight. He now wants to resell them to H, a second retailer. G's ceiling price for this sale is $1.79—his cost plus freight.

Example 2. L, a wholesaler, buys a dozen hot mill gloves from a manufacturer at $3.57½, 2/20, net 40, per dozen, the manufacturer's ceiling price. L now liquidates and resells the gloves to auctioneer M for $3.25 per dozen. Now M wants to resell the gloves to another wholesaler.

In figuring his price for this second special sale, M takes as his cost $3.50½ per dozen ($3.57½ less 2%), the price paid by L, and adds freight paid by M. If M pays 10¢ for freight, N's ceiling is $3.60½.

[Examples 1 and 2 amended by Am. 2, 9 F.R. 10862, effective 9-1-44 and Am. 3, effective 5-20-46]

(2) *Disclosure in special sales.* In any special sale, the seller must mark the bill or invoice with the words "special sale", and must disclose any information required by the provisions of section 7 (a).

SEC. 4. *How to find manufacturers' ceiling prices—*(a) *Work gloves specified in Appendix A.* For the work gloves specified in Appendix A, ceiling prices for sales by manufacturers are those stated in column (a) of the tables in that appendix. Column (a), however, states two manufacturers' ceiling prices for each glove specified—a Group I ceiling and a Group II ceiling. Some manufacturers must use the Group I ceiling only, some may use the Group II ceiling only, and some may use both, according to the rules stated in the following subparagraphs (1), (2), and (3).

(1) *How a manufacturer finds his "wholesale percentage".* (i) In order to find what proportion of his sales must be made at Group I prices, a manufacturer must find the percent of his 1941 deliveries which were made at wholesale prices. This is called the manufacturer's "wholesale percentage". A "whole-

sale price" means (*a*) any price at or below which a manufacturer, during 1941, normally supplied wholesalers, or any other large volume purchaser (e. g., chain stores and mail order houses) commonly known or regarded as "wholesale trade"; (*b*) any price at which industrial users or other purchasers (e. g., independent retailers) were supplied during 1941, if, during this period, the manufacturer's price to them was no higher than his price to "wholesale trade"; (*c*) any price during 1941 at which a manufacturer, who did not sell to "wholesale trade" during this period, normally supplied industrial users or other purchasers, if this price was no higher than the prices at which manufacturers supplying "wholesale trade" sold to such trade during 1941. In determining whether certain sales were made at "wholesale prices," allowance must be made for differences in gloves sold.

Example 1. During 1941, W, a work glove manufacturer, supplied only wholesalers, chain store, and mail order houses. For the purposes of this regulation, all of the prices at which W sold these purchasers are "wholesale prices."

Example 2. During 1941, Y, a work glove manufacturer, supplied only wholesalers and industrial users. He sold the same gloves to both types of purchasers at the same prices. For the purposes of this regulation, all of the prices at which Y sold these purchasers are "wholesale prices."

Example 3. During 1941, Z, a work glove manufacturer, supplied only wholesalers and independent retailers. He sold the same gloves to independent retailers as he sold to wholesalers, but at higher prices. Only the prices at which Z sold to wholesalers are "wholesale prices."

Example 4. During 1941, V, a work glove manufacturer, supplied wholesalers and independent retailers. He sold a number to wholesalers at $4.75 a dozen. He also sold to independent retailers at $5.00 a dozen, a number which was similar except for an extra feature that was worth 25¢ a dozen. Both the $4.75 and the $5.00 sales would be considered sales at "wholesale prices."

(ii) A manufacturer will figure his "wholesale percentage" as follows:

(*a*) Find the number of dozens of staple work gloves covered by this regulation delivered to all purchasers in 1941.

(*b*) Find the number of these which were delivered at wholesale prices.

(*c*) Divide the number delivered at wholesale prices by the total of all deliveries (divide (*b*) by (*a*)). The resulting figure, expressed as a percent, is the manufacturer's "wholesale percentage".

Example 1. P, a work glove manufacturer, delivered 10,000 dozen staple work gloves in 1941. All these were delivered at prices generally charged to independent retailers, and none at "wholesale prices."

P's "whole percentage" is zero.

Example 2. R, a work glove manufacturer, delivered 100,000 dozen staple work gloves in 1941. All these deliveries were made to volume purchasers including jobbers. Chain stores and industrial users and none were delivered at higher prices.

R's "wholesale percentage" is 100%.

Example 3. S, a work glove manufacturer, delivered 50,000 dozen staple work gloves in 1941. 20,000 of these were delivered to his volume trade at "wholesale prices", and 30,000 to independent retailers at higher prices.

S's "wholesale percentage" is 40% (20,000 divided by 50,000).

(2) *How a manufacturer uses his wholesale percentage.* Each manufacturer who delivered staple work gloves at "wholesale prices" in 1941 must, during the remainder of 1944 and each subsequent calendar year, make a certain quota of his deliveries of staple work gloves at Group I prices. This quota is that percentage of his total annual deliveries which is equal to his "wholesale percentage" (found under (1)). For example, if a manufacturer's "wholesale percentage" is 40%, and he delivers 300,000 dozen staple work gloves during the remainder of 1944, 120,000 dozen must be delivered at Group I prices. If, at the end of a year, a manufacturer fails to meet his quota, he has exceeded his ceiling prices to the extent of the deficiency, and will be liable to civil and criminal penalties accordingly. In calculating the annual quota of deliveries which must be made at Group I prices, follow these instructions:

(i) *What deliveries are counted in finding the quota.* In figuring the quota of deliveries which must be made at Group I prices in 1944, the manufacturer takes all deliveries made from May 16, 1944, to December 31, 1944, inclusive. In any subsequent year, all deliveries for the entire calendar year will be included.

Example 1. In 1941 the ABC Company sold 70% of its staple work gloves at "wholesale prices" and 30% at higher prices. Its "wholesale percentage" is 70%. From May 16, 1944, to December 31, 1944, its anticipated deliveries of work gloves are 250,000 dozen.

The ABC Company will determine its obligation as follows:

	Dozen
Anticipated deliveries	250,000
Quota to be delivered at Group I prices (70% of 250,000)	175,000
Remainder which may be sold at Group II prices	75,000

For convenience in meeting the quota of deliveries which must be made at Group I prices, it is suggested that a manufacturer keep a current record of deliveries at Group I and Group II prices made after May 16, 1944, in this form:

Date	Number of dozens delivered at group I prices	Number of dozens delivered at group II prices	Total number of dozens delivered

At periodic intervals (e. g., at the end of each month), the manufacturer should total deliveries at Group I prices and all deliveries. He should then divide the former total by the latter. If the proportion of deliveries at Group I prices is below his wholesale percentage, it would be advisable for him to ship only at his Group I ceilings until the proportion of deliveries at Group I prices equals the wholesale percentage. This procedure should be repeated for subsequent periods, until the end of the year.

Example 2. In 1941 the X Company sold all of its staple work gloves at "wholesale prices". Its "wholesale percentage" is thus 100%. In 1944, all of its deliveries must be made at Group I prices.

Example 3. In 1941 the Z Company sold none of its staple work gloves at "wholesale prices". Its "wholesale percentage" is thus zero. In 1944, all of its deliveries may be made at Group II prices.

(ii) *Sales to particular purchasers not required.* A manufacturer who may make deliveries at Group II prices may make these deliveries to any class of purchaser. Likewise, a manufacturer may make deliveries at Group I prices to any class of purchaser. Moreover, a manufacturer who delivers the required proportion of his work gloves at Group I prices may deliver as many more at Group I prices as he wishes.

(iii) *Calculating and filing the "wholesale percentage."* Every manufacturer of staple work gloves must keep available for inspection by the Office of Price Administration the records and the tabulation or work sheets which he used in figuring his "wholesale percentage". He is also required to file a statement of his wholesale percentage, as provided in section 8 (c) (2).

(3) *Inability to calculate a wholesale percentage.* Any manufacturer who sells staple work gloves but did not do so in 1941, or who, because of other reasons, is unable to determine a wholesale percentage, must apply to the Office of Price Administration (Men's Clothing Section), Washington 25, D. C., for the authorization of a "wholesale percentage."

This application must set forth: (i) the manufacturer's name and address; (ii) the date when he commenced business; and (iii) the total number of dozens of staple work gloves delivered to each class of purchaser during the first 12 months of business, or, if the manufacturer does not have one year's experience, during such other portion of time as he has been in business. Until this authorization is granted the manufacturer must make all deliveries at or below Group I ceiling prices.

[Subparagraph (3) amended by Am. 2, 9 F.R. 10862, effective 9-1-44]

(b) *Other work gloves covered by this regulation.* For work gloves covered by this regulation but not specified in Appendix A, a manufacturer's ceiling prices are those authorized by the Office of Price Administration, on application by the manufacturer.

An application for the fixing of a ceiling price must be filed with the Office of Price Administration (Men's Clothing Section), Washington 25, D. C. The application must contain information in the detail indicated by the suggested form in Appendix C, and must be accompanied by a sample of the glove.

Pending action on such an application a person must not sell or deliver the glove except in accordance with the provisions of section 10 (b) (Adjustable pricing agreements).

Maximum prices authorized by orders issued under this provision prior to May 20, 1946, may be adjusted in accordance with the table below. The new maximum price is calculated by multiplying the price authorized by the applicable percentage multiplier. The manufacturer must send corrected price notices to each of his customers with the first numbers shipped after the price changes have become effective.

Type of glove	Adjustment multiplier for manufacturers (to be applied to Group I and Group II authorized ceilings)	Adjustment multiplier for wholesalers (to be applied to manufacturer's Group I adjusted ceiling)
Canton flannel	1.10	1.168
Jersey	1.03	1.168
Leather combination	1.041	1.168

[Above paragraph and table added by Am. 3, effective 5-20-46]

SEC. 5. *When taxes may be added.* When a tax on a particular sale or delivery is imposed by a statute or ordinance which permits stating the tax separately from the price, the tax may be separately charged or collected in addition to the ceiling price. This applies only to sales taxes, gross receipt or gross proceeds taxes, and compensating use taxes, and does not apply to any tax imposed on a prior sale or delivery.

SEC. 6. *Marking of gloves*—(a) *Marking required at retail.* Every person is forbidden to sell or offer to sell at retail or display in a retail store any pair of staple work gloves which is not marked as required by this section. If any part of the required marking has not been performed by the manufacturer, it must be supplied by the retailer.

(1) On and after June 21, 1944, the marking must show the retail ceiling price.

(2) On and after September 15, 1944, the marking must show, in addition to the retail ceiling price, the manufacturer's lot number or brand name for the glove and a statement of defects (if any).

[Paragraph (a) amended by Am. 1, 9 F.R. 6239, effective 6-6-44]

(b) *Marking and information required of manufacturers.* Every manufacturer is forbidden to deliver any pair of work gloves which is put into the process of manufacture on or after August 6, 1944, unless it contains markings showing the manufacturer's lot number or brand name for the glove, and a statement of defects (if any). Moreover, each manufacturer must supply each retail purchaser with a list of retail ceiling prices for staple work gloves supplied him. If the gloves are distributed through wholesalers, the manufacturer must supply the wholesaler who in turn must supply each retailer. This list must be forwarded by the manufacturer or wholesaler not later than the first invoicing or billing of any pair of staple work gloves covered by this regulation, or before June 6, 1944 (whichever is later). The manufacturer or wholesaler must keep this list up to date thereafter by sending supplemental lists to each customer at the time of shipment of any new numbers subsequently sold, or, if the manufacturer's or wholesaler's net ceiling price is changed, by sending corrected lists with the first numbers shipped after the price changes have been effective. The list must be in substantially the following form:

[Paragraph (b) amended by Am. 1 and Am. 3, effective 5-20-46]

RETAIL CEILING PRICE LIST AS REQUIRED BY THE OFFICE OF PRICE ADMINISTRATION

[Retail ceiling prices for ABC Company staple work gloves [1]—for work gloves bought from manufacturers at Group I prices [2]]

Manufacturer's lot number or brand name	Description of glove	Appendix A RMPR 506 number [3] (if any)	Retail price per pair
903	8 oz. men's single thickness canton flannel gloves, knit wrist.	Table 1	$0.19
607	Double palm, canton flannel gloves, men's 18 oz. quilted palm, 8 oz. stripe back, knit wrist.	Table 2	.29
XYZ brand	Gunn pattern, men's split palm, ¾ leather thumb, leather pull, leather knuckle strap, 8 oz. canton flannel back, waterproof safety cuff.	Table 12, 11B.	.66

[1] The gloves may be identified by trade-mark or by manufacturer's or distributor's name.

[2] In appropriate cases, the list would be entitled "for work gloves bought from wholesalers" or "for work gloves bought from manufacturers at Group II prices."

[3] The number of the table, and the place in the table where the glove is described in Appendix A of RMPR 506. If the glove is not specified in Appendix A, write "none."

Notice: Each pair of gloves must be marked with the ceiling price. A pair of gloves must not be sold above the ceiling price, but may be sold for less. This list must be promptly displayed to any person on request during regular business hours.

[Above table amended by Am. 3, effective 5-20-46]

(c) *Elements of marking.* The elements required to be marked are explained in this paragraph.

(1) *Lot number or brand name.* The lot number or brand name must be different for each pair of gloves having a different manufacturer's ceiling price.

(2) *Ceiling price.* This must be the correct ceiling price for the circumstances in which the pair of gloves is offered for sale at retail.

(3) *Defects, if any.* If the pair of gloves is a "second" or imperfect, it must be so marked.

(d) *Manner of marking.* The required markings must be attached to at least one glove of each pair. The required marking must be attached by stitching, adhesive, pins or staples, or stamped on the glove itself, except where some other method is authorized. The required markings may be in one or more parts, and may be accompanied by other information, but all portions must be clearly visible to the purchaser.

EXAMPLE OF MARKING

LOT NO. 903
RETAIL CEILING 17¢

(e) *Exceptions to marking requirements.* (1) Industrial users need not attach the markings required by this section to any gloves which they sell to their employees at or below the net prices actually paid by the industrial user plus any charges for transportation actually paid by him. On all other sales by industrial users to their employees the industrial user is required to mark only the retail ceiling price.

(2) On sales and deliveries by manufacturers to industrial users it is not necessary to attach the required markings to each pair of gloves. In such cases, the seller may place the required markings on the package, wrapper or other container in which the gloves are packed.

[Paragraph (e) added by Am. 1, 9 F.R. 6239, effective 6-6-44]

(3) In the case of sales at retail which are based on orders received by mail pursuant to a mail order catalog, the retail seller need not mark each pair of gloves, as required by section 6 (a), if he forwards with the gloves a sales memorandum stating the retail purchase price (not exceeding the ceiling price), and the identity of the gloves.

[Subparagraph (3) added by Am. 2, 9 F.R. 10862, effective 9-1-44]

SEC. 7. *Disclosure*—(a) *Description of gloves.* Any person who has sold for resale any staple work gloves may be required to supply any subsequent buyer with any information needed by him for the marking and pricing of these gloves. This information must be furnished in writing promptly upon receipt of a written request from the buyer. Unless he has reason to believe it is erroneous, the buyer may rely on the information so furnished. If the buyer does have reason to believe the information is erroneous, he may nevertheless act on it, providing he immediately sends to a district or state office of the Office of Price Administration a statement of the circumstances and a request for a determination of the facts.

(b) *Sales slips and receipts.* Any seller who has customarily given a purchaser a sales slip, receipt or similar evidence of purchase must continue to do so. Upon request from a purchaser any seller, regardless of previous custom, must give the purchaser a receipt showing the date, the name and address of the seller, the type of gloves sold, and the price received for it.

(c) *Retail ceiling price list.* Any retailer who has received from his supplier a "retail ceiling price list" must display it promptly to any person who requests to see it during regular business hours. If the retailer sells through more than one department or selling establishment, a copy of the list must be made available in each separate unit where staple work gloves are sold.

(d) *Invoices.* Every manufacturer selling staple work gloves and very person selling these gloves at wholesale, must give the purchaser an invoice showing: (1) the name and address of the purchaser; (2) the manufacturer's lot number or brand name for each different pair of gloves sold; (3) a description of each pair of gloves bearing a different lot number or brand name, similar to the description in Appendix A, or some

identifying reference to the description set forth in the "retail ceiling price list" (described in section 6 (b)) previously supplied the same purchaser for the same lot number or brand name; (4) the quantity sold and the selling price of each different lot number or brand name; and (5) the terms of sale (e. g., 2/20 net 40, freight prepaid to city of destination).

[Paragraph (d) amended by Am. 1, 9 F.R. 6239, effective 6-6-44]

SEC. 8. *Records and reports*—(a) *Records to be kept by retailers.* Every person who sells staple work gloves governed by this regulation at retail must keep the following records, and make them available on request, to the Office of Price Administration.

(1) Invoices and other documents received by the seller showing costs, descriptions and sources of work gloves sold by him.

(2) Such records as he has customarily kept showing prices charged by him for work gloves sold at retail.

(b) *Records to be kept and filed by persons selling at wholesale.* Every person who sells work gloves covered by this regulation at wholesale must keep the following records, and make them available on request to the Office of Price Administration:

(1) Invoices and other documents received by the seller showing costs, descriptions and sources of work gloves sold by him.

(2) Copies of invoices and other documents showing prices and identification by name, trademark, lot number, etc., of work gloves sold by him at wholesale.

Moreover, every person who wishes to qualify as a "wholesaler" under section 3 (a) (1), but was not such a wholesaler in 1942, must file the statement therein described before making any sales at ceilings for regular sales at wholesale.

(c) *Records to be prepared, kept, and filed by manufacturers*—(1) *Price list.* Every manufacturer of staple work gloves must prepare a list of all staple work glove items which he delivers on or after May 16, 1944. This list must show the lot number of each such work glove, and, following each lot number, a description of the glove and the manufacturer's ceiling price. If the lot number is sold at Group I prices, the list must show whether it is sold to retailers or to wholesalers or to both. The description, like the descriptions in Appendix A, should specify cut or pattern, weight, and kind of materials used, thickness of glove, type of wrist, additional features (if any), and size classification. This record must be prepared on or before June 6, 1944, and must be kept up to date thereafter by adding any new numbers or any changes in the description of old numbers. This list must be kept and made available on request to the Office of Price Administration, but need not be filed.

(2) *Records and statement of wholesale percentage.* Every manufacturer of staple work gloves must keep the records and work sheets from which he found his "wholesale percentage" as provided in section 4 (a) (1). These records must include a list showing: (i) each lot number of staple work gloves covered by this regulation delivered during 1941; (ii) a description of each such number, in detail similar to descriptions in Appendix A; (iii) each class of purchaser (e. g., jobbers, chain stores, mail order houses, industrial users, independent retailers) to which each number was delivered; (iv) the quantity (in dozens) delivered to each class of purchaser, and (v) the prices at which delivery was made to each class of purchaser. The records required by this subparagraph must be prepared on or before June 6, 1944, and thereafter must be kept and made available on request to the Office of Price Administration. Further, the manufacturer must file with the Office of Price Administration (Men's Clothing Section) Washington 25, D. C., on or before June 6, 1944, a statement showing the total number of dozens of staple work gloves delivered by him in 1941, and the number delivered at wholesale prices.

SEC. 9. *Excessive prices forbidden.* On and after the effective date of this regulation, the following practices are forbidden regardless of any contract or other obligation:

(a) *Charging more than ceiling price.* Every person is forbidden to sell or deliver any staple work gloves at a price higher than the ceiling price set by this regulation. A lower price may, of course, be charged.

(b) *Buying for more than the ceiling price.* Every person is forbidden to buy or receive any staple work gloves, in the course of trade or business, at a price higher than the price set by this regulation.

(c) *Combination sales.* Every person is forbidden to require any purchaser to buy or agree to buy any other article, service, package or wrapper, in connection with the sale or delivery of any staple work gloves. But any seller may refuse to sell less than a minimum quantity of any one style number, if this minimum has been customary for the seller.

(d) *Indirect price increases.* Every person is forbidden to do any other act which directly or indirectly increases above the ceiling price the consideration paid by the purchaser for any staple work gloves. Any practice which is a device to secure the effect of a higher than ceiling price is as much a violation as outright raising of the ceiling price. This applies to devices making use of commissions, services, transportation charges, premiums, taxes, special provisions, tying agreements, trade understandings and all similar practices.

(e) *Indirect violations.* Every person is forbidden to offer, attempt or agree to do any of the acts forbidden by this section.

(f) *Stating prices above the ceiling price.* Every person is forbidden to state a gross price above the ceiling price, except where the seller customarily allows a percentage discount on all sales to one or more classes of customers. To customers of these classes, a seller may state a price which gives the net ceiling price after deducting the percentage discount. Wherever such a gross price is stated, the seller must also state expressly the discount allowed, the net ceiling price and the retail ceiling price. The amount actually collected or paid must never exceed the net ceiling price.

Example. X, a wholesaler, customarily grants a trade discount of 3% to its customers. In selling gloves with ceiling of $2.02½ net, it may prepare the invoice as follows:
Terms: 3%

Lot No.	Quantity	Description	Price	Amount
723	50 dozen	Men's 8 oz., single thickness canton flannel gloves, knit wrist, $2.02½ net per dozen. Retail ceiling price 23¢ per pair.	$2.08½	$104.25

[Example amended by Am. 1, 9 F.R. 6239, effective 6-6-44; Am. 2, 9 F.R. 10862, effective 9-1-44 and Am. 3, effective 5-20-46]

SEC. 10. *Adjustable pricing agreements.* Adjustable pricing agreements may be entered into notwithstanding the provisions of section 9, to the extent permitted by this section.

(a) *When regulation fixes a ceiling price.* In cases where this regulation fixes a ceiling price, a person may sell at that ceiling price, subject to an agreement with the buyer to charge a higher price if it becomes the legal ceiling price by the time of delivery. But one must never charge a price which is higher than the maximum price in effect at the time of delivery. Moreover, unless specifically authorized by the Office of Price Administration, a person must not deliver or agree to deliver at a price which is to be adjusted upward in accordance with action by the Office of Price Administration after delivery.

(b) *Where regulation does not fix a ceiling price.* In cases where a ceiling price is not fixed by the regulation, a person must not make any contract or sale unless the price is expressly subject to adjustment in accordance with any action which may be taken by the Office of Price Administration. Moreover, unless specifically authorized by the Office of Price Administration, a person must not make any delivery until a ceiling price has been fixed by the Office of Price Administration.

(c) *When specific authorization will be given.* Specific authorization to deliver or agree to deliver at a price which is to be adjusted in accordance with action by the Office of Price Administration after delivery will be given only where:

(1) A request for the fixing or changing of a ceiling price has been filed; and

(2) The authorization is necessary to promote distribution or production; and

(3) It will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended.

This authorization may be given by the Administrator or by any other official of the Office of Price Administration to whom the power to grant such authorization has been delegated, and may be given by order, letter or telegram.

[NOTE: Supplementary Order 149 (11 F.R. 2640) provides for individual company adjustment for producers of certain cotton, wool and linen textiles.]

SEC. 11. *Licensing and enforcement*—(a) *Licensing.* The provisions of Licensing Order No. 1,[1] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or this regulation. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(b) *Penalties.* Any person who violates any provisions of this regulation is subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for suspension of licenses provided by the Emergency Price Control Act of 1942, as amended.

SEC. 12. *Relation to other regulations*—(a) *Regulations superseded.* The coverage of this regulation is stated in section 1. Where this regulation applies, it supersedes (except as indicated in section 3 (a) (2), the provisions of the following regulations:

(1) General Maximum Price Regulation.

(2) Section 3.5 of Revised Supplementary Regulation No. 14 (formerly § 1499.73 (a) (37) of Amendment 49 to Supplementary Regulation 14). [Now section 1.1 of Supplementary Regulation 14E.]

(3) Maximum Price Regulation 210 (Retail and Wholesale Prices for Fall and Winter Seasonal Commodities).

(b) *Contractor's services.* This regulation does not apply to charges for contractors' services, which are governed by Maximum Price Regulation 172[2] (Charges of Contractors in the Apparel Industry).

"Contractor" is defined in § 1389.52 of that regulation.

(c) *War procurement agencies.* This regulation does not apply to sales of work gloves made according to military specifications, when the sales are made to any war procurement agency as defined in Maximum Price Regulation 157[3] (Sales and Fabrication of Textiles, Apparel and Related Articles for Military Purposes).

(d) *Export sales.* This regulation does not apply to export sales of work gloves. Such sales are covered by the Second Revised Maximum Export Price Regulation.[4]

(e) *Import sales.* The provisions of this regulation do not apply to deliveries made from points outside the 48 states and the District of Columbia. Such sales and deliveries are governed by the provisions of the Maximum Import Price Regulation.[5] This regulation does, however, apply to domestic sales when the articles sold were originally imported.

SEC. 13. *How this regulation may be amended.* (a) Any person who seeks a modification of any provision of this regulation may file a petition for amendment of general applicability in accordance with Revised Procedural Regulation No. 1[6] issued by the Office of Price Administration.

(b) Pending an amendment, a person must not sell or deliver work gloves at prices other than those fixed in the regulation except in accordance with the provisions of section 10 (Adjustable pricing agreements).

APPENDIX A—TABLES OF CEILING PRICES FOR SALES BY MANUFACTURERS AND SALES AT WHOLESALE

(a) *Instructions for manufacturers.* 1. In using the following tables, bear in mind the rules for pricing by manufacturers which are stated in section 4 (How to find manufacturers' ceiling prices).

2. Prices are stated in column (a), per dozen pair of gloves. On shipments weighing 100 pounds, or more, the seller must prepay or allow transportation costs to the city of destination. However, where such shipments are made at transportation rates higher than freight rates, the seller is required to allow or prepay only that portion of the transportation cost which is equal to the freight cost on such shipments. On less than 100 pound shipments, the seller need not allow or prepay any transportation costs.

3. All prices are net 40 days, less 2% in 20 days. If the seller wishes, he may extend more favorable terms. But no seller may change these terms if the change would result under any circumstances in a higher net price.

(b) *Instructions for wholesalers.* 1. In using the following tables, bear in mind the rules for wholesale pricing in section 3 (How to find wholesale ceiling prices). Notice especially that these prices apply only to "regular sales", not to "special sales".

2. Prices are stated in column (b), per dozen pair of gloves, f. o. b. seller's place of business.

3. Terms for sales at wholesale are net 30 days. If the seller wishes, he may extend more favorable terms. But no seller may change these terms if the change would result under any circumstances in a higher net price.

NOTE: The ceiling prices listed for manufacturers and wholesalers in the tables below apply to first quality gloves. The ceiling for a pair of work glove "seconds" is determined by dividing the appropriate dozen ceiling price in the tables for the same gloves of first quality by 12, and then multiplying the quotient by 75%.

APPENDIX B—TABLES OF CEILING PRICES FOR SALES AT RETAIL

Instructions. Ceiling prices for staple work gloves are not given by kind of glove but by the supplier's net ceiling price. This price must be found according to the rules in section 2 (How to find retail ceiling prices). Read this section before using the tables.

Two tables of retail ceiling prices are provided. You must use Table I to find the retail ceiling price for gloves purchased from a wholesaler. Table II must be used to find the retail ceiling price for gloves purchased direct from the manufacturer.

When you have found your supplier's net ceiling price, look in Column I of the appropriate table for the bracket in which this price belongs. Then look at the figure opposite in Column 2; this is your retail ceiling price per pair of gloves.

For example, suppose you purchase 8 oz. men's canton flannel gloves from the manufacturer at $1.72½, 2/20, net 40. Your "sup-

plier's net ceiling price is $1.69 ($1.72½ less 2%), and your ceiling price will be found in Table II. Follow down Column 1 in Table II until you find the bracket $1.67–1.75+. Opposite these figures, in Column 2, you find the retail ceiling of 19¢. If your supplier's net ceiling price had been $1.75½, your ceiling would still be 19¢, since $1.75+ includes any fraction of a cent over $1.75.

[Above table amended by Am. 3, effective 5–20–46]

However, if you purchase gloves at a "special sale", you are not permitted to use these tables, but you must find your ceiling according to the rule given in section 2 (c).

PART 1407—RATIONING OF FOOD AND FOOD PRODUCTS

[3d Rev. RO 3,[1] Amdt. 13]

SUGAR

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

Third Revised Ration Order 3 is amended to read as follows:

1. Section 7.2 (a) is amended to read as follows:

(a) Every person residing in the United States for a period of 60 days or more may get either a War Ration Book Four or Sugar Ration Book except the following:

(1) Persons confined in a prison, asylum, or similar institution of involuntary confinement, whether public or private; or

(2) Members of the armed forces of the United States or a United Nation who are subsisted or authorized to be subsisted in kind, or who, although not subsisted or authorized to be subsisted in kind, eat at least 14 meals a week at a mess where the rationed food used are acquired, directly or indirectly, by the use of ration checks issued by the Army, Navy, Marine Corps or Coast Guard, or by an officer authorized to issue such checks; or

(3) Members of the armed forces of the United States or of the United Nations who are on leave or furlough.

2. Section 7.3 (a) is amended to read as follows:

(a) Application for a Sugar Ration Book shall be made on OPA Form R–146 (Revised) at the District Office having jurisdiction over the place where the applicant lives, or at any other place designated by the Office of Price Administration. The application must be signed by the person to whom the book is to be issued, or by his agent.

3. Section 7.4 (a) is amended to read as follows:

(a) Before issuing a Sugar Ration Book, the District Office shall remove all expired stamps and all valid stamps except the last stamp which became valid and the "home canning sugar" stamp (or stamps).

4. Section 7.9 (c) is amended to read as follows:

(c) If the Ration Book is being replaced because of mutilation, the District Office, before issuing the new ration book, shall remove all expired stamps and all valid stamps except the last consumer sugar stamp which become valid on or before the date the book is issued and the "home canning sugar" stamps (or stamps). However, if the applicant states that the ration book did not contain the currently valid consumer sugar stamp at the time of the mutilation of such book, the last consumer sugar stamp which became valid on or before the date the book is issued shall also be removed. Further, if the applicant states that the ration book did not contain the "home canning sugar" stamp (or stamps) at the time of the mutilation of such book, the "home canning sugar" stamp (or stamps) shall also be removed.

5. The last sentence of section 7.10 (b) is deleted.

6. Section 7.12 (a) is amended to read as follows:

(a) If a Ration Book is being replaced because of loss, theft, destruction or wrongful withholding, the District Office, before issuing the new ration book, shall remove all expired stamps and all valid stamps except the last consumer sugar stamp which became valid on or before the date the book is issued and the "home canning sugar" stamp (or stamps). However, if the applicant states that the ration book did not contain the currently valid consumer sugar stamp at the time of the loss, theft, destruction or wrongful withholding, the last consumer sugar stamp which became valid on or before the date the book is issued shall also be removed. Further, if the applicant states that the ration book did not contain the "home canning sugar" stamp (or stamps) at the time of the loss, theft, destruction or wrongful withholding, the "home canning sugar" stamp (or stamps) shall also be removed.

7. Section 9.1 (c) (ii) is amended to read as follows:

(ii) Will be (or was) on leave or furlough for a consecutive period of at least seven days and intends to eat (or ate) during the time, at a place where sugar is obtained by using the stamps of the persons eating there, although not on leave or furlough, he will eat (or ate) at least twenty-one meals during a month at such place, or that he is (or was) on temporary duty in the United States for at least seven, but less than sixty days, and intends to eat (or ate) at such a place, it shall issue coupons by which the sugar he eats (or ate) can be acquired or replaced. The coupons, if issued to applicants who are not on leave or furlough, shall be for one pound of sugar for each twenty-one meals; all other persons shall be issued coupons on the basis of one pound of sugar for seven through twenty days, two pounds of sugar for twenty-one through thirty-nine days and three pounds of sugar for forty through fifty-nine days which he will eat at such place during the period of time stated on the application. In addition, if the applicant is on leave or furlough for a consecutive period of sixty days or more, coupons shall be issued on the basis of four pounds for sixty through seventy-nine days, five pounds for eighty through ninety-nine days and six pounds for one hundred through one hundred twenty days. No coupon, however, shall be issued to an applicant who is not on leave or furlough, for longer than a one month period, nor shall any coupon issued to such applicant be computed on the basis of more than three meals a day.

This amendment shall become effective May 24, 1946.

NOTE: The reporting and record-keeping requirements of this Amendment have been approved by the Bureau of the Budget in accordance with Federal Reports Act of 1942.

Issued this 20th day of May 1946.

PART 1418—TERRITORIES AND POSSESSIONS

[MPR 201,[1] Amdt. 15]

MAXIMUM PRICES IN VIRGIN ISLANDS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 201 is amended in the following respects:

1. Section 1418.101 is amended to read as follows:

§ 1418.101 *Prohibition against dealing in commodities above maximum prices.* On and after August 17, 1942, with respect to any commodity not actually manufactured or produced in the Virgin Islands of the United States, regardless of any contract or obligation:

(a) No person shall sell or deliver in the Virgin Islands of the United States any such commodity at a price higher than the maximum price established by this regulation.

(b) No person in the course of trade or business shall buy or receive any such commodity at a price higher than the maximum price established by this regulation.

(c) No person in the Virgin Islands of the United States shall export, or transfer for purposes of exportation to a foreign place, any such commodity at a price higher than the maximum price established by this regulation.

(d) No person shall agree, offer, solicit or attempt to do any of the foregoing.

2. Section 1418.101a is added to read as follows:

§ 1418.101a. *Commodities and transactions excepted from this Maximum Price Regulation 201.* The provisions of this regulation shall not apply to the following:

(a) Sales which are covered by Revised Maximum Price Regulation 395—Maximum Prices in the Virgin Islands of the United States.

(b) Sales of used or secondhand commodities whether they are imported as such or whether they become used or secondhand in the Virgin Islands.

(c) Sales of commodities or transactions excepted from the General Maximum Price Regulation by Revised Supplementary Regulation 1 which are not otherwise subject to price regulation in the continental United States.

(d) Sales which are covered by any other OPA regulations or orders applicable in the Virgin Islands, but no such regulation or order shall be deemed to apply in the Virgin Islands unless it contains an express provision to the effect that it shall apply in the Virgin Islands notwithstanding the provisions of Maximum Price Regulation 201.

3. Section 1418.102 (a) is amended by deleting the words, "for which a maximum price has been established in the continental United States and . . ."

4. Section 1418.102 (b) is amended by deleting the words, "for which a maximum price regulation has been issued in the continental United States and . . ."

This amendment shall become effective May 25, 1946.

Issued this 20th day of May 1946.

PART 1499—COMMODITIES AND SERVICES

[RMPR 165, Amdt. 4 to Supp. Service Reg. 22]

REPAIR OF CERTAIN APPLIANCES AND EQUIPMENT

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Section 1499.674 is amended in the following respects:

1. Paragraph (a) (4) is redesignated (a) (5) and amended to read as follows:

(5) Where the rates under subparagraphs (2), (3) or (4) are not divisible by 5¢, they may be adjusted upward to the nearest amount so divisible.

2. A new paragraph (a) (4) is added to read as follows:

(4) He may if he employs a total of not more than 8 persons and if wage increases paid by him were not in violation of any regulations affecting wage increases, add to a customer's hourly rate, determined under subparagraphs (1), (2) or (3) an amount equal to the increase since October 3, 1942, in the average basic straight-time hourly rate for mechanics performing each type of service. Adjustments under this subparagraph (4) may not be made more often than once every thirty days.

3. Paragraph (d) (4) is redesignated (d) (5), and a new paragraph (d) (4) is added to read as follows:

(4) In the case of sellers adjusting their prices under paragraph (a) (4), a statement of the hourly wage rate of each employee, on the date of any price increase, made under this regulation.

This amendment shall become effective May 25, 1946.

NOTE: The record-keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

⅞ PERCENT TREASURY CERTIFICATES OF INDEBTEDNESS OF SERIES E–1947

OFFERING OF CERTIFICATES

MAY 20, 1946.

I. *Offering of Certificates.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at par, from the people of the United States for certificates of indebtedness of the United States, designated ⅞ percent Treasury Certificates of Indebtedness of Series E–1947, in exchange for Treasury Certificates of Indebtedness of Series E–1946, maturing June 1, 1946. Approximately $2,000,000,000 of the maturing certificates will be retired on cash redemption.

II. *Description of certificates.* 1. The certificates will be dated June 1, 1946, and will bear interest from that date at the rate of ⅞ percent per annum, payable semiannually on December 1, 1946, and June 1, 1947. They will mature June 1, 1947, and will not be subject to call for redemption prior to maturity.

2. The income derived from the certificates shall be subject to all Federal taxes, now or hereafter imposed. The certificates shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The certificates will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer certificates with interest coupons attached will be issued in denominations of $1,000, $5,000, $10,000, $100,000 and $1,000,000. The certificates will not be issued in registered form.

5. The certificates will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States certificates.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Treasury Department, Washington. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

2. The Secretary of the Treasury reserves the right to reject any subscription, in whole or in part, to allot less than the amount of certificates applied for, and to close the books as to any or all subscriptions at any time without notice; and any action he may take in these respects shall be final. Subject to these reservations, subscriptions for amounts up to and including $25,000 will be allotted in full, and subscriptions for amounts over $25,000 will be allotted to all holders on an equal percentage basis, but not less than $25,000 on any one subscription. The basis of the allotment will be publicly announced, and allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment at par for certificates allotted hereunder must be made on or before June 1, 1946, or on later allotment, and may be made only in Treasury Certificates of Indebtedness of Series E–1946, maturing June 1, 1946, which will be accepted at par, and should accompany the subscription.

V. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for certificates allotted, to make delivery of certificates on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive certificates.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[SEAL] FRED M. VINSON,
Secretary of the Treasury.

ISSUES OF TREASURY BONDS RESTRICTED AS TO OWNERSHIP BY COMMERCIAL BANKS WHICH ACCEPT DEMAND DEPOSITS

MODIFICATION OF VARIOUS DEPARTMENT CIRCULARS

MAY 17, 1946.

I. *Enumeration of department circulars affected.* 1. The Department circulars modified by this circular and the Treasury bond issues which they govern, are as follows:

Nos. 685 and 692. 2½ percent Treasury Bonds of 1962–67.
No. 701. 2½ percent Treasury Bonds of 1963–68.
No. 708. 2½ percent Treasury Bonds of 1964–69 (dated April 15, 1943).
Nos. 719 and 724. 2½ percent Treasury Bonds of 1964–69 (dated Sept. 15, 1943).
Nos. 729, 734, and 740. 2½ percent Treasury Bonds of 1965–70.
Nos. 730 and 735. 2¼ percent Treasury Bonds of 1956–59.
Nos. 755 and 760. 2½ percent Treasury Bonds of 1966–71.
No. 768. 2½ percent Treasury Bonds of 1967–72 (dated June 1, 1945).
No. 769. 2¼ percent Treasury Bonds of 1959–62 (dated June 1, 1945).
No. 776. 2½ percent Treasury Bonds of 1967–72 (dated Nov. 15, 1945).
No. 777. 2¼ percent Treasury Bonds of 1959–62 (dated Nov 15, 1945).

II. *Modification of circulars.* 1. Each of the circulars enumerated in Section I hereof provides that the bonds issued thereunder may not be transferred to or be held by commercial banks, which were defined for this purpose as banks accepting demand deposits, before various fixed dates, except to the extent and in the manner set forth in the governing circulars. These provisions are hereby modified to permit any such bank to hold, for the purpose of facilitating transactions for the account of customers, bonds issued pursuant to said circulars in an aggregate amount not to exceed at the close of business on any day one percent of its demand deposits, excluding United States war loan deposits and inter-bank deposits, or $500,000, whichever is less. Such bonds shall be in addition to and shall be held in an account separate from those otherwise acquired pursuant to the provisions of the offering circulars.

LEARNER EMPLOYMENT CERTIFICATES

ISSUANCE TO VARIOUS INDUSTRIES

Notice of issuance of special certificates for the employment of learners under the Fair Labor Standards Act of 1938.

Notice is hereby given that special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rate applicable under section 6 of the act have been issued to the firms hereinafter mentioned under section 14 of the act, Part 522 of the regulations issued thereunder (August 16, 1940, 5 F.R. 2862, and as amended June 25, 1942, 7 F.R. 4725), and the determinations, orders and/or regulations hereinafter mentioned. The names and addresses of the firms to which certificates were issued, industry, products, number of learners, and effective and expiration dates of the certificates are as follows:

Single Pants, Shirts and Allied Garments, Women's Apparel, Sportswear, Rainwear, Robes and Leather and Sheep-Lined Garments Divisions of the Apparel Industry, Learner Regulations, July 20, 1942 (7 F.R. 4724), as amended by Administrative Order March 13, 1943 (8 F.R. 3079), and Administrative Order, June 7, 1943 (8 F.R. 7890):

Phillips-Lester Manufacturing Company, 2300 First Avenue No., Birmingham, Alabama; Overalls, jackets and work shirts; ten (10) per cent (T); effective May 13, 1946, expiring May 12, 1947.

Hosiery Learner Regulations, September 4, 1940 (5 F.R. 3530), as amended by Administrative Order March 13, 1943 (8 F.R. 3079):

Princeton Hosiery Mills, Inc., Eddyville, Kentucky; seamless; fifty (50) learners (E); effective May 13, 1946, expiring November 12, 1946.

The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of the applicable determinations, orders and/or regulations cited above. These certificates have been issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The certificates may be cancelled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of regulations, Part 522.

Signed at New York, New York, this 15th day of May 1946.

FEDERAL POWER COMMISSION.

[Docket Nos. G–210, G–661, G–688, G–693]

MICHIGAN CONSOLIDATED GAS CO.

ORDER GRANTING APPLICATION FOR RECONSIDERATION, REOPENING AND CONSOLIDATING PROCEEDINGS, AND FIXING DATE OF HEARING

MAY 10, 1946.

Michigan Consolidated Gas Company v. Panhandle Eastern Pipe Line Company and Michigan Gas Transmission Corporation, Docket No. G–210; City of Detroit, a Municipal Corporation, and County of Wayne, a Municipal Corporation, both of the State of Michigan v. Panhandle Eastern Pipe Line Company and Michigan Consolidated Gas Company, Docket No. G–661; In the matter of Panhandle Eastern Pipe Line Company and Michigan Consolidated Gas Company, Docket No. G–688; in the matter of Panhandle Eastern Pipe Line Company, Docket No. G–693.

Upon consideration of the application filed on April 15, 1946, by Panhandle Eastern Pipe Line Company (Panhandle), requesting abrogation or modification of the Commission's order of March 14, 1946, dismissing without prejudice Panhandle's application for certificate of public convenience and necessity in Docket No. G–693, or, in the alternative for a reconsideration thereof;

It appearing to the Commission that:

(a) By order of the Commission dated December 18, 1945, the following proceedings were consolidated:

City of Detroit, a Municipal Corporation, and County of Wayne, a Municipal Corporation, both of the State of Michigan v. Panhandle Eastern Pipe Line Company and Michigan Consolidated Gas Company, Docket No. G–661; in the matter of Panhandle Eastern Pipe Line Company and Michigan Consolidated Gas Company, Docket No. G–668.

(b) By said order of December 18, 1945, the Commission ordered that:

(A) Panhandle Eastern Pipe Line Company show cause at the public hearing hereinafter ordered:

(i) Why the supply of natural gas to Ford Motor Company, as provided in its contract of October 20, 1945, (1) will not impair its ability to provide adequate and reasonable natural gas service to consumers entitled to such service under the Natural Gas Act and orders of this Commission, and (2) will not violate orders of this Commission authorizing the construction and limiting the operation of facilities under section 7 of the Natural Gas Act as provided in such orders; and

(ii) Why appropriate and timely application should not be made under section 7 of the Natural Gas Act for the construction and operation of all necessary pipe line facilities required for the interstate transportation of natural gas to the Ford Motor Company including all measuring and regulating equipment which may be required.

(B) An investigation be and it is hereby instituted for the purpose of enabling the Commission:

(i) To determine with respect to the sale of natural gas by Panhandle Eastern Pipe Line Company to Michigan Consolidated Gas Company whether in connection with such transportation or sale, subject to the jurisdiction of the Commission, any contract or arrangement relating to such supply, for resale or underground storage in the State of Michigan, or the rates, charges, or classifications demanded, observed, charged or collected for such gas, or any rules, regulations, practices or contracts relating to such supply or affecting such rates, charges or classifications are unjust, unreasonable, unduly discriminatory or preferential or otherwise unlawful and in violation of the provisions of the Natural Gas Act.

(ii) To determine and fix by order or orders just and reasonable rates, charges, classifications, rules, regulations, practices or contracts to be thereafter observed and in force, if the Commission, after hearing has been had, shall find,

with respect to the transportation and sale of natural gas by Panhandle Eastern Pipe Line Company to Michigan Consolidated Gas Company; that any rates, charges, classifications, rules, regulations, practices, or contracts, subject to the Jurisdiction of the Commission, are unjust, unreasonable, unduly discriminatory or preferential.

(c) On January 10, 1946, Panhandle filed an application (Docket No. G–693) under section 7 of the Natural Gas Act, as amended, for a certificate of public convenience and necessity to construct and operate certain facilities for the transportation of natural gas to the Ford Motor Company.

(d) A public hearing has been held with respect to the matters involved and issues presented as referred to in paragraph (b), (A), (1), above.

(e) Subsequent to the public hearing referred to in paragraph (d), the Commission entered its Opinion No. 130 with respect to Docket Nos. G–661 and G–688, and its order of March 14, 1946, in Docket No. G–693, such latter order dismissing without prejudice the application filed in the latter docket, in pursuance to the findings of the Commission in its Opinion No. 130.

(f) A public hearing has been held with respect to the matters involved and issues presented in Michigan Consolidated Gas Company v. Panhandle Eastern Pipe Line Company, et al., Docket No. G–210.

The Commission finds that:

(1) Good cause exists for (a) granting the application for reconsideration of the Commission's order of March 14, 1946, in Docket No. G–693, (b) reopening the record in the proceedings in Docket No. G–210 for the purpose of taking further evidence thereon, and (c) for completing the evidence with respect to the record in the proceedings in Docket Nos. G–661 and G–688 as to the matters involved and issues presented in paragraph (b), (B), above.

(2) The matters involved and the issues presented in these proceedings may concern substantially the same facts and issues, and good cause, therefore, exists for consolidating the above-docketed matters for the purpose of hearing.

The Commission orders that:

(A) The application for reconsideration of the Commission's order entered on March 14, 1946, In the Matter of Panhandle Eastern Pipe Line Company, Docket No. G–693, be and the same is hereby granted.

(B) The record in the proceedings in Michigan Consolidated Gas Company v. Panhandle Eastern Pipe Line Company, and Michigan Gas Transmission Corporation, Docket No. G–210, be and it is hereby reopened for the purpose of taking further evidence thereon.

(C) The reopened proceedings in Docket Nos. G–210 and G–693 be consolidated for purposes of hearing with matters involved and the issues presented in Docket Nos. G–661 and G–688, respecting such of the issues in the latter two dockets remaining to be heard.

(D) A public hearing be held with respect to such consolidated proceedings commencing on August 26, 1946, at 10 a. m. (E. S. T.) in the Hearing Room, Federal Power Commission, 1800 Pennsylvania Avenue, N. W., Washington, D. C.

(E) All persons heretofore permitted to intervene in any of the above matters may participate in the reopened and consolidated proceedings in accordance with leave heretofore granted to them.

(F) Interested State commissions may participate in the said hearing, as provided for in § 67.4 of the provisional rules of practice and regulations under the Natural Gas Act.

By the Commission.

Secretary.

OFFICE OF DEFENSE TRANSPORTATION.

FEDERAL MANAGER OF GOVERNMENT CONTROLLED RAILROADS

DELEGATION OF AUTHORITY

Pursuant to Executive Order 9727 of the President of the United States, dated May 17, 1946 (*supra*), concerning possession, control, and operation of certain railroads; *It is hereby ordered*, That:

1. Charles H. Buford, be, and he is hereby, appointed Federal Manager of the transportation systems and properties taken into the possession and control of the United States by said Executive order. For the purposes of this order and in the exercise of the authority and powers herein delegated he is hereby designated "Federal Manager of Government Controlled Railroads."

2. The authority and powers vested in the Director of the Office of Defense Transportation by said Executive order are hereby delegated to said Charles H. Buford as Federal Manager of Government Controlled Railroads, with full authority to exercise such powers either personally or through such public or private instrumentalities or persons as he may designate and with power of successive redelegation.

3. The exercise of the authority hereby delegated shall be subject to the general control and supervision of, and the right of modification or revocation in any specific case by, the Director of the Office of Defense Transportation.

This order shall become effective at 4:00 o'clock P. M., May 17, 1946.

Issued at Washington, D. C., this 17th day of May 1946.

J. M. JOHNSON,
Director,
Office of Defense Transportation.

[Federal Manager's Notice and Order 1]

FEDERAL MANAGER OF GOVERNMENT CONTROLLED RAILROADS

POSSESSION, CONTROL AND OPERATION OF CERTAIN RAILROADS

To each carrier by railroad named in the Executive Order 9727 of the President of the United States, dated May 17, 1946 (*supra*), concerning possession, control, and operation of certain railroads:

1. By order of the Director of the Office of Defense Transportation, dated May 17, 1946 (*supra*), the authority vested in said Director by Executive Order 9727 of the President of the United States, dated May 17, 1946, whereby possession and control of your transportation system, plants, and facilities are taken and assumed by the United States as of 4:00 o'clock p. m., May 17, 1946, has been duly delegated by said Director to the undersigned as Federal Manager of Government Controlled Railroads.

2. Until further order, you are hereby directed to continue operations in the usual and ordinary manner and course of business, as a going enterprise, in your own name, and by means of the instrumentalities, agents, officers, and employees customarily employed by you, as fully as if possession and control had not been taken and assumed by the United States, subject, however, to the terms of said Executive order, and to all general and special orders, rules, and regulations which may be issued thereunder. Title to the properties and other assets of which possession has been taken remains in the owners thereof. Possession by the United States is not exclusive and the United States asserts, and will assert, only such control over the properties in its limited possession as may be necessary to accomplish the purposes of the Executive order.

3. All personnel, officers, agents, and employees, employed by you in the operation of your transportation system, plants, and facilities, are called upon to resume or continue the performance of their usual duties and in the customary manner until otherwise ordered. No such officer, agent, or employee shall be deemed to be an official or employee of the United States.

4. Subject to the terms of the Executive order, wage scales and working conditions in effect on the effective date of the Executive order shall be maintained and full recognition shall be given to the rights of the employees and all classes thereof. All deductions for the benefit of employees now being made by law or agreement, including insurance payments, Railroad Retirement and Unemployment Compensation deductions, and other deductions of every kind, and all arrangements governing the payment of wages, including bond purchase plans, shall be continued, subject to any legal right of discontinuance.

5. Subject to the terms of the Executive order, the operation of the carrier shall be in conformity with the Interstate Commerce Act, as amended, the Railway Labor Act, as amended, the Safety Appliance Acts, the Employers' Liability Acts, and other applicable Federal and State laws, Executive orders, local ordinances, and rules and regulations issued pursuant to such laws, Executive orders, and ordinances.

6. The accounts of the carrier will continue to be kept in the customary manner. The carrier will assume full financial responsibility for the operation of its properties; will retain all income or proceeds resulting from such operations; and will pay all expenses incurred by the carrier in connection with such operations.

7. Until further order, carriers will remain subject to suit as heretofore and to the levy of attachments by mesne process, garnishment, execution or otherwise, on or against the properties or other assets of such carriers, but no receivership, reorganization, or similar proceeding affecting any carrier whose transportation system, plants, and facilities are or may be taken under the Executive order shall be instituted without the prior written consent of said Director. Nothing herein shall be deemed to require approval of any action authorized or required by any interlocutory or final decree of any United States Court in reorganization proceedings now pending under the Bankruptcy Act or in any equity receivership cases now pending.

8. (A) Any carrier which objects to assuming responsibility for any action which it is required to take pursuant to this order, or to any other order, rule, regulation, or direction issued by the Director of the Office of Defense Transportation, the Federal Manager of Government Controlled Railroads, or by any duly authorized representative of the Director or the Federal Manager, shall protest such order, rule, regulation, or direction, to the Federal Manager, in writing, and in such protest shall specify:

(i) The particular order, rule, regulation, or direction which the carrier asserts has resulted, or will result in loss, costs, damages, or expenses to it;

(ii) The particular action taken, or to be taken, pursuant to such order, rule, regulation, or direction, which action would not have been taken, or would not be taken, except for such order, rule, regulation, or direction, and which the carrier asserts has resulted, or will result, in loss, costs, damages, or expenses to it; and

(iii) The nature of the loss, costs, damages, or expenses asserted to have been, or to be caused by compliance with such order, rule, regulation, or direction, and an estimate of the amount of compensation claimed therefor.

(B) Each such protest shall be made to the Federal Manager by registered mail or telegram within five (5) days after the receipt by the carrier of the particular order, rule, regulation, or direction so protested. Such protest shall be addressed to the Federal Manager of Government Controlled Railroads, Interstate Commerce Commission Building, Washington 25, D. C.

9. A copy of said Executive order and a copy of this notice and order shall be posted by each carrier on each bulletin board maintained by the carrier at its principal offices, division and section headquarters, stations, depots, shops, and yards.

10. Communications concerning this order should be addressed to Federal Manager of Government Controlled Railroads, Interstate Commerce Commission Building, Washington 25, D. C.

Issued at Washington, D. C., this 17th day of May 1946.

CHARLES H. BUFORD,
Federal Manager,
Government Controlled Railroads.

OFFICE OF PRICE ADMINISTRATION.

[Rev. SO 119, Order 212]

MARTIN STEEL PRODUCTS CORP.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 212 under Revised Supplementary Order 119. Docket No. 6123–SO 119–75. Adjustment of maximum prices for sales of prefabricated metal farm buildings manufactured by the Martin Steel Products Corporation of Mansfield, Ohio.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 13 of Revised Supplementary Order No. 119, it is ordered:

(a) *Maximum prices for the Martin Steel Products Corporation of Mansfield, Ohio.* (1) The above manufacturer may determine his maximum prices for his line of prefabricated metal farm buildings by increasing by 19.5 percent his prices on these items in effect on October 1, 1941, to each class of purchaser.

(2) Since the provision of this order are not intended to reduce properly established maximum prices the manufacturer may continue to use as his maximum prices to each class of purchaser his properly established prices in effect under the General Maximum Price Regulation in the event that such prices exceed the prices in effect to each class of purchaser of October 1, 1941, plus the increase provided for in (1) above.

(3) The maximum prices set forth above shall be subject to discounts and allowances including transportation allowances and price differentials which are at least as favorable as those the manufacturer extended or rendered or would have extended or rendered to each class of purchaser on commodities in the same general category during March 1942.

(b) *Resellers' maximum prices.* All resellers of the commodities covered by this order may add to their presently established maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted the manufacturer by this order.

(c) *Notification to all purchasers.* The manufacturer shall send the following notice to every purchaser of the commodities covered by this order at or before the time of the first invoice after the adjustment granted by this order is put into effect:

Order No. 212 under Revised Supplementary Order No. 119 authorizes a 19.5 percent increase in October 1, 1941, net prices for sales of prefabricated metal farm buildings manufactured by this company.

Resellers may add to their existing maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted by Order No. 212.

(d) All prayers for relief not granted herein are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective May 18, 1946.

Issued this 17th day of May 1946.

PAUL A. PORTER,
Administrator.

KERMATH MFG. CO.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 111 under supplementary Order No. 142, adjustment provisions for sales of industrial machinery and equipment. Kermath Manufacturing Company. Docket No. 6083–SO 142–136–334.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 2 of Supplementary Order No. 142, *It is ordered:*

(a) The maximum prices for sales by Kermath Manufacturing Company, 5330 Commonwealth Avenue, Detroit 8, Mich., of all its products, which are covered by any of the regulations listed in Supplementary Order No. 142, shall be deter-

mined by increasing by 27% the maximum prices for these products in effect just prior to March 16, 1946.

(b) The maximum prices for sales by resellers of the products described in paragraph (a) above shall be determined as follows: The reseller shall increase the maximum net prices he had in effect to a purchaser of the same class, just prior to the issuance of this order, by the percentage amount by which his net invoiced cost has been increased by reason of this order.

(c) The Kermath Manufacturing Company shall notify each purchaser, who buys the products listed in paragraph (a) above for resale of the percentage amount by which this order permits the reseller to increase his maximum net prices. A copy of each such notice shall be filed with the Machinery Branch, Office of Price Administration, Washington, D. C.

(d) All requests not granted herein are denied.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective May 18, 1946.

Issued this 17th day of May 1946.

ACME MFG. CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 9, 10 and 11 (c) of Revised Maximum Price Regulation 136, *It is ordered:*

(a) Acme Manufacturing Company, 1445 San Pablo Avenue, Berkeley, California, may sell, f. o. b. plant, each Acme utility trailer described in subparagraph (1) below at a price not to exceed $175.94 plus federal excise tax, and state and local taxes on the sale or delivery of the trailer, and the cost of transporting it to the purchaser, if any.

(1) *Description.*

Acme Deluxe, heavy duty utility trailer Model 8, 1½ ton capacity, all steel body, dimensions 4' wide x 6' long x 16" high, equipped with 6.00 x 16, 4-ply synthetic tires and additional detailed specifications included in the report filed with this Office.

(b) Acme Manufacturing Company is authorized to suggest to resellers a resale price for the trailer described in paragraph (a) (1) consisting of the following:

(1) *Suggested resale prices.*

To dealers	$211.13
To consumers	281.51

(2) *Charges.* (i) A charge for transportation, if any, not to exceed the actual rail freight charge from the factory at Berkeley, California, to the railroad freight receiving station nearest to the place of business of the reseller.

(ii) A charge equal to the charge made by Acme Manufacturing Company, to cover federal excise taxes.

(iii) A charge equal to reseller's expense for payment of state and local taxes on the purchase, sale or delivery of the trailer.

(c) A reseller of Acme utility trailers in any of the territories or possessions of the United States is authorized to sell the trailer described in paragraph (a) at a price not to exceed the price established in paragraph (b) to which it may add a sum equal to the expense incurred or charged to it for payment of territorial and insular taxes, on the purchase, sale or introduction of the trailer; export premiums; boxing and crating for export purposes; marine and war risk insurance; and landing, wharfage and terminal operations.

(d) The Acme Manufacturing Company shall report to this office no later than November 30, 1946, cost data covering this trailer based on actual operations for May, June, July, August, September and October 1946 but computed in accordance with the limitations of section 10 of Revised Maximum Price Regulation 136.

(e) All requests not granted herein are denied.

(f) This order may be amended or revoked by the Administrator at any time.

NOTE: Where the manufacturer's invoice charge to the reseller is increased or decreased from the previous invoice charge because the manufacturer has a newly established price under section 8 of Revised Maximum Price Regulation 136, due to substantial changes in design, specification or equipment of the trailer, the reseller may add to its price under paragraph (b) the increase in price, plus its customary markup on such a cost increase, but in case of a decrease in the price, the reseller must reduce its price under paragraph (b) by the amount of the decrease and its customary markup on such an amount.

This order shall become effective May 18, 1946.

Issued this 17th day of May 1946.

These maximum prices are for the articles described in the manufacturer's application dated January 24, 1946.

(2) For sales by all persons the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(3) If the manufacturer wishes to make sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this revised order. That tag or label shall contain the following statement, with the proper model number and the ceiling price inserted in the blank spaces:

Model Number ------
OPA Retail Ceiling Price—$------
Do Not Detach

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the manufacturer shall notify the purchaser in writing of the maximum prices and conditions established by this revised order for sales by the purchaser. This notice may be given in any convenient form.

(d) Jobber's maximum prices for sales of the articles covered by this revised order shall be established under the provisions of section 4.5 of SR 14J.

(e) This revised order may be revoked or amended by the Price Administrator at any time.

(f) This revised order shall become effective on the 17th day of May 1946.

Issued this 17th day of May 1946.

DELTA SHOWER DOOR CO.

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 9 of Maximum Price Regulation No. 591, *It is ordered:*

(a) The maximum net prices, for sales by any person to consumers of the following shower door manufactured by Delta Shower Door Company, Los Angeles, Calif., and as described in the application dated March 15, 1946, shall be:

Glass shower door: Model—Deluxe, glass shower door; polished aluminum frame 1¼"; size 27" x 64"; $33.00.

(b) The maximum net price, f. o. b. point of shipment, for sales by any person to dealers shall be the maximum net price specified in (a) above less a discount of 20 per cent.

(c) The maximum net price, f. o. b. point of shipment, for sales by any person to jobbers or distributors shall be the maximum net price specified in (a) above less a discount of 35 per cent.

(d) The maximum net prices established by this order shall be subject to discounts and allowances including transportation allowances and the rendition of services which are at least as favorable as those which each seller extended or rendered or would have extended or rendered to purchasers of the same class on comparable sales of similar commodities during March 1942.

(e) The maximum prices on an installed basis of the commodity covered by this order shall be determined in accordance with Revised Maximum Price Regulation No. 251 as amended.

(f) Each seller covered by this order, except on sales to consumers, shall notify each of his purchasers, in writing, at or before the issuance of the first invoice after the effective date of this order, of the maximum prices established by this order for each such seller as well as the maximum prices established for purchasers upon resale.

(g) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective May 18, 1946.

Issued this 17th day of May 1946.

[Rev. SO 119, Order 213]

ELGIN METAL CASKET CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* The Elgin Metal Casket Company of 363 Bluff City, Elgin, Illinois, may sell and deliver the metal burial caskets which it manufactures at prices computed as follows:

(1) For an article in his line during October 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser, plus an adjustment charge of no more than 10 percent of each such price.

(2) For an article not in his line during October 1941, but which has a properly established ceiling price, the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) plus an adjustment charge equal to the percentage of that price determined in accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(3) The manufacturer's price computed in accordance with this order is his new ceiling price if it is higher than the previously established ceiling price, including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Maximum prices of purchasers for resale.* Resellers of any article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

A reseller who had a properly established maximum price in effect before this order was issued for an article covered by this order may add to that maximum price an adjustment charge in the same dollar-and-cents amount as the adjustment charge authorized by this order for, and which he has paid to his supplier.

If the reseller did not have a properly established maximum price for the article in effect before this order was issued he shall first determine a maximum price (exclusive of adjustment charges), and to that price he may add an adjustment charge in the same dollar-and-cents amount as the adjustment authorized by this order, and which he has paid to his supplier. To find his maximum price (exclusive of adjustment charges) for this purpose the reseller shall add to his invoice cost, less an adjustment charge stated on that invoice, the same percentage markup which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(1) It belongs to the narrowest trade category which includes the article being priced.

(2) Both it and the article being priced were purchased from the same class of supplier.

(3) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage markup is applied.

(4) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling prices, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts and allowances on sales to each class of purchaser in effect during March 1942, or thereafter properly established under OPA regulations.

(d) *Change in resellers' margins.* Resellers' maximum prices adjusted in accordance with this order are subject to further adjustments which may result from any change in resellers' margins which may be effected by the Office of Price Administration to obtain absorption by resellers of any industry-wide increase in manufacturers' maximum prices.

(e) The provisions of Supplementary Order No. 153 shall not apply to sales covered by this order.

(f) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

Invoices for sales of articles covered by this order (except for sales at retail) must separately state the amount of the adjustment authorized by this order.

(g) This order may be revoked or amended by the Price Administrator at any time.

(h) This order shall become effective on the 17th day of May 1946.

Issued this 17th day of May 1946.

Administrator.

(ii) *Transportation expense.* A charge to cover transportation expense, if any, from Indianapolis, Indiana, to the point at which delivery is made to the purchaser, computed in accordance with the Company's method in effect on March 31, 1942, plus transportation tax at the current legal rate.

(iii) *Taxes.* A charge at current legal rates to cover Federal excise taxes on the truck and extra or optional equipment, computed in accordance with the method the Company had in effect on March 31, 1942, and also state and local taxes on the sale or delivery of the truck and extra or optional equipment.

(iv) *Handling and preparation for delivery charge.* A charge for handling and preparation for delivery of the truck computed by the same method that was in effect on March 31, 1942, for comparable trucks providing the Company actually made such a charge.

(3) If the Company charges a net price lower than the net price obtained by applying to a list price authorized in this paragraph applicable discounts in effect on March 31, 1942, he shall adjust the list price and so notify the resellers, to reflect markups over resellers' invoice costs no higher than such markups in effect on March 31, 1942. The Company shall immediately notify the Automotive Branch, National Office of Price Administration, Washington, D. C., of price decreases referred to in this subparagraph.

(b) A reseller of Marmon-Herrington Delivr-All motor trucks may sell delivered at a place of business, each Marmon-Herrington light delivery front wheel drive truck described in subparagraph (1) of paragraph (a) at a price not to exceed the total of the applicable list price in that subparagraph and the following applicable charges in subparagraph (1) below (less the discounts the reseller had in effect on March 31, 1942):

(1) *Charges*—(i) *Extra or optional equipment.* A charge for extra, special and optional equipment, affixed to or shipped with the truck as original equipment, which shall not exceed the applicable list price contained in suparagraph (2) of paragraph (a);

(ii) *Transportation expense.* A charge for transportation which shall not exceed the charge Marmon-Herrington would make for the transportation of the truck and extra or optional equipment from the factory to the place of business of the reseller, plus transportation tax;

(iii) *Taxes.* A charge equal to the charge made by Marmon-Herrington in accordance with the method which Marmon-Herrington had in effect on March 31, 1942, to cover Federal taxes on tires and tubes and other Federal excise taxes and a charge equal to the reseller's expense for payment of state and local taxes on the purchase, sale or delivery of the trucks and extra or optional equipment;

(iv) *Handling and delivery charges.* A charge equal to the reseller's actual expense for handling and delivery.

(2) In the event the Company effects a reduction in price in accordance with the provisions of subparagraph (3) of paragraph (a), resellers shall determine their maximum resale prices by using the adjusted list price of which they are notified by the manufacturer instead of the list price authorized in this paragraph.

(c) A reseller is authorized to sell each of the trucks listed in paragraph (a) (1) in a territory or possession of the United States at a price not to exceed the maximum price permitted by paragraph (b) to which he may add a sum equal to the expense incurred by or charged to him for: payment of territorial and insular taxes on the purchase, sale or introduction of the truck in the territory or possession; export premiums; boxing and crating for export purposes; assembly costs, if any; marine and war risk insurance; landing, wharfage and terminal operations; ocean freight; and freight to port of embarkation.

(d) Not later than August 31, 1946, the Marmon-Herrington Company, Inc., shall submit to the Automotive Branch, National Office of Price Administration, Washington, D. C., calculations of maximum prices based on its price determining method used in determining the list prices contained in paragraph (a) (1) and (2) by reflecting actual experience of direct labor hours and materials quantities required to produce the trucks and extra or optional equipment during each of the months of April, May, June and July 1946.

(e) All requests not granted herein are denied.

(f) This order may be amended or revoked by the Administrator at any time.

This order shall become effective May 17, 1946.

NOTE: Where the manufacturer's invoice charge to the reseller is increased or decreased from the previous invoice charge because the manufacturer has a newly established price under Section 8 of Revised Maximum Price Regulation 136, due to substantial changes in design, specifications or equipment of the truck, the reseller may add to its price under paragraph (b) the increase in price, plus its customary markup on such a cost increase, but in the case of a decrease in the price, the reseller must reduce its price under paragraph (b) by the amount of the decrease and its customary markup on such an amount.

Issued this 17th day of May 1946.

(ii) *Transportation expense.* A charge to cover transportation expense from Elmira, New York, to the point at which delivery is made to the purchaser, computed in accordance with the Company's method in effect on March 31, 1942, plus transportation tax at the current legal rate;

(iii) *Taxes.* A charge at current legal rates to cover Federal excise taxes on the trucks and extra or optional equipment, computed in accordance with the method the company had in effect on March 31, 1942, and also State and local taxes on the sale or delivery of the truck and extra or optional equipment;

(iv) *Handling and preparation for delivery charge.* A charge for handling and preparation for delivery of the truck computed by the same method that was in effect on March 31, 1942.

(3) If the Company charges a net price lower than the net price obtained by applying to a list price authorized in this paragraph applicable discounts listed in this paragraph, he shall adjust the list price and so notify the resellers, to reflect markups over resellers' invoice costs no higher than such markups in effect on March 31, 1942, or the markups authorized in this paragraph. The Company shall immediately notify the Automotive Branch, National Office of Price Administration, Washington, D. C., of price decreases referred to in this subparagraph.

(b) A reseller of Ward LaFrance motor trucks may sell delivered at a place of business, each Ward LaFrance truck described in subparagraph (1) of paragraph (a) at a price not to exceed the total of the applicable list price in that subparagraph and the following applicable charges in subparagraph (1) below (less the discounts the reseller had in effect on March 31, 1942):

(1) *Charges*—(i) *Extra or optional equipment.* A charge for extra, special and optional equipment, when mounted on the truck chassis at the factory during assembly, which shall not exceed the charge the reseller had in effect on March 31, 1942; however, for the items of optional equipment listed in subparagraph (2) of paragraph (a) the charge shall not exceed the applicable list price;

(ii) *Transportation expense.* A charge for transportation which shall not exceed the charge the Company would make for the transportation of the truck and extra or optional equipment from the factory to the place of business of the reseller, plus transportation tax;

(iii) *Taxes.* A charge equal to the charge made by the Company in accordance with the method which the Company had in effect on March 31, 1942, to cover Federal taxes on tires and tubes and other Federal excise taxes and a charge equal to the reseller's expense for payment of State and local taxes on the purchase, sale or delivery of the trucks and extra or optional equipment;

(iv) *Handling and delivery charges.* A charge equal to the reseller's actual expense for handling and delivery.

(2) In the event the Company effects a reduction in price in accordance with the provisions of subparagraph (3) of paragraph (a), resellers shall determine their maximum resale prices by using the adjusted list price of which they are no-

tified by the manufacturer instead of the list price authorized in this paragraph.

(c) A reseller is authorized to sell each of the trucks listed in paragraph (a) (1) in a territory or possession of the United States at a price not to exceed the maximum price permitted by paragraph (b) to which he may add a sum equal to the expense incurred by or charged to him for: payment of territorial and insular taxes on the purchase, sale or introduction of the truck in the territory or possession; export premiums; boxing and crating for export purposes; assembly costs, if any; marine and war risk insurance; landing, wharfage and terminal operations; ocean freight; and freight to port of embarkation.

(d) All requests not granted herein are denied.

(e) This order may be amended or revoked at any time.

NOTE: Where the manufacturer's invoice charge to the reseller is increased or decreased from the previous invoice charge because the manufacturer has a newly established price under section 8 of Revised Maximum Price Regulation 136, due to substantial changes in design, specifications or equipment of the truck, the reseller may add to its price under paragraph (b) the increase in price, plus its customary markup on such a cost increase, but in the case of a decrease in the price, the reseller must reduce its price under paragraph (b) by the amount of the decrease and its customary markup on such an amount.

This order shall become effective May 17, 1946.

Issued this 17th day of May 1946.

[MPR 77, Order 1]

BEEHIVE OVEN COKE

ORDER AUTHORIZING ADJUSTABLE PRICING

At the request of a number of producers of beehive oven coke, the Office of Price Administration has undertaken a study to measure the propriety of the maximum prices now established for that commodity by Maximum Price Regulation No. 77. It appears that some time will elapse before this study can be completed. Most of the employees of beehive oven coke producers are members of the United Mine Workers and any adjustment of wages hinges upon the outcome of negotiations now in progress between representatives of that union and representatives of coal mine operators. Coal costs, furthermore, cannot be accurately determined until a new contract between the miners and operators has been consummated. On the other hand, any increases in costs arising from such contract will be retroactive. The parties have agreed that any wage adjustments will be retroactive and the Office of Price Administration has granted mine operators permission to enter into adjustable pricing agreements in connection with their sales of bituminous coal.

In view of these considerations, it appears that unless beehive oven coke producers also are granted authority to enter into adjustable pricing agreements they will sustain severe hardship which will jeopardize their ability to resume and maintain production of coke essential to effective transition to a peacetime economy. This order grants such permission and extends the same privilege to distributors. Many beehive oven operators market their coke through distributors who buy and resell for direct shipment from the producing facility to the purchaser and who obtain a small margin for their services. Under these circumstances, adjustable pricing permission granted to producers alone would be meaningless.

The Price Administrator has determined, therefore, that the action taken in this order is necessary to promote the production and distribution of essential beehive oven coke, and that it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended.

In view of the foregoing, and in accordance with section 3 of Maximum Price Regulation No. 77, *It is ordered:*

(a) Producers and distributors of beehive oven coke may sell and deliver, and any person may buy and receive, that product at existing maximum prices subject to an agreement for price adjustment in accordance with action taken by the Office of Price Administration after delivery and pursuant to the pending request for an increase in existing maximum prices. Prior to such action, no payment in excess of the maximum prices in effect at time of delivery shall be made or received.

(b) The permission granted by this order may be revoked by the Administrator at any time, but in any event it shall terminate upon action taken pursuant to Maximum Price Regulation No. 77 increasing existing maximum prices for beehive oven coke.

This order shall become effective this 17th day of May 1946.

Issued this 17th day of May 1946.

Administrator.

(2) Charges. (i) A charge for extra, special and optional equipment not to exceed the list or established price the Ford Motor Company had in effect on March 31, 1942, to the applicable class of purchasers for such equipment (subject to the discounts and deductions in effect on that date to the applicable class of purchasers);

(ii) A charge to cover handling and delivery expense, computed in accordance with the Ford Motor Company's method in effect on March 31, 1942;

(iii) Transportation expense. A charge to cover transportation expense which shall not exceed the amount obtained in accordance with the method the Ford Motor Company had in effect on March 31, 1942, including transportation tax at the current legal rate.

(iv) A charge to include federal tires-weight tax and other federal excise taxes, and State or local taxes on the sale or delivery of the truck.

(3) (i) The Ford Motor Company is authorized to sell f. o. b. Detroit, Michigan, the basing point, each of the Ford models listed in the schedule in subparagraph (1) above on a knocked down basis. The maximum price for the knocked down model shall be the maximum net selling price under subparagraphs (1) and (2) above for the complete unit less the following deductions:

(i) When chassis is delivered as knocked down material	$55.00
(ii) When cab is delivered as knocked down material	28.50
(iii) When cowl is delivered as knocked down	7.00
(iv) When closed drive-away front-end is delivered as knocked down material	7.00
(v) When stake body is delivered as knocked down material	18.00

(ii) When the Ford Motor Company makes a sale of a Ford model on a knocked down basis, including a knocked down chassis, in accordance with this paragraph, in addition to the price it may charge under subparagraph (i) above, it may charge an amount not to exceed 2.6 percent of the maximum net selling price in subparagraph (i) to cover additional expense of loading the knocked down vehicle in railroad cars for shipment.

(b) A reseller of Ford Motor trucks may sell f. o. b. place of business, each of the Ford trucks referred to in paragraph (a) at a price not to exceed the total of the list price in subparagraph (1) below and the applicable allowances in subparagraph (2) below, subject to the discounts the reseller had in effect on March 31, 1942 to the applicable class of purchaser.

(1) List price. The list price for the truck being sold determined by the manufacturer under paragraph (a).

(2) Allowances. (i) An allowance for extra, special and optional equipment not to exceed the allowance the reseller had in effect on March 31, 1942 to the applicable class of purchaser for such equipment when sold in connection with the applicable truck model.

(ii) The reseller's actual transportation costs.

(iii) Allowance to include federal, state, and local taxes on his purchase, and sale, or delivery, of the applicable truck model, computed in accordance with the reseller's method in effect on March 31, 1942.

(iv) The reseller's charge for handling and delivery in effect on March 31, 1942.

(v) The dollar amount of all other charges or allowances which the reseller had in effect on March 31, 1942, to the applicable class of purchaser.

(c) A reseller that cannot establish a price under paragraph (b) because it was not in business on March 31, 1942, shall determine its maximum price by adding to the applicable list prices set forth in the schedule in paragraph (a) (1) above the following applicable charges:

(1) *Charges.* (i) The original equipment retail charge that the Ford Motor Company suggested on March 31, 1942, to be made by resellers, for extra, special and optional equipment attached to the truck chassis as original equipment;

(ii) A charge to cover the reseller's actual transportation costs;

(iii) A charge equal to the charge made to the reseller by the Ford Motor Company, in accordance with its March 31, 1942 method, to cover tires-weight tax and other federal excise taxes;

(iv) A charge equal to the reseller's expense for payment of State and local taxes on the purchase, sale or delivery of the truck;

(v) A charge equal to reseller's actual expense for handling and delivery.

(d) A reseller of Ford Motor trucks in any of the territories or possessions of the United States is authorized to sell each of the trucks described in paragraph (a), at a price not to exceed the applicable maximum price established in paragraph (b) or (c), to which it may add a sum equal to the expense incurred by or charged to it, for payment of territorial and insular taxes on the purchase, sale or introduction of the truck; export premiums; boxing and crating for export purposes; marine and war risk insurance; and landing, wharfage and terminal operations.

(e) Revised Order 270, under Maximum Price Regulation 136 and Revised Order 104, under Maximum Price Regulation 136 are revoked.

(f) All requests not granted herein are denied.

(g) This order may be amended or revoked by the Administrator at any time.

NOTE: Where the manufacturer has an established price in accordance with section 8 of Revised Maximum Price Regulation 136, which is different than a price permitted under paragraph (a) because of substantial changes in design, specifications or equipment of the truck, the reseller may add to its price under paragraph (b), (c) or (d) any increase in price to it over the price it would otherwise pay under paragraph (a), plus its customary markup on such a cost increase, but in the case of a decrease in the price under paragraph (a) the reseller must reduce its price under paragraph (b), (c) or (d) by the amount of the decrease and its customary markup on such an amount.

This order shall become effective May 17, 1946.

Issued this 17th day of May 1946.

PIONEER SUSPENDER CO.

ESTABLISHMENT OF CEILING PRICES

Maximum Price Regulation 580, Amendment 1 to Order 23, Establishing ceiling prices at retail for certain articles; Docket No. 6063-580-13-657.

For the reasons set forth in the opinion issued simultaneously herewith, Order 23 issued under section 13 of Maximum Price Regulation 580 on application of Pioneer Suspender Company, 315 to 323 North Twelfth Street, Philadelphia, Pennsylvania, is amended in the following respects:

1. Paragraph (a) is amended by adding the following:

Article	Style name	Manufacturer's selling price (per dozen)	Ceiling price at retail (per unit)
Belts	Pioneer	$19.50	$3.00
	do	27.00	4.00

2. Paragraph (c) is amended by adding thereto the following undesignated paragraph:

Upon issuance of any amendment to this order which either adds an article to those already listed in paragraph (a) or changes the retail ceiling price of a listed article, the manufacturer or wholesaler, as to such article, must comply with the preticketing requirements of this paragraph within 30 days after the issuance of the amendment. After 60 days from the issuance date, no retailer may offer or sell the article unless it is preticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60 day period, unless the article is so preticketed, the retailer shall comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this order. However, the pricing provisions of this order or of any subsequent amendment thereto shall apply as of the effective date of the order or applicable amendment.

This amendment shall become effective May 21, 1946.

Issued this 20th day of May 1946.

(e) For the purpose of this order, Zones 1, 2, and 3 consist of the following States:

Zone 1. Iowa, Missouri, Wisconsin, Illinois, Michigan, Indiana, Ohio, Kentucky, West Virginia, Maryland, Pennsylvania, District of Columbia.

Zone 2. North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Minnesota, Arkansas, Louisiana, Mississippi, Tennessee, Virginia, North Carolina, South Carolina, Georgia, Alabama, New York, New Jersey, Delaware, Connecticut, Massachusetts, Vermont, New Hampshire, Maine, Rhode Island.

Zone 3. Washington, Oregon, California, Idaho, Nevada, Utah, Arizona, Montana, Wyoming, Colorado, New Mexico, Texas and Florida.

(f) *Terms and conditions of sale.* Ceiling prices established under this order are subject to each seller's terms, discounts, allowances and other price differentials no less favorable than those he had in effect for similar sales during the period of March, 1942. If the seller made no such sales during the period of March, 1942, his ceiling prices are subject to the terms, discounts, and allowances no less favorable than those of his closest seller of the same class during the same period on sales of similar articles or which were thereafter properly established under applicable OPA regulations.

(g) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale showing a ceiling price established in accordance with the terms of this order, the seller shall notify the purchaser in writing of the dollar and cent ceiling prices established by this order for the purchaser's resales.

(h) *Labelling.* On and after the effective date of this order, no person may sell at retail any machine covered by this order unless there is attached to the machine a tag or label containing the OPA retail ceiling price for sales of the sewing machine by the particular retail seller. This tag or label may not be removed until after the sewing machine has been delivered to the ultimate consumer.

(i) *Sales invoices.* Every person who on or after May 17, 1946, sells a sewing machine covered by this order shall furnish every purchaser with an invoice showing the date of sale, the name and address of both the buyer and seller, the model number of each sewing machine he sold, the price charged, the quantity of each model sold, the terms of sale, and the nature and amount of any additional charges. Every seller must keep a copy of every sales invoice available for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(j) *Revocation or amendment.* This order may be revoked or amended by the Price Administrator at any time.

(k) *Effective date.* This order shall become effective on the 17th day of May 1946.

Issued this 17th day of May 1946.

BITUMINOUS COAL DELIVERED FROM MINE OR PREPARATION PLANT

ESTABLISHING MAXIMUM PRICES AND GRANTING PERMISSION FOR ADJUSTABLE PRICING

For the reasons set forth in an opinion which has been issued simultaneously herewith and filed with the Division of the Federal Register, under authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and in accordance with the provisions of Maximum Price Regulation No. 120, *It is ordered:*

(a) Producers of bituminous coal operating captive mines for which price classifications or maximum prices have not been established who are directed by the Solid Fuels Administration for War to ship coals for commercial use may take as their price classifications and maximum prices the price classifications and the schedule maximum prices established by Maximum Price Regulation No. 120 for the coals produced at the nearest mine in the same or substantially similar seam: *Provided,* That, the producer immediately notifies the Solid Fuel Price Branch of the Office of Price Administration, Washington, D. C., of the name, location and mine index number of such nearest mine.

(b) Producers of bituminous coal operating captive mines who are directed by the Solid Fuels Administration for War to ship coals for commercial use may sell such coal at no more than current schedule maximum prices. However, if the representative costs of production of such captive mine exceeds its potential realization at current maximum prices, agreements can be made with the purchasers of the coals to adjust the current maximum prices to whatever price is permitted for the coals under an order of the Office of Price Administration adjusting the maximum prices of such mine when such order is issued. Prices for deliveries for which adjustable pricing agreements are not made cannot subsequently be adjusted.

(c) Producers of bituminous coal operating captive mines who desire to secure an adjustment in their maximum prices for the reasons set forth in paragraph (b) above shall file an application with the Solid Fuel Price Branch of the Office of Price Administration, Washington 25, D. C., pursuant to the provisions of § 1340.207 (a) of Maximum Price Regulation No. 120. However, the granting of the adjustable pricing authority set forth in paragraph (b) shall not be construed to mean that an application for adjustment in maximum prices will necessarily be granted in whole or in part.

(d) This order may be revoked or amended by the Price Administrator at any time.

(e) This order shall become effective May 17, 1946.

Issued this 17th day of May 1946.

BITUMINOUS COAL SOLD FOR DIRECT USE AS BUNKER FUEL

GRANTING PERMISSION FOR ADJUSTABLE PRICING

For the reasons set forth in an opinion which has been issued simultaneously herewith and filed with the Division of the Federal Register, under authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and in accordance with § 1340.303 of Maximum Price Regulation No. 189, *It is ordered:*

(a) Suppliers of bituminous coal sold for direct use as bunker fuel subject to Maximum Price Regulation No. 189 may sell bunker fuel at no more than current maximum prices. However, on and after May 17, 1946, suppliers of bunker fuel may enter into agreements with purchasers to adjust their current maximum prices on deliveries of bunker fuel made prior to any increase in maximum prices authorized by the Office of Price Administration as a result of the current bituminous coal wage negotiations and the agreement reached therein, in the amount of the price adjustment.

(b) This order may be revoked or amended by the Price Administrator at any time and, in any event, shall expire on the effective date of any price increase authorized by the Office of Price Administration as a result of the new wage agreement.

This order shall become effective May 17, 1946.

Issued this 17th day of May 1946.

COBBLERS, INC.

ESTABLISHMENT OF CEILING PRICES

Maximum Price Regulation 580, Amendment 4 to Order 32. Establishing ceiling prices at retail for certain articles; Docket No. 6063-580-13-628.

For the reasons set forth in the opinion issued simultaneously herewith, Order 32 issued under section 13 of Maximum Price Regulation 580 on application of Cobblers, Inc., 1212 Stanford Avenue, Los Angeles 21, California, is amended in the following respects:

1. Paragraph (a) is amended by adding the following:

Article	Brand name	Manufacturer's unadjusted selling price (per pair)	Ceiling price at retail (per pair)
Woman's casual shoes.	"Strip-Toes"...	$2.75	$4.95

2. Paragraph (c) is amended by adding thereto the following undesignated paragraph:

Upon issuance of any amendment to this order which either adds an article to those already listed in paragraph (a) or changes the retail ceiling price of a listed article, the manufacturer or wholesaler, as to such article, must comply with the preticketing requirements of this paragraph within 30 days after the issuance of the amendment. After 60 days from the issuance date, no retailer may offer or sell the article unless it is preticketed

in accordance with the requirements of this paragraph. Prior to the expiration of the 60 day period, unless the article is so preticketed, the retailer shall comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this order. However, the pricing provisions of this order or of any subsequent amendment thereto shall apply as of the effective date of the order or applicable amendment.

This amendment shall become effective May 21, 1946.

Issued this 20th day of May 1946.

MOYER MFG. CO.

ESTABLISHMENT OF CEILING PRICES

Maximum Price Regulation 580, Revised Order 42. Establishing ceiling prices at retail for certain articles; Docket No. 6063-580-13-627.

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to section 13 of Maximum Price Regulation No. 580, Order 42 is redesignated Revised Order 42, to read as follows; *It is ordered:*

(a) The following ceiling prices are established for sales by any seller at retail of the following articles manufactured by Moyer Manufacturing Company, 18-24 North Walnut Street, Youngstown 3, Ohio, and described in the manufacturer's applications dated April 24, 1945, and April 12, 1946:

Article	Brand name	Style	Manufacturer's selling price	Retail ceiling price
Men's slacks...	Seven Seas.	Jove poplin	$4.50	$7.50
	...do	...do	3.50	5.95

(b) The retail ceiling price of an article stated in paragraph (a) shall apply to any other article of the same type, having the same selling price to the retailer, the same brand or company name and first sold by the manufacturer after the effective date of this order.

(c) The retail ceiling prices contained in paragraph (a) shall apply in place of the ceiling prices which have been or would otherwise be established under this or any other regulation.

(d) On and after June 15, 1946, Moyer Manufacturing Company must mark each article listed in paragraph (a) with the retail ceiling price under this order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

(Sec. 13, MPR 580)
OPA Price—$------

On and after July 15, 1946, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to July 15, 1946, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging and posting provisions of the applicable regulation.

Upon the issuance of any amendment to this order, the manufacturer is allowed 30 days and the retailer is allowed 60 days within which to mark or tag the articles in the form prescribed above. Within that 60 day period, unless the article is marked or tagged in the form prescribed above, the retailer shall comply with the marking, tagging and posting provisions of the previously applicable regulation. However, the pricing provisions of this order or any amendment shall apply as of the effective date of the order or applicable amendment.

(e) On or before the first delivery to any purchaser for resale of each article listed in paragraph (a), the seller shall send the purchaser a copy of this order, and any subsequent amendment.

(f) Unless the context otherwise requires, the provisions of the applicable regulation shall apply to sales for which retail ceiling prices are established by this order.

This order shall become effective May 21, 1946.

Issued this 20th day of May 1946.

[Region IV Order G-3 Under MPR 592, Amdt. 1]

CONCRETE BLOCK IN JOINT DISTRICT AREA, FLORIDA

Amendment No. 1 to Order No. G-3 under Section 17 of Maximum Price Regulation 592. Maximum prices for sales of concrete block by manufacturers located in certain counties within the State of Florida and designated as the "Joint District Area". Docket No. IV-592-17-3.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region IV of the Office of Price Administration by section 17 of Maximum Price Regulation 592, it is hereby ordered that Order No. G-3 under section 17 of Maximum Price Regulation 592, issued on March 27, 1946, effective April 1, 1946, be and the same is hereby amended by inserting a paragraph between paragraphs (d) and (f) to be designated as paragraph "(e)", to read as follows:

(e) *Sizes not listed in this order.* Any manufacturer producing a size of block not listed in this order must file a schedule showing the size, proposed price f. o. b. plant and delivered price with the District Office in which his plant is located. Such price shall be subject to approval, disapproval or revision within 20 days of the date of filing.

The District Director of the office with which the schedule is filed is, under the terms of this order, authorized to approve, disapprove, or revise the requested price. In the absence of disapproval or revision within the 20 day period, the requested price, if properly filed, shall be deemed to have been approved by that office, subject to later disapproval or revision, not to apply retroactively.

Except to the extent herein amended, all other provisions of order No. G-3 under section 17 of Maximum Price Regulation 592 remain of full force and effect.

This amendment shall become effective as of April 1, 1946.

A copy of this amendment has today been filed in this office where it is open to inspection by the public.

Issued April 3, 1946.

ALEXANDER HARRIS,
Regional Administrator.

SECURITIES AND EXCHANGE COMMISSION.

[File Nos. 70-1284, 70-1287]

MISSOURI POWER & LIGHT CO. AND NORTH AMERICAN LIGHT & POWER CO.

NOTICE OF FILING AND ORDER OF CONSOLIDATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 16th day of May 1946.

An application and declaration (File No. 70-1284) having been filed with this Commission pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935 by Missouri Power & Light Company, a subsidiary of North American Light & Power Company, a registered holding company, regarding (1) the redemption of all of its outstanding First Mortgage Bonds and the issuance and sale of New First Mortgage Bonds; (2) the redemption and acquisition for retirement of all of its outstanding Preferred Stock and the issuance and sale of New Preferred Stock; (3) the reclassification and conversion of all of its outstanding Common Stock; and (4) the making of an interim bank loan; and (5) other transactions incident to said proposals; and

North American Light & Power Company having filed an application and declaration (File No. 70-1287) pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935, regarding the surrender, as a capital contribution, to Missouri Power & Light Company, of shares of the latter Company's Preferred Stock and the acquisition of new shares of common stock of Missouri Power & Light Company; and

It appearing to the Commission that the foregoing matters under File Nos. 70-1284 and 70-1287 are related and involve common questions of law and fact, and that the proceedings on these matters should be consolidated;

It is ordered, That the proceedings upon the applications and declarations filed by Missouri Power & Light Company and with American Power & Light Company be and the same are hereby consolidated; and

Notice is hereby given that any interested person may not later than May 24, 1946, at 5:30 p. m., e. d. t., request the Commission in writing that a hearing be held on such matters, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter, said applications and declaration, as filed or as amended, may be granted, as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said applications and declarations which are on file in the office of the said Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Missouri Power & Light Company proposes:

(a) To redeem and retire all of its outstanding 50,000 shares of $6 Preferred Stock, stated value $100 per share, at their redemption price of $105 per share, plus accrued dividends, by the redemption of 46,702 publicly-held shares and the acquisition and cancellaton of the remaining 3,928 shares of said preferred stock from its parent as a capital contribution. In order to provide itself with funds for the redemption of its Preferred Stock, Missouri Power & Light Company will make an interim bank loan and for such purpose will issue and sell to a commercial bank and not for resale to the public its promissory note in the principal amount of $4,000,000, dated June 1, 1946, maturing December 1, 1946, subject to prepayment, and bearing interest at the rate of 1½% per annum;

(b) To redeem all of its presently outstanding First Mortgage Bonds, 3¾% Series, due 1966, in the aggregate principal amount of $9,000,000. For this purpose Missouri Power & Light Company proposes to issue and sell, pursuant to Rule U-50, new First Mortgage Bonds, ----% Series, due 1976, in the aggregate principal amount of $7,500,000 and to apply the proceeds from the issue and sale of such bonds, together with other treasury funds, to the redemption of its presently outstanding bonds. The new First Mortgage Bonds, ----% Series, due 1976, are to be issued and sold under the terms and conditions of a new Mortgage and Deed and Trust and Supplemental Indenture both to be dated July 1, 1946.

Upon the redemption and retirement of its presently outstanding $6 Preferred Stock, Missouri Power & Light Company proposes by appropriate amendment to its charter to increase its authorized preferred stock from 50,000 shares, stated value $100 per share, to 75,000 shares of the par value of $100 per share and to increase its authorized common stock from 75,000 shares, without par value, stated value $3,300,000, to 250,000 shares of common stock of the par value of $20 per share. The Company also proposes:

(a) To issue and sell, pursuant to Rule U-50, 40,000 shares of its new authorized Preferred Stock to be designated "----%, Cumulative Preferred Stock," par value $100; and

(b) To reclassify and convert its presently outstanding 75,000 shares of common stock, stated value $3,300,000 into 165,000 shares of its new common stock, par value $20 per share, and to issue the 165,000 shares of new common stock to its parent in exchange for its presently outstanding 75,000 shares of common stock.

Missouri Power & Light Company states that issuance and sale of the proposed new preferred stock and new bonds are solely for the purpose of financing the business of the Company and are to be authorized by the Missouri Public Service Commission of the State of Missouri in which State the Company is organized and doing business.

North American Light & Power Company in connection with above-described transactions proposes (a) to surrender, as a capital contribution, to Missouri Power & Light Company the aforesaid 3,298 shares of the latter Company's $6 preferred stock for retirement and cancellation, and (b) to acquire through conversion the aforesaid 165,000 shares of new common stock of Missouri Power & Light Company, par value $20 per share, in exchange for the 75,000 shares of that Company's presently outstanding common stock.

The applicants and declarants have designated sections 6, 7, 9 (a), 10, 12 (c), and 12 (d) of the Public Utility Holding Company Act of 1935 and Rules U-23, U-42, and U-50 as applicable to the proposed transactions.

It is further ordered, That the Secretary of this Commission shall serve notice of the aforesaid notice and order by mailing a copy thereof to Missouri Power & Light Company, North American Light & Power Company, Missouri Public Service Commission, to the Federal Power Commission, and to Balfour S. Jeffrey and to Clayton B. Kline at their address at 908 National Bank of Topeka Building, Topeka, Kansas, by registered mail, and that notice be given to all other person by publication of this notice in the FEDERAL REGISTER.

By the Commission.

ARKANSAS-MISSOURI POWER CORP.

SUPPLEMENTAL OPINION AND ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 17th day of May 1946.

On July 6, 1945, we issued our findings and opinion and order (Holding Company Act Release No. 5913) approving proposals by Arkansas-Missouri Power Corporation ("Arkansas") regarding the refunding of its outstanding First Mortgage Bonds. In our findings we stated, among other things:

* * * Arkansas has agreed that as soon as the necessary corporate action and State Commission approvals can be obtained, it will increase the par value of its outstanding common stock from $1 per share to $5 per share and will transfer the sum of $664,660 from earned surplus account to common stock account. Walton, who will own about 43% of the common stock of Arkansas, has agreed that his best efforts will be used to effect the increase in par value and that he will vote his stock in favor of such action. Accordingly, our order will contain a condition restricting earned surplus to the extent of $654,660 against the payment or declaration of any dividends on common stock, other than dividends payable in shares of such stock.

By its terms the condition restricting earned surplus is to terminate if the increase in the par value of the common stock is effected through a transfer from the earned surplus account.

Arkansas having advised us that it has secured the necessary authorization from its stockholders and the approval of the Arkansas Public Service Commission and the Missouri Public Service Commission with respect to the increase in the par value of its common stock, and having requested this Commission, insofar as further action under the Holding Company Act may be required, to issue an order approving the change in par value; and

The Commission deeming it appropriate to consider such request as a declaration, pursuant to sections 6 (a) (2) and 7 (e) of the act, and finding that the applicable standards of such sections are satisfied;

It is ordered, That said declaration with respect to the increase in the par value of the common stock of Arkansas from $1 to $5 per share, to be effected through a transfer from the earned surplus account, be, and hereby is, permitted to become effective.

By the Commission.

Secretary.

SISTO FINANCIAL CORP.

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 17th day of May A. D. 1946.

An application having been filed by Sisto Financial Corporation for an order pursuant to sections 6 (c), 17 (b), and 23 (c) of the Investment Company Act of 1940 exempting from the operation of those sections certain proposed transactions.

Practically all the assets of Sisto Financial Corporation consist of shares of Barium Steel Corporation. Certain stockholders have indicated their desire for the liquidation of the Sisto Financial Corporation. However, the Corporation, as an alternative desires to offer each stockholder shares of stock of Barium Steel Corporation in exchange for their stock in Sisto Financial Corporation.

It is ordered, Pursuant to section 40 (a) of said act, that a hearing on the aforesaid application be held on June 3, 1946 at 9:45 a. m. eastern daylight saving time, in Room 318 of the Securities and Exchange Commission Building, 18th and Locust Streets, Philadelphia, Pennsylvania.

It is further ordered, That Allen MacCullen, Esquire, or any other officer or officers of the Commission designated by it for that purpose, shall preside at such hearing. The officer so designated is hereby authorized to exercise all the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to trial examiners under the Commission's rules of practice.

Notice of such hearing is hereby given to the applicant and to any other persons whose participation in such proceedings may be in the public interest or for the protection of investors.

By the Commission.

EASTERN UTILITIES ASSOCIATES

ORDER PERMITTING WITHDRAWAL OF DECLARATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 17th day of May 1946.

Eastern Utilities Associates ("EUA"), a registered public utility holding company, having filed a declaration on May 15, 1945 pursuant to the Public Utility Holding Company Act of 1935 and Rule U-65 thereunder relative to a proposed expenditure in excess of $1,000 but not in excess of $5,000 for the purpose of paying Georgeson & Co., 50 Wall Street, New York, New York, for services rendered by such firm in connection with the solicitation of proxies in behalf of the management for use at the 1945 annual meeting of stockholders of EUA; and

A public hearing having been held on such declaration on June 12, 1945 and on July 5, 1945, after hearing oral argument, this Commission having issued its order denying effectiveness to said declaration; and

EUA on July 10, 1945 having petitioned for a rehearing and reargument on said declaration and this Commission having issued an order granting the company's petition and rescinding its order of July 5, 1945; and

EUA on May 9, 1946 having filed a written request for permission to withdraw the declaration of May 15, 1945; and

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers to grant such request.

It is hereby ordered, That the request of Eastern Utilities Associates for withdrawal of said declaration be, and the same hereby is, granted and that said declaration be, and the same hereby is, deemed withdrawn.

EASTERN UTILITIES ASSOCIATES

ORDER PERMITTING WITHDRAWAL OF DECLARATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 17th day of May 1946.

Eastern Utilities Associates ("EUA"), a registered public utility holding com-

pany, having filed a declaration on March 1, 1946 pursuant to the Public Utility Holding Company Act of 1935 and Rule U-65 thereunder, proposing to expend not more than $5,000 for the purpose of paying Georgeson & Co., or some other professional proxy soliciting organization, for services proposed to be rendered by them in connection with the solicitation of proxies for use at the 1946 annual meeting of stockholders of EUA; and

It having been stated, in part, in the declaration that the reason for the proposal was the belief of the trustees of EUA that it would not be possible to obtain a quorum at said annual meeting in view of the activities of a group calling itself "Committee to Inform Shareholders of Eastern Utilities Associates", which group had theretofore solicited shareholders to withhold or revoke their proxies for the 1945 annual meeting; and

The Commission on March 12, 1946, having issued its notice of and order for hearing and a hearing having been held on April 3, 1946, and the Commission not having entered any order either denying or granting effectiveness to such declaration; and

EUA having filed a written request for an order for permission to withdraw the declaration of March 1, 1946, in which it is recited that a quorum was obtained at the 1946 adjourned annual meeting of stockholders held on May 3, 1946, and that no expenditure for the purpose proposed in the declaration has been made and that none is presently contemplated; and

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers to grant such request:

It is hereby ordered, That the request of Eastern Utilities Associates for withdrawal of said declaration be, and the same hereby is, granted and that said declaration be, and the same hereby is, deemed withdrawn.

ATLAS CORP. AND FRANKLIN SIMON & CO., INC.

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 17th day of May A. D. 1946.

Atlas Corporation, a registered management investment company, and Franklin Simon & Co. Inc., affiliated persons of each other, have filed jointly an application pursuant to section 17 (b) of the Investment Company Act of 1940 for an order exempting from the provisions of section 17 (a) of said act the proposed redemption by Franklin Simon & Co. Inc. of all of its outstanding 7% Cumulative Preferred Stock at the call price of $115 per share plus accrued dividends to the extent that the shares of such stock so to be redeemed shall include shares held by Atlas Corporation.

It is ordered, Pursuant to section 40 (a) of said act that a hearing on the aforesaid application be held on May 27, 1946 at 9:45 a. m., e. d. s. t., in Room 318 of the Securities and Exchange Commission Building, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

It is further ordered, That William W. Swift, or any other officer of the Commission designated by it for that purpose, shall preside at such hearing. The officer so designated is hereby authorized to exercise all the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to trial examiners under the Commission's rules of practice.

Notice of such hearing is hereby given to Atlas Corporation and Franklin Simon & Co. Inc. and to any other persons whose participation in such proceeding may be in the public interest or for the protection of investors.

PART 10—FEDERAL LAND BANKS, GENERALLY

SECURITY STANDARDS

Section 10.10 of Part 10, Chapter I, Title 6, Code of Federal Regulations is hereby amended, and a new § 10.10–50 is hereby added, to read as follows:

§ 10.10 *Security standards for Federal land bank loans.* To be acceptable security for a bank loan, a property must meet each of the following minimum standards:

(a) It must be capable of producing, under typical operation, sufficient normal agricultural earnings to pay farm operating expenses, including taxes and other fixed charges, maintain the property, and meet installments on a bank loan that would be proper to a typical owner of the property.

(b) It must be sufficiently desirable to be readily salable or rentable under normal agricultural conditions.

(c) It must be sufficiently durable to maintain satisfactory production during the loan term specified.

(d) It must have sufficient stability of value to assure that, on a loan that would be proper to a typical owner of the property, the bank could recover its investment if unforeseen difficulties should result in acquirement of the property.

While the normal agricultural earnings must be sufficient to meet the expenses specified in paragraph (a), it is not necessary that they also be adequate in all cases to meet family living expenses. When it is necessary to rely on income other than farm earnings for family living expenses, such supplemental income must be available to the applicant and to a typical owner from dependable sources and in an amount sufficient to support customary living standards.

(Sec. 6, 47 Stat. 14; 12 "Fifth", 39 Stat. 370, as amended; 12 U.S.C. 665, 771 "Fifth", as amended)

§ 10.10–50 *Security standards for first mortgage Commissioner loans.* To be acceptable security for a first mortgage Commissioner loan based on normal agricultural value, a property may be somewhat lacking with respect to the minimum standards for bank loans or be subject to some uncertainty as to future conditions, provided there is reasonable assurance that a loan in a proper amount would prove to be satisfactory. The same requirements are applicable to security for a first mortgage Commissioner loan based on prudent investment value except that, as a minimum, the normal agricultural earnings of the property need be sufficient only to constitute a material contribution to the income or living of the operator.

AUTHORITY: § 418.51 to § 418.95, inclusive, issued under secs. 506 (c), 507 (c), 508, 509, and 516 (b) of the Federal Crop Insurance Act, as amended: 52 Stat. 73, 52 Stat. 835, 58 Stat. 918; 7 U.S.C. 1506 (c), 1507 (c), 1508, 1509, 1516 (b).

MANNER OF OBTAINING INSURANCE

§ 418.51 *Availability of wheat crop insurance.* (a) After the publication of this subpart in the FEDERAL REGISTER wheat crop insurance under contracts covering the 1947, 1948 and 1949 crop years will be provided only in accordance with this subpart. The coverage per acre of wheat crop insurance shall not exceed 75 percent of the average yield of wheat for the farm.

(b) Insurance will not be provided in any county unless written applications for insurance on crops authorized to be insured are filed, which, together with the contracts in force, cover at least fifty farms or one-third of the farms normally producing these crops, except that insurance may be provided for producers on farms situated in a local producing area bordering on a county with a crop insurance program.

§ 418.52 *Application for insurance.* Application for insurance, on a form entitled "Application for Wheat Crop Insurance" may be made by any person to cover his interest as landlord, owner-operator, or tenant, in a wheat crop. An application shall cover the applicant's interest in the wheat crop on all insurance units considered for crop insurance purposes to be located in the county or, where applicable, on all insurance units in the local producing area, in which the applicant has an interest at the time of the seeding of the wheat crop to be harvested in any of the three years covered by this subpart: *Provided, however,* That an application executed by any person as an individual shall not cover his interest as a partner in a crop produced by a partnership. Applications

shall be submitted to the office of the county association on or before the applicable closing date shown in § 418.94.

§ 418.53 *Acceptance of applications by the Corporation.* (a) Upon acceptance of an application by a duly authorized representative of the Corporation, the insurance contract shall be in effect, provided such application is submitted in accordance with this subpart. The applicant's copy of the accepted application shall be mailed to him.

(b) The Corporation reserves the right to reject any application for insurance with respect to any one or more of the insurance units covered by the application, or to limit the insurance on the applicant's interest in any insurance unit covered by the application to any available coverage per acre lower than the one applied for.

(c) Insurance contracts covering farms situated in a local producing area shall be handled in the office of the county association of an adjoining county with a crop insurance program.

§ 418.54 *Cancelation of insurance contract.* The insured may cancel the insurance contracts as it relates to future crop years by entering into a new three-year contract, if one is offered. The insured may cancel the insurance contract as it applies to the third year by giving written notice to the Corporation at the office of the county association within one year after the calendar closing date set forth in § 418.94. The Corporation may cancel the insurance contract with respect to any insurance unit in any year by giving written notice to the insured on or before the calendar closing date for such year. In counties where both winter and spring wheat closing dates have been established, the winter wheat closing date shall apply if the insured has seeded any winter wheat for harvest in any of the crop years covered by the contract. If the insured seeds only spring wheat, the spring wheat closing date shall apply.

INSURANCE COVERAGE

§ 418.55 *Insurable and noninsurable farms.* Any farm or part thereof which is designated on the crop insurance listing sheet as "non-insurable," because of the insurance risk involved, shall not be considered in any manner whatsoever under the insurance contract, except as provided in §§ 418.69 (b) and 418.89. The Corporation may determine that a farm or part thereof is noninsurable for any crop year, and so designate it on the listing sheet at any time before the applicable calendar closing date for the filing of applications for insurance for such year. Any farm or part thereof not so designated is insurable.

§ 418.56 *Kinds of wheat insured.* The wheat to be insured under the contract will be spring and winter wheat seeded for harvest as grain, as determined by the Corporation: *Provided, however,* That, if the application is filed on or before the applicable closing date for spring wheat but after the applicable closing date for winter wheat, the contract will not cover:

(a) Any acreage of the 1947 winter wheat crop, or

(b) Any acreage of the 1947 spring wheat crop which is seeded on winter wheat acreage, except whole fields of such acreage, or parts of such acreage with definite boundaries, which are reworked and reseeded to spring wheat and a full seeding of spring wheat is made,

but will cover all other acreage of the 1947 spring wheat crop.

In determining production, volunteer small grains, volunteer vetch, volunteer Austrian winter peas, and volunteer dry edible peas growing with the seeded wheat crop, and small grains seeded with the growing wheat crop on acreage not released by the Corporation, shall be counted as wheat.

The contract will not provide insurance for volunteer wheat, wheat seeded with a mixture of flax or other small grains, vetch, Austrian winter peas, or dry edible peas, or true type winter wheat seeded too late to expect to produce a normal crop, as determined by the Corporation.

§ 418.57 *Determination of insured acreage.* Promptly after seeding a wheat crop the insured shall submit to the Corporation, on a form entitled "Wheat Crop Insurance Acreage Report", a separate report of the acreage seeded to wheat on each insurance unit in which he has an interest at the time of seeding and his interest at the time of seeding in the wheat seeded for harvest as grain. The insured acreage with respect to each insurance unit shall be either the acreage of wheat seeded for harvest as grain as reported by the insured or as determined by the Corporation, whichever the Corporation shall elect: *Provided, however,* That the Corporation reserves the right to limit the acreage to be insured in any year: *Provided, further,* That insurance shall not attach with respect to any acreage seeded to wheat which is destroyed or substantially destroyed and which can be reseeded before it is too late to reseed to wheat, as determined by the Corporation, and such average is not reseeded to wheat.

§ 418.58 *Insurance period.* Insurance with respect to any insured acreage shall attach at the time the wheat is seeded. Insurance shall cease with respect to any portion of the wheat crop covered by the insurance contract upon threshing (unless combined and field-sacked and remaining in the field, in which event the insurance shall not cease until 120 hours thereafter) or removal from the insurance unit, but in no event shall the insurance remain in effect later than October 31 of each year, unless such time is extended in writing by the Corporation.

§ 418.59 *Insured production.* The insured production for each insurance unit for each year under the contract shall be the number of bushels of wheat determined by multiplying the insured acreage by the coverage per acre, and by the insured interest in the crop at the time of seeding. If different coverages per acre are applicable to parts of the insurance unit, the insured production shall be computed separately, using the applicable acreage for each coverage per acre, and the total of such computed amounts shall be the insured production for the insurance unit.

§ 418.60 *Partial insurance protection.* If the coverage per acre is based on 50 or 75 percent of the average yield, the applicant may elect on his application to obtain 60, 70, 80, or 90 percent partial insurance protection. Where the contract provides partial insurance protection, the premium and any indemnity which otherwise would be payable shall be reduced accordingly.

§ 418.61 *Causes of loss insured against.* The insurance contract shall cover loss in yield of wheat due to unavoidable causes, including drought, flood, hail, wind, frost, winter-kill, lightning, fire, excessive rain, snow, wildlife, hurricane, tornado, insect infestation, plant disease, and such other unavoidable causes as may be determined by the Board of Directors of the Corporation: *Provided, however,* That the Board of Directors may determine that for any county or area the insurance contract shall provide that loss in yield of wheat due to any of the foregoing causes is not insured.

Where insurance is written on an irrigated basis, the insurance contract shall cover loss in yield due to failure of the water supply from natural causes that could not be prevented by the insured, lowering of the water level in pump wells adequate at the beginning of the growing season to the extent that either deepening the well or drilling a new well would be necessary to obtain an adequate supply of water, failure of public power used for pumping or failure of an irrigation district or water company to deliver water where such failure is not within the control of the insured, or the collapse of casing in wells where such collapse could not have been foreseen and prevented by the insured.

§ 418.62 *Causes of loss not insured against.* The contract shall not cover damage to quality in any case, or loss in yield caused by the neglect or malfeasance of the insured or of any person in his household or employment or connected with the farm as tenant, or wage hand, nor shall it cover losses caused by theft, domestic animals (including poultry), use of defective or unadapted seed, overpasturage, or seeding on land of poorer average quality for the production of wheat than the average quality of the land considered in establishing the average yield for the insurance unit or part thereof, or failure properly to prepare the land for seeding, or properly to seed, care for, or harvest and thresh the insured crop, including any loss due to breakdown of machinery or equipment (except as provided in § 418.61), failure to follow established good farming practices, or by following different fertilizer or farming practices than those considered in establishing the average yield, or by failure to reseed the wheat in areas and under circumstances where the Corporation determines it is practicable to reseed. In addition, where insurance is written on an irrigated basis, the contract shall not cover losses caused by failure properly to apply irrigation water to wheat in proportion to the amount of water available for all irrigated crops, failure of irrigation equipment due to mechanical defects (except as provided in § 418.61), failure to provide adequate casing or properly to adjust the pumping equipment in the event of lowering of the water level in pump wells when such adjustment can be made without deepening the well, or any other such loss not due entirely to unavoidable causes. The contract shall not cover loss in yield caused by seeding wheat under conditions of immediate hazard, seeding another crop in the growing wheat crop, or inability to obtain labor, fertilizer, machinery, repairs, or insect poisons.

PREMIUM FOR INSURANCE CONTRACT

§ 418.63 *Amount of annual premium.* (a) Each annual premium for each insurance unit under the contract shall be the number of bushels of wheat determined by multiplying the insured acreage of wheat for the insurance unit by the premium rate per acre and by the insured interest in the crop at the time of seeding. If more than one premium rate is applicable to the insurance unit, a premium shall be computed separately using the applicable acreage for each rate, and the total of the amounts so computed shall be the premium for the insurance unit. The annual premium for the insurance contract shall be the total of the premiums computed for the insured for all insurance units covered by the contract. If the contract provides for partial insurance protection in accordance with the provisions of § 418.60, the premium computed as set forth in this section shall be reduced accordingly. The annual premium with respect to any insured acreage shall be regarded as earned when the wheat crop on such acreage is seeded. The minimum annual premium payable by the insured with respect to any insurance contract shall be four bushels of wheat.

(b) The insured's annual premium may be reduced in any year (1) not to exceed 50 percent, if it is determined by the Corporation from a comparison of the insured production with the accumulated balance of premiums paid over indemnities received on consecutively insured crops that the risk on wheat crops produced by the insured justifies such reduction, or (2) 10 percent, if the insured has had five consecutively insured crops in the county without a loss for which an indemnity was paid. As used in this paragraph, "consecutively insured crops" means consecutively insured crops for the years during which insurance was available (beginning with the 1939 crop, but excluding the 1945 crop if no application for insurance was submitted). Failure to apply for insurance in any year, except 1945, shall render any person ineligible for the benefits of this paragraph if insurance is offered in the county in which such person's farm is located, even though insurance may not be provided in the county during such year because of the limitation in § 418.51 (b): *Provided, however,* That failure to submit an application for insurance in any year will not render a person ineligible for the benefits of this paragraph, if (1) the failure to submit an application was due to service in the active military or naval service of the United States, or (2) the insured established to the satisfaction of the Corporation, prior to the applicable 1946 note maturity date, that failure to submit an application in any year prior to 1946 was due to the fact that wheat was not seeded in that year. Nothing in this provision shall create in the insured any right to a reduced premium.

§ 418.64 *Manner of payment of premium.* (a) By executing a form entitled "Application for Wheat Crop Insurance," the applicant executes a premium note. This note represents a promise to pay to the Corporation annually, on or before the applicable maturity date specified in § 418.95, the premium for all insurance units covered by the contract. Each annual premium or unpaid portion thereof shall bear interest after maturity at the rate of one-half of one percent for each full calendar month or fraction thereof, except that no interest shall be charged on any amount paid within two calendar months after maturity.

(b) Payment on any annual premium made before maturity may be made in wheat or cash, or both. In connection with any such payment, there shall be credited on the premium the number of bushels of wheat computed by dividing the payment made (the proceeds of the sale of wheat if wheat is paid) by the cash equivalent price per bushel for the date of payment. Later payments may be made only in cash. The cash equivalent of any annual premium or portion thereof which is not paid before maturity shall be established on the basis of the cash equivalent price in effect on the maturity date. Payments in cash shall be made by means of cash or by check, money order, or bank draft payable to the order of the Treasurer of the United States. All checks and drafts will be accepted subject to collection, and payments tendered shall not be regarded as paid unless collection is made. When a payment is made in wheat, it shall be by means of a negotiable warehouse receipt or other instrument acceptable to the Corporation representing salable wheat.

(c) Any unpaid amount of any annual premium (either before or after the date of maturity) may be deducted from any indemnity payable by the Corporation, from the proceeds of any commodity loan to the insured, and from any payment made to the insured under the Soil Conservation and Domestic Allotment Act, as amended, or any other Act of Congress or program administered by the United States Department of Agriculture. Where any such deduction is made before maturity, the cash equivalent of the deduction will be based on the cash equivalent price used in computing the indemnity payment or the cash equivalent price determined by the Corporation to be in effect on the day the county committee approves such loan or other payment, whichever is applicable. Such price shall also be used in determining the number of bushels of wheat to be credited on the note.

LOSS

§ 418.65 *Notice of loss or damage of wheat crop.* Unless otherwise provided by the Corporation, if a loan is probable, notice in writing shall be given the Corporation at the office of the county association immediately after any material damage to the insured crop and before the crop is harvested, removed, or any other use is made of it. Any such notice shall be given in time to allow the Corporation to make appropriate inspection.

§ 418.66 *Released acreage.* Any insured acreage on which the wheat crop has been destroyed or substantially destroyed may be released by the Corporation for planting a substitute crop or to be put to another use. The wheat crop shall be deemed to have been substantially destroyed if the Corporation determines that it has been so badly damaged that farmers generally in the area where the farm is located and on whose farms similar damage occurred would not further care for the crop or harvest any portion thereof.

Before any acreage is released it shall be inspected and an appraisal made of the yield that would be realized if the crop on such acreage remained for harvest. Any such appraisal shall be subject to the minimum set forth in § 418.69 (a).

On any acreage where the wheat has been partially destroyed but not released by the Corporation, proper measures shall be taken to protect the crop from further damage. There shall be no abandonment of any crop or portion thereof to the Corporation.

§ 418.67 *Time of loss.* Loss, if any, shall be deemed to have occurred at the end of the insurance period as set forth in § 418.58, unless the Corporation determines that the wheat crop was destroyed or substantially destroyed earlier, in which event the loss shall be deemed to have occurred on the date so determined by the Corporation.

§ 418.68 *Proof of loss.* If a loss is claimed, the insured shall submit to the Corporation a form entitled "Statement in Proof of Loss," containing such information regarding the manner and extent of the loss as may be required by the Corporation. The statement in proof of loss shall be submitted not later than sixty days after the time of the loss, unless the time is extended in writing by the Corporation. It shall be a condition precedent to any liability under the insurance contract that the insured establish that any loss for which claim is made has been directly caused by one or more of the hazards insured against by the insurance contract during the term of the contract, and that the insured further establish that the loss has not arisen from or been caused by, either directly or indirectly, any of the hazards not insured against by the insurance contract. If a loss is claimed, any wheat acreage which is not to be harvested shall be left intact until the Corporation makes an inspection.

§ 418.69 *Amount of loss.* (a) The amount of loss with respect to any insurance unit will be the amount of the insured production under the contract

for such insurance unit, less the product of the insured interest and the total production for such unit: *Provided, however*, That if the seeded acreage on the insurance unit exceeds the insured acreage on such unit, as determined by the Corporation, the loss for which indemnity will be payable shall be computed by apportioning the production on the seeded acreage to determine the production applicable to the insured acreage: *Provided, further*, That, if separate yields or rates are established for parts of the insurance unit or if the insured has different shares in parts of the wheat on the insurance unit, such apportionment may, if the Corporation so elects, be made on the basis of the ratio of the premium computed for the insured acreage to the premium computed for the seeded acreage. Such total production shall include:

(1) Wheat produced from any acreage of the wheat crop which was threshed (not including wheat in a mixture with other small grains produced on acreage released as provided in subparagraph (3) of this paragraph);

(2) Wheat production appraised for acreage of the wheat crop which was not threshed but which was harvested as grain;

(3) The appraised production for any acreage of the wheat crop which is released by the Corporation and seeded to a substitute crop, but not less than the product of (i) such acreage and (ii) fifty percent of the coverage per acre (rounded after each computation in accordance with § 418.93);

(4) The appraised production for any acreage of wheat that is not harvested (except the acreage covered in subparagraph (3) of this paragraph), but not less than the product of (i) such acreage and (ii) twenty percent of the coverage (rounded after each computation in accordance with § 419.93), or five bushels per acre, whichever is the smaller;

(5) The appraised production for any portion of the insured wheat acreage that is planted to a substitute crop or put to another use without the consent of the Corporation, but not less than the product of (i) such acreage and (ii) the coverage per acre (rounded in accordance with § 418.93);

(6) The appraised production for any acreage seeded for harvest as grain that is released and cut for hay, but not less than the product of (i) such acreage and (ii) twenty percent of the coverage per acre (rounded after each computation in accordance with § 418.93), or five bushels per acre, whichever is the smaller;

(7) A number of bushels of wheat which the Corporation determines will result in indemnifying the insured for the amount that the production threshed from any wheat acreage lacks of having a value of 50 percent of the current local value of a number of bushels of wheat (of the class and grade established for the payment of the premium) equal to the smaller of (i) the number of bushels of such production threshed, or (ii) the insured production for the insurance unit minus all production of wheat counted for other reasons;

(8) The appraised number of bushels by which production on any acreage has been reduced solely because of any cause not insured against, but not less than the product of (i) such acreage and (ii) the coverage per acre (rounded in accordance with § 418.93), minus any quantity of wheat harvested from such acreage; and

(9) The appraised number of bushels by which production on any acreage has been reduced because of any cause not insured against, where damage on such acreage has resulted from a cause insured against and a cause not insured against. Any damage to the wheat crop, caused by the seeding of perennial or biennial legumes or perennial grasses with the wheat or in the growing wheat crop, shall be subject to an appraisal as a damage resulting from a cause not insured against. This appraisal shall be included under subparagraph (8) or (9) of this paragraph, whichever is applicable.

(b) Where the insured fails to establish and maintain separate records, satisfactory to the corporation, of acreage or production for the component parts of two or more insurance units or portions thereof, the insurance with respect to such units may be voided by the Corporation for the year in question and the premium forfeited by the insured: *Provided, however*, That if all the component parts of the combination are insured, the total of the insured production for the component parts shall be considered as the insured production for the combination, and any loss for such combination shall be determined as outlined in paragraph (a) of this section. Where the insured fails to establish and maintain separate records, satisfactory to the Corporation, of acreage or production for non-insurable acreage and for one or more insurance units or portions thereof, any production from the non-insurance acreage which is commingled with the production from the insured acreage shall be considered to have been produced on the insured acreage, or the insurance with respect to such unit(s) under the contract may be voided by the Corporation for the year in question and the premium forfeited by the insured.

(c) If the insurance contract provides for partial insurance protection in accordance with the provisions of § 418.60, the amount of loss computed as set forth in paragraphs (a) and (b) of this section shall be reduced accordingly.

PAYMENT OF INDEMNITY

§ 418.70 *When indemnity payable.* The amount of loss for which the Corporation may be liable with respect to any insurance unit covered by the insurance contract shall be payable within thirty days after satisfactory proof of loss is approved by the Corporation. However, if payment of any indemnity is delayed for any reason beyond the time specified, the Corporation shall not be liable for interest or damages on account of such delay.

§ 418.71 *Indemnity payment.* (a) Any indemnity due under the insurance contract will be paid by the issuance of a certificate of indemnity which shall bear an expiration date. Settlement under such certificate will be made in cash or wheat in accordance with these regulations. Such certificate may also be used to obtain a loan from the Commodity Credit Corporation, if loans on certificates of indemnity are available.

(b) In case of a cash settlement under a certificate of indemnity, the cash equivalent of the indemnity shall be the number of bushels of wheat specified in certificate of indemnity multiplied by the cash equivalent price per bushel for the day the certificate of indemnity or other request of the insured for cash settlement or for determining the cash equivalent is received in the branch office of the Corporation or the expiration date of the certificate, whichever occurs first. If the insured has not returned the certificate for cash settlement before the expiration date, the cash equivalent shall be established on the basis of the price in effect on the expiration date of the certificate and a check shall be issued in settlement of the indemnity claim, except where the certificate is used to secure a Commodity Credit Corporation loan. A cash settlement under a certificate of indemnity made more than 14 days after the issuance of the certificate shall be subject to a deduction for a reasonable charge for storage and handling and the schedule of such charges shall be shown on the certificate of indemnity.

(c) Any indemnity payable under an insurance contract shall be paid to, and settlement under the certificate of indemnity made with, the insured or such other person as may be entitled to the benefits of the insurance contract under the provisions of these regulations, notwithstanding any attachment, garnishment, receivership, trustee process, judgment, levy, equity, or bankruptcy directed against the insured or such other person, or against any indemnity alleged to be due to such person; nor shall the Corporation or any officer, employee, or representative thereof be a proper party to any suit or action with reference to such indemnity or the proceeds thereof, nor be bound by any judgment, order, or decree rendered or entered therein. No officer, agent, or employee of the Corporation shall, because of any such process, order, or decree, pay or cause to be paid, to any person other than the insured or other person entitled to the benefits of the insurance contract, any indemnity payable, or any amount due in settlement of any certificate of indemnity in accordance with the provisions of the insurance contract. Nothing herein contained shall excuse any person entitled to the benefits of the insurance contract from full compliance with, or performance of, any lawful judgment, order, or decree with respect to the disposition of any sums paid thereunder as an indemnity.

(d) The Corporation shall provide for the posting annually in each county at the county courthouse of a list of indemnities paid for losses on farms in such county.

§ 418.72 *Adjustment in connection with indemnity payments.* Where an adjustment is made in the amount of an indemnity, settlement for such adjustment may be made on the basis of a cash equivalent price per bushel other than that used in making settlement under the certificate of indemnity originally issued.

§ 418.73 *Other insurance.* If the insured has or acquires any other insurance against substantially all the risks that are insured against by the Corporation under the insurance contract on the crop or portion thereof covered in whole or in part by such insurance contract, regardless of whether such other insurance is valid or collectible, the liability of the Corporation shall not be greater than its share would be if the amount of its obligations were divided equally between the Corporation and such other insurer. In any case where an indemnity is paid to the insured by another Government agency because of damage to the wheat crop, the Corporation reserves the right to determine its liability under the insurance contract taking into consideration the amount paid by such other agency.

§ 418.74 *Subrogation.* The Corporation may require from the insured an assignment of all rights of recovery against any person(s) for loss or damage to the extent that payment therefor is made by the Corporation, and the insured shall execute all papers required and shall do everything that may be necessary to secure such rights.

§ 418.75 *Creditors.* An interest existing by virtue of a debt, lien, mortgage, garnishment, levy, execution, bankruptcy, or any other process shall not be considered an interest in an insured crop within the meaning of this subpart.

PAYMENT OF INDEMNITY TO PERSONS OTHER THAN ORIGINAL INSURED

§ 418.76 *Indemnity subject to all provisions of the insurance contract.* Indemnities payable to any persons shall be subject to all provisions of the insurance contract, including the right of the Corporation to deduct from any such indemnity the unpaid amount of any earned annual premium or any other obligation of the insured to the Corporation: *Provided, however*, That in case of a transfer of an interest in an insured crop, such deduction to be made from an indemnity payable to the transferee shall not exceed the annual premium due on the insurance unit or units involved in the transfer for the crop year in which the transfer is made, plus the unpaid amount of any other obligation of the transferee to the Corporation. Any indemnity payable to any person other than the original insured as a result of a transfer, or otherwise, shall be subject to any collateral assignment of the insurance contract by the original insured.

§ 418.77 *Collateral assignment of right under insurance contract.* The right to an indemnity under an insurance contract may be assigned by the original insured as collateral security for a loan or other obligation of such insured. Such assignment shall be made by the execution of a form entitled, "Collateral Assignment," and, upon approval thereof by the Corporation, the interests of the assignee will be recognized if an indemnity is payable under the insurance contract, to the extent of the amount determined to be the unpaid balance of the amount (including interest and other charges) for which such assignment was made as collateral security: *Provided, however*, That (a) payment of any indemnity will be subject to all conditions and provisions of the insurance contract and to any deductions authorized under § 418.76 and, (b) payment of the indemnity may be made by check payable jointly to all persons entitled thereto and such payment shall constitute a complete discharge of the Corporation's obligation with respect to any loss under the insurance contract. The Corporation's approval of an assignment shall not create in the assignee any right other than that derived from the assignor. The Corporation shall in no case be bound to accept notice of any assignment of the insurance contract, and nothing contained in any assignment shall give any right against the Corporation to any person other than the insured, except to an assignee approved by the Corporation. Only one such assignment will be recognized in connection with the insurance contract, but if an assignment is released, a new assignment may be made.

§ 418.78 *Payment to transferee.* In the event of a transfer of all or a part of the insured interest in a wheat crop before the beginning of harvest or the time of loss, whichever occurs first, the transferor shall immediately notify the Corporation thereof in writing at the office of the county association. The transferee under such a transfer shall be entitled to the benefits of the insurance contract with respect to the interest so transferred, subject to any assignment made by the original insured in accordance with § 418.77: *Provided, however*, That an involuntary transfer of an insured interest in a wheat crop solely because of the existence of a debt, lieu, mortgage, garnishment, levy, execution, bankruptcy, or other process shall not entitle any holder of any such interest to any benefits under the insurance contract: *Provided, further*, That the Corporation shall not be liable for a greater amount of indemnity in connection with the insured crop than would have been paid if the transfer had not taken place. If, as a result of any such transfer, diverse interests appear with respect to any insurance unit, the indemnity, if any, payable with respect to such unit may be paid jointly to all persons having the insured interest in the crop at the time harvest is commenced or the time of loss, whichever occurs first, or to one of such persons on behalf of all such persons, and payment in any such manner shall constitute a complete discharge of the Corporation's liability with respect to such unit under the insurance contract: *Provided, further*, That the insurance contract of the transferor shall cover the interest so transferred only to the end of the insurance period for the crop year during which the transfer is made.

§ 418.79 *Death, incompetence, or disappearance of insured.* (a) If the insured dies, is judicially declared incompetent, or disappears after the seeding of the wheat crop in any year but before the time of loss, and his insured interest in the wheat crop is a part of his estate at such time, or if the insured dies, is judicially declared incompetent, or disappears subsequent to such time, the indemnity, if any, shall be paid to the legal representative of his estate, if one is appointed or is duly qualified. If no such representative is or will be so qualified the indemnity shall be paid to the persons beneficially entitled to share in the insured interest in the crop or to any one or more of such persons on behalf of all such persons: *Provided, however*, That if the indemnity represents a number of bushels of wheat, the cash equivalent of which exceeds $500, the Corporation may withhold the payment of the indemnity until a legal representative of the insured's estate is duly qualified to receive such payment.

(b) If the insured dies, is judicially declared incompetent or disappears after the seeding of the wheat crop in any year but before the time of loss, and his interest in the crop is not a part of his estate at such time, the indemnity, if any, shall be paid to the person(s) who succeeded to his interest in the crop in the manner provided for in § 418.78.

(c) If an applicant for insurance or the insured, as the case may be, dies, is judicially declared incompetent, or disappears less than 15 days before the applicable calendar closing date for the filing of applications for insurance in any year, but before any wheat crop intended to be covered by insurance is seeded, whoever succeeds him on the farm with the right to seed the wheat crop as his heir or heirs, administrator, executor, guardian, committee or conservator, shall be substituted for the original applicant upon filing with the office of the county association, within 15 days (unless such period is extended by the Corporation) after the date of such death, judicial declaration, or termination of the period which establishes disappearance within the meaning of these regulations, or before the date of the beginning of seeding, whichever is earlier, a statement in writing in the form and manner prescribed by the Corporation, requesting such substitution and agreeing to assume the obligations of the original applicant or the insured arising out of such application or the insurance contract: *Provided, however*, That any substitution made pursuant to this paragraph shall be effective only with respect to the wheat crop to be seeded in the ensuing crop year and the insurance contract shall terminate at the end of such year. If no such statement is filed, as required by this paragraph, the original application or insurance contract shall be void.

(d) The insured shall be deemed to have disappeared within the meaning of these regulations if he fails to file with the county committee written notice of his new mailing address within 180 calendar days after any communication by or on behalf of the Corporation is returned undeliverable at the last known address of the insured.

§ 418.80 *Fiduciaries.* Any indemnity payable under an insurance contract entered into in the name of a fiduciary who is no longer acting in such capacity

at the time for the payment of indemnity and settlement under the certificate of indemnity will be made to the succeeding fiduciary upon appropriate application and proof satisfactory to the Corporation of his incumbency. If there is no succeeding fiduciary, payment of the indemnity shall be made to, and settlement under the certificate of indemnity shall be made with, the persons beneficially entitled under this subpart to the insured interest in the crop, to the extent of their respective interests, upon proper application and proof of the facts: *Provided, however,* That the settlement may be made with any one or more of the persons so entitled, and payment may be made to such person or persons in behalf of all the persons so entitled, whether or not the person to whom payment is made has been authorized by the other interested persons to receive such payment.

§ 418.81 *Determination of person to whom indemnity shall be paid.* In any case where the insured has transferred his interest in all or a portion of the wheat crop on any insurance unit, or has ceased to act as a fiduciary, or has died, has been judicially declared incompetent or has disappeared, payment in accordance with the provisions of this subpart will be made only after the facts have been established to the satisfaction of the Corporation. The determination of the Corporation as to the existence or nonexistence of a circumstance in the event of which payment may be made and of the person(s) to whom such payment will be made shall be final and conclusive. Payment of any indemnity under this section shall constitute a complete discharge of the Corporation's obligation with respect to the loss for which such indemnity is paid and settled and shall be a bar to recovery by any other person.

REFUNDS OF EXCESS NOTE PAYMENTS

§ 418.82 *Refunds of excess note payments.* Before expiration of the insurance contract, the Corporation shall not be required to make a refund of any excess payment made on any annual premium, and any such excess payment may be credited on remaining annual premium. However, the Corporation may elect to make such refund at any time before the expiration of the insurance contract. If a refund is to be made of any excess payment received before maturity, the cash equivalent of such refund shall be determined on the basis of the number of bushels of wheat to be refunded and the cash equivalent price for the appropriate class and grade of such wheat effective for the date such payment was submitted to the Corporation. If more than one payment is made on any annual premium, the payments shall be applied in the order of submittal to the Corporation. In computing the amount of any refund, the payments shall be considered in their inverse order and each such payment or portion thereof shall be regarded as a separate payment in determining the cash equivalent of the refund. Refunds of excess payments received on or after the date the annual premium matures shall be refunded in the actual amount of money paid to the Corporation in excess of that determined to be necessary to pay such annual premium.

There shall be no refund of an amount less than $1.00 with respect to payments made either before or after the maturity of any annual premium, unless written request for such refund is received by the Corporation within one year after the expiration of the contract.

§ 418.83 *Assignment or transfer of claims for refunds not permitted.* No claim for a refund, or any part or share thereof, or any interest therein, shall be assignable or transferable, notwithstanding any assignment of the insurance contract or any transfer of interest in any wheat crop covered by the insurance contract. Refund of any excess note payment will be made only to the person who made such payment, except as provided in § 418.84.

§ 418.84 *Refund in case of death, incompetence, or disappearance.* In any case where a person who is entitled to a refund of a payment has died, has been judicially declared incompetent, or has disappeared, the provisions of § 418.79 with reference to the payment of indemnities in any such case shall be applicable with respect to the making of any such refund.

ESTABLISHMENT OF AVERAGE YIELDS AND PREMIUM RATES

§ 418.85 *Determination of farm average yields of wheat per acre.* The Corporation shall establish average yields of wheat for farms or parts of farms on the basis of the recorded or appraised yields for a representative period of years and shall, where necessary, adjust such yields so that the average yields for farms or parts of farms in the same area which are subject to the same conditions shall be fair and just.

§ 418.86 *Determination of premium rates.* The Corporation shall establish premium rates for all farms or parts of farms (except those which are designated on the crop insurance listing sheet as non-insurable) for which average yields are established and such rates shall be those deemed adequate to cover claims for wheat crop losses and to provide a reasonable reserve against unforeseen losses.

GENERAL

§ 418.87 *Meaning of terms.* For the purpose of the Wheat Crop Insurance Program, the term:

(a) "Average yield" means the average yield of wheat per acre established by the Corporation for each farm or part thereof as shown on the approved 1947 crop insurance listing sheet.

(b) "Cash equivalent price per bushel" means the net price per bushel of wheat established by the Corporation for the area in which the insurance unit is located on the basis of the price of wheat at the basic market designated by the Corporation for the area, with differentials, where applicable, for the location of the area in which the insurance unit is situated.

(c) "Corporation" means the Federal Crop Insurance Corporation.

(d) "County" means the area commonly designated as such, whether organized or not.

(e) "County association" means the County Agricultural Conservation Association in the county.

(f) "County committee" means the County Agricultural Conservation Committee for the county.

(g) "Coverage per acre" means the insured percentage (50 or 75 percent) of the average yield or a fixed number of bushels, whichever the contract provides for.

(h) "Crop insurance listing sheet" means the form prescribed by the Corporation for the purpose of maintaining a record of farms or parts thereof, average yields, premium rates and any other related information with respect to such farms or parts thereof. The crop insurance listing sheet when approved by the Corporation shall be on file in the office of the county association and may be inspected by any producer whose farm is listed thereon.

(i) "Crop year" means the period within which the wheat crop is seeded and normally harvested, and shall be designated by reference to the calendar year in which the crop is normally harvested.

(j) "Farm" means all adjacent or nearby farm land under the same ownership which is operated by one person, including also: (1) Any other adjacent or nearby farm land which the county committee determines is operated by the same person as part of the same unit with respect to the rotation of crops and with workstock, farm machinery, and labor substantially separate from that for any other land; and (2) any field-rented tract (whether operated by the same or another person) which, together with any other land included in the farm constitutes a unit with respect to the rotation of crops: *Provided, however,* That for the purpose of determining the minimum participation for a crop insurance program in any county the term "farm" means that acreage of land which constitutes an insurance unit, except that where a landlord and all of his tenants file applications for insurance and all of the landlord's wheat acreage is worked by tenants, the number of farms to be counted shall be one less than the number of insurance units.

A farm shall be regarded as located in the county if it is listed on the 1947 crop insurance listing sheet originally approved for such county. However, if a farm is not listed on the crop insurance listing sheet for a county before the applicable closing date for accepting applications in the county, the farm shall be regarded as located in the county in which the principal dwelling is situated, or, if there is no dwelling thereon, it shall be regarded as located in the county in which the major portion of the farm is located.

(k) "Harvest" means any mechanical severance from the land of matured wheat for threshing.

(l) "Insurance contract" means the contract of insurance entered into between the applicant and the Corporation by virtue of the application for insurance and this subpart and any amendments thereto.

(m) "Insurance unit" means all or that portion, as the case may be, of the farm (considered for the purpose of establishing the average yield(s) and premium rate(s)) in which the insured has an interest as a wheat producer at the time of seeding, except that (1) any irrigable land on the farm to which irrigation water can be delivered from existing irrigation facilities and any other contiguous small tracts shall constitute one insurance unit and the remainder shall constitute another insurance unit if so designated on the approved crop insurance listing sheet, and (2) when separate yields and rates have been established for widely separated parts of a farm, such parts of the farm shall constitute separate insurance units: *Provided, however,* That all or any part of such land which is designated on the crop insurance listing sheet as "non-insurable" shall not constitute an insurance unit or any part thereof and shall not be considered in any manner whatsoever under the insurance contract, except as provided in §§ 418.69 (b) and 418.89.

(n) "Insured interest" means either the insured's reported interest in the crop at the time of seeding, or the interest which the Corporation determines as the insured's actual interest at the time of seeding, whichever the Corporation shall elect, except that for the purpose of determining loss, the insured interest shall not exceed the insured's actual interest at the time of loss.

(o) "Local producing area" means any area approved by the Corporation for the purposes of § 418.51 (b).

(p) "Person" means an individual, partnership, association, corporation, estate, or trust, or other business enterprise or other legal entity and, wherever applicable, a State, a political subdivision of a State, or any agency thereof.

(q) "Premium rate" means the premium rate per acre established by the Corporation for each farm or part thereof as shown on the approved crop insurance listing sheet.

(r) "State committee" means the State PWA Committee (formerly the State Agricultural Conservation Committee) for the State.

(s) "State Director" means the representative of the Corporation in the operation of the crop insurance program in the State.

(t) "Substitute crop" means any crop, except biennial and perennial legumes and perennial grasses, planted on released acreage before harvest of wheat becomes general in the county as determined by the Corporation. Biennial and perennial legumes and perennial grasses seeded with the wheat or with the growing wheat crop shall not be considered a substitute crop. If other small grains are seeded in the growing wheat crop on released acreage, the crop of mixed wheat and other grains shall be considered a substitute crop.

(u) "Tenant" means a person who rents land from another person (for cash, a fixed commodity payment, or a share of the crop or proceeds therefrom), and is entitled under a written or oral lease or agreement to receive all or a share of the crop or proceeds therefrom produced on such land.

§ 418.88 *Restriction on purchase and sale of wheat by the Corporation.* The restriction on the purchase and sale of wheat, as provided in section 508 (d) of the Federal Crop Insurance Act, as amended, reads in part as follows:

Insofar as practicable, the Corporation shall purchase the agricultural commodity only at the rate and to a total amount equal to the payment of premiums in cash by farmers or to replace promptly the agricultural commodity sold to prevent deterioration; and shall sell the agricultural commodity only to the extent necessary to cover payments of indemnities and to prevent deterioration: *Provided, however,* That nothing in this section shall prevent prompt offset purchases and sales of the agricultural commodity for convenience in handling. Nothing in this section shall prevent the Corporation from accepting, for the payment of premiums, notes payable in the commodity insured, or the cash equivalent, upon such security as may be determined pursuant to subsection (b) of this section, and from purchasing the quantity of the commodity represented by any of such notes not paid at maturity.

§ 418.89 *Records and access to farm.* For the purpose of enabling the Corporation to determine the loss, if any, that may have occurred under the insurance contract, the insured shall keep, or cause to be kept, for one year after the time of loss, records of the harvesting, storage, shipment, sale, or other disposition, of all wheat produced on each insurance unit covered by the insurance contract and on the non-insurable acreage on each farm in the county in which he has an interest. Such records shall be made available for examination by the Corporation, and as often as may reasonably be required, any person or persons designated by the Corporation shall have access to the farm(s).

§ 418.90 *Review of determinations of State and county committees.* Any determination by a State or county committee shall be subject to review and approval or revision by duly authorized representatives of the Corporation.

§ 418.91 *Applicant's warranties; voidance for fraud.* In applying for insurance the applicant warrants that the information, data, and representations submitted by him in connection with the insurance contract are true and correct, and are made by him, or by his authority, and shall be taken as his act. The insurance contract may be voided and the premium forfeited to the Corporation without the Corporation's waiving any right or remedy, including its right to collect the amount of the note executed by the insured, whether before or after maturity, if at any time the insured has concealed any material fact or made any false or fraudulent statements relating to the insurance contract, the subject thereof, or his interest in the wheat crop covered thereby, or if the insured shall neglect to use all reasonable means to produce, care for or save the wheat crop covered thereby, whether before or after damage has occurred, or if the insured fails to give any notice, or otherwise fails to comply with the terms of the contract, including the note, at the time and in the manner prescribed.

§ 418.92 *Modification of insurance contract.* No notice to any county committee or representative of the Corporation or the knowledge possessed by any such county committee or representative or by any other person shall be held to effect a waiver of or change in any part of the insurance contract or to estop the Corporation from asserting any right or power under such contract; nor shall the terms of such contract be waived or changed except as authorized in writing by a duly authorized officer or representative of the Corporation; nor shall any provision or condition of the insurance contract or any forfeiture be held to be waived by any delay or omission by the Corporation in exercising its rights and powers thereunder or by any requirement, act, or proceeding, on the part of the Corporation or of its representatives, relating to appraisal or to any examination herein provided for.

§ 418.93 *Fractional units.* Fractions of yields per acre, coverages per acre and premium rates shall be rounded to the nearest tenth of a bushel. Fractions of acres representing total acres of wheat shall be rounded to the nearest tenth of an acre. Computations shall be carried to one digit beyond the digit that is to be rounded. If the extra digit computed is 1, 2, 3, or 4, the rounding shall be downward. If the extra digit computed is 6, 7, 8, or 9, the rounding shall be upward. If the extra digit computed is 5, the computation shall be carried to another digit. If the two extra digits are 50, the rounding shall be downward, and if the two extra digits are 51 or any higher figure, the rounding shall be upward.

§ 418.94 *Closing dates*—(a) *For winter wheat.* The closing dates for submission of applications to cover the winter wheat crop shall be the earlier of (1) the date of the beginning of seeding of the wheat crop, or (2) the applicable calendar date below:

August 31, 1946, for Arizona, Colorado, Iowa, Kansas, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, South Dakota, Texas, Utah and Wyoming;

September 14, 1946, for Illinois, Indiana, Michigan, New Jersey, New York, Ohio, Pennsylvania, and Wisconsin;

September 28, 1946, for Modoc, Lassen, Plumas, Shasta, Sierra and Siskiyou Counties in California and the States of Delaware, Georgia, Idaho, Kentucky, Maryland, North Carolina, Oregon, Tennessee, Virginia, Washington and West Virginia; and

November 30, 1946, for all remaining counties in California.

(b) *For spring wheat.* The closing dates for submission of applications to cover the spring wheat crop shall be the earlier of (1) the date of the beginning of seeding of the wheat crop, or (2) the applicable calendar date below:

March 15, 1947, for all States except California;

March 1, 1947, for Modoc, Lassen, Plumas, Shasta, Sierra and Siskiyou Counties in California;

November 30, 1946, for all remaining counties in California.

§ 418.95 *Maturity dates for payment of annual premiums.* The maturity

dates by States for the payment of annual premiums shall be as follows:

June 30 for Arizona, Delaware, Georgia, Illinois, Indiana, Kansas, Kentucky, Maryland, Missouri, North Carolina, Ohio, Oklahoma, Tennessee, Texas, Virginia, and West Virginia;

July 31 for California, Colorado, Iowa, Michigan, Nebraska, New Jersey, New Mexico, New York, Oregon, Pennsylvania, Wisconsin, and Wyoming, and

August 31 for Idaho, Minnesota, Montana, Nevada, North Dakota, South Dakota, Utah, and Washington.

NOTE: The record keeping requirements of these regulations have been approved by, and subsequent reporting requirements will be subject to the approval of, the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Adopted by the Board of Directors on May 10, 1946.

TITLE 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service

PART 142—PREEXAMINATION OF ALIENS WITHIN THE UNITED STATES

ELIGIBILITY FOR PREEXAMINATION

MAY 10, 1946.

Section 142.1, Title 8, Chapter I, Code of Federal Regulations is hereby amended to read as follows:

§ 142.1 *Preexamination; who may apply.* An alien who is a member of any of the following classes and who intends to apply to a consular officer of the United States in Canada for an immigration visa for entry into the United States for permanent residence may, subject to the provisions of this part, apply for the privilege of a preexamination by officers of the Immigration and Naturalization Service for the purpose of determining in advance his admissibility into the United States for permanent residence when in possession of an unexpired immigration visa:

(a) An alien—other than a citizen of Canada, Mexico, or any of the islands adjacent to the United States—who has been within the United States for a period of one year or more and who has a spouse, parent, or minor child, who is in the United States and is a citizen thereof or is a lawfully permanent resident alien;

(b) An alien—other than a citizen of Canada, Mexico, or any of the islands adjacent to the United States—who has resided in the United States for a period of five years or more; or

(c) An alien—other than a citizen of Canada—whose case is found to be an exceptionally meritorious case.

This order shall become effective on the date of its publication in the FEDERAL REGISTER.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 28, Direction 14]

CC RATINGS FOR RENTAL BUSINESSES AND REPAIR SHOPS

The following direction is issued pursuant to PR 28:

(a) Paragraph (d) (3) of Priorities Regulation 28 explains that CC ratings will ordinarily not be assigned for an item which will be resold without substantial change in its form. In addition, CC ratings will rarely if ever be assigned under Priorities Regulation 28 in either of the following cases:

(1) Where the item for which a rating is requested will be rented by the applicant without substantial change in its form. The only exceptions will be in cases where such items were rented as a regular business practice in prewar days or the applicant gives other reasons to show that he is not attempting to take temporary advantage of shortage conditions; or

(2) Where the applicant runs a repair shop making commercial or domestic repairs and requests a rating for materials which he will sell or install in the course of his repair work.

Issued this 21st day of May 1946.

2. Section 1346.268 (a) (2) is amended to read as follows:

(2) *Transportation and delivery charges*—(i) *General provisions.* The maximum prices for sales by manufacturers, calculated in accordance with subparagraph (1) above, are priced at the point of delivery, except as provided below. If shipment is by rail, water, or by rail and water, the point of delivery is the railroad siding or unloading dock nearest the point designated by the purchaser. In the case of shipment by common or contract motor carrier, the point of delivery is the point designated by the purchaser. If the purchaser picks up his purchase at the manufacturer's warehouse, the warehouse platform shall be the point of delivery.

(*a*) *Shipments of 200 pounds or more from point of manufacture.* On shipment of 200 pounds or over, the manufacturer shall bear all actual transportation charges from the point of manufacture to the delivery point up to but not exceeding 60 cents per cwt. computed to the nearest point for which a carload freight rate is published. Freight charges which actually exceed an amount so computed may be passed to and collected from the purchaser. Any charges made in accordance with this subsection (*a*) must be shown as a separate item on the purchaser's invoice.

(*b*) *Shipments of less than 200 pounds from point of manufacture.* On shipments of less than 200 pounds the manufacturer need not absorb any transportation charges. He may pass on to and collect from the purchaser all transportation charges from the point of manufacture to the delivery point or to the purchaser's designated job site, regardless of the type of carrier used.

(*c*) *Delivery charges from manufacturer's warehouse to the purchaser's designated job site.* If it was the practice of the manufacturer to make a delivery charge on less than carload shipments for delivery from his warehouse to the purchaser's designated job site, the manufacturer shall continue such practice in accordance with the following rules:

(*1*) If, on October 1, 1941, it was the practice of a manufacturer to move shipments from his warehouse to the purchaser's designated job site for certain classes of purchasers free, he must continue to make such shipments for such classes of purchasers without charge.

(*2*) However, if, on October 1, 1941, the manufacturer made a charge for shipments from his warehouse to the purchaser's designated job site for certain classes of purchasers, the manufacturer may now make a charge for such deliveries to such classes of purchasers at not more than the rates which were in effect on October 1, 1941.

(*3*) Any charges made in accordance with this paragraph (c) must be shown as a separate item on the purchaser's invoice.

3. In § 1346.268 a new paragraph (f) is added to read as follows:

(f) (*1*) *Manufacturers maximum prices.* Notwithstanding any other provision of this section, and on and after May 21, 1946, the maximum price of a manufacturer for his sale to each class of purchaser for any cast-iron boiler covered by this regulation shall be determined by increasing the maximum price which he had in effect to such class of purchaser on May 20, 1946, by 15 percent.

(*2*) *Resellers' maximum prices.* On and after May 21, 1946, the maximum price for the sale by a reseller of any cast-iron boiler covered by this regulation shall be determined by increasing his maximum price in effect to each class of purchaser on May 20, 1946, by the percentage amount by which the manufacturer of the boiler has increased his maximum price pursuant to subparagraph (1) above.

(*3*) *Notification by manufacturer.* Any manufacturer modifying his maximum price in accordance with this paragraph shall notify each of his purchasers, in writing, at or before the issuance of the first invoice at the adjusted price of either the percentage by which he has increased his net price for the commodity or of the increased list price which remains subject to the functional discounts in effect to each class of purchaser during March 1942.

(*4*) *Reporting provisions, manufacturers.* Any manufacturer who increases his maximum price as permitted under this section shall within 10 days after such a price has been increased submit to the Prefabrication and Building Equipment Price Branch, Office of Price Administration, Washington 25, D. C., a report stating the following:

(i) Plate number or other identification for each commodity whose price has been increased.

(ii) Its maximum price in effect just prior to the increase authorized by this paragraph.

(iii) Its maximum price in accordance with this paragraph

(iv) The percentage increase in net prices for the commodity or the new list prices and the functional discounts to each class of purchaser, whichever method is used to effect the increase pursuant to this paragraph.

This amendment shall become effective May 21, 1946.

NOTE: The reporting requirements of this Amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 21st day of May 1946.

Maximum Price Regulation No. 127 is amended in the following respect:

Section 1400.82 (b) (11) is amended to read as follows:

(11) The 5% premium provided in section (3a) of Supplementary Order 131 shall be deducted from the basic grey goods cost and producers, in applying subparagraph (2) above, shall make the required reduction of 3% from the maximum price exclusive of the premium, on all deliveries of finished piece goods, if such goods are finished from grey goods which producers are required to set aside pursuant to, and for the uses specified in, Supplementary Order No. M–317A as amended, issued by the Civilian Production Administration on April 1, 1946.

This amendment shall become effective May 21, 1946.

Issued this 21st day of May 1946.

PAUL A. PORTER,
Administrator.

Article III—Prohibitions

SEC. 3.1 *False statements or entries.* No person shall alter or falsify any statement, document, report, or record, conceal or fail to disclose any fact, statement or information in any document, report, or record required to be made or kept, furnished or disclosed by this order.

SEC. 3.2 *Offer, attempt or agreement to violate.* No person shall offer, attempt, or agree to violate the provisions of this order.

Article IV—Enforcement

SEC. 4.1 *Criminal prosecution.* Any person who wilfully performs any act prohibited or wilfully fails to perform any act required by any of the provisions of this order may, upon conviction, be fined not more than $10,000 or imprisoned for not more than one year, or both, and shall be subject to such other penalties or actions as may be prescribed by all applicable statutes.

SEC. 4.2 *Suspension order.* Any person who violates this order or any order issued hereunder may be prohibited by suspension order from receiving or making any transfers of cereals or cereal products. Proceedings for suspension orders shall be governed by the provisions of Revised Procedural Regulation No. 4, issued by the Office of Price Administration.

Article V—Scope of the Order

SEC. 5.1 *Territorial limitation.* This order shall apply in Puerto Rico.

Article VI—Definitions

SEC. 6.1 *Meaning of the terms as used in this order.* (a) "Director" means the Territorial Director of the Office of Price Administration for Puerto Rico or any person duly authorized to act in his place.

(b) "Person" includes an individual, partnership, corporation, association, any other organized group of persons, any government or any of its political subdivisions and any agency of any of the foregoing.

(c) "Cereals" mean the grains commonly known as such and used for food.

(d) "Cereal product" means any processed food commodity containing any amount of cereal.

This order shall become effective at 12:01 a. m. on May 14, 1946.

NOTE: The record keeping and reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 15th day of May 1946.

SAM GILSTRAP,
Territorial Director for Puerto Rico.

Approved:

M. S. BURCHARD,
Acting Regional Administrator, Region IX.

PART 1413—LUMBER PRODUCTS

[MPR 601, Amdt. 2]

SOFTWOOD MOULDINGS

A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 601 is amended in the following respects:

1. In section 6 (a) Table 1 is amended to read as follows:

TABLE 1.—LIST PRICES FOR SMALL SIZES OF MOULDINGS IN STRAIGHT CAR SHIPMENTS IN SPECIES COVERED BY RMPR 94

(Per 100 lineal feet)

Finished widths in inches	Finished thicknesses in inches					
	¼ and thinner	9/32	5/16	¾	7/16	½
¾ and narrower	$0.65	$0.70	$0.75	$0.80	$0.85	$0.90
¾	.75	.80	.85	.90	.95	.95
1	.80	.85	.85	.95	1.00	1.20
1⅛	.85	.90	.95	1.00	1.10	1.20
1¼	.90	.95	1.00	1.10	1.30	1.45
1⅜	.95	1.00	1.05	1.20	1.40	1.50
1½	.95	1.05	1.15	1.30	1.55	1.60
1⅝	1.15	1.20	1.25	1.40	1.70	1.80
1¾	1.20	1.25	1.30	1.55	1.85	1.90

2. In section 6 (a) the following change as made in Table II: The thickness ⅞" is deleted from columns 3 and 4 and inserted in column 5.

3. Section 6 (b) is amended to read as follows:

(b) *Size tolerances.* A thickness tolerance no greater than 1/64" is permissible in size and pattern for items priced in Table 1. For items priced in Table II, the permissible tolerance is 1/64" for items priced in Columns 1 and 2, and 1/32" for items priced in Columns 3, 4, 5, 6, 7, 8, and 9 except for thicknesses in odd thirty-seconds of an inch, such as 23/32", 25/32", 27/32", 29/32", etc., in which case the items must be a full size.

Where mouldings are scant beyond the permissible tolerance, the list price for the next smaller thickness shall be used.

4. Sections 18 (b), (c) and (d) are amended to read as follows:

(b) *Maximum prices for standard mouldings*—(1) *Straight cars.* A "straight car" of Western Pine moulding is a shipment of mouldings whose aggregate list prices total at least $3,000.00.

The maximum prices f. o. b. mill for a direct mill shipment in straight car quantities for Standard Western Pine Mouldings in lengths 4' to 20', not over 15 percent under 10' with each length bundled separately are as follows:

The list prices in Table I of Section 6 for the sizes listed in the table less the following discounts:

For patterns with list prices under $0.95—discount 40½%.
For patterns with list prices $0.95 and over—discount 35½%.
For sizes not listed in Table I, the list prices in Table II of section 6, less the following discounts:

Item	Discount for list prices under $2	Discounts for list prices $2 and over
	Percent	*Percent*
Casing and base 3½" and wider, ¾" thick		20½
Other mouldings:		
7/16" or less in thickness	40½	33½
1/2" thickness	38½	31½
9/16" in thickness	34½	27½
5/8" and 11/16 in thickness	30½	23½
¾" in thickness	28½	21½
25/32" in thickness	25½	18½
13/16" in thickness	23½	16½
⅞" or over in thickness		25½

(2) *Other shipments.* The maximum prices f. o. b. mill for a direct mill shipment, other than a straight car shipment, for Standard Western Pine mouldings in lengths 4' to 20', not over 15 percent under 10' with each length bundled separately, are the list prices in Table II of section 6 less the following discounts:

Casing and base 3½" and wider, ¾" thick—discount 18½%.
Other mouldings:
List prices under $2.00—discount 24½%.
List prices $2.00 and over—discount 19½%.
For 25/32" other than S4S items shorten discount 3 points.
For 13/16" other than S4S items shorten discount 5 points.

(c) *Maximum prices for special mouldings.* The maximum prices f. o. b. mill for a direct mill shipment of Special Western Pine Mouldings shall be as follows:

(1) For the following house mouldings: crown moulding; bed moulding; cove moulding; brick moulding; quarter, half and full rounds; window and door stops; nosing; screen moulding; S4S screen stock; panel moulding; band moulding; cornice moulding; hook strips; corner bead; chair rail; shelf cleat; picture moulding; panel strips; casing, base and apron; stools; lattice; drip cap and water table; back band; cap trim; floor and base moulding; astragals; and baluster stock, use the same prices as provided in section 18 (b) above.

(2) For all other special mouldings, such as industrial mouldings including cabinet mouldings, etc., the following prices apply depending on quantities:

In quantities of more than 10,000 lineal feet per item, lengthen the discounts for Standard mouldings by 8½ points.

In quantities of 3,000 to 10,000 lineal feet per item, lengthen the discounts for Standard mouldings by 7½ points.

In quantities of 500 to 3,000 lineal feet per item, shorten the discount for Standard mouldings by 1½ points.

In quantities of less than 500 lineal feet of one pattern, shorten the discount for Standard mouldings by 1½ points and add a setup charge of $2.50.

(d) *Deductions and additions to maximum prices.* Additions permitted under this paragraph may be made only when the item or service is specifically ordered by the buyer and shipped by the seller.

(1) *Species.* For Sugar Pine, the discounts may be shortened 5 points.

For Idaho White Pine, the discounts may be shortened 10 points.

For all other species covered by RMPR 94, lengthen the discount 5 points.

(2) *Rabbeting or grooving.* For rabbeting or grooving any backbands or sash stock, 25¢ may be added to the list price for one rabbet or groove and 50¢ may be added to the list price for two or more rabbets and/or grooves. Charges for rabbeting or grooving of other mouldings must be approved under section 7.

(3) *Length.* For specified lengths, the discounts may be shortened 5 points.

For all 10' to 16' lengths, the discounts may be shortened 3 points.

For all 10' to 16' even lengths, the discounts may be shortened 5 points.

For all even lengths, the discounts may be shortened 1 point.

For cut to lengths, under 5', the discounts must be lengthened 2 points.

For cut to lengths 5' to 10', the discounts may be shortened 3 points.

For cut to specified lengths 10' and over, the discounts may be shortened 5 points.

For short mouldings in excess of the 15 percent allowed in random length shipments or short lengths only, the discounts must be lengthened 10 points. (This does not apply when mouldings are ordered cut to length.)

(4) *Sub-standard mouldings.* For sub-standard mouldings, the discounts must be lengthened 10 points, except that for mouldings which are sub-standard only on account of stain, the seller must lengthen discounts only 5 points.

(5) *Packing and wrapping.* For carton packing or paper wrapping, the basic discounts may be shortened 5 points.

5. A new section 25a "Western Pine Moulding Adjustments" is added to the regulation to read as follows:

SEC. 25a. *Western Pine moulding adjustments.* The discounts for jobber sales of Western Pine mouldings set forth in sections 26 to 45, inclusive, shall be subject to the following adjustments:

For all standard mouldings, shorten discounts in the applicable section 12½ points.

For the following special house mouldings shorten discounts in the applicable section 12½ points:

Crown moulding.
Bed moulding.
Cove moulding.
Brick moulding.
Quarter, half and full rounds.
Window and door stops.
Nosing.
Screen moulding.
S4S screen stock.
Panel moulding.
Band moulding.
Cornice moulding.
Hook strips.
Corner bead.
Chair rail.
Shelf cleat.
Picture moulding.
Panel strips.

Casing, base and apron.
Stools.
Lattice.
Drip cap and water table.
Back band.
Cap trim.
Floor and base moulding.
Astragals.
Baluster stock.

For all other special mouldings, including all industrial mouldings, shorten the discounts in the applicable section by 4 points.

6. The following changes are made in the table of discounts in paragraph (a) (2) of section 26–45, inclusive:

a. The fourth line, commencing with the item ⅝", is deleted.

b. In the fifth line, the item "11/16"" is amended to read "⅝" and "11/16"".

c. In the seventh line, "Casing and base 3½" and wider" is amended to read "¾" casing and base 3½" and wider".

d. The tenth line, commencing with the item ⅞", is deleted.

e. In the eleventh line, the item "1" and over" is amended to read "⅞" and over".

7. Section 46 is amended to read as follows:

SEC. 46. *Maximum prices for dealer sales.* The maximum prices for all dealer sales of softwood mouldings covered by this regulation shall be for each seller his individual prices for each item as established under the General Maximum Price Regulation adjusted to reflect the dollar-and-cents increase authorized at the manufacturing level by an OPA action subsequent to April 1, 1946, except that a reseller who qualifies as a dealer, need not sell any item of moulding covered by this regulation at less than 25% above his acquisition costs, nor less than the prices established for jobber sales in his area.

This amendment shall become effective May 21, 1946.

Issued this 21st day of May 1946.

PART 1439—UNPROCESSED AGRICULTURAL COMMODITIES

[2d Rev. MPR 487, Amdt. 13]

WHEAT

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Second Revised Maximum Price Regulation 487 is amended in the following respects:

1. Section 3.2 (d) (1) is amended to read as follows:

(1) *Area A.* The base price per bushel for any wheat, bulk, at any interior rail point in Area A shall be that terminal base price specified herein, which, less transportation charges at the lowest published domestic carload rail transportation rate from that interior rail point to that terminal base point, will result in the highest price at said interior rail point, except that where the Atlanta terminal base price is used to compute the base price at any interior point the price per bushel set forth in Table I shall be reduced by the amount of the reduction in the freight rate (plus transportation tax) per bushel from said interior point to Atlanta, Georgia, provided for by Interstate Commerce Commission Order, 259 I. C. C. 629, effective May 15, 1946.

2. Section 4.4 (a) (2) is amended to read as follows:

(2) If the wheat has moved into a terminal basing point, you may use the terminal base point price in calculating your maximum price in lieu of your supplier's maximum price and add to it (i) all previously allowable added markups and elevation charges, (ii) your transportation cost from the terminal base point to the point of delivery and (iii) a markup of 1½ cents per bushel, except that the terminal base point price at Atlanta shall be reduced by the amount of the reduction in the freight rate (plus transportation tax) per bushel from the point of origin of the wheat being sold to Atlanta, provided for by Interstate Commerce Commission Order, 259 I. C. C. 629, effective May 15, 1946.

This amendment shall become effective May 20, 1946.

Issued this 20th day of May 1946.

PAUL A. PORTER,
Administrator.

Approved: May 17, 1946.

Chapter I—Federal Communications Commission

[Order 133]

PART 2—GENERAL RULES AND REGULATIONS
PART 5—EXPERIMENTAL RADIO SERVICES

WAIVER OF REQUIREMENTS FOR OPERATOR LICENSES

MAY 10, 1946.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 10th day of May 1946;

Whereas, section 318 of the Communications Act of 1934, as amended, provides that the operation of the transmitting apparatus of licensed radio stations may be carried on only by persons holding an operator's license issued by this Commission; and

Whereas, the Commission is authorized to waive the provisions of said section 318 in certain cases, provided the Commission shall find that the public interest, convenience, or necessity will be thereby served; and

Whereas, there has been a tremendous increase in the volume of applications filed for non-broadcast station authorizations involving very large numbers of police, fire, forestry, railroad, provisional, geological and other portable and mobile station units; and

Whereas, the improved frequency stability characteristics and low power of transmitting equipment presently used in portable and mobile units make the possibility of interference to other radio services remote; and

Whereas, it appears that a waiver of the provisions of section 318 of the Communications Act so as to permit the operation, without operator licenses, of mobile and portable radio transmitting equipment of the kind and upon the conditions described below will facilitate and promote the use of radio in many important services and thus serve the public interest, convenience and necessity;

It is ordered, That, subject to the conditions hereinafter stated, the provisions contained in section 318 of the Communications Act of 1934, as amended, be and they are hereby waived, insofar as such provisions require any person to hold an operator's license in order to operate the various classes of mobile or portable radio transmitting apparatus authorized for use in the Emergency, Miscellaneous, Railroad and Experimental Services (Parts 5, 10, 11 and 16 of the Commission's rules); *Provided, however:*

1. The terms of this order shall not apply to any portable or mobile station using radiotelegraphy employing manual operation.

2. The terms of this order shall not apply to any portable or mobile station operating on frequencies below 25 megacycles unless such operation is subject to control by a licensed operator of the associated land station operated by the same licensee.

3. The terms of this order shall not apply to any portable or mobile stations in the Experimental Service looking to common carrier operation on a regular basis other than in the General Mobile Radio Service.

4. The terms of this order shall not be construed to authorize any person not holding a proper operator license issued by this Commission to make adjustments to any radio transmitter.

It is further ordered, That the provisions of Parts 2 and 13 of the Commission's rules, to the extent that they are inconsistent with the provisions of this order, be, and they are hereby, suspended.

It is further ordered, That this order shall become effective June 1, 1946.

[Order 130–G]

PART 12—AMATEUR RADIO: STATIONS AND OPERATORS

FREQUENCY BANDS

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 9th day of May 1946;

Whereas, by Order No. 130–A, dated November 14, 1945, as amended by Order No. 130–B, dated January 16, 1946, and as further amended by Order No. 130–C, dated February 20, 1946, and as further amended by Order No. 130–D, dated March 13, 1946, and as further amended by Order No. 130–E, dated March 29, 1946, the Commission made available for amateur station operation certain frequency bands; and

Whereas, the frequency band 3500 to 3625 Kc. is now available for amateur station operation; and

Whereas, all frequencies above 30,000 Mc. are now available for amateur station operation for experimental use; and

Whereas, it is desirable to authorize pulse type and AO emissions for amateur station operation above 1215 Mc:

It is hereby ordered, That the second ordering clause of Order No. 130–A (as amended by Orders Nos. 130–B, 130–C, 130–D, and 130–E, be and it is hereby further amended to read as follows:

2. (a) The following frequency bands are available for use for amateur station operation, subject to the limitations and restrictions set forth herein:

(1) 3500 to 4000 Kc., using type A1 emission, and, on frequencies 3900 to 4000 Kc., type A3 emission, subject to the restriction that A3 emission may be used only by an amateur station which is licensed to an amateur operator holding Class A privileges and then only when operated and controlled by an amateur operator holding Class A privileges. Use of this band is restricted to amateur stations within the continental limits of the United States, the Territory of Alaska, Puerto Rico, and the Virgin Islands.

(2) 27.185 to 27.455 Mc., using types A0, A1, A2, A3 and A4 emissions, and also special emissions for frequency modulation (radiotelephone transmissions and radiotelegraph transmissions employing carrier shift or other frequency modulation techniques). This band is subject to use also for operation of scientific, industrial and medical apparatus.

(3) 28.0 to 29.7 Mc., using type A1 emission.

(4) 28.1 to 29.7 Mc., using type A3 emission.

(5) 29.0 to 29.7 Mc., using special emission for frequency modulation (radiotelephone transmissions and radiotelegraph transmissions employing carrier shift or other frequency modulation techniques).

(6) 50.0 to 54.0 Mc., using types A1, A2, A3 and A4 emissions and, on frequencies 52.5 to 54.0 Mcs., special emission for frequency modulation (radiotelephone transmissions and radiotelegraph transmissions employing carrier shift or other frequency modulation techniques).

(7) 144 to 148 Mc., using types A1, A2, A3 and A4 emissions and special emissions for frequency modulation (radiotelephone transmissions and radiotelegraph transmissions employing carrier shift or other frequency modulation techniques). The portion of this band between 146.5 and 148 Mc shall not be used, however, by any amateur station located within 50 miles of Washington, D. C., Seattle, Washington, or Honolulu, T. H.

(8) 235 to 240 Mc., using types A1, A2, A3 and A4 emissions and special emissions for frequency modulation (radiotelephone transmissions and radiotelegraph transmissions employing carrier shift or other frequency modulation techniques).

(9) 420 to 430 Mc., using types A1, A2, A3, A4 and A5 emissions, and special emissions for frequency modulation (radiotelephone transmissions and radiotelegraph transmissions employing carrier shift or other frequency modulation techniques). Peak antenna power shall not exceed 50 watts.

(10) 1215 to 1295 Mc., 2300 to 2450 Mc., 5250 to 5650 Mc., 10,000 to 10,500 Mc., 21,000 to 22,000 Mc., and on any frequency or frequencies above 30,000 Mc., using on these frequencies types A0, A1, A2, A3, A4 and A5 emissions, special emissions for frequency modulation (radiotelephone transmissions and radiotelegraph transmissions employing carrier shift or other frequency modulation techniques), and pulse emissions.

(b) No frequencies other than those assigned in this order shall be used for amateur operation.

This order shall become effective 11 a. m. Eastern Standard Time, May 9, 1946.

By the Commission.

MONROE B. ENGLAND, ET AL.

MEMORANDUM OPINION DESIGNATING APPLICATION FOR CONSOLIDATED HEARING

In re applications of Monroe B. England (assignor) end Western Massa-

[1] DA-night.

[1] D. A.—night.

chusetts Broadcasting Company (assignee) and Leon Podolsky (assignee); for assignment of license of AM Station WBRK and of grant for associated FM Station, Pittsfield Massachusetts; Docket No. 7556, File No. B1–AL–517, File No. B1–APH–3.

By the Commission:

This proceeding arose upon the filing of applications (File Nos. B1–AL–517 and B1–APH–3) on December 26, 1945, by Monroe B. England (assignor) and Western Massachusetts Broadcasting Company (assignee) for consent to the voluntary assignment of license of AM Station WBRK (1340 kc, 250 w, unlimited time), Pittsfield, Massachusetts, and of a conditional grant of a construction permit for a new metropolitan FM station in that city. Pursuant to procedures set forth in the AVCO case (Docket No. 6767) and the Public Notice of October 3, 1945 (mimeograph no. 85308), notice of such applications was given in a newspaper of general circulation in the station's service area; on February 27, 1946, competing applications were filed by Leon Podolsky to purchase Station WBRK and the conditional grant for an FM station, from Mr. England.

The agreement between Monroe B. England and the Western Massachusetts Broadcasting Company provides for a cash consideration in the amount of $150,000, and Leon Podolsky states that he will meet the same terms and conditions as agreed upon by such parties.

Western Massachusetts Broadcasting Company is a Massachusetts corporation, 50% of which is owned by Lawrence K. Miller, and the remaining 50% by Donald B. Miller, his brother. Each is a citizen of the United States and a resident of Pittsfield, Massachusetts. The Miller brothers each own 49% of the Eagle Publishing Company which publishes the Berkshire Evening Eagle, the only daily newspaper in Pittsfield.

Mr. Podolsky, the competing bidder for Station WBRK and the grant for an FM station, is a United States citizen and a resident of Pittsfield, Massachusetts. He has been a radio engineer since 1930, and has served as consulting radio engineer for various companies.

In the procedures proposed in the AVCO case, the Commission announced that it would consider on their merits all competing bids filed in cases for consent to assignments or transfers of control of licensees. It further stated:

> If it appears that the transferee selected by the licensee is the best qualified, and that the transfer is otherwise in the public interest, the Commission will grant such application without a hearing. If the Commission cannot make such a determination on the basis of the application, it will be designated for hearing along with all other competing applications.

Upon examination of the applications of the Western Massachusetts Broadcasting Company and Leon Podolsky, the Commission is unable to determine from the facts before it as to which application, if granted, would better serve the public interest. Accordingly, pursuant to the above-stated policy, both applications are hereby designated for consolidated hearing.

[Docket No. 6732]

EAGLE-GAZETTE CO.

ORDER DESIGNATING APPLICATION FOR CONSOLIDATED HEARING ON STATED ISSUES

In re application of the Eagle-Gazette Company, Lancaster, Ohio, for construction permit, Docket No. 6732, File No. B2–P–3700.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 10th day of April 1946;

The Commission having under consideration a petition by the Eagle-Gazette Company (File No. B2–P–3700; Docket No. 6732) requesting that its application for a new standard broadcast station to operate on 880 kc, with 1 kw power, daytime only, at Lancaster, Ohio, be removed from the hearing docket and granted without hearing; and

The Commission also having under consideration the application of Peoples Broadcasting Corporation for a construction permit for a new standard broadcast station to operate on 880 kc, with 5 kw power, daytime only, near Worthington, Ohio; and

It appearing that simultaneous operation on 880 kc as proposed by Eagle-Gazette Company at Lancaster, Ohio, and Peoples Broadcasting Corporation near Worthington, Ohio, would involve mutually severe electrical interference;

It is ordered, That the petition be, and it is hereby denied, and the application of Eagle-Gazette Company be, and it is hereby, designated for hearing in a consolidated proceeding with the application of Peoples Broadcasting Corporation upon the following issues:

1. To determine the legal, technical, financial and other qualifications of the applicant corporation, its officers, directors and stockholders to construct and operate the proposed station.

2. To determine the areas and populations which would gain primary service from the operation of the proposed station and what other broadcast services are available to those areas and populations, particularly from Stations WING and WIZE.

3. To determine whether and to what extent the proposed station would render primary service to the areas and populations receiving primary service from Station WING and Station WIZE.

4. To obtain full information with respect to the identity of the officers, directors and stockholders of applicant and of Great Trails Broadcasting Corporation (WING), Radio Voice of Springfield, Inc., (WIZE), respectively and the amount of stock held and/or voted by each of them in the said Corporation.

5. To obtain full information with respect to the connections and relationships, direct or indirect, and the nature, extent and effect thereof, existing between the applicant and the licensees of stations WING and WIZE, and the officers, directors and stockholders thereof, or any of them.

6. To determine the type and character of program service proposed to be rendered and whether such service would meet the requirements of the areas and populations proposed to be served.

7. To determine whether the operation of the proposed station would involve objectionable interference with any existing or proposed broadcast services, and if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast services to such areas and populations.

8. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's Standards of Good Engineering Practice concerning standard broadcast stations.

9. To determine on a comparative basis which, if either, of the applications in this consolidated proceeding should be granted.

SADAICHI IWAMOTO AND M. IWAMOTO

In re: Bank account owned by Sadaichi Iwamoto and M. Iwamoto.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Sadaichi Iwamoto and M. Iwamoto, whose last known address is Osakimura Kaiso-Gun, Wakayama-Ken, Japan, are residents of Japan and nationals of a designated enemy country (Japan);

2. That the property described as follows: That certain debt or other obligation owing to Sadaichi Iwamoto and M. Iwamoto, by The First National Bank of Portland, Portland, Oregon, arising out of a blocked account, entitled Sadaichi Iwamoto and M. Iwamoto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid nationals of a designated enemy country;

And determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on May 6, 1946.

F. W. KRAUSE & CO.

In re: Bank account owned by F. W. Krause & Company.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That F. W. Krause & Company, the last known address of which is Berlin, Germany, is a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to F. W. Krause & Company, by The Chase National Bank of the City of New York, 18 Pine Street, New York, New York, arising out of an unclaimed dollar deposit account, entitled F. W. Krause & Co., and any and all rights to demand, enforce, and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges, or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. EMMA LOCHNER

In re: Bank account owned by Emma Lochner.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the Alien Property Custodian, after investigation:

1. Having found and determined in Vesting Order Number 2197, dated September 13, 1943, that Emma Lochner is a national of a designated enemy country (Germany);

2. Finding that the property described as follows: That certain debt or other obligation owing to Emma Lochner, by Manufacturers Trust Company, New York, New York, arising out of a dollar account, entitled Emma Lochner, maintained at the branch office of the aforesaid bank located at 131 East 23rd Street, New York, New York, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. That certain debt or other obligation owing to Niedersaechsische Landesbank-Girozentrale, by The Chase National Bank of The City of New York, 18 Pine Street, New York, New York, arising out of an unclaimed dollar deposit account, entitled Niedersaechsische Landesbank and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used; administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on May 6, 1946.

FLOYD-WELLS CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to Maximum Price Regulation No. 64, *It is ordered*, That Order No. 275 under section 11 of Maximum Price Regulation 64 be, and it hereby is amended in the following respects;

1. Paragraph (a) is amended to read as follows:

(a) This order establishes maximum prices for sales at retail of the eleven models of gas and gas combination ranges listed below manufactured by the Floyd-Wells Co., First Avenue, Royersford, Pa. For sales in each zone by retail dealers to ultimate consumers, the maximum prices including the Federal excise tax, but not including any state or local taxes imposed at the point of sale are those set forth below:

Model	Article	Maximum prices for sales to ultimate customers			
		Zone 1	Zone 2	Zone 3	Zone 4
4402	Coal-gas combination range	*Each* $224.75	*Each* $231.25	*Each* $237.95	*Each* $246.50
4402	Oil-gas combination range	251.95	258.25	264.75	272.95
4602	Coal-gas combination range	244.50	251.50	258.75	267.95
4602	Oil-gas combination range	270.95	277.75	284.75	293.75
5009	do	216.95	221.25	225.50	230.95
5209	do	240.95	245.95	250.95	257.50
2403	Standard gas range	74.95	77.75	80.50	84.25
2403	Deluxe gas range	86.95	89.75	92.50	95.95
2503	Standard gas range	86.95	89.75	92.50	96.25
2503	Deluxe gas range	98.75	101.50	104.50	107.95
2513	do	122.25	125.50	128.50	132.75

These prices include delivery and installation. If the retail dealer does not provide installation, he shall compute his maximum price by deducting $9.00 in the case of combination ranges and $6.00 in the case of gas ranges not of the combination type, from his maximum price as shown above for sales on an installed basis. If the dealer sells any of the models listed above equipped with front base panel, he may add $1.00 to the applicable maximum price shown above for the particular stove. In all other respects these prices are subject to each seller's customary terms, discounts, allowances (other than trade-in allowances) and other price differentials in effect on sales of similar articles.

2. Paragraph (b) is amended to read as follows:

(b) The manufacturer shall, before delivering any range covered by this order, after the effective date thereof, attach securely to the inside oven door panel a label which plainly states the applicable OPA retail ceiling prices established by this order for sales of the range to ultimate consumers in each zone together with a list of the states included in each zone. The label shall also state that the retail prices shown thereon include the Federal excise tax, delivery and installation, and that if the seller does not provide installation, the maximum price is $9.00 less than the price shown on the label in the case of combination ranges and $6.00 less in the case of gas ranges not of the combination type, and that $1.00 may be added if the range is equipped with a front base panel.

This amendment shall become effective on the 3d day of June 1946.

Issued this 20th day of May 1946.

ESTABLISHMENT OF MAXIMUM PRICES AND PRICE CLASSIFICATIONS

For the reasons set forth in an accompanying opinion, and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton for the indicated uses and shipments as set forth herein. All are in District No. 3. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by an amendment issued after the effective date of this order. Where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. The maximum prices stated to be for truck shipment are in cents per net ton f. o. b. the mine or preparation plant and when stated to be for rail shipment or for railroad fuel are in cents per net ton f. o. b. rail shipping point. In cases where mines ship coals by river the prices for such shipments are those established for rail shipment and are in cents per net ton f. o. b. river shipping point. However, producer is subject to the provisions of § 1340.214 and all other provisions of Maximum Price Regulation No. 120.

LENS CREEK COAL CO. AND MILL CREEK COAL CO.

ESTABLISHMENT OF MAXIMUM PRICES AND PRICE CLASSIFICATIONS

For the reasons set forth in an accompanying opinion, and in accordance with § 1340.210 (a) (6) of Maximum Price Regulation No. 120; *It is ordered:*

Producers identified herein operate named mines assigned the mine index numbers, the price classifications and the maximum prices in cents per net ton for the indicated uses and shipments as set forth herein. All are in District No. 8. The mine index numbers and the price classifications assigned are permanent but the maximum prices may be changed by an amendment issued after the effective date of this order. Where such an amendment is issued for the district in which the mines involved herein are located and where the amendment makes no particular reference to a mine or mines involved herein, the prices shall be the prices set forth in such amendment for the price classifications of the respective size groups. The location of each mine is given by county and state. The maximum prices stated to be for truck shipment are in cents per net ton f. o. b. the mine or preparation plant and when stated to be for rail shipment or for railroad fuel are in cents per net ton f. o. b. rail shipping point. In cases where mines ship coals by river the prices for such shipments are those established for rail shipment and are in cents per net ton f. o. b. river shipping point. However, producer is subject to the provisions of § 1340.219 and all other provisions of Maximum Price Regulation No. 120.

TEMPTEE STEAK CO.

ESTABLISHMENT OF MAXIMUM PRICES

Establishing maximum price for sales of "Temptee Steaks" by the Temptee Steak Company, John W. Carpenter, owner, 1213 W. Elm Street, Independence, Missouri.

An opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

Pursuant to the provisions of § 1364.452 (r) of Revised Maximum Price Regulation No. 169; *It is hereby ordered:*

(a) That the maximum prices for Temptee Steaks produced and sold by the above named company, hereinafter referred to as the applicant, f. o. b. its place of business are as follows:

Temptee steaks:	*Price per cwt.*
Beef steaks	$58.00
Ground beef and cheese	42.00
Hickory smoked ground beef and cheese	45.00

The applicant may sell these items only to purveyors of meals or to intermediate distributors for resale to purveyors of meals. The maximum prices are applicable only when these items are produced in accordance with the method described in the application for a price.

(b) Applicant shall not sell or deliver during any three month quota period beginning October 1, January 1, April 1 and July 1, a total volume by weight of Temptee Steaks in excess of 3,000 pounds.

(c) With the first purchase of Temptee Steaks after the effective date of this order the applicant shall:

(1) Supply each purveyor of meals who purchases the items from him with the following notice:

NOTICE TO PURVEYORS OF MEALS

By order of the OPA we are authorized to sell "Temptee Steaks" to purveyors of meals at not to exceed the following prices per cwt. f. o. b. our place of business: Beef steaks, $58.00; Ground beef and cheese, $42.00; Hickory smoked ground beef and cheese, $45.00.

(2) Supply each intermediate distributor who purchases the items from him with the following written notice:

NOTICE TO DISTRIBUTORS OF "TEMPTEE STEAKS"

By order of the OPA we are authorized to sell Temptee Steaks at not to exceed the following prices per cwt. f. o. b. our place of business: Beef steaks, $58.00; Ground beef and cheese, $42.00; Hickory smoked ground beef and cheese, $45.00. We are permitted to sell these items to you at a discount but you must resell them to purveyors of meals at prices not in excess of those listed above, f. o. b. your place of business. You must advise each purveyor upon his initial purchase of Temptee Steaks of these maximum prices.

(d) The maximum prices for sales of Temptee Steaks by any intermediate distributor, f. o. b. his place of business, shall be the maximum prices listed in paragraph (a) of this order.

(e) No later than the 10th day after each three month quota period ending December 31, March 31, June 30 and September 30, the applicant must submit a statement to the Office of Price Administration, Washington, D. C., showing the total volume of "Temptee Steaks" sold to purveyors of meals and intermediate distributors, separately itemized, for the quota period, setting forth the name and address of each such distributor.

Failure to file this statement on or before the date specified will be grounds for revoking the order. If the statement is not filed within the required time the applicant must discontinue sales or deliveries of "Temptee Steaks" until such statement has been filed.

(f) This order may be revoked or amended at any time by the Price Administrator.

This order shall become effective as of April 1, 1946.

Issued this 20th day of May 1946.

PAUL A. PORTER,
Administrator.

ENTERPRISE PAINT MFG. CO.

ESTABLISHMENT OF MAXIMUM PRICES

Order No. 127 under paragraph (a) (20) of Order A-2 under § 1499.159b of Maximum Price Regulation No. 188; Manufacturers' maximum prices for consumers' goods other than apparel; Enterprise Paint Manufacturing Company; (Docket No. 6122-188.161 (a) (2)-25).

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to paragraph (a) (20) of Order A-2 under § 1499.159b of Maximum Price Regulation 188, *It is ordered:*

(a) The maximum prices for sales by the Enterprise Paint Manufacturing Company, Chicago, Illinois, for its line of paints and varnishes may be increased by an amount not in excess of 1.7 percent.

(b) Any person purchasing paint or varnish manufactured by the Enterprise Paint Manufacturing Company for the purpose of resale in the same form may increase his present established maximum prices under the General Maximum Price Regulation by an amount not exceeding his actual dollars-and-cents increase in cost resulting from the increase permitted the manufacturer in (a) above.

(c) The maximum prices granted herein shall be subject to cash, quantity and other discounts, transportation allowances, services and other terms and conditions of sale at least as favorable as the seller extended or rendered on comparable sales to purchasers of the same class during March 1942.

(d) The Enterprise Paint Manufacturing Company shall furnish to each buyer purchasing any of its paints and varnishes for resale on or before the date it makes the first delivery at the adjusted price a written statement as follows:

The OPA has granted an adjustment of 1.7 percent in the maximum prices of the Enterprise Paint Manufacturing Company's entire line of paints and varnishes manufactured by it. You are permitted to add the actual amount of your increased cost resulting from the increase permitted the Enterprise Paint Manufacturing Company to your existing maximum prices for these items.

(e) All requests of the application not granted herein are denied.

(f) This order may be amended or revoked by the Office of Price Administration at any time.

This Order No. 127 shall become effective May 21, 1946.

Issued this 20th day of May 1946.

KINGAN AND CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

On April 12, 1946, Kingan and Company, Indianapolis, Indiana, filed an application on behalf of its Philadelphia, Pennsylvania, plant for the establishment of maximum prices on sales of the sausage product known as "Beef Tongue Loaf" and made in accordance with the individual secret formula submitted by the application. That application was assigned Docket No. 6036.3-389-2 (a)-80.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in the opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage product known as "Beef Tongue Loaf" and made by the Philadelphia plant of Kingan and Company in accordance with the individual formula submitted to the Office of Price Administration for this order shall be determined by the seller as follows:

(1) The base price for this product is established at the following amount per hundredweight: $45.75.

NOTE: If sold not boxed, 50 cents per cwt. must be deducted from the above price.

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage which is not Kosher sausage, all beef sausage or sausage containing meat and meat byproducts from swine only. In determining the proper zone differential to be added, the zone description provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Beef Tongue Loaf" to a wholesaler, peddler-truck-seller, or intermediate distributor the Philadelphia plant of Kingan and Company shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Beef Tongue Loaf" have been established by the Office of Price Administration at the base price of $45.75 per hundredweight; to which may be added the zone differential provided in section 12 (b) of MPR 389 (see section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of "Beef Tongue Loaf" to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Beef Tongue Loaf" have been established by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling price for this item in accordance with the provisions of Maximum Price Regulation No. 336.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraphs (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of this application not herein granted are denied.

(f) This Order No. 62 may be revoked or amended by the Price Administrator at any time.

This Order No. 62 shall become effective May 21, 1946.

Issued this 20th day of May 1946.

NOTE: If sold not boxed, 50 cents per cwt. must be deducted from the above price.

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage which is not Kosher sausage, all beef sausage or sausage containing meat and meat byproducts from swine only. In determining the proper zone differential to be added, the zone description provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Smoked Mettwurst", "Pepperoni (S. C.)" or "Small Knackwurst (H. C.)" to a wholesaler, peddler-truck-seller, or intermediate distributor Trophy Meat Products, Inc. shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Smoked Mettwurst", "Pepperoni (S. C.)" and "Small Knackwurst (H. C.)" have been established by the Office of Price Administration at the following base prices per hundredweight:

Smoked Mettwurst	$31.75
Pepperoni (S. C.)	38.75
Small Knackwurst (H. C.)	27.00

To these may be added the zone differentials provided in section 12 (b) of MPR 389 (See section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of "Smoked Mettwurst", "Pepperoni (S. C.)" or "Small Knackwurst (H. C.)" to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Smoked Mettwurst", "Pepperoni (S. C.)" and "Small Knackwurst (H. C.)" have been established by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling prices for these items in accordance with the provisions of Maximum Price Regulation No. 336.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labeling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraphs (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of this application not herein granted are denied.

(f) This Order No. 63 may be revoked or amended by the Price Administrator at any time.

This Order No. 63 shall become effective May 21, 1946.

Issued this 20th day of May, 1946.

NOTE: If sold not boxed, 50 cents per cwt. must be deducted from the above price.

(a) To the base price for "Linguisa Sausage" should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage containing meat and meat by-products from swine only, and to the base price for "Cooked Beef Loaf" should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for all beef sausage. In determining the proper zone differential to be added, the zone description provided in Section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Linguisa Sausage" or "Cooked Beef Loaf" to a wholesaler, peddler-truck-seller, or intermediate distributor Miller Packing Company shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Linguisa Sausage" and "Cooked Beef Loaf" have been established by the Office of Price Administration at the following base prices per hundredweight:

Linguisa Sausage	$40.75
Cooked Beef Loaf	31.00

To these may be added the proper zone differential provided in section 12 (b) of MPR 389 (See section 14 for zone boundaries) plus the permitted additions to section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for these products pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of "Linguisa Sausage" or "Cooked Beef Loaf" to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Linguisa Sausage" and "Cooked Beef Loaf" have been established by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling price for these items in accordance with the provisions of Maximum Price Regulation No. 336.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labeling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraphs (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of this application not herein granted are denied.

(f) This Order No. 64 may be revoked or amended by the Price Administrator at any time.

This Order No. 64 shall become effective May 21, 1946.

Issued this 20th day of May 1946.

[MPR 389, Order 65]

GEORGE HOLLENBACH ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

On April 10, 1946, George Hollenbach, 1100-1108 West Marquette Road, Chicago, Illinois, filed a revised application for the establishment of maximum prices on sales of the sausage product known as "Vieholl Brand Dry Salami" and made in accordance with the individual secret formula submitted by the applicant. That application was assigned Docket No. 6036.3-389-2 (a)-79.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in the opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389, *It is ordered:*

(a) That the maximum prices other than at retail for the sausage product known as "Vieholl Brand Dry Salami" and made by George Hollenbach in accordance with the individual formula submitted to the Office of Price Administration for this order, except that boneless chucks may be used as the beef ingredient, if desired, shall be determined by the seller as follows:

(1) The base price for this product is established at the following amount per hundredweight: $37.25.

NOTE: If sold not boxed, 50 cents per cwt. must be deducted from the above price.

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage which is not Kosher sausage, all beef sausage or sausage containing meat and meat byproducts from swine only. In determining the proper zone differential to be added, the zone description provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Vieholl Brand Dry Salami" to a wholesaler, peddler-truck-seller, or intermediate distributor George Hollenbach shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Vieholl Brand Dry Salami" have been established by the Office of Price Administration at the base price of $37.25 per hundredweight; to which may be added the zone differentials provided in section 12 (b) of MPR 389 (See section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of "Vieholl Brand Dry Salami" to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Vieholl Brand Dry Salami" have been established by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling price for this item in accordance with the provisions of Maximum Price Regulation No. 336.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and involving provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraphs (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of this application not herein granted are denied.

(f) This Order No. 20 may be revoked or amended by the Price Administrator at any time.

This Order No. 65 shall become effective May 21, 1946.

Issued this 20th day of May 1946.

[MPR 188, Amdt. 2 to Order 6]

SMALL ELECTRICAL APPLIANCES

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to § 1499.159e of Maximum Price Regulation No. 188, it is ordered:

Order No. 6 is amended in the following respects:

1. Section 2 (b) (2) is amended to read as follows:

(2) "Manufacturer's price," for the purpose of calculating resellers' ceiling prices means his ceiling price (exclusive of Federal excise tax) subject to his customary transportation terms as provided by Section 3 of this order for sales to the class of purchaser designated in Section 4.

2. Section 3 (a) is amended to read as follows:

(a) A manufacturer's new ceiling price (exclusive of Federal excise tax) for a sale of a small electrical appliance to each class of purchaser is the highest of the applicable of the following:

(1) 118% of his highest price (exclusive of Federal excise tax) to each class of purchaser, other than ultimate consumers, in effect between October 1 and October 15, 1941, or;

(2) His highest price (exclusive of Federal excise tax) at which he delivered or offered the article for delivery during March 1942, to each class of purchaser, or;

(3) 118% of his ceiling price (exclusive of Federal excise tax) to each class of purchaser, other than ultimate consumers, established under the provisions of the first, second, third or fourth pricing methods of § 1499.159c of Maximum Price Regulation No. 188. In the case of articles priced under the first, second or third methods the new ceiling price may be calculated in this way only if the ceiling prices of the comparable articles were no higher than the prices in effect between October 1 and October 15, 1941, for sales to the same classes of purchasers.

(4) His ceiling price (exclusive of Federal excise tax) to each class of purchaser, other than ultimate consumers, established under the provisions of the first, second or third pricing methods of Maximum Price Regulation No. 188.

(5) His adjusted ceiling price (exclusive of Federal excise tax) to each class of purchaser, other than ultimate consumers, established under the provisions of paragraph (a) (19) of Order A-2 under Maximum Price Regulation No. 188, Supplementary Orders 118, 133, 148 or Revised Supplementary Order 119.

Manufacturers also may collect, in addition to the new ceiling price authorized by the preceding provisions, the amount of Federal excise tax, if any, payable on each sale.

3. Section 4 is amended to read as follows:

SEC. 4. *Dealers' ceiling prices.* This section provides for the establishment of retail ceiling prices for sales of small electrical appliances. Manufacturers are required to determine those prices and to tag their products with retail ceiling price tags in accordance with section 6 of this order. If, between October 1 and October 15, 1941, a manufacturer published a suggested retail price list and took measures to ensure that his products were sold at retail at his suggested prices, he should apply under paragraph (a) of this section for an Office of Price Administration order establishing the retail ceiling prices for his products which he suggested prior to April 1, 1942.

If the retail ceiling prices for a manufacturer's products are not established by an order under paragraph (a) of this section, then the manufacturer is required to calculate the retail ceiling prices in accordance with paragraphs (b) or (c) of this section, whichever is applicable.

If a manufacturer's price to the class of distributor to which he sells in the largest dollar volume is an f. o. b. factory price, he calculates the retail ceiling prices of his products in accordance with paragraph (b) of this section. Manufacturers whose freight terms are other than f. o. b. factory (freight allowed or equalized, etc.) are required to calculate the retail ceiling prices of their products in accordance with paragraph (c).

When a manufacturer qualifies for an order under paragraph (a) uniform retail ceiling prices for his products will be established for sales by all dealers. On the other hand, manufacturers who are required to calculate retail ceiling prices under paragraphs (b) or (c) will determine different ceiling prices for sales by chain stores and mail order houses than the ceiling prices which are calculated for sales by other dealers. In addition, manufacturers calculating retail ceiling prices under paragraph (b) will determine separate ceiling prices for sales by dealers in Zone II in order to make an allowance for the higher freight costs of resellers on shipments into that area. Retail ceiling prices calculated under paragraph (c) apply over the entire country since prepayment or other forms of freight equalization by the manufacturer result in more uniform resellers' costs.

(a) *Retail ceiling prices fixed by order.* (1) The Office of Price Administration will, upon application by a manufacturer, establish ceiling prices for retail sales of small electrical appliances covered by this order whenever it appears that:

(i) The small electrical appliances sold by the manufacturer are identified by a brand or company name.

(ii) The manufacturer's products were sold at retail at substantially uniform prices prior to April 1, 1942.

(iii) The proposed retail ceiling prices for the manufacturer's small electrical appliances are in line with the prices which would be otherwise determined in accordance with the provisions of this order.

An order issued under this section will establish uniform retail ceiling prices for all retail sales of the small electrical appliances of a manufacturer, which shall apply in place of the retail ceiling prices which otherwise would be determined under this section. Ceiling prices may also be established by such an order for sales by distributors when manufacturers sell at less than their ceiling prices.

(2) A manufacturer requesting establishment of uniform ceiling prices under this paragraph (a) must file an application with the Office of Price Administration, Consumer Goods Price Division, Washington 25, D. C. In the application the manufacturer shall state the following:

(i) His business name and address.

(ii) An identification of each article for which a retail ceiling price is sought including:

(*a*) Description of the article including its style, model or lot number.

(*b*) His own ceiling prices to all classes of purchasers.

(*c*) His selling prices and terms to distributors and dealers.

(*d*) His suggested retail price prior to April 1, 1942.

(*e*) A list of the names and addresses of his retail and wholesale customers to whom he delivered the articles prior to April 1, 1942 in substantial quantities.

(iii) The uniform retail ceiling price which he requests for each article. Different prices may be proposed for sales in each zone if the manufacturer's ceiling prices are f. o. b. factory.

(b) *Retail ceiling prices calculated by manufacturers who sell on a f. o. b. factory basis.* A manufacturer, whose ceiling prices to the class of distributor to which he sells small electrical appliances in the largest dollar volume are f. o. b. factory prices; and for whose products the Office of Price Administration has not established retail ceiling prices by an order under paragraph (a) of this section, shall calculate the retail ceiling prices of his prdoucts which he ships on and after May 20, 1946 in accordance with the following provisions of this paragraph (b).

(1) *Small electrical appliances sold by manufacturers to purchasers for resale other than chain stores or mail order houses.* The retail ceiling price for a small electrical appliance sold by the manufacturer to a purchaser for resale other than a chain store or mail order house is the total of the following adjusted to the nearest five cents.

(i) The manufacturer's price to the class of distributor to which he sells small electrical appliances in the largest dollar volume and which resells from its own stocks.

(ii) 84% of that ceiling price.

(iii) The amount of Federal excise tax (if any) payable by the manufacturer on a sale at that ceiling price.

(2) *Small electrical appliances sold by manufacturers to chain stores and mail order houses.* (i) The retail ceiling price for a small electrical appliance sold by a manufacturer to a chain store is the total of the following adjusted to the nearest five cents.

(*a*) The manufacturer's price to the class of distributor to which he sells small electrical appliances in the largest dollar volume and which resells from its own stocks.

(*b*) 67% of that ceiling price.

(*c*) The amount of the Federal excise tax (if any) payable by the manufacturer on a sale at that ceiling price.

(ii) The retail ceiling price for a sale of a small appliance sold by a manufacturer to a mail order house is the total of the following adjusted to the nearest five cents.

(*a*) The manufacturer's price to the class of distributor to which he sells small electrical appliances in the largest dollar volume and which resells from its own stocks.

(*b*) 58% of that ceiling price.

(*c*) The amount of the Federal excise tax (if any) payable by the manufacturer on a sale at that ceiling price.

(3) *Zone differentials.* The retail ceiling prices calculated in accordance with paragraphs (b) (1), (b) (2) (i) and (b) (2) (ii) of this section are for retail sales in Zone I. The retail ceiling price for sales of such a small electrical appliance in Zone II is the retail ceiling price in Zone I for a sale by the same type of retail seller increased by 5% and adjusted to the nearest five cents.

(c) *Retail ceiling prices calculated by manufacturers who prepay or equalize freight.* A manufacturer whose ceiling prices to the class of distributor to which he sells small electrical appliances in the largest dollar volume are freight prepaid or otherwise equalized for freight, and for whose products the Office of Price Administration has not established retail ceiling prices by an order under paragraph (a) of this section shall calculate the retail ceiling prices of his products which he ships on and after May 20, 1946 in accordance with the following provisions of this paragraph (c).

(1) *Small electrical appliances sold by manufacturers to purchasers for resale other than chain stores or mail order houses.* The retail ceiling price for a small electrical appliance sold by the manufacturer to a purchaser for resale other than a chain store or mail order house is the total of the following adjusted to the nearest five cents.

(i) The manufacturer's price to the class of distributor to which he sells small electrical appliances in the largest dollar volume and which resells from its own stocks.

(ii) 80% of that ceiling price.

(iii) The amount of Federal excise tax (if any) payable by the manufacturer on a sale at that ceiling price.

(2) *Small electrical appliances sold by manufacturers to chain stores and mail order houses.* (i) The retail ceiling price for a small electrical appliance sold by a manufacturer to a chain store is the total of the following adjusted to the nearest five cents.

(*a*) The manufacturer's price to the class of distributor to which he sells small electrical appliances in the largest dollar volume and which resells from its own stocks.

(*b*) 64% of that ceiling price.

(*c*) The amount of the Federal excise tax (if any) payable by the manufacturer on a sale at that ceiling price.

(ii) The retail ceiling price for a sale of a small appliance sold by a manufacturer to a mail order house is the total of the following adjusted to the nearest five cents.

(*a*) The manufacturer's price to the class of distributor or chain store to which he sells small electrical appliances in the largest dollar volume and which resells from its own stocks.

(*b*) 55% of that ceiling price.

(*c*) The amount of the Federal excise tax (if any) payable by the manufacturer on a sale at that ceiling price.

(d) *Other retail ceiling prices.* Manufacturers of small electrical appliances for which retail ceiling prices have not been established by order of OPA under paragraph (a) of this section and whose

ceiling prices fixed by section 3 of this order are for sales to classes of purchasers other than distributors shall apply to the Office of Price Administration, Washington 25, D. C., for the establishment of retail ceiling prices. Such an application shall state the manufacturer's ceiling prices to each class of purchaser and his proposed retail ceiling prices and a description of the article.

(e) *Discounts.* (1) Dealers' ceiling prices fixed by this section are subject to cash discounts, delivery terms and allowances in effect during March 1942 or established under applicable OPA regulations.

(2) Dealers who did not sell small electrical appliances during March 1942, shall allow the same cash discounts, delivery terms and other price differentials which the dealer's closest competitor dealer who did sell small electrical appliances during March 1942, is required to allow in accordance with the provisions of this order.

A dealer who cannot ascertain his ceiling prices or the cash discounts, delivery terms, etc., which his nearest competitor dealer is required to allow shall apply to the nearest District Office of the Office of Price Administration for an order under this section establishing the ceiling prices or the conditions to which his ceiling prices are subject. Such application may be made by letter and shall state the type of business he is operating (distributor, dealer) when he started to sell small electrical appliances, and the classes of purchasers to whom he sells. An order will be issued under this section establishing the ceiling prices and/or the terms, allowances and other price differentials and conditions of sale in line with the conditions of sale generally fixed by this order.

(3) If a dealer who did not sell small electrical appliances during March 1942, does not allow the same discounts, delivery terms and other price differentials allowed by his nearest competitor who did sell small electrical appliances during March 1942, or who does not file an application in accordance with the provision of this section, or if he fails to provide any of the information required by this section, the Price Administrator may, on his own motion, issue orders under this section fixing ceiling price discounts, allowances, and other price differentials in line with such ceiling prices and conditions of sale fixed by this order. Ceiling prices and conditions of sale so established will apply to all sales and deliveries made on and after April 22, 1946.

4. Section 5 is amended to read as follows:

SEC. 5. *Distributors' ceiling prices.* Manufacturers are required to calculate in accordance with the following provisions of this section, distributors' ceiling prices to dealers for all small electrical appliances which they sell to distributors and for which distributors' ceiling prices have not been fixed by OPA order under paragraph (a) of section 4 of this order. Manufacturers are also required to notify distributors of their ceiling prices and conditions of sale fixed by this order.

(a) A distributor's ceiling price for a sale of a small electrical appliance to a dealer is the retail ceiling price (exclusive of any Federal excise tax included in the price) for a sale by a dealer, other than a chain store or mail order house which purchases directly from the manufacturer, less 31% in the case of sales in the smallest quantities and less 34% in the case of sales in the largest quantities for which the distributor had a price in effect during March 1942 or for which prices have been established under applicable OPA regulations.

(b) In addition to his ceiling price, a distributor may collect the amount of the Federal excise tax (if any) payable by the manufacturer on a sale to him.

(c) Distributors' ceiling prices fixed by this section are subject to his cash discounts, delivery terms, and allowances in effect during March 1942 or established under applicable OPA regulations. Distributors who did not sell small electrical appliances during March 1942 shall allow the same cash discounts, delivery terms and other price differentials which his closest competitive distributor who was distributing small electrical appliances during March 1942, is required to allow in accordance with the provisions of this order.

A distributor who cannot ascertain his ceiling prices or the cash discounts, delivery terms, etc., which his nearest competitor distributor is required to allow shall apply to the nearest District Office of the Office of Price Administration for an order under this section establishing ceiling prices and/or the conditions to which his ceiling prices are subject. Such application may be made by letter and shall state the type of business he is operating (distributor, dealer) when he started to sell small electrical appliances and the classes of purchasers to whom he sells. An order will be issued under this section establishing the ceiling prices and/or the terms, allowances and other price differentials and conditions of sale in line with the conditions of sale generally fixed by this order.

If a distributor who did not sell small electrical appliances during March 1942, does not allow the same discounts, delivery terms and other price differentials allowed by his nearest competitor who did sell small electrical appliances during March 1942, or who does not file an application in accordance with the provision of this section, or if he fails to provide any of the information required by this section, the Price Administrator may, on his own motion, issue orders under this section fixing discounts, ceiling prices, allowances and other price differentials in line with such ceiling prices and conditions of sale fixed by this order. Ceiling prices and conditions of sale so established will apply to all sales and deliveries made on and after April 22, 1946.

5. Section 6 is amended to read as follows:

Sec. 6. *Retail price tags.* (a) On and after July 1, 1946, unless otherwise authorized, no manufacturer shall ship a small electrical appliance unless there is attached to it a retail price tag or label. That tag or label shall state the retail ceiling price (inclusive of Federal excise tax) for sales in each zone determined in accordance with section 9 of Order 6 as amended May 20, 1946. The tag shall also state the manufacturer's name or the brand name; the model designation of the article; and that the tag or label may not be removed before the article is delivered to the consumer.

When different retail ceiling prices have been fixed for sales in each zone in accordance with section 4 (b), a tag or label in the following form with the blanks properly filled in shall be used to indicate these different prices:

Manufacturer's name, or brand name_____
Model No._____
OPA Retail Ceiling Price (including Federal excise tax) $_____
Plus 5% in Zone II
Do Not Detach

When a brand name is stated on the retail ceiling price tag without a statement of the manufacturer's name, the manufacturer is required to report to the Office of Price Administration, Washington, D. C., before shipping any articles so tagged, his name and address; his ceiling prices for each article to distributors and chain stores and the method by which it was determined; the brand name that will be used; and the retail ceiling price.

However, a manufacturer is not required to comply with the foregoing tagging provision with respect to articles which are shipped to mail order houses or to persons who operate both as chain stores and as mail order houses; or articles which are shipped for export.

(b) On and after February 1, 1946, no dealer may display, offer for sale, sell, or deliver at retail a small electrical appliance which has been shipped by the manufacturer prior to May 20, 1946 unless there is attached to it a tag or label provided by the manufacturer or required by paragraph (a) of this section as in effect prior to May 20, 1946.

(c) On and after July 1, 1946, dealers other than mail order houses, may not display, offer for sale, sell, or deliver a small electrical appliance for which the retail ceiling price has been determined in accordance with Section 9 of Order 6, as amended May 20, 1946, unless it bears the tag or label provided by the manufacturer as required by paragraph (a) of this section.

(d) All dealers who receive "untagged" an article which the manufacturer is required to tag by the foregoing provisions with its retail ceiling price must tag it with its proper retail ceiling price or OPA price in accordance with Supplementary Order 135 before it is displayed, offered for sale, sold, or delivered at retail.

6. A new section 14 is added to read as follows:

SEC. 14. *Delegation of authority.* Any Regional Administrator or District Administrator authorized by the appropriate Regional Administrator, may issue orders under sections 4 (c) (2), 4 (e) (3), and 5 (c) of this order.

This amendment shall become effective May 20, 1946.

NOTE: All reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 20th day of May 1946.

Administrator.

APPROVAL OF UNIFORM RETAIL CEILING PRICES

Correction

In Federal Register document 46-3668, appearing at page 2481 of the issue for Saturday, March 9, 1946, references to §§ 1499.159c and 1499.159a wherever they appear should read "§ 1499.159e".

[MPR 188, Order 23 to Order 6]

ELECTRICAL APPLIANCES

UNIFORM RETAIL CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 13 of Order 6 under § 1499.159e of Maximum Price Regulation No. 188; *It is ordered:*

(a) This order supersedes in part, the provisions of orders previously issued under section 4 (a) of Order 6 fixing uniform retail ceiling prices for sales of certain small electrical appliances. It provides a new method by which manufacturers of articles for which uniform retail ceiling prices have previously been authorized shall use in determining new uniform retail ceiling prices of those articles. It applies only to those articles which the manufacturer sells at prices which are higher than his ceiling prices in effect prior to Amendment 2 to Order 6 under § 1499.159e of Maximum Price Regulation No. 188.

(b) The uniform retail ceiling price in each zone for an article covered by this order shall be determined as follows:

(1) Deduct from that ceiling price the amount of Federal excise tax included in it.

(2) Increase the result by 5 percent.

(3) Add to the result the amount of Federal excise tax payable by the manufacturer on a sale at his manufacturer's price to the class of distributor which he sells in the largest dollar volume.

(4) Adjust the total to the nearest 5 cents.

(c) Distributors' ceiling prices shall be determined by the manufacturer in accordance with the provisions of Section 5 of Order 6, based on the new retail ceiling prices computed in accordance with the provisions of this order.

(d) All terms used herein shall have the same meanings as in Order 6, the General Maximum Price Regulation or Maximum Price Regulation No. 188, whichever may be applicable.

This order shall become effective May 20, 1946.

Issued this 20th day of May 1946.

(b) The maximum net prices established in (a) above on water coolers may be increased by the following amount to each class of purchaser to cover the cost of crating when crating is actually supplied: $6.00.

(c) The maximum net prices established by this order shall be subject to discounts and allowances and the rendition of services which are at least as favorable as those which each seller extended or rendered or would have extended or rendered to purchasers of the same class on comparable sales in the same general category on October 1, 1941.

(d) On sales by a distributor or dealer the following charges may be added to the maximum prices established in (a) above:

(1) The actual amount of freight paid to obtain delivery to his place of business. Such charges shall not exceed the lowest common carrier rates.

(2) Crating charges actually paid to his supplier but in no instance exceeding the amount specified in (b) above.

(e) Each seller covered by this order, except a dealer, shall notify each of his purchasers, in writing, at or before the issuance of the first invoice after the effective date of this order, of the maximum prices established by this order for each such seller as well as the maximum prices established for purchasers upon resale, except dealers, including allowable transportation and crating charges.

(f) The Westinghouse Electric Corporation shall stencil on the water coolers covered by this order, substantially the following:

OPA Maximum Retail Price—$_____
Plus freight and crating as provided in Order No. — under Maximum Price Regulation No. 591.

(g) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective May 21, 1946.

Issued this 20th day of May 1946.

[MPR 188, Order 15]

OUTBOARD MOTORS

ADJUSTMENT OF MAXIMUM PRICES

For reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.159e of Maximum Price Regulation No. 188, it is ordered:

SECTION 1. *Purpose of this order.* Outboard motors as set forth below have been found to be a reconversion product in accordance with the standards set

forth in § 1499.159e of Maximum Price Regulation No. 188.

This order specifies a price increase factor to be used by manufacturers of this product; and it sets forth the specific pricing provisions which all sellers are to follow in calculating their maximum prices for re-sales of the product.

SEC. 2. *Articles covered by this order.* This order covers outboard motors (gasoline operated) covered by Maximum Price Regulation No. 188, except those whose maximum prices were established under Order No. 4332 or Revised Order No. 4332 under Maximum Price Regulation No. 188. This order also does not cover outboard motors for which the manufacturer's maximum prices have been adjusted under the provisions of Supplementary Order Nos. 118 and 133, and Revised Supplementary Order No. 119, or any other order of the Office of Price Administration other than this order.

SEC. 3. *Manufacturers' maximum prices*—(a) *Determination of maximum prices.* Manufacturers shall continue to determine their maximum prices for new or changed articles covered by this order under the same regulation and pricing provisions applicable before this order was issued.

(b) *Increase factor.* Manufacturers may increase, by 10%, their maximum prices (exclusive of any permitted increases) to each class of purchasers for resale properly established by Order No. 4927 under Maximum Price Regulation No. 188, or under any of the pricing provisions of that regulation.

(c) *"Unadjusted maximum price."* In order to provide his purchasers for resale with a basis for determining their maximum prices under the applicable regulation, the manufacturer must state an "unadjusted maximum price" on his invoice or price list as provided in section 6.

A manufacturer's "unadjusted maximum price" for any article covered by this order which he sells at a maximum price adjusted under this order is his properly established maximum price to a particular class of purchaser, exclusive of all permitted increases.

SEC. 4. *"Adjusted maximum prices" of resellers.* Resellers' maximum prices for outboard motors covered by this order shall be determined in accordance with the provisions of this section.

(a) A reseller who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable commodity" contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, or a reseller whose maximum prices have been established by order issued by the Office of Price Administration, shall find his adjusted maximum price according to the method and procedure set forth in that section by the following steps:

Step 1. He determines the mark-up which he had on that comparable article.

Step 2. He finds the price which results from applying that mark-up to his supplier's unadjusted maximum price as it appears on his purchase invoice or price list for the article being priced.

Step 3. His "adjusted maximum price" is the total of the amount found in Step 2 and the dollar-and-cent difference between his supplier's unadjusted maximum price and his actual invoice cost.

The determination of a maximum resale price in this way need not be reported to the Office of Price Administration. However, each seller must keep complete records showing all the information called for on OPA Form No. 620–759, with regard to how he determines his maximum resale price. These records shall be kept available for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended remains in effect.

(b) If a reseller cannot determine his adjusted maximum price by the method set forth above, he shall apply to the Office of Price Administration for the establishment of his adjusted maximum price under § 1499.3 (a) of the General Maximum Price Regulation, in accordance with the provisions of that section. The application shall, in addition to the information specifically required by that section, also give the following information:

(1) His supplier's unadjusted maximum price as it appears on his purchase invoice.

(2) His actual invoice cost.

An adjusted maximum price established in this way will be in line with reseller's adjusted maximum price established generally under this order.

(c) A reseller may make sales and deliveries at prices at or below his adjusted maximum prices computed in this way.

SEC. 5. *"Unadjusted maximum prices."* In order to provide his purchasers for resale with the basic for determining their adjusted maximum prices, a reseller who sells to a purchaser for resale must state an "unadjusted maximum price" on his invoice or furnish a price list as provided in section 6 which separately states his "adjusted" and "unadjusted" maximum prices. This section explains how he computes that "unadjusted maximum price."

A reseller finds his "unadjusted maximum price" as follows:

(a) If the reseller has a maximum price for the article established before the effective date of this order, his "unadjusted maximum price" is that properly established maximum price, exclusive of all permitted increases.

(b) The unadjusted maximum price for a reseller who cannot determine his maximum price under Paragraph (a) above is the price found in Step 2 of section 4 (a) above, or that unadjusted maximum price determined in accordance with section 4 (b) above.

SEC. 6. *Notification, invoices and price lists.* (a) At the time of, or prior to, the first invoice to a purchaser for resale showing a maximum price determined in accordance with the terms of this order, the seller shall notify the purchaser in writing of the method established in Section 4, for determining adjusted maximum prices for resales of outboard motors covered by this order. This notice may be given in any convenient form.

(b) Every seller to a purchaser for resale of an article at a maximum price which has been adjusted in accordance with this order, shall:

(1) Furnish an invoice for each sale on which the amount of the adjustment charge authorized by this order is separately stated, or

(2) Furnish a price list which separately states both his unadjusted and adjusted maximum prices as authorized by this order.

SEC. 7. *Terms of sale.* Every seller of an article covered by this order must maintain all of his terms, discounts, allowances or other price differentials in effect during March 1942, or which have been subsequently properly established under Office of Price Administration order.

SEC. 8. *Credit charges on dealers' sales.* Charges for the extension of credit may be added to the retail ceiling prices established by this order or by any other order issued under this order unless such order provides otherwise. No such credit charge may exceed that permitted by this section.

(a) Dealers who in March 1942 collected a separately stated additional charge for the extension of credit on sales of outboard motors, may collect a charge for the extension of credit on sales under this order, not exceeding such charge in March 1942 on similar sale on similar terms to the same class of purchaser. Dealers who did not then so state and collect an additional charge, may collect a charge for the extension of credit only on installment plan sales; and the charge shall not exceed the separately stated additional charge collected for the extension of credit on a similar sale on similar terms to the same class of purchaser in March 1942 by the dealer's closest competitor who made such a separately stated charge.

An installment plan sale as used in the above paragraph means a sale where the unpaid balance is to be paid in installments over a period of either (1) six weeks or more from the date in the case of weekly installments, or (2) eight weeks or more in the case of other than weekly installments.

(b) All charges for the extension of credit shall be quoted and stated separately. Any charge which is not quoted and stated separately or which otherwise does not conform to this section, shall for the purpose of this order, be considered to be part of the price charged for the article sold.

(c) No dealer may require as a condition of sale that the purchaser must buy on credit.

SEC. 9. *Compliance with this order*—(a) *No buying or selling at over ceiling prices.* Prices established by this order are ceiling prices. Prices lower than ceiling prices may be charged and collected at any time. However, regardless of any contract or other obligation, no person shall sell, offer to sell, or deliver, and in the course of trade or business, no person shall purchase of accept delivery of any outboard motors at a price higher than the ceiling price fixed by this order or before the manufacturer has properly determined his ceiling price under this order.

If, in violation of this provision, a sale, offer to sell, or delivery of any outboard motor is made before its ceiling price has been properly established in accordance with this order, the ceiling price applicable to the sale, offer to sell or delivery shall be the correct ceiling price for the outboard motor properly determined in accordance with this order.

(b) *Certain practices forbidden.* It shall be a violation of this order to charge a price above the applicable ceiling price in connection with any sale of outboard motors, either alone or in conjunction with any other consideration even though the price increase appears only indirectly.

The following is illustrative of the things a seller is not permitted to do. A seller is not permitted to require the purchaser, as a condition of the sale or transfer of outboard motors, to make payment over a period of time; to require him to finance the purchaser through any particular lending agency; to require him to purchase any equipment, accessories, repairs, parts or services so as to increase the total compensation above the article's ceiling price; to require him to purchase any other commodity or service; or to require him to make payment in whole or in part by exchanging, transferring, or trading in any other outboard motor, product or commodity. Where there is an exchange, transfer or traded-in in connection with a sale, it is a violation for the seller to give the purchaser an allowance for the outboard motor, product or commodity exchanged, transferred or traded-in, which is less than its reasonable value.

SEC. 10. *Revision of maximum prices.* Any maximum price adjusted under this order may be revised by the Price Administrator whenever he determines that such adjusted maximum price is not in line with the level of October 1941 prices increased by 10%, giving due consideration to the manufacturer's price relation to other manufacturers in the industry.

SEC. 11. *Definition.* Unless otherwise defined herein, or the context requires otherwise, the definition contained in § 1499.20 of the General Maximum Price Regulation and § 1499.163 of Maximum Price Regulation No. 188, whichever is applicable, shall apply to all terms used herein.

SEC. 12. *Relationship of the order to other orders or regulations.* The provisions of this order supersede the provisions of the General Maximum Price Regulation, of the Maximum Price Regulation No. 188, and of orders under those regulations only to the extent that they are inconsistent with the provisions of those regulations.

SEC. 13. *Modification of the provisions of the order.* The provisions of this order, as applicable to articles or persons subject hereto, may be modified by orders of general applicability issued under this section.

SEC. 14. *Revocation or amendment.* This order may be revoked or amended by the Price Administrator at any time.

SEC. 15. *Effective date.* This order shall become effective on May 21, 1946.

NOTE: The reporting and record keeping provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942, as amended.

Issued this 21st day of May 1946.

Administrator.

Maximum Price Regulation 580, Amendment 1 to Order 157. Establishing ceiling prices at retail for certain articles; Docket No. 6063–580–13–649.

For the reasons set forth in the opinion issued simultaneously herewith, Order No. 157 is amended in the following respects:

1. Paragraph (a) is amended by adding the following:

Article	Style No.	Manufacturer's selling price	Retail ceiling price (per unit)
Men's jacket	SM–23	$9.00 per unit	$15.75
Women's sweater	500	$109.08 per dozen	15.95

2. Paragraph (d) is amended by adding the following undesignated paragraph:

Upon the issuance of any amendment to this order, the manufacturer is allowed 30 days and the retailer is allowed 60 days within which to mark or tag the articles in the form prescribed above. Within that 60 day period, unless the article is marked or tagged in the form prescribed above, the retailer shall comply with the marking, tagging and posting provisions of the previously applicable regulation. However, the pricing provisions of this order or any amendment shall apply as of the effective date of the order or applicable amendment.

This amendment shall become effective May 22, 1946.

ESTABLISHMENT OF CEILING PRICES

Maximum Price Regulation 580, Amendment 4 to Order 202. Establishing ceiling prices at retail for certain articles; Docket No. 6063–580–13–666.

For the reasons set forth in the opinion issued simultaneously herewith Order 202 issued under Section 13 of Maximum Price Regulation 580 on application of Augusta Knitting Corporation, 180 Madison Avenue, New York, New York, is amended in the following respects:

1. Paragraph (a) is amended to increase the retail ceiling price for the articles listed and described below:

Brand name	Size	Manufacturer's selling price (per dozen)	Retail ceiling price (per unit)
Haps No. 2	34–46	$15.35	$1.95
	48–50	18.35	2.30
	52–54	21.45	2.70
	56–58	24.65	3.10

2. Paragraph (d) is amended by adding thereto the following undesignated paragraph:

Upon issuance of any amendment to this order which either adds an article to those already listed in paragraph (a) or changes the retail ceiling price of a listed article, the manufacturer or wholesaler, as to such article, must comply with the preticketing requirements of this paragraph within 30 days after the issuance of the amendment. After 60 days from the issuance date, no retailer may offer or sell the article unless it is preticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 60 day period, unless the article is so preticketed, the retailer shall comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this order. However, the pricing provisions of this order or of any subsequent amendment thereto shall apply as of the effective date of the order or applicable amendment.

This amendment shall become effective May 22, 1946.

Issued this 21st day of May 1946.

ESTABLISHMENT OF CEILING PRICES

Maximum Price Regulation 580, Amendment 1 to Order 280. Establishing ceiling prices at retail for certain articles; Docket No. 6063–580–13–615.

For the reasons set forth in the opinion issued simultaneously herewith, Order No. 280 is amended in the following respects:

1. Paragraph (a) is amended to read as follows:

(a) The following ceiling prices are established for sales by any seller at retail of ladies shoes manufactured by Carmo Shoe Manufacturing Company, Union, Missouri, and described in the manufacturer's applications dated January 17, 1946, and March 20, 1946:

LADIES' SHOES

Brand name	Manufacturer's unadjusted selling price	Retail ceiling price
"Carmelletes"	$3.50	$6.95

2. Paragraph (d) is amended by adding the following undesignated paragraph:

Upon the issuance of any amendment to this order, the manufacturer is allowed 30 days and the retailer is allowed 60 days within which to mark or tag the articles in the form prescribed above. Within that 60 day period, unless the article is marked or tagged in the form prescribed above, the retailer shall comply with the marking, tagging and posting provisions of the previously applicable regulation. However, the pricing provisions of this order or any amendment shall apply as of the effective date of the order or applicable amendment.

This amendment shall become effective May 22, 1946.

Issued this 21st day of May 1946.

ALLIANCE CLAY PRODUCT CO.

ADJUSTMENT OF MAXIMUM PRICES

Order 30 under section 16 of Maximum Price Regulation 592. The Alliance Clay Product Company. Docket No. 6122-592.16-194.

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to section 16 of Maximum Price Regulation 592, *It is ordered:*

(a) The maximum net prices for sales by the Alliance Clay Product Company, Alliance, Ohio, of clay building brick and structural clay tile to its various classes of purchasers may be increased by an amount not in excess of $1.25 per thousand for standard size brick equivalents or by an amount not in excess of $0.50 per ton for structural hollow tile.

(b) If the Alliance Clay Product Company had an established differential in price during the month of March 1942, for nonstandard sizes of brick, it may convert the adjustment granted herein for standard size brick on the basis of the conversion factors or formulae in use by it during March 1942 in establishing price differentials between standard size brick and the other sizes.

(c) Any person purchasing any of the products covered by this order produced by the Alliance Clay Product Company for the purpose of resale in the same form may increase his presently established prices under the General Maximum Price Regulation by adding the dollars-and-cents increase in cost resulting from the increase permitted the manufacturer in (a) above. Notwithstanding the provisions of this paragraph, in any area where specific maximum prices are fixed by an area pricing order such specific maximum prices shall apply in that area.

(d) All requests of the application not granted herein are denied.

(e) This order may be amended or revoked by the Office of Price Administration at any time.

This Order No. 30 shall become effective May 21, 1946.

Issued this 20th day of May, 1946.

TORONTO FIRE CLAY CO.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 32 under section 16 of Maximum Price Regulation 592. The Toronto Fire Clay Company. Docket No. 6122-592.16-196.

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to section 16 of Maximum Price Regulation 592; *It is ordered:*

(a) The maximum net prices for sales by the Toronto Fire Clay Company, Toronto, Ohio, of clay building brick and structural clay tile to its various classes of purchasers may be increased by an amount not in excess of $1.00 per thousand for standard size brick equivalents or by an amount not in excess of $0.40 per ton for structural hollow tile.

(b) If the Toronto Fire Clay Company had an established differential in prices during the month of March 1942 for nonstandard sizes of brick, it may convert the adjustment granted herein for standard size brick on the basis of the con-

version factors or formulae in use by it during March 1942 in establishing price differentials between standard size brick and the other sizes.

(c) Any person purchasing any of the products covered by this order produced by the Toronto Fire Clay Company for the purpose of resale in the same form may increase his presently established prices under the General Maximum Price Regulation by adding the dollars-and-cents increase in cost resulting from the increase permitted the manufacturer in (a) above. Notwithstanding the provisions of this paragraph, in any area where specific maximum prices are fixed by an area pricing order such specific maximum prices shall apply in that area.

(d) All requests of the application not granted herein are denied.

(e) This order may be amended or revoked by the Office of Price Administration at any time.

This Order No. 32 shall become effective May 21, 1946.

Issued this 20th day of May 1946.

[Rev. SO 119, Order 214]

OVERLY MFG. CO.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 214 under revised Supplementary Order 119. Docket No. 6123–SO 119–118.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to Section 13 of Revised Supplementary Order No. 119; it is ordered:

(a) *Maximum prices for The Overly Manufacturing Company, Greensburg, Pennsylvania.* (1) The above manufacturer may determine his maximum prices for his line of metal clad doors, metal clad frames and metal door frames by increasing by 9.1 percent his prices on these items in effect on October 1, 1941, to each class of purchaser.

(2) Since the provisions of this order are not intended to reduce properly established maximum prices, the manufacturer may continue to use as his maximum prices to each class of purchaser his properly established prices in effect under Maximum Price Regulation No. 591 in the event that such prices exceed the prices in effect to each class of purchaser on October 1, 1941, plus the increase provided for in (1) above.

(3) The maximum prices set forth above shall be subject to discounts and allowances including transportation allowances and price differentials which are at least as favorable as those the manufacturer extended or rendered or would have extended or rendered to each class of purchaser on commodities in the same general category during March, 1942.

(b) *Resellers' maximum prices.* All resellers of the commodities covered by this order (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their presently established maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted the manufacturer by this order.

(c) *Notification to all purchasers.* The manufacturer shall send the following notice to every purchaser of the commodities covered by this order at or before the time of the first invoice after the adjustment granted by this order is put into effect:

Order No. 214 under Revised Supplementary Order No. 119 authorizes a 9.1 percent increase in October 1, 1941 net prices for sales of metal clad doors, metal clad frames and metal door frames manufactured by this company.

Resellers (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their existing maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted by Order No. 214.

(d) All prayers for relief not granted herein are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective May 21, 1946.

Issued this 20th day of May 1946.

Regional and District Office Orders

[Region II Gen. Order G-2 Under 18 (c)]

COOPERATIVE G. L. F. FARM SUPPLIES, INC.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1499.18 (c) of the General Maximum Price Regulation; *It is ordered:*

1. That Cooperative G. L. F. Farm Supplies, Inc., Ithaca, New York, may add to its lawful delivered cost of imported and domestic cane blackstrap molasses and domestic beet sugar final molasses its March, 1942 mark-up, said mark-up to be 20¢ per ton for direct shipments, and the barreling differentials customary to the trade in March, 1942 for molasses which is broken up at wholesale warehouse points.

2. That "Service Agencies" purchasing imported and domestic cane blackstrap molasses and domestic beet sugar final molasses from Cooperative G. L. F. Farm Supplies, Inc. may add to their lawful delivered cost their March, 1942 mark-up, and, when such molasses is acquired in tank cars and barreled by such "Agencies", the barreling differentials customary in the trade in March, 1942.

3. If any "Service Agency" did not have a ceiling price in March, 1942 for such commodities, such "Agency" is hereby permitted to take the ceiling price of the nearest G. L. F. "Service Agency".

4. "Service Agencies" or "Service Agency" as used in this order refers to those separate corporations, partnerships or individually owned farms which act as agents for Cooperative G. L. F. Farm Supplies, Inc. and as such purchase the food production supplies required by G. L. F. members in their locality.

5. All prayers of the application of Cooperative G. L. F. Farm Supplies, Inc. not granted herein are denied.

6. Cooperative G. L. F. Farm Supplies, Inc. may, within sixty days after the effective date of this order, file with this Office a request for review of the order by the Administrator of the Office of Price Administration.

7. A copy of this order has been filed with the Division of the Federal Register where it is open for inspection by the public.

8. This order may be revoked or amended by the Price Administrator or the Regional Administrator at any time.

This order shall become effective immediately.

Issued this 26th day of April 1946.

CONSTRUCTION MATERIALS AND REFRACTORIES IN NEW YORK REGION

For the reasons set forth in the accompanying opinion and under the authority vested in the Regional Administrator of the Office of Price Administration by the Emergency Price Control Act of 1942 as amended and by section 16 of MPR 592, as amended, *It is hereby ordered*, That:

(1) Order No. G–3 under section 16 of MPR 592 issued on April 4, 1946, is hereby amended by striking out paragraph (a) of said order, and inserting in place thereof the following:

(a) The maximum prices of Terry Brick Corporation of Kingston, New York, for common brick are adjusted as follows:

F. o. b. yard wholesale	$16.55 per thousand subject to a discount of 50¢ per thousand for cash payment.
Delivered New York	$18.90 per thousand subject to an allowance of $1.00 per thousand for unloading and 50¢ per thousand for cash payment.

Any other customary discounts, allowances, or price differentials shall be maintained.

(2) Except as hereby amended, Order No. G–3 under section 16 of MPR 592, shall remain the same, and all conditions and provisions thereof shall remain applicable.

This amendment shall become effective immediately.

Issued this 8th day of May 1946.

[Region III Order G-10 Under Gen. Order 68]

STOCK MILLWORK FOR INDIANAPOLIS, IND., AREA

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and under the authority of General Order 68, it is ordered:

SECTION 1. *What this order covers.* This order covers all sales of stock millwork at the retail level made by any seller located in the Indianapolis, Indiana Area and all sales at the retail level made within the Indianapolis, Indiana Area.

SEC. 2. *Geographical area covered.* The geographical area covered consists of the counties of Marion, Boone, Hamilton, Madison, Hancock, Shelby, Johnson, Morgan and Hendricks, all of which counties are in the State of Indiana.

SEC. 3. *Definition of sales at retail level.* A sale at retail level is a sale to a consumer or to a purchaser for resale on an installed basis and not for resale uninstalled. A sale at retail level includes the type of sale referred to in the trade as a "contract sale" wherein the seller provides his own measurements and specifications from plans and specifications furnished by the buyer, quotes a flat price, and guarantees sufficient material to complete a particular job.

SEC. 4. *Definition of stock millwork.* "Stock millwork" in this order includes such standard woodwork items listed in Appendix A and also any woodwork which is described as stock millwork in the following regulations: MPR 44, (Douglas Fir Doors); RMPR 293; (Stock Millwork); and MPR 589, (Douglas Fir Stock Millwork).

SEC. 5. *Maximum prices.* The maximum dollar and cent prices for stock millwork are provided in Appendix A which is attached to and made a part of this order.

The prices provided herein are the maximum which may be charged for the stock millwork items shown whether purchased from manufacturers, jobbers, or self-produced. A seller may quote on a contract basis provided that he maintains records showing complete calculations for each item in his contract price and provided that the contract price is based on prices permitted by this order as well as any other applicable regulation. Contract sales may not exceed the sum total of the maximum stock millwork prices for each and all items in the contract. Prices lower than the maximum prices may be charged.

SEC. 6. *Delivery additions.* The prices set forth in this order include all additions or charges for delivery. No deduction need be made where the purchaser elects to make his own delivery.

SEC. 7. *Maximum prices for stock millwork items not listed in Appendix A.* The maximum price for any stock millwork item not listed in Appendix A shall be the basic jobber's carload price for that item as provided in MPR 525 to which may be added 33⅓%. Where jobber's lists have been issued on stock millwork and such lists provide for ⅓ off to dealers, those retail list prices must be reduced by at least 11%. All such prices may be rounded off to the nearest 5 cents.

SEC. 8. *Discounts and allowances.* The maximum prices in this order include all commissions. All customary discounts for cash must be continued.

SEC. 9. *Relationship of this order to MPR 44, RMPR 293, and GMPR.* The maximum prices fixed by this order supersede any maximum price or pricing method previously fixed by any other regulation or order. Except to the extent they are inconsistent with the provisions of this order, all other provisions of MPR 44, RMPR 293, and the General Maximum Price Regulation except section 18 are applicable to sales covered by this order, depending on the millwork involved.

SEC. 10. *Record keeping.* Each seller must keep at his place of business available for inspection by representatives of the OPA for so long as the Emergency Price Control Act of 1942 is amended or remains in effect, records concerning each sale covered by this order, showing the following:

1. Name and address of purchaser.
2. Place of delivery.
3. Date of transaction.
4. An itemized description of the materials and services involved, and the prices charged.
5. If the stock millwork is sold on a firm contract price basis and includes two or more different items, the seller must keep a record describing his calculations of each item sold by reason of such firm contract price.

SEC. 11. *Evasion.* On and after the effective date of this order, any person covered by this order who sells or offers to sell at a price higher than the ceiling price permitted by this order, or otherwise violates any of the provisions of this order, shall be subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages as provided for by the Emergency Price Control Act of 1942 as amended. No person subject to the order may evade any of the provisions of the order by any scheme or device. No person subject to this order may as a condition of selling any particular building material, require a customer to buy anything else. Any such evasion is punishable as a violation of this order.

SEC. 12. *Posting.* Every seller making a sale covered by this order shall post a copy of this list of maximum prices fixed by this order.

SEC. 13. *Revocation or amendment.* This order may be revised, amended, modified or revoked at any time by the Office of Price Administration.

This order shall become effective March 22, 1946.

Issued: March 8, 1946.

J. F. KESSEL,
Regional Administrator.

TABLE 38—WINDOW AND SASH EXTRAS

NOTE: All window and sash items shown on Tables 135 to 156, inclusive, starred (*) or not, are considered as stock. The stars merely indicate the items available for immediate delivery. The extras shown below apply to both starred and other items. Larger sizes than listed and items not shown are being quoted by jobbers on request.

Rule 1—1¾" sizes intermediate or smaller

(A) 1 lt. sash or 2 lt. windows, use list of next larger listed size plus 33⅓% of open list.
(B) If divided, add for lights, as per Rule 5.

Rule 2—1¾" thick

(A) 1 lt. sash or 2 lt. windows, use list of same or next larger listed 1⅜" size of open or glazed, plus 86% of the 1¾" open list.
(B) If divided, add for lights, as per Rule 5.

Rule 3—Half windows

All half windows are odd. Use one-half the list of the same or next larger listed size open or glazed, plus 33⅓% of one-half of the open list.

Rule 4—Glass and glazing

For glass and glazing not otherwise provided for use Table 27.

Rule 5—Divided lights

Add to the list of the desired 2 lt. window or 1 lt. sash, either stock or odd, not otherwise listed, for each divided light with wood bars ¼" between glass in 1⅜", ¼" or ⅝" in 1⅜" or 1¾", open or glazed, as follows:

Larger than 2-10 x 6-8—Figure as follows: For each foot or part thereof wider than 2-10, add 5 percent: For each foot or part thereof higher than 6-8, add 10 percent. If both wider and higher, base each extra on 2-10 x 6-8 list.

For other extras see Table 42.

TABLE 42—INSIDE DOOR FRAME EXTRAS, ETC.

NOTE: These extras apply to inside door frames shown on "Inside Door Frames" (Pages 53-54, of the original document) for convenience in figuring.

Figure multiple frames as multiples of single frames.

For two kinds of wood in frame, figure highest wood, and add $1.00.

For sliding door frames, figure two regular frames.

For transom opening, add to proper size door frame, 100%.

For stops set in, glued and screwed, add per frame, $0.50.

For stops set in, glued and screwed, add per farme

For stops set in, glued and screwed, add per frame with transom opening, $1.00.

Irregular curved heads—Double the list of same size inside door frame, and add as follows:

	Jamb width				
	3¾	5½	7½	9½	11½
3-0 opening or less	$5.00	$5.00	$6.00	$7.00	$8.00

[Region I Order G-12 Under RMPR 251]

INSTALLED MINERAL WOOL INSULATION IN VERMONT

An opinion accompanying this order, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Under the authority vested in the Regional Administrator of Region I by sections 9 and 20 of Revised Maximum Price Regulation No. 251, and by the Emergency Price Control Act of 1942, as

amended, Order No. G–12 is hereby issued.

SECTION 1. *Transactions covered by this order.* This order covers sales of mineral wool insulations on an installed basis in existing structures located in the State of Vermont. Certain items of incidental construction work are also given specific prices by this order when performed by sellers in connection with sales of mineral wool insulation on an installed basis. All other incidental construction work remains covered by Revised Maximum Price Regulation No. 251.

"Mineral wool" means rock wool, slag wool, glass wool or any other material customarily used to retain or exclude heat, whether loose or in batt or blanket form.

"Existing structures" means completed structures, whether occupied or unoccupied, and includes ordinary changes, improvements, remodeling and additions to such structures.

"On an installed basis" means a transaction in which the seller furnishes mineral wool insulation, together with the labor, services and material required to incorporate such insulation into an existing structure. Installation may be performed by the pneumatic or blowing method, by the hand-packing method, or by the use of batts and blankets.

"Incidental construction work" means work performed or services rendered with respect to a building or structure apart from the installation of mineral wool insulation.

SEC. 2. *Relationship of this Order No. G–12 to Revised MPR 251.* (a) The provisions of this order supersede sections 6, 7, 8, 16 and 17 of Revised Maximum Price Regulation 251, except as otherwise provided in this order, with respect to sales covered by this order. Except as otherwise provided herein, all transactions subject to this order shall remain subject to all provisions of Revised Maximum Price Regulation 251, together with all amendments that have been or hereafter may be issued.

(b) On and after the effective date of this order, regardless of any contract or other obligation (except as provided in paragraph (d) below), no person shall sell, offer to sell, or deliver in the area covered by this order mineral wool insulation on an installed basis or perform incidental construction work listed in Table I at prices higher than the maximum prices established by this order.

(c) An employer paying or about to pay labor rates higher than those in effect for him on the effective date of this order by reason of the predetermination of wage rates by the Secretary of Labor under the Davis-Bacon Act or any order or authorization of the Wage Adjustment Board, National Wage Stabilization Board, or the Office of Economic Stabilization, or by any other appropriate federal wage or salary stabilization agency, may file a petition for the amendment of this order to reflect such increased labor rates. Such a petition for amendment shall conform in all respects with the provisions of Revised Procedural Regulation No. 1, except that it shall be filed with the Montpelier, Vermont District Office.

(d) This order does not cover any sale made pursuant to a written contract executed within thirty days prior to the effective date of this order, nor deliveries thereunder, nor the record-keeping requirements in connection therewith, if all of the work under such a contract is completed within thirty days after the effective date of this order and if the price for the sale under such contract and the record keeping in connection therewith is in compliance with the provisions of Revised Maximum Price Regulation No. 251.

SEC. 3. *Maximum prices.*—(a) *Mineral wool insulation on an installed basis.* Maximum prices fixed by this order apply to the installation of all types and thicknesses of blown mineral wool, hand packed loose mineral wool, and mineral wool batts and blankets.

The maximum prices for sales of mineral wool insulation covered by this order shall be those shown in Table I of this section. These prices are based upon an insulation thickness of four (4) inches. A ⅜ inch tolerance may be allowed for thicknesses of four (4) inches or over, but no tolerance shall be allowed for thicknesses under four (4) inches.

For each inch or fraction of inch of insulation thickness over four (4) inches, when ordered by the buyer, the seller may make the following charges:

For flat areas, 3½¢ per square foot.
For vertical areas, 3½¢ per square foot.
For sealed slopes, 3½¢ per square foot.

For each inch of thickness under four (4) inches the seller shall deduct two cents (2¢) per square foot.

The diagrams referred to in Table I of this section are on file with the Division of the Federal Register, and are hereby made a part of this order. For the convenience of sellers and buyers, and in the interest of simplification and clarity of description, copies of these diagrams (known as Home Insulation Diagrams) may be obtained at the Montpelier, Vermont District Office of the Office of Price Administration.

(b) *Small jobs.* Where a machine or a crew of two or more workers is used on a mineral wool insulation job and the total charge as determined in accordance with maximum prices listed in Table I is $100 or less, the seller may add $10 to such charge.

(c) *Transportation charges.* If installation is in a structure located within a fifty (50) mile radius of a place where the seller ordinarily keeps the required insulation material, no additional charge may be made for transportation.

If installation is in a structure which is located more than fifty (50) miles from the nearest place where the seller ordinarily keeps the required insulation material, an additional charge of not more than two cents (2¢) per square foot may be added to the maximum charge as established by Table I to cover costs of transportation.

34. Rock lath (per square ft.)	.12
35. Plaster board and insulating board (per square ft.)	.10

SEC. 4. *Measurements.* It shall be the seller's responsibility to ascertain that all measurements are accurate. Measurements for exterior walls may be taken overall, with no deduction for openings, except for sun porch walls, store fronts or similar areas where windows and door areas must be deducted. In the case of elevator wells, ventilators, skylights, monitors and penthouses on flat roofs the entire such area must be deducted where they are more than 16 square feet in area and extend through the flat ceiling area to be insulated. For attic floors outside gross dimensions may be taken. In measuring the height of knee walls, to the height between floors, joists and rafters, add one foot for floor seal piling of insulation. For slopes add six inches to length of clear span for capping intersecting surfaces. For flat ceilings which intersect slopes add one foot to length of span taken at right angles to intersecting slopes. For stairwell walls measurement may be taken as a rectangle from floor to ceiling and not as triangles. Where the exterior walls are of brick or stone veneer or solid brick, the area of floors or ceilings to be insulated shall be determined by taking interior dimensions, not to exceed the gross area thereof.

In determining the total of the square foot area for each category of insulation installed, a tolerance of 5 per cent will be permitted.

SEC. 5. *Maximum prices for related work and incidental construction.* The maximum prices that may be charged for related work and incidental construction work performed in connection with sales covered by this order and for which no separate dollars-and-cents price has been set out in section 3 of this order shall be the maximum prices established in accordance with Revised Maximum Price Regulation No. 251 or as fixed by any applicable area pricing order issued by the Office of Price Administration. The charge for such related work and incidental construction work shall not be included in the charge for installed mineral wool insulation but shall be separately priced and billed on all invoices and sales slips.

SEC. 6. *Quoting a "guaranteed price."* The seller may offer to sell an insulation job covered by this order on the basis of a "guaranteed price" wherein the seller agrees to charge a fixed amount: *Provided, however,* That the so-called "guaranteed price" must not be higher than the maximum price figured in accordance with the pricing methods and requirements of this order. The seller shall stamp or otherwise mark conspicuously on each invoice a statement in substantially the following form: "Prices are at or below ceiling prices set by OPA Regional Order No. G–12 under RMPR 251."

SEC. 7. *Records and invoices.* (a) Every seller of mineral wool insulation on an installed basis, whether the sale is made as a part of a general contract calling for installation of other commodities or not, shall:

(1) Keep at his place of business, available for inspection by representatives of the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, records concerning each sale covered by this order, showing the following:

(i) The date of the sale and the date on which the installation was completed.

(ii) The name and address of the seller and buyer.

(iii) The number of square feet and type of insulation installed, the thickness of insulation material, and a description of the areas in which such insulation material was installed.

(iv) The price charged for each separate category exactly as stated in Table I including category number and diagram number. If the seller performs the work described by two or more categories and charges a price for such work not in excess of the maximum price for the lowest priced category in the combination, the seller may invoice the work on the basis of the lowest priced category used in the combination.

(v) The terms of sale.

(vi) A statement shown separately on the invoice or contract of any related work or incidental construction work and the prices therefor.

(2) Upon completion of the work or within a reasonable time thereafter, if requested by the purchaser, give to the purchaser an invoice or similar document showing the information set forth in the preceding subdivisions (i) to (vi) inclusive.

(b) Every person making sales subject to this order shall notify the purchaser of the existence of this order, and, if requested, show the purchaser a copy of this order and a copy of the Home Insulation Diagrams referred to in this order and a copy of Revised Maximum Price Regulation No. 251.

SEC. 8. *Recomputation.* Within 30 days from the commencement of the work performed pursuant to a sale covered by this order, the seller shall recompute his price by reviewing the Categories and other factors used in arriving at his price on the basis of actual services rendered and material furnished and shall determine whether the price quoted or charged is the properly established maximum price. In case the price quoted or charged is higher than the maximum price, the seller shall reduce his price to the properly established maximum price and shall refund to the buyer within 30 days from the commencement of the work any excess which has been paid, or by written notice to the buyer, shall cancel the appropriate part of the indebtedness for any unpaid excess, or both, as the case may be. In the event an extension of time is required, the seller may apply in writing to the Montpelier, Vermont, District Office and for good cause shown, the District Director or his designee shall grant the extension in writing. Any charge or collection in an amount in excess of the maximum

price properly computed in accordance with this order shall not be considered to be a violation of this order if the amount thereof is refunded or credited to the buyer in accordance with this paragraph.

SEC. 9. *Enforcement.* (a) Persons violating any provisions of this order are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for revocation of licenses provided for by the Emergency Price Control Act of 1942, as amended.

(b) Agencies of the United States and their contracting or paying finance officers are not subject to any liability, civil or criminal, imposed by this order.

SEC. 10. *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this order. A seller's license may be suspended for violations of the license or of one or more maximum price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 11. *Revocation.* This order may be revised, amended, or revoked at any time by the Office of Price Administration.

This Order No. G–12 shall become effective May 20, 1946.

Issued this 6th day of May 1946.

ELDON C. SHOUP,
Regional Administrator.

[New York Order G-1 Under Reconversion Gen. Order 1 Under SO 118]

R. P. CARGILLE

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to the provisions of Reconversion General Order #1 under SO 118 and SO 118, it is ordered:

(a) *Manufacturer's maximum prices.* R. P. Cargille, 118 Liberty St., New York 6, N. Y. may increase its maximum prices in effect immediately prior to the issuance of this order, for sales to each class of purchaser of See-Sharp (Focusing Device for Photographic Enlargers) which it manufactures by 26% of each such maximum price.

(b) *Maximum prices of purchasers for resale.* This paragraph sets forth the methods by which persons purchasing the See-Sharp (Focusing Device for Photographic Enlargers) referred to in paragraph (a) shall determine their maximum resale prices:

(1) If the purchaser for resale has already established his maximum prices under the General Maximum Price Regulation for his resales of these articles prior to the issuance of this order, he may increase such maximum prices by 26%.

(2) If the purchaser for resale has not established his maximum prices for the See-Sharp (Focusing Device for Photographic Enlargers) under the General Maximum Price Regulation, he shall proceed to do so, and may increase the maximum prices established under § 1499.2 of that regulation by 26%. A purchaser for resale who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable article" contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall determine his maximum resale price by adding to his invoice cost the same markup which he had on that comparable article, according to the method and procedure set forth in that section.

The determination of a maximum resale price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA form 620–759 with regard to how he determined his maximum resale price, for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(3) If a purchaser for resale cannot determine his maximum resale price under the above method, he shall apply to the Office of Price Administration for the establishment of his maximum resale price under § 1499.3 (c) of the General Maximum Price Regulation. Maximum resale prices established under that section will reflect the supplier's prices adjusted in accordance with this order.

(c) *Terms of sale.* Maximum prices adjusted by this order are subject to each seller's customary terms, discounts, allowances and other price differentials on sales to each class of purchaser.

(d) *Notification.* At the time of, or prior to, the first invoice to a purchaser for resale showing a maximum price adjusted in accordance with the terms of this order, the seller shall notify such purchaser in writing of the methods established in paragraph (b) for determining adjusted maximum prices for resales of the articles covered by this order. This notice may be given in any convenient form.

(e) *Revocation or amendment.* This order may be revoked or amended at any time.

(f) *Effective date.* This order shall become effective immediately.

Issued this 28th day of March 1946.

DAVID J. WILLIAMS,
Assistant to the Regional Administrator.

SECURITIES AND EXCHANGE COMMISSION.

[File Nos. 59–70, 54–138, 54–48]

EASTERN MINNESOTA POWER CORP.[1] ET AL.

ORDER RECONVENING HEARINGS, NOTICE OF FILING OF PLAN, ORDER OF CONSOLIDATION OF PROCEEDINGS AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 17th day of May 1946.

In the matter of Eastern Minnesota Power Corporation, Wisconsin Hydro Electric Company, and Manufacturers Trust Company, Respondents, File No. 59–70; Eastern Minnesota Power Corporation, and Wisconsin Hydro Electric Company, Applicants, File Nos. 54–138 and 54–48.

The Commission on May 20, 1943, having entered an order instituting these proceedings (File Nos. 54–48 and 59–70) under sections 11 (b) (2), 12 (c), 12 (f), 15 (f) and 20 (a) of the Public Utility Holding Company Act of 1935 (the Act) with respect to Eastern Minnesota Power Corporation (hereinafter sometimes referred to as "Eastern Minnesota") and Wisconsin Hydro Electric Company (hereinafter sometimes referred to as "Wisconsin Hydro") to determine what steps, if any, are necessary and should be required to be taken by the Companies in order to comply with said provisions of the act; Eastern Minnesota and Wisconsin Hydro having heretofore filed a plan and amendments thereto pursuant to section 11 (e) of the act for compliance with section 11 (b) thereof, which plan was previously described in the notice of and order for hearing consolidating the proceedings (Holding Company Act Release No. 4311); hearings having been held on the issues presented in said proceedings, evidence having been presented by the parties, and the hearings having been adjourned subject to the call of the trial examiner; and

It now appearing to the Commission that said hearing should now be reconvened for the purpose of introducing any other relevant evidence; for the purpose of bringing up to date such documentary evidence previously introduced to whatever extent may be necessary for the proper disposition of this matter; and for the purpose of permitting the parties to be heard with respect to whether an order should not be promptly issued pursuant to section 11 (b) (2), as more fully hereinafter set forth;

It appearing also that Eastern Minnesota and Wisconsin Hydro have jointly filed an application (File No. 54–138) for approval of an "Amended Joint Plan of Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company, dated as of March 1, 1946, under section 11 (e) of the Public Utility Holding Company Act of 1935" (hereinafter referred to as the "Amended Plan"), which Amended Plan contemplates generally the sale of the physical properties of each Company and the disposition of the remaining assets of each Company among the respective security holders thereof; and the Companies have requested that they be permitted to withdraw the joint plan, File No. 54–48;

It appearing, as of November 30, 1945, that the capitalization and surplus (deficit) of Eastern Minnesota, adjusted to reflect dividend arrearages on its Preferred Stock, were as follows:

	Amount	Percent
Long-term debt, due 1951	$1,500,000.00	51.3
Cumulative $6 Preferred Stock, 10,000 shs., no par value (involuntary liquidation preference, $100 per sh. plus arrearages): (6,621 shs. owned by Manufacturers Trust Co.)	1,000,000.00	34.2
Dividend arrearages on above ($76.50 per sh.)	765,000.00	26.0
Common Stock, 35,000 shs., no par value, stated value (all owned by Manufacturers Trust Co.)	2,309,399.15	78.9
Deficit (after adjusting for Preferred arrearages)	(2,646,680.46)	(90.4)
Total capitalization and surplus	2,925,718.69	100.0

It appearing that, as of November 30, 1945, the capitalization and surplus (deficit) of Wisconsin Hydro, adjusted to reflect dividend arrearages on its Preferred Stock, were as follows:

	Amount	Percent
Long-term debt, due 1947	$2,077,000.00	42.2
Cumulative 6% Preferred Stock, par value $100 per sh., involuntary liquidating value $100 per sh. plus dividend arrearages, 11,953 shs.	1,195,300.00	24.3
Dividend arrearages on above ($63 per sh.)	753,039.00	15.2
Common Stock (owned by Eastern Minnesota), 10,552 shs., no par value, stated value	1,055,200.00	21.4
Surplus (deficit)	(157,458.00)	(3.1)
Total capitalization and surplus	4,923,081.00	100.0

It appearing that said Amended Plan, which is on file in the offices of the Commission and to which interested persons are referred for a more complete statement of the transactions therein proposed, is in summary form as follows:

1. The physical assets of Eastern Minnesota will be sold to certain electric cooperative associations in the State of Minnesota for a basic price of $1,530,000, subject to certain adjustments.

2. From the proceeds of such sale the holders of the First Mortgage 5½% Gold Bonds of Eastern Minnesota will be paid in cash. Such payment shall include principal and interest, but shall not include redemption premium.

3. Physical assets of Wisconsin Hydro will be sold to the Badger Electric Cooperative for cash for a basic price of $3,449,000, subject to certain adjustments. The effectuation of such sale is contingent upon approval by the Public Service Commission of Wisconsin.

4. From the proceeds of such sale the holders of the First Mortgage 5% Gold Bonds of Wisconsin Hydro will be paid in cash. Such payment shall include principal and interest, but shall not include redemption premium.

5. If objection is made in either case to the non-payment of the redemption premium, the respective companies propose to deposit the amount thereof in escrow pending a determination by the Commission as to whether such redemption premiums should be paid.

6. Eastern Minnesota proposes, after sale of its assets and the discharge of its bonded indebtedness, to pay other credi-

tors or make provision for their payment. Thereafter, Eastern Minnesota will distribute its remaining assets, consisting of cash, to its preferred stockholders, pro rata share for share.

7. Wisconsin Hydro proposes after sale of its assets and discharge of its bonded indebtedness to pay other creditors or make provisions for their payment. It proposes that its remaining assets, consisting of cash, shall be distributed to its stockholders, in the respective proportions of 87.7% to its preferred stockholders and 12.3% to its common stockholder (Eastern Minnesota).

8. It is proposed that F. J. Derge of Loretta, Wisconsin, be paid $35,000 by Wisconsin Hydro and $15,000 by Eastern Minnesota for services stated to have been rendered in connection with the sales of physical assets.

The Commission being required by the provisions of section 11 (e) of the act, before approving any plan submitted thereunder, to find after notice and opportunity for hearing that such plan, as submitted and amended or as modified, is necessary to effectuate the provisions of subsection (b) of section 11, and is fair and equitable to the persons affected by such plan; and

It appearing to the Commission that said Amended Plan under section 11 (e) of the act may properly be considered in connection with these proceedings under section 11 (b) (2), and that for that purpose the application to approve said Amended Plan under section 11 (e) (File No. 54–138) may properly be consolidated with the proceedings heretofore filed under sections 11 (b) (2) and 11 (e) of the act (File Nos. 54–48 and 59–70), and that the evidence heretofore taken should be considered in connection with the proposed Amended Plan of sale; and that the said proposed Amended Plan may properly be considered in connection with said proceedings under section 11 (b) (2); *It is ordered*, That:

1. The hearing in this matter under section 11 (b) (2) of the Act (File No. 59–70) is hereby reconvened, and shall be held at 10:00 A. M., E. D. T., on the 13th day of June, 1946, in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as may be designated on that day by the hearing room clerk in Room 318.

2. The application for approval of the aforesaid Amended Plan under section 11 (e) of the act (File No. 54–138) is hereby consolidated with these proceedings under section 11 (b) (2) of the act (File No. 59–70) and shall be heard at said hearing on these proceedings under section 11 (b) (2). Such consolidation shall be without prejudice to the Commission's right, upon its own motion or the motion of any interested party, to separate in whole or in part any issues which may hereafter arise in these proceedings or to permit any interested party, for due cause, further to cross-examine witnesses previously called in these proceedings or to introduce other relevant evidence where previous opportunity was not afforded for that purpose. The request of Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company that they be permitted to withdraw their joint plan, File No. 54–48, is hereby granted.

3. Eastern Minnesota Power Corporation, Wisconsin Hydro Electric Company and Manufacturers Trust Company are hereby made respondents in these proceedings.

4. At the outset of said hearing respondents shall show cause why an order should not be promptly entered under section 11 (b) (2) of the act directing that:

(a) Eastern Minnesota recapitalize by reclassifying its present equity securities into a single class of Common Stock, *Provided*, That, in the event that the proposed sale of its assets is approved and effectuated, such Company may in lieu thereof liquidate and dissolve;

(b) Wisconsin Hydro recapitalize by reclassifying its present outstanding equity securities into a single class of Common Stock, *Provided*, That, in the event that the proposed sale of its assets is approved and effectuated, such Company may in lieu thereof liquidate and dissolve.

5. Following the consideration of what order should be promptly entered under section 11 (b) (2), there will be considered at said hearing:

(a) Whether the proposed sale of the physical assets of Eastern Minnesota meets the standards of the statute and should be approved;

(b) If approval has been obtained from the Public Service Commission of Wisconsin, whether the proposed sale of the physical assets of Wisconsin Hydro meets the standards of the statute and should be approved;

(c) Whether the proposed allocation of cash pursuant to said proposed plan, as between the preferred and the common stockholders of Wisconsin Hydro, is fair and equitable;

(d) The terms of the proposed liquidation of Eastern Minnesota, and specifically, what treatment should be given to the Preferred Stock of Eastern Minnesota held by Manufacturers Trust Company and whether such treatment should be different from that accorded to the publicly-held Preferred Stock of that Company;

(e) What further action should be taken and order should be entered pursuant to section 11 (b) (2), and particularly, in the event that approval has not been obtained from the Public Service Commission of Wisconsin of the proposed sale of assets by Wisconsin Hydro, whether an allocation of new Common Stock should be determined pursuant to that section, and if so what allocation should be approved as fair and equitable as between the present security holders of Wisconsin Hydro.

6. Without limiting the generality of the foregoing, there will also be considered at said hearing in connection with said Amended Plan;

(a) Whether the Amended Plan is fair and equitable in so far as it does not provide for payment to bondholders of redemption premium in full;

(b) Whether the proposed fees to be paid to F. J. Derge were for necessary services and, if so, whether such fees are reasonable in amount;

(c) Whether, as to each proposed transaction, there is compliance with the statutory standards and the requirements of the rules and regulations of the Commission;

(d) Whether any terms and conditions are necessary and appropriate in the public interest or for the protection of investors or consumers.

7. Richard Townsend or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all the powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

8. Notice of said hearing shall be given by mailing a copy of this order by registered mail to Eastern Minnesota Power Corporation; Wisconsin Hydro Electric Company; Manufacturers Trust Company; The Public Service Commission of Wisconsin; and the Rural Electrification Administration. Notice shall also be given to the Mayors of the following communities in the State of Minnesota: Arlington, Bernadotte, Beroun, Bethel, Bock, Bodum, Braham, Brook Park, Brunswick, Foreston, Harris, Grandy, Cambridge, Grasstown, Henderson, Henriette, Isanti, Isle, Kost, Milaca, Mora, New Auburn, New Rome, New Sweden, Norseland, North Branch, Ogilvie, Onamia, Page, Pease, Pine City, Quamba, Rock Creek, Ronneby, Rush City, Rush Point, St. Francis, Stanchfield, Wahkon; and to the Mayors of the following communities in the State of Wisconsin: Almena, Amery, Arkansaw, Barroneti, Black Brook, Boyceville, Chetek, Clayton, Clear Lake, Colfax, Comstock, Cumberland, Cylon, Dallas, Deer Park, Downsville, Durand, Earl, Eau Galle, Emerald, Frederick, Glenwood City, Hillsdale, Huntingdon, Joel, Little Falls, Luck, McClure, New Auburn, New Richmond, Poskin, Prairie Farm, Richardson, Ridgeland, Sand Creek, Sarona, Shell Lake, Spooner, Springbrook, Trego, Turtle Lake, Wanderoos, Weston, and Wheeler by mailing to each of them a copy of the general release of the Commission under the Public Utility Holding Company Act setting out this notice; and notice shall be given to all other persons by distribution of such release to the press, by mailing copies thereof to persons on the mailing list for releases under the Act, and by publication of this notice and order in the FEDERAL REGISTER.

9. Eastern Minnesota Power Corporation and Wisconsin Hydro Electric Company shall give notice of this hearing to each of the holders of its Capital Stock (in so far as the identity of such holders is known or available to the Companies) by mailing a copy of this notice and order to such holders at least 15 days prior to the date of said hearing. Said communication to said holders of stock shall also state that if the stockholder has not received a copy of the Amended Plan, one will be mailed to him by the respective company upon request.

By the Commission.

EXECUTIVE ORDER 9728

AUTHORIZING THE SECRETARY OF THE INTERIOR TO TAKE POSSESSION OF AND TO OPERATE CERTAIN COAL MINES

WHEREAS after investigation I find and proclaim that there are interruptions or threatened interruptions in the operation of the mines producing bituminous coal as a result of existing or threatened strikes and other labor disturbances; that the coal produced by such mines is required for the war effort and is indispensable for the continued operation of the national economy during the transition from war to peace; that the war effort will be unduly impeded or delayed by such interruptions; and that the exercise, as hereinafter specified, of the powers vested in me is necessary to insure the operation of such mines in the interest of the war effort and to preserve the national economic structure in the present emergency:

NOW, THEREFORE, by virtue of the power and authority vested in me by the Constitution and laws of the United States, including Section 9 of the Selective Training and Service Act of 1940 (54 Stat. 892) as amended by the War Labor Disputes Act (57 Stat. 163), as President of the United States and Commander-in-Chief of the Army and Navy of the United States, it is hereby ordered as follows:

1. The Secretary of the Interior is authorized and directed to take possession of any and all such mines, and, to the extent that he may deem necessary, of any real or personal property, franchises, rights, facilities, funds, and other assets used in connection with the operation of such mines; to operate or to arrange for the operation of such mines in such manner as he may deem necessary in the interest of the war effort; and to do all things necessary for, or incidental to, the production, sale, and distribution of the coal produced, prepared, or handled by the said mines.

2. The Secretary of the Interior shall operate the said mines in accordance with such terms and conditions of employment as are in effect at the time possession thereof is taken, subject to the provisions of Section 5 of the War Labor Disputes Act.

3. Subject to the national wage and price stabilization policies as determined by the National Wage Stabilization Board and the Economic Stabilization Director, the Secretary of the Interior is authorized, pursuant to the provisions of Section 5 of the War Labor Disputes Act, following such negotiations as he may deem necessary with the duly constituted representatives of the employees, to apply to the National Wage Stabilization Board for appropriate changes in the terms and conditions of employment for the period of the operation of the mines by the Government.

4. In carrying out this order, the Secretary of the Interior shall act through or with the aid of such public or private instrumentalities or persons as he may designate. All Federal agencies are directed to cooperate with the Secretary of the Interior to the fullest extent possible in carrying out the purposes of this order.

5. The Secretary of the Interior shall make employment available and provide protection to all employees working at such mines and to all persons seeking employment so far as they may be needed; and upon the request of the Secretary of the Interior, the Secretary of War shall take such action, if any, as he may deem necessary or desirable to provide protection to all such persons and mines.

6. The Secretary of the Interior shall permit the managements of the mines taken under the provisions of this order to continue with their managerial functions to the maximum degree possible consistent with the aims of this order.

7. The Secretary of the Interior is authorized and directed to maintain customary working conditions in the mines and customary procedure for the adjustment of workers' grievances. He shall recognize the right of the workers to continue their membership in any labor organization, to bargain collectively through representatives of their own choosing, and to engage in concerted activities for the purpose of collective

P. males when the flocks concerning which such representations are made are segregated and headed by such officially banded R. O. P. males: *Provided, however*, That such representations are not made in such a manner as to represent directly, or by implication, that the baby chicks so offered for sale are U. S. R. O. P. chicks, or that the respondents are participants in the National Poultry Improvement Plan. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Modified cease and desist order, Bockenstette's Blue Ribbon Farms, Docket 4537, March 27, 1946]

At a regular session of the Federal Trade Commission, held at its office in

the City of Washington, D. C., on the 27th day of March, A. D. 1946.

In the Matter of Blue Ribbon Hatcheries Corporation, a Corporation, Trading as Bockenstette's Blue Ribbon Farms

This proceeding coming on for further hearing before the Federal Trade Commission, and it appearing that on May 11, 1942, the Commission made its findings as to the facts herein and concluded therefrom that the substituted respondents J. A. Bockenstette and Rose M. Bockenstette, trading as Bockenstette's Blue Ribbon Farms, had violated the provisions of the Federal Trade Commission Act, and on May 11, 1942, issued and subsequently served its order to cease and desist upon said substituted respondents, J. A. Bockenstette and Rose M. Bockenstette.

Thereafter, on July 10, 1942, respondents filed their petition to review and set aside the order to cease and desist in the United States Circuit Court of Appeals for the Tenth Circuit. On March 30, 1943, said Court entered its final decree affirming and enforcing the said order to cease and desist.

Thereafter, on October 25, 1945, the Commission and respondents filed with said Court a joint motion to modify said decree in certain particulars. On November 7, 1945, the Court entered its decree granting said motion and commanding respondents to comply with said modified decree.

The time within which a petition for a writ of certiorari might have been filed in the Supreme Court of the United States by the respondents having expired on February 7, 1946, without such petition having been filed, the said Court's decree of November 7, 1945, thereupon became final on February 7, 1946.

In conformity with such final decree of the United States Circuit Court of Appeals for the Tenth Circuit dated November 7, 1945, and pursuant to the provisions of the Federal Trade Commission Act, the Commission hereby issues this its modified order to cease and desist.

It is ordered, That the substituted respondents, J. A. Bockenstette and Rose M. Bockenstette, trading as Bockenstette's Blue Ribbon Farms, or trading under any other name or designation, their representatives, agents and employees, jointly or severally, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of chicks or chickens, do forthwith cease and desist from directly or indirectly:

(1) Disseminating or causing to be disseminated any advertisement, by means of the United States Mails, or by any other means, in commerce as "Commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or by implication:

(a) That respondents are R. O. P. poultry breeders, or that they operate a poultry plant under the supervision of an official from the agency supervising U. S. Record of Performance work;

(b) That the average egg production of hens grown from chicks sold by respondents exceeds the average egg production from an equal number of hens generally, by 94 eggs each, per annum, or by any other appreciable amount;

(c) That hens in respondents' flocks lay an egg daily;

(d) That purchasers of respondents' products are enabled to produce eggs at from one-third to one-half the cost of producing them with birds of ordinary breeding;

(e) That respondents protect purchasers of their chicks against losses, up to four weeks.

(2) Disseminating or causing to be disseminated any advertisement by any means, for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of respondents' product, which advertisement contains any of the representations prohibited in paragraph (1) hereof.

It is further ordered That this order shall not be construed as prohibiting representations that respondents' baby chicks are R. O. P. sired when such chicks have actually been sired by males which have been officially banded with U. S. R. O. P. sealed and numbered official leg bands and duly registered as such; or representations that the flocks supplying the eggs from which the baby chicks are hatched are headed by R. O. P. males when the flocks concerning which such representations are made are segregated and headed by such officially banded R. O. P. males: *Provided, however*, That such representations are not made in such a manner as to represent directly, or by implication, that the baby chicks so offered for sale are U. S. R. O. P. chicks, or that the respondents are participants in the National Poultry Improvement Plan.

It is further ordered, That the substituted respondents, J. A. Bockenstette and Rose M. Bockenstette, shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

[Suspension Order S-938]

PART 1010—SUSPENSION ORDERS

MOTHER CRAFT CO.

Mother Craft Company, a partnership consisting of David T. Swidler, his wife, Lillian, and two minor sons, Robert and Jay Swidler, and located at 147 North 12th Street, Philadelphia, Pennsylvania, is engaged in the manufacture of maternity dresses. On February 4, 1946, a temporary suspension order was issued directing the company to cancel outstanding CC rated orders for rayon and cotton fabrics in excess of those authorized for the fourth quarter of 1945, and to place no CC rated orders for such fabrics for the first quarter of 1946. During the fourth quarter of 1945, Mother Craft Company placed orders bearing CC ratings pursuant to Form WPB-3732 under Case No. 72233 for 100,000 yards of cotton fabric, although it was authorized under this case number to place orders bearing these ratings solely for 52,000 yards of rayon fabric. During the fourth quarter of 1945, and the first quarter of 1946, the partnership placed orders bearing CC ratings using Case No. 11357, purportedly authorized on WPB Form 3732 for 306,000 yards of cotton fabric and accepted delivery of 69,000 yards, when in fact it was not assigned any such case number nor authorized to place orders bearing these ratings for cotton fabrics. The placing of these unauthorized preference ratings constituted wilful violations of Priorities Regulation No. 3. In addition, the company failed to keep and maintain accurate and complete records of the details of all of its transactions to which the rules and regulations of the War Production Board or the Civilian Production Administration relate, which failure constituted a violation of Priorities Regulation No. 1. These violations have interfered with the controls established by the War Production Board and the Civilian Production Administration for the distribution of critical materials. In view of the foregoing, it is hereby ordered that:

§ 1010.938 *Suspension Order No. S-938.* (a) During the second and third quarters of 1946, David T. Swidler, Lillian Swidler, Robert Swidler and Jay Swidler shall not apply or extend any ratings to obtain cotton or rayon fabrics, nor shall any authorization be granted to them to apply or extend ratings to get such fabrics during these quarters.

(b) David T. Swidler, Lillian Swidler, Robert Swidler and Jay Swidler shall not use any cotton fabrics in their possession obtained by the unauthorized use of preference ratings during the fourth quarter of 1945 and the first quarter of 1946, except to dispose of them in accordance with the rules, regulations and orders of the Civilian Production Administration.

(c) Nothing contained in this order shall be deemed to relieve David T. Swidler, Lillian Swidler, Robert Swidler and Jay Swidler from any restriction, prohibition or provision contained in any other order or regulation of the Civilian Production Administration, except insofar as the same may be inconsistent with the provisions hereof.

(d) David T. Swidler, Lillian Swidler, Robert Swidler and Jay Swidler shall refer to this order in any application or appeal which they may file with the Civilian Production Administration during the second and third quarters of 1946 dealing with their use of textiles.

(e) The restrictions and provisions contained herein shall apply to David T. Swidler, Lillian Swidler, Robert Swidler and Jay Swidler, doing business as Mother Craft Company or under any other names, their successors or assigns, or persons acting in their behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

Issued this 21st day of May 1946.

3. Paragraphs (b) and (c) are redesignated (c) and (d), respectively, and a new paragraph (b) is added to read as follows:

(b) *Notification of change of maximum price.* If this regulation, or any amendment thereto, changes a manufacturer's maximum price for sales of evaporated milk or British Standard evaporated milk, with the first delivery of that item after the effective date of the provision changing the maximum price, the manufacturer shall:

Supply each wholesaler and retailer who purchases the item from him with the following written notice:

NOTICE TO WHOLESALERS AND RETAILERS

Our OPA ceiling price for (describe item by kind, variety, grade, brand, style of pack and container type and size) has been changed under the provisions of Revised Maximum Price Regulation 289. We are authorized to inform you that if you are a wholesaler or retailer pricing this item under Maximum Price Regulations Nos. 421, 422, or 423, and if we are your customary type of supplier, you must refigure your ceiling price for the item in accordance with the applicable pricing provisions of those regulations. You must refigure your ceiling price on the first delivery of this item to you on and after (insert effective date of amendment).

For a period of 60 days after the effective date of the provision changing the maximum price, and with the first delivery after the 60-day period to each person who has not made a purchase within

that time, the manufacturer shall include in each box, carton, or case containing the item the written notice set forth above.

This amendment shall become effective May 20, 1946.

Issued this 20th day of May 1946.

PAUL A. PORTER,
Administrator.

Approved: May 20, 1946.

[MPR 525, Amdt. 12]

JOBBER SALES OF STOCK MILLWORK

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 525 is amended in the following respects:

Paragraph (b) in section 2a is amended to read as follows:

(b) Where a seller under this regulation sells stock millwork for which a maximum price at the manufacturing level has been increased by the Office of Price Administration, either by way of industry-wide or individual adjustment, he may use the following procedures to adjust his prices:

(1) Where the manufacturer's maximum prices are increased by changes either in discounts or net prices, the seller under this regulation may add to the prices calculated under (a) above only the dollar-and-cent amount by which the price at the manufacturing level has been adjusted.

(2) Where the manufacturer's maximum prices are increased by actions revising basic list prices only, such as Amendment 14 to RMPR 293 which revised the Supplemental Lists to Standard Lists Catalog No. 40, the seller under this regulation may increase his maximum prices calculated under (a) above by applying the percentage mark-up permitted in the applicable section of this regulation to the amount of the increase in the manufacturer's maximum price resulting from the change in the basic list. In other words, the seller may substitute the new list for the March 1, 1946, list and calculate his price as though the new list were in effect on March 1, 1946.

(3) Where the manufacturer's maximum prices are increased by actions providing both a change in discount as well as a revision in the basic list price, the seller under this regulation may make the following additions to the prices calculated under (a) above:

(i) The amount permitted under subparagraph (2) above by virtue of the change in list.

(ii) The dollar-and-cent amount by which the price at the manufacturing level has been increased by applying the manufacturer's new discount to the new list as against applying the manufacturer's old discount to the new list. In other words, the seller may use the revised list, in lieu of the March 1, 1945, list to calculate what the price at the manufacturing level would have been on March 1, 1946.

This Amendment No. 12 shall become effective May 27, 1946.

Issued this 22d day of May 1946.

[RMPR 229, Amdt. 7]

RETAIL AND WHOLESALE PRICES FOR RUBBER FOOTWEAR

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 229 is amended in the following respects:

1. A new subparagraph, designated (4), is added to section 5 (a) to read as follows:

(4) *Maximum prices for mail order sales at retail.* Notwithstanding any other provision of this regulation, the maximum price for a mail order sale at retail of any item of waterproof rubber footwear covered by this section 5 (a), shall be determined as follows:

(i) The mail order retailer shall determine the price for his retail sales of the item of waterproof rubber footwear he is pricing in accordance with subparagraph (2) above.

(ii) The mail order retailer shall determine whether his supplier's maximum price for a sale of the waterproof rubber footwear item to a purchaser of the mail order retailer's class of buyer was increased on April 1, 1946; and, if so, the dollar-and-cents amount of such increase per pair of the item of footwear.

(iii) The maximum price for the mail order retailer's sales at retail of the item shall be the result obtained in (i) above, plus the result obtained in (ii) above.

2. In Appendix A, the footnote reference [4] is added immediately following the heading in the table "Class V (mail order sellers only)".

3. The following footnote, designated [4], is added to Appendix A:

[4] The maximum prices for mail order sellers listed in this table are subject to redetermination in accordance with subparagraph (4) of section 5 (a).

This amendment shall become effective May 22, 1946.

Issued this 22d day of May 1946.

PART 1418—TERRITORIES AND POSSESSIONS

[RMPR 194,[1] Amdt. 4]

SALES OF IMPORTED COMMODITIES IN ALASKA

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 194 is amended in the following respects:

1. Section 1 is amended to read as follows:

SECTION 1. *What commodities are covered.* This regulation covers all sales of imported commodities except:

(a) Sales which are covered by Revised Maximum Price Regulation 288—Specific Maximum Prices in Alaska.

(b) Sales which are covered by any other OPA regulations or orders applicable in Alaska, but no such regulation or order shall be deemed to apply to Alaska unless it contains an express provision to the effect that it shall apply in Alaska notwithstanding the provision of Revised Maximum Price Regulation 194 (or Maximum Price Regulation 194).

(c) Sales of used or secondhand commodities whether they are imported as such or whether they become used or secondhand in Alaska.

(d) Sales of any commodities or transactions excepted from the General Maximum Price Regulation by Revised Supplementary Regulation 1 which are not otherwise subject to price regulation in the continental United States.

2. A new section 5a is added under Article I to read as follows:

SEC. 5a. *How to treat taxes.* (a) You may collect, in addition to your ceiling price, any tax upon or incident to a sale of a commodity if the tax is actually paid by you or collected from you by your vendor *Provided*, That you state the tax separately and the statute imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price. However, any such tax paid to your vendor may not be treated as an item of landed cost on which your markup may be added.

(b) If the amount of any such tax ends in a fraction of a cent, then the amount of such tax may be increased to the nearest higher cent if the faction is one-half cent or more, and shall be reduced to the nearest lower cent if the fraction is less than one-half cent. Such adjustments to the nearest cent, or to the nearest nickel as provided in section 19 (a) (3), may be made only on the sum of the combined purchase price of one or more commodities sold in a single sale or transaction or in a series of sales billed at the end of a period, plus the actual amount of the tax on such purchase price.

This amendment shall become effective May 27, 1946.

Issued this 22d day of May 1946.

MODIFICATIONS OF MAXIMUM PRICES ESTABLISHED BY GENERAL MAXIMUM PRICE REGULATION FOR CERTAIN TEXTILES, LEATHER AND APPAREL

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Section 2.7 of Supplementary Regulation 14E is amended in the following respects:

1. The last sentence of subparagraph (6) of paragraph (b) of section 2.7 is amended to read as follows: "This subparagraph (6) shall not apply to sales covered by paragraphs (r), (s), (t) and (v) of Section 2.7."

2. Paragraph (s) of section 2.7 is amended to read as follows:

(s) *Sales of certain anklets, hosiery and handkerchiefs.* (1) The maximum price for sales at wholesale of anklets, hosiery and handkerchiefs for which the manufacturer has adjusted his maximum price under either Supplementary Order 139 or Supplementary Order 154 shall be the sum of the seller's ceiling price as established under the General Maximum Price Regulation and 70% of the amount by which the manufacturer has increased his price, except that in pricing hosiery and anklets for which the manufacturer has increased his maximum price by more than 20 cents per dozen, the seller's ceiling price per dozen shall be the sum of the seller's ceiling price as established under the General Maximum Price Regulation, plus 14 cents, and the amount by which the manufacturer's increase per dozen exceeds 20 cents.

(2) No seller may sell an article at the modified prices permitted in this paragraph unless he has received from the manufacturer of that article a written notice showing the amount by which the manufacturer increased his maximum price pursuant to Supplementary Order 139 or Supplementary Order 154. The seller must keep this notice available at all times for inspection by the Office of Price Administration.

(3) On each sale to a seller at retail of an article for which the maximum price is adjusted under this paragraph, the seller shall place on or attach to the invoice covering that sale a notice setting forth the "OPA Adjustment Charge" (that is, an amount representing 70% of

PART 95—CAR SERVICE

RESTRICTION ON USE OF VENTILATED BOX OR STOCK CARS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 20th day of May A. D. 1946.

It appearing, that stock cars and ventilated box cars are being used unnecessarily for the transportation of potatoes originating in North and South Carolina, destined alcohol processing plants, thereby contributing to the shortage of such equipment which is essential for other transportation; in the opinion of the Commission an emergency requiring immediate action exists in the States of North and South Carolina: it is ordered, that:

Use of ventilated box cars or stock cars restricted. (a) No common carrier by railroad subject to the Interstate Commerce Act, operating in North Carolina or South Carolina, shall furnish a stock car or a ventilated box car for loading with, or shall accept for transportation or move any such car loaded with potatoes consigned to, or for alcohol processing plants.

(b) *Effective date.* This order shall become effective at 12:01 a. m., May 21, 1946.

(c) *Expiration date.* This order shall expire at 11:59 p. m., August 31, 1946, unless otherwise modified, changed, suspended or annulled by order of the Commission. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)–(17))

It is further ordered, that a copy of this order and direction shall be served upon the State railroad regulatory bodies of North Carolina and South Carolina and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

PART 95—CAR SERVICE

RESTRICTIONS ON HOLDING POTATOES FOR ORDERS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 21st day of May A. D. 1946.

It appearing, that cars of potatoes held for orders, reconsignment or diversion at Berkley (Norfolk) Virginia unduly congest railroad yards at that point and impede or diminish the use, control, supply, movement, distribution exchange, interchange, and return of such cars; in the opinion of the Commission an emergency requiring immediate action to prevent a shortage of equipment and congestion of traffic exists at Berkley (Norfolk) Va.: It is ordered, that:

(a) *Potatoes at Berkley, Va.: restriction on holding cars for orders, reconsignment or diversion.* The Norfolk Southern Railway Company shall not hold for orders, reconsignment or diversion any railroad freight car or refrigerator car, loaded with potatoes at Berkley (Norfolk) Virginia.

(b) *Application.* The provisions of this order shall apply only to shipments billed on and after the effective date of this order, except that, when a shipment has been unloaded under a transit arrangement the provisions of this order shall apply to such shipment if billed at the transit point on or after the effective date of this order.

(c) *Tariff provisions suspended.* The operation of all tariff rules or regulations insofar as they conflict with the provisions of this order is hereby suspended.

(d) *Announcement of suspension.* Each railroad, or its agent, shall file and post a supplement to each of its tariffs affected hereby, on not less than one day's notice, announcing the suspension of any of the provisions therein.

(e) *Effective date.* This order shall become effective at 12:01 a. m., May 24, 1946.

(f) *Expiration date.* This order shall expire at 11:59 p. m., July 15, 1946, unless otherwise modified, changed, suspended or annulled by order of this Commission. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)–(17))

It is further ordered, that a copy of this order and direction shall be served upon The Norfolk Southern Railway Company and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. PART 97—ROUTING OF TRAFFIC

REROUTING OF TRAFFIC; APPOINTMENT OF AGENT

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 18th day of May A. D. 1946.

It appearing, that upon representations from the Office of Defense Transportation, and due to the fact that certain railroads have been unable to transport promptly carload and less-than-carload traffic offered to them so as to properly serve the public; the Commission is of opinion that an emergency exists requiring immediate action to best promote the service in the interest of the public and the commerce of the people.

Rerouting of freight traffic and empty cars; appointment of agent. (a) Homer C. King, Deputy Director, Office of Defense Transportation, Washington, D. C., is hereby designated and appointed an Agent of the Interstate Commerce Commission and vested with authority to divert or reroute all carload and less-than-carload freight traffic as well as empty freight cars from the line of any railroad or railroads subject to the Interstate Commerce Act, which in his opinion cannot currently accept and move such traffic or empty cars, over the line or lines of any other railroad or railroads less congested which are more able to handle the traffic or empty cars. Such rerouting or diversion shall be made regardless of the routing shown on the bill of lading designated by either shipper or carrier. Such diversion or rerouting shall be made by said Agent either at point of origin or as soon as possible after the shipment has left the point of origin.

(b) As Agent he is authorized to set up, subject to the approval of the Commission, an Advisory Committee on which shall be at least one representative of the Office of Defense Transportation, and one representative of the Association of American Railroads.

(c) As Agent he is hereby directed to avail himself of the facilities of the Association of American Railroads, its various departments, field forces, records, and reports.

(d) Inasmuch as the diversion or rerouting of traffic by said Agent is deemed to be due to carrier's disability, the rates applicable to traffic diverted or rerouted by said Agent shall be the rates which were applicable at the time of shipment on the shipments as originally routed.

(e) In executing the directions of the Commission and of such Agent provided for in this order, the common carriers involved shall proceed even though no contracts, agreements, or arrangements now exist between them with reference to the divisions of the rates of transportation applicable to said traffic; divisions shall be, during the time this order remains in force, those voluntarily agreed upon by and between said carriers; or upon failure of the carriers to so agree, said divisions shall be those hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act.

(f) *Application.* The provisions of this order shall apply to intrastate as well as interstate commerce.

(g) *Effective date.* This order shall become effective at 5:00 p. m., May 18, 1946.

(h) *Expiration date.* This order shall expire at 11:59 p. m., June 30, 1946, unless otherwise modified, changed, suspended or annulled by order of this Commission. (40 Stat. 101, sec. 402, 418, 41 Stat. 476, 485, secs. 4, 10, 54 Stat. 901, 912; 49 U. S. C. 1 (10)–(17), 15 (4))

It is further ordered, that a copy of this order and direction shall be served upon each State railroad regulatory body, all common carriers by railroad subject to the Interstate Commerce Act, and upon the Association of American railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

By virtue of the authority vested in me by the President of the United States by Executive Order 9728, dated May 21, 1946 (*supra*), and having determined that a strike or work stoppage has occurred or is threatened at each and all of the coal mines listed in Appendix A, attached hereto and made a part hereof,[1] I do hereby take possession of each and all such coal mines, including any and all real and personal property, franchises, rights, facilities, funds and other assets used in connection with the operation of such mines.

The Regulations for the Operation of Coal Mines under Government Control, as amended (8 F.R. 6655, 10712, 11344,

[1] Filed with the Division of the Federal Register.

17339), heretofore issued by the Secretary of the Interior, and such revisions thereof as may from time to time be issued, shall be applicable to the mines possession of which is taken by this order.

The President of each of the mining companies operating the mines listed in Appendix A (or if there is no president, its chief executive officer) is hereby, and until further notice, designated Operating Manager for the United States for each such mine. Unless advice to the contrary is received within ten days, the aforesaid President (or chief executive officer) shall be deemed to have accepted such designation. As Operating Manager for the United States, he is authorized and directed to operate any and all such mines in accordance with the aforementioned Regulations for the Operation of Coal Mines Under Government Control, as amended, and such revisions thereof as may from time to time be issued, and to do all things necessary and appropriate for the operation of such mines and for the production, distribution and sale of their products.

The Operating Manager for the United States shall forthwith fly the flag of the United States at each of the mining properties listed in Appendix A and shall conspicuously display at each of such properties copies of a poster to be supplied by the Department of the Interior and reading

NOTICE

In accordance with the Executive order of the President of the United States, Government possession of this coal mine has been taken by Order of the Secretary of the Interior.

J. A. KRUG,
Secretary of the Interior.

This order shall become effective at 12:01 a. m. May 22, 1946.

J. A. KRUG,
Secretary of the Interior.

[Project No. 199]

SOUTH CAROLINA PUBLIC SERVICE AUTHORITY

ORDER CONSOLIDATING PROCEEDINGS AND POSTPONING DATE OF HEARING

MAY 17, 1946.

Upon consideration of the request filed May 1, 1946, by the South Carolina Public Service Authority, licensee for Project No. 199, for a postponement of the public hearing set for May 21, 1946, by our order of April 23, 1946, respecting the amended application filed April 30, 1943, by said licensee for exemption from payment of annual charges for the year 1942, and for consolidation in such postponed hearing of its applications filed February 28, 1944, February 1, 1945, and February 4, 1946, for such exemption for the years 1943, 1944, 1945, respectively; and

It appearing that.

(a) In its request licensee states the issues involved in the applications for exemption are of sufficient importance to require additional time for thorough preparations;

(b) All said applications for exemption raise the issues described in paragraph (e) of our order of April 23, 1946, and the further issue that the annual charges assessed by the Commission are unconstitutional taxes or charges on a governmental activity of the State of South Carolina;

(c) Good cause exists for the postponement of the hearing in these matters;

(d) Good cause exists for consolidating the above matters for purposes of hearing;

The Commission orders that:

(A) The proceedings upon the applications filed by said licensee for exemption from payment of annual charges for the years 1943, 1944, and 1945, be and they are hereby consolidated with the proceeding heretofore instituted for the purposes of the hearing;

(B) The consolidated hearing on these matters be and the same is hereby postponed to September 16, 1946, at 10:00 a. m. (EST) in the Hearing Room of the Federal Power Commission, Hurley-Wright Building, 1800 Pennsylvania Avenue NW., Washington, D. C.

By the Commission.

PENN-YORK NATURAL GAS CORP.

ORDER GRANTING APPLICATION TO WITHDRAW PETITION FOR REHEARING, AND VACATING PRIOR ORDER GRANTING REHEARING AND STAY

MAY 17, 1946.

Upon consideration of the record herein, and it appearing to the Commission that:

(a) On February 16, 1946, the Commission entered an order in this matter reducing the rates of Penn-York Natural Gas Corporation ("Penn-York");

(b) On March 11, 1946, Penn-York filed an application for a rehearing and stay of said order reducing rates;

(c) On April 5, 1946, the Commission, pursuant to such application, entered an order (1) granting rehearing of the order of February 16, 1946, as prayed, (2) setting the matter for rehearing on April 29, 1946, and (3) staying the order of February 16, 1946, pending determination of the matter upon rehearing; and thereafter, pursuant to agreement, the rehearing was continued to May 20, 1946;

(d) On May 16, 1946, Penn-York filed an application for (1) withdrawal of its application for rehearing, (2) dissolution of the stay of said order of February 16, 1946, and (3) entry of an appropriate order in the premises;

The Commission finds that:

Good cause exists for granting the application of Penn-York filed herein on May 16, 1946.

The Commission orders that:

(A) The application of Penn-York filed on May 16, 1946, for leave to withdraw its petition for rehearing filed in this matter on March 11, 1946, be and it is hereby granted.

(B) The order of April 5, 1946, granting rehearing and stay of the order of February 16, 1946, be and the same is hereby vacated and set aside; such stay is hereby dissolved; and the rehearing of the matter, now set for May 20, 1946, be and the same is hereby cancelled and the proceedings in this matter terminated.

[Docket No. G-713]

MISSISSIPPI RIVER FUEL CORP.

ORDER FIXING DATE OF HEARING

MAY 17, 1946.

Upon consideration of the application filed on April 5, 1946, by Mississippi River Fuel Corporation (Applicant), for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, to authorize the construction and operation of facilities to be used in connection with its transportation and sale of natural gas in interstate commerce for resale for ultimate public consumption, said facilities being described as follows:

A series of loop lines consisting of 264.5 miles of 22-inch line, 13 miles of 12-inch line and 1 mile of 6-inch and 10-inch manifold river-crossing lines. The said loop lines will consist of a series of partial loops in each section of Applicant's main trunk pipeline up to Twelve Mile Station, and from a point about 18 miles north of that station a 22-inch loop line will extend in a northeasterly direction and cross the Mississippi River in the vicinity of St. Genevieve, Missouri, and then continue in a northerly direction through the State of Illinois to a point of connection with the present Alton line of Applicant where the same crosses the Mississippi River. The loop line will then continue along the Alton line for approximately 9 miles to a point near the city limits of East St. Louis, Illinois.

In addition to the 264.5 miles of 22-inch loop line, 13 miles of 12-inch loop lines and 1 mile of 6-inch and 10-inch manifold river-crossing lines, Applicant seeks authorization to install the following compressor units:

No. of units (horsepower compressor units):	Location
2—600	Crossett Station.
2—1,000	Glendale Station.
2—600	Sherrill Station.
1—1,000	West Point Station.
3—600	Nuckles Station.
1—1,000	Biggers Station.
1—1,000	Neelyville Station.
1—1,000	Twelve Mile Station.

The Commission orders that:

(A) A public hearing be held commencing on June 10, 1946, at 10:00 a. m. (CDST), in Grand Jury Room 425, U. S. Court and Customs House Building, in the City of St. Louis, Missouri, respecting the matters involved and the issues presented in this proceeding.

(B) Interested state commissions may participate in this hearing as provided in § 67.4 of the provisional rules of practice and regulations under the Natural Gas Act.

By the Commission.

[Docket No. G-722]

SOUTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

MAY 20, 1946.

Notice is hereby given that on May 6, 1946, an application was filed with the Federal Power Commission by Southern Natural Gas Company (Applicant), a corporation organized under the laws of the State of Delaware and having its principal place of business at Birmingham, Alabama, and authorized to do business in the States of Alabama, Georgia, Louisiana, Mississippi and Texas, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain additional facilities to its existing natural gas transmission system, as hereinafter described.

Applicant owns and operates a natural gas pipe line transmission system extending from gas fields in Texas and Louisiana to Atlanta, Georgia, with branch lines extending to approximately 50 cities and towns in Alabama, Mississippi and Georgia.

Applicant states that it has entered into an agreement dated April 12, 1946, with Superior Oil Company which provides, subject to authorization of the construction of the facilities covered by this application, for the purchase of not less than 5% of its annual Line Requirements in the Gwinville Field, located in Jefferson Davis and Simpson Counties, Mississippi.

This application covers the construction of a transmission line, sixteen inches in diameter, extending from Applicant's system to the Gwinville gas field, located in Jefferson Davis and Simpson Counties, Mississippi, about 80 miles south of Applicant's present main line at Pickens, Mississippi.

Applicant states the capacity of the proposed Gwinville line will be 140,000 MCF per day when operated at an initial pressure of 1,000 pounds p. s. i. g. and a terminal pressure of 460 pounds p. s. i. g.

Applicant states the facilities will not provide an increase in the delivery capacity in Applicant's system beyond the increase of 25,000 MCF per day authorized in Docket G-641.

Applicant estimates the total overall cost of the proposed facilities to be $2,511,400. Applicant expects to finance the cost from current funds. Applicant states that it has filed with the Securities and Exchange Commission an application for approval of a financing plan to provide such funds. Applicant contemplates that such plan will be consummated prior to the issue of an order on this application.

Applicant states it does not propose to make any change in its rates by reason of the construction of the proposed facilities.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of Part 67 of the provisional rules of practice and regulations under the Natural Gas Act, and if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with the reasons for such request.

Any person desiring to be heard or to make any protest with reference to said application of Southern Natural Gas Company should, on or before the 5th day of June, 1946, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

[Docket No. G-728]

WEST TEXAS GAS CO.

NOTICE OF APPLICATION

MAY 20, 1946.

Notice is hereby given that on May 8, 1946, an application was filed with the Federal Power Commission by West Texas Gas Company (Applicant), a corporation organized under the laws of the

State of Delaware, and having its principal place of business at Lubbock, Texas, and authorized to do business in the State of Texas, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain additional facilities to its existing natural gas transmission system as hereinafter described.

The project for which a certificate is sought is the improvement of the transmission system by the following installations, enlargements and replacements:

(a) Install a 135 hp. boiler and a new stack and dismantle two existing stacks at Turkey Creek Gasoline Plant in Potter County, Texas.

(b) Install new pumping equipment in two water wells, one at Turkey Creek Gasoline Plant and one at Turkey Creek Compressor Station, Potter County, Texas.

(c) Improve Jacket Water System at Turkey Creek Compressor Station, Potter County, Texas.

(d) Install a 400 bhp. Compressor Unit at McSpadden Compressor Station, Randall County, Texas.

(e) Install one 8⅝" reservoir drip on McSpadden-Farwell branch line on discharge side of McSpadden Compressor Station, Randall County, Texas.

(f) Install one 8" Series 30 orifice fitting near the off-take on the McSpadden-Farwell branch line, Randall County, Texas.

(g) Install main line reservoir drips as follows:

(1) One 15" reservoir drip in the McSpadden-Happy Section, Randall County, Texas;

(2) Two 10" reservoir drips in the Plainview-Hale Center Section, Hale County, Texas.

(h) Install one 6" Series 30 orifice fitting near the off-take on the Lubbock-Farwell Branch line, Lubbock County, Texas.

(i) Drill and equip water well at Plainview Compressor Station, Hale County, Texas.

Applicant estimates the total over-all cost of the facilities involved will approximate the sum of $86,777. Applicant states no financing is involved, and that the cost of installation will be met with cash on hand. Applicant further states that the rate structure of Applicant will not be increased by reason of the construction of the facilities proposed herein, and no increase is presently contemplated.

Applicant states that the proposed facilities are required to enable Applicant to serve its customers adequately through the 1946–47 heating season. Major facility (a), the installation of a 135 HP boiler at Turkey Creek Gasoline Plant, is required in order to provide adequate steam capacity to permit more efficient operation of the plant. Major facility (d), the installation of a 400 BHP Compressor Unit at McSpadden Station is necessary to provide a standby unit at this station in order to prevent curtailment of firm load on the system in the event of failure of one of the present units during winter peak load periods.

No new sources of supply are contemplated as a result of the installation and operation of the proposed facilities.

Applicant further states that it does not propose to serve new markets.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of Part 67 of the provisional rules of practice and regulations under the Natural Gas Act, and if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with the reasons for such request.

Any person desiring to be heard or to make any protest with reference to said application of West Texas Gas Company should, on or before the 5th day of June, 1946, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's provisional rules of practice and regulations under the Natural Gas Act.

APPLIANCES, METHODS, AND SYSTEMS INTENDED TO PROMOTE SAFETY OF RAILROAD OPERATION

ORDER FOR INVESTIGATION

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 20th day of May A. D. 1946.

The Commission having under consideration the safety of railroad train operation, and good cause appearing therefor:

It is ordered, That an investigation be, and it is hereby, instituted by the Commission, on its own motion, to determine whether it is necessary, in the public interest, to require any respondent to install block signal system, interlocking, automatic train stop, train control and or cab-signal devices, and/or other similar appliances, methods, and systems intended to promote the safety of railroad operation, upon the whole or any part of its railroad on which any train is operated at a speed of 50 or more miles per hour.

It is further ordered, That an investigation be, and it is hereby, instituted to determine whether the definitions included in the Rules, Standards and Instructions prescribed by the Commission's order of April 13, 1939, pursuant to the provisions of Section 26 (now Section 25) of the Interstate Commerce Act, should be amended to include a revised definition of the term "medium speed", and a definition of the term "low (restricted) speed."

It is further ordered, That all Class I and all switching and terminal railroads subject to the Interstate Commerce Act be, and they are hereby, made respondents to this proceeding; that a copy of this order be served on each said respondent and on each national organization of railroad employees, and that notice be given the general public by depositing a copy of this order in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

And it is further ordered, That this proceeding be assigned for hearing at such times and places as the Commission may hereafter direct.

By the Commission.

H. H. ROBERTSON CO.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 215 under Revised Supplementary Order 119. Adjustment of maximum prices for copper and galvanized trim skylights and sashes manufactured by the H. H. Robertson Company, Ambridge, Pennsylvania. Docket No. 6123–SO 119–80.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 13 of Revised Supplementary Order No. 119, it is ordered:

(a) *Maximum prices for The H. H. Robertson Company, Ambridge, Pennsylvania.* (1) The above manufacturer may determine his maximum prices for his line of copper and galvanized trim skylights and sashes by increasing by 8.5 percent his prices on these items in effect on October 1, 1941, to each class of purchaser.

(2) Since the provisions of this order are not intended to reduce properly established maximum prices, the manufacturer may continue to use as his maximum prices to each class of purchaser his properly established prices in effect under Maximum Price Regulation No. 591 in the event that such prices exceed the prices in effect to each class of purchaser on October 1, 1941, plus the increase provided for in (1) above.

(3) The maximum prices set forth above shall be subject to discounts and allowances including transportation allowances and price differentials which are at least as favorable as those the manufacturer extended or rendered or would have extended or rendered to each class of purchaser on commodities in the same general category during March 1942.

(b) *Resellers' maximum prices.* All resellers of the commodities covered by this order (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their presently established maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted the manufacturer by this order.

(c) *Notification to all purchasers.* The manufacturer shall send the following notice to every purchaser of the commodities covered by this order at or before the time of the first invoice after the adjustment granted by this order is put into effect:

Order No. 215 under Revised Supplementary Order No. 119 authorizes an 8.5 percent increase in October 1, 1941, net prices for sales of copper and galvanized trim skylights and sashes manufactured by this company.

Resellers (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their existing maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted by Order No. 215.

(d) All prayers for relief not granted herein are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective May 22, 1946.

Issued this 21st day of May 1946.

ROBERT W. IRWIN CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* Robert W. Irwin Company, 23 Summer Avenue, N. W., Grand Rapids, Michigan, may compute its adjusted ceiling prices for all articles of wood household furniture which it manufactures, as follows:

(1) For an article in its line during October 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser increased by 22.7 percent.

(2) For an article not in its line during October 1941, but which has a properly established ceiling price, in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by the percentage determined in accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(3) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(4) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Resellers' ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

(1) A retailer who must determine his ceiling price under Maximum Price Regulation No. 580 and a wholesaler who must determine his ceiling price under Maximum Price Regulation No. 580, shall calculate their ceiling prices in the manner provided by those regulations. However, if the supplier's invoice states both an "unadjusted maximum price" and a selling price, the reseller shall compute his ceiling prices under those regulations as they have been modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

(2) A reseller who determines his maximum resale price under the General Maximum Price Regulation, and whose supplier's invoice states both an "unadjusted maximum price" and a selling price, shall compute his ceiling prices under that regulation as modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

If his supplier's invoice does not state an "unadjusted maximum price" the reseller shall calculate his ceiling price by adding to his invoice cost the same percentage mark-up which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose, the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of article to which, according to customary trade practices, an approximately uniform percentage mark-up is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method, the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(3) The provisions of Supplementary Order No. 153 shall not apply to the determination of ceiling prices for resales of articles covered by this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or thereafter, properly established under OPA regulations.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resales of the articles. This notice may be given in any convenient form.

(e) All requests for adjustment of maximum prices not specifically granted by this order are hereby denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective May 22, 1946.

Issued this 21st day of May 1946.

Administrator.

THE WAGNER AWNING AND MFG. CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register; and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, *It is ordered:*

(a) (1) The Wagner Awning and Manufacturing Company, 2658 Scranton Road, Cleveland, Ohio, may increase its properly established maximum prices for sales of awnings by the appropriate one of the following percentages:

	Percent
(i) For sales to consumers	15.7
(ii) For sales to all persons except consumers	26.9

(2) In all other respects, the provisions of Order No. 13 under § 1499.159e of Maximum Price Regulation No. 188 shall apply to all sales and deliveries of awnings manufactured by The Wagner Awning and Manufacturing Company.

(b) The provisions of Supplementary Order No. 153 shall not apply to sales of articles covered by this order.

(c) This order may be revoked or amended by the Price Administrator at any time.

(d) This order shall become effective on May 22, 1946.

Issued this 21st day of May 1946.

MIDWEST FURNITURE CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, It is ordered:

(a) *Manufacturer's ceiling prices.* Midwest Furniture Company, Sheboygan, Wisconsin, may compute its adjusted ceiling prices for all articles of upholstered furniture in its line of Rocking-Eez rocking chairs which it manufactures, as follows:

(1) For an article in its line during October 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser increased by 22.6 percent.

(2) For an article not in its line during October 1941, but which has a properly established ceiling price, in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by the percentage determined in accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(3) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(4) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Reseller's ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

(1) A retailer who must determine his ceiling price under Maximum Price Regulation No. 580, and a wholesaler who must determine his ceiling price under Maximum Price Regulation No. 590, shall compute their ceiling prices in the manner provided by those regulations. However, if the supplier's invoice states both an "unadjusted maximum price" and a ceiling price, the reseller shall compute his ceiling prices under those regulations as they have been modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

(2) A reseller who determines his maximum resale price under the General Maximum Price Regulation, and whose supplier's invoice states both an "unadjusted maximum price" and a selling price, shall compute his ceiling prices under that regulation as modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

If his supplier's invoice does not state an "unadjusted maximum price", the reseller shall calculate his ceiling price by adding to his invoice cost the same percentage mark-up which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose, the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of article to which, according to customary trade practices, an approximately uniform percentage mark-up is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method, the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(3) The provisions of Supplementary Order No. 153 shall not apply to the determination of ceiling prices for resales of articles covered by this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or thereafter, properly established under OPA regulations.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resales of articles covered by this order. This notice may be given in any convenient form.

(e) All requests for adjustment of maximum prices not specifically granted by this order are hereby denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 22d day of May 1946.

Issued this 21st day of May 1946.

ANCHOR SUPPLY CO., INC.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* Anchor Supply Company, Inc., of 121 N. W. Riverside Drive, Evansville 3, Ind., may compute its adjusted ceiling prices for all articles in its product line of venetian blinds, which it manufactures, as follows:

(1) For an article in its line during June 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser increased by 23 percent.

(2) For an article not in its line during June 1941, but which has a properly established ceiling price, in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by the percentage determined in accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(3) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(4) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Reseller's ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows: A reseller shall calculate his ceiling price by adding to his invoice cost the same percentage markup which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplies.

(iii) Both it and the article being priced belong to a class of article to which according to customary trade practices, an approximately uniform percentage markup is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method, the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or thereafter properly established under OPA regulations.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the methods established in paragraph (b) of this order for determining adjusted maximum prices for resales of the

article. This notice may be given in any convenient form.

(e) All requests for adjustments of maximum prices not specifically granted by this order are hereby denied. Such requests may, however, be granted under the provisions of another order.

(f) The provisions of Supplementary Order No. 153 shall not apply to maximum prices for sales of any of the articles covered by this order.

(g) This order may be revoked or amended by the Price Administrator at any time.

(h) *Effective date.* This order shall become effective on the 22d day of May 1946.

Issued this 21st day of May 1946.

MURRAY CORP. OF AMERICA

ADJUSTMENT OF MAXIMUM PRICES

Order No. 220 under Revised Supplementary Order 119. Adjustment of maximum prices for sales of sinks, tubs and lavatories manufactured by the Murray Corporation of America, Detroit, Michigan. Docket No. 6123—SO 119-88.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 13 of Revised Supplementary Order No. 119, it is ordered:

(a) *Maximum prices for The Murray Corporation of America, Detroit, Michigan.* (1) The above manufacturer may determine his maximum prices for his line of sinks, tubs and lavatories by increasing by 17 percent his prices on these items in effect on October 1, 1941 to each class of purchaser.

(2) Since the provisions of this order are not intended to reduce properly established maximum prices, the manufacturer may continue to use as his maximum prices to each class of purchaser his properly established prices in effect under Maximum Price Regulation No. 591 in the event that such prices exceed the prices in effect to each class of purchaser on October 1, 1941 plus the increase provided for in (1) above.

(3) The maximum prices set forth above shall be subject to discounts and allowances including transportation allowances and price differentials which are at least as favorable as those the manufacturer extended or rendered or would have extended or rendered to each class of purchaser on commodities in the same general category during March 1942.

(b) *Resellers' maximum prices.* All resellers of the commodities covered by this order (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their presently established maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted the manufacturer by this order.

(c) *Notification to all purchasers.* The manufacturer shall send the following notice to every purchaser of the commodities covered by this order at or before the time of the first invoice after the adjustment granted by this order is put into effect:

Order No. 220 under Revised Supplementary Order No. 119 authorizes a 17 percent increase in October 1, 1941 net prices for sales of sinks, tubs and lavatories manufactured by this company.

Resellers (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their existing maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted by Order No. 220.

(d) All prayers for relief not granted herein are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective May 22, 1946.

Issued this 21st day of May 1946.

LUMINANT MFG. CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.158 of Maximum Price Regulation No. 188; *It is ordered:* Order No. 4809 under Maximum Price Regulation No. 188 is revised and amended to read as set forth herein.

(a) This revised order establishes maximum prices for sales and deliveries of certain articles manufactured by Luminant Manufacturing Company, 154 Ludlow Street, New York, New York.

(1) For all sales and deliveries to the following classes of purchasers by the sellers indicated below, the maximum prices are those set forth below:

Article	Model No.	For sales by the manufacturer to—		For sales by any person to consumers
		Jobbers	Retailers	
15" Vanity Lamp with No Shade	#100 and 200 VL	$1.53	$1.80	$3.25

These maximum prices are for the articles described in the manufacturer's application dated April 19, 1946.

(2) For sales by all persons the maximum prices apply to all sales and deliveries since Maximum Price Regulation No. 188 became applicable to those sales and deliveries. Those prices are subject to each seller's customary terms and conditions of sale on sales of similar articles.

(3) If the manufacturer wishes to makes sales and deliveries to any other class of purchaser or on other terms and conditions of sale, he must apply to the Office of Price Administration, under the Fourth Pricing Method, § 1499.158 of Maximum Price Regulation No. 188, for the establishment of maximum prices for those sales, and no sales or deliveries may be made until maximum prices have been authorized by the Office of Price Administration.

(b) The manufacturer shall attach a tag or label to every article for which a maximum price for sales to consumers is established by this revised order. That tag or label shall contain the following statement, with the proper model number and the ceiling price inserted in the blank spaces:

Model No. ------
OPA Retail Ceiling Price—$------
Do Not Detach

(c) At the time of, or prior to, the first invoice to each purchaser for resale, the manufacturer shall notify the purchaser in writing of the maximum prices and conditions established by this revised order for sales by the purchaser. This notice may be given in any convenient form.

(d) Jobber's maximum prices for sales of the articles covered by this revised order shall be established under the provisions of section 4.5 of SR 14J.

(e) This revised order may be revoked or amended by the Price Administrator at any time.

(f) This revised order shall become effective on the 22d day of May 1946.

(b) The maximum net prices, f. o. b. point of shipment, for sales by any person to dealers shall be the maximum prices specified in (a) above less a discount of 40 percent.

(c) The maximum net prices, f. o. b. point of shipment, for sales by any person to jobbers shall be the maximum prices specified in (a) above less successive discounts of 40 and 20 percent.

(d) The maximum prices established by this order are subject to such cash discounts, transportation allowances and price differentials at least as favorable as those which you extended or rendered or would have extended or rendered during March 1942 on sales of commodities in the same general category.

(e) The maximum prices on an installed basis of the commodities covered by this order shall be determined in accordance with Revised Maximum Price Regulation No. 251.

(f) Each seller covered by this order, except on sales to consumers, shall notify each of his purchasers, in writing, at or before the issuance of the first invoice after the effective date of this order, of the maximum prices established by this order for each such seller as well as the maximum prices established for purchasers, except dealers, upon resale.

(g) Fred T. Kitt shall attach to each water softener covered by this order a tag containing the following:

OPA Maximum Retail Price—$------
(Do Not Detach)

(h) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective May 22, 1946.

Issued this 21st day of May 1946.

MILCOR STEEL CO.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 511 under section 16 (b) (1) under Maximum Price Regulation

No. 591. Adjustment of maximum prices for sales of miscellaneous cast and sheet metal building materials, covered by Maximum Price Regulation No. 591, manufactured by the Milcor Steel Company of Milwaukee, Wisconsin. Docket No. 6123–591.16–106.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 16 (b) (1) of Maximum Price Regulation No. 591, it is ordered:

(a) *Adjustment of maximum prices for the Milcor Steel Company of Milwaukee, Wisconsin.* (1) The Milcor Steel Company of Milwaukee, Wisconsin may increase by 8.6 percent its properly established maximum net prices in effect on May 21, 1946, to each class of purchaser for its line of cast and sheet metal building materials, as covered by Maximum Price Regulation No. 591.

(2) The maximum net prices set forth in (a) (1) above are subject to discounts, allowances including transportation allowances and the rendition of services which are at least as favorable as those which the Milcor Steel Company extended or rendered or would have extended or rendered to each class of purchaser during March 1942 on comparable sales of cast and sheet metal building materials.

(b) *Maximum prices for resellers.* (1) All resellers of the commodities covered by this order (but not manufacturers who purchase such items for use in the manufacture of other products) may add to their properly established maximum prices in effect on May 21, 1946, the actual dollars-and-cents increase in acquisition cost resulting from the adjustment granted the manufacturer by this order.

(c) *Notification to all purchasers.* The Milcor Steel Company shall send the following notice to every purchaser of the commodities covered by the order at or before the first invoice after the effective date of this order.

Order No. 511 under section 16 (b) (1) of Maximum Price Regulation No. 591 provides for an 8.6 percent increase in maximum net prices in effect on May 21, 1946 for sales by the Milcor Steel Company for its line of cast and sheet metal building materials covered by Maximum Price Regulation 591.

Resellers (but not manufacturers who purchase items for use in the manufacture of other products) may add to their existing maximum prices the actual dollars-and-cents increase in cost resulting from the adjustment granted by Order No. 511.

(d) All prayers of the application of the Milcor Steel Company of Milwaukee, Wisconsin, not herein granted are denied.

(e) This order may be amended or revoked by the Price Administrator at any time.

This order shall become effective May 22, 1946.

Issued this 21st day of May 1946.

HOCKING VALLEY BRICK CO.

APPROVAL OF MAXIMUM PRICES

Order No. 35 under section 16 of Maximum Price Regulation 592. Hocking Valley Brick Company. Docket No. 6122–592.16–197.

For the reasons set forth in an opinion issued simultaneously herewith and pursuant to section 16 of Maximum Price Regulation 592, *It is ordered:*

(a) The maximum net prices for sales by the Hocking Valley Brick Company, Columbus, Ohio, of clay building brick and structural clay tile to its various classes of purchasers may be increased by an amount not in excess of $1.75 per thousand for standard size brick equivalents or by an amount not in excess of $0.70 per ton for structural hollow tile.

(b) If the Hocking Valley Brick Company had an established differential in price during the month of March 1942 for nonstandard sizes of brick, it may convert the adjustment granted herein for standard size brick on the basis of the conversion factors or formulae in use by it during March 1942 in establishing price differentials between standard size brick and the other sizes.

(c) Any person purchasing any of the products covered by this order produced by the Hocking Valley Brick Company for the purpose of resale in the same form may increase his presently established prices under the General Maximum Price Regulation by adding the dollars-and-cents increase in cost resulting from the increase permitted the manufacturer in (a) above. Notwithstanding the provisions of this paragraph, in any area where specific maximum prices are fixed by an area pricing order such specific maximum prices shall apply in that area.

(d) All requests of the application not granted herein are denied.

(e) This order may be amended or revoked by the Office of Price Administration at any time.

This Order No. 35 shall become effective May 22, 1946.

Issued this 21st day of May 1946.

[MPR 188, Order 16]

BICYCLES

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.159e of Maximum Price Regulation No. 188, it is ordered:

SECTION 1. *Purpose of this order.* Bicycles have been found to be a reconversion product in accordance with the standards set forth in § 1499.159e of Maximum Price Regulation 188. This order is issued under that section and fixes new ceiling prices for sales by manufacturers (other than to ultimate consumers) by permitting them to increase their prices for bicycles, bicycle parts and accessories in effect between October 1 and October 15, 1941, or established under certain provisions of MPR 188, by a specified price increase factor.

SEC. 2. *Articles and persons covered.* (a) This order applies to sales of bicycles by manufacturers, distributors and dealers. For the purpose of this order "bicycles" means two-wheeled, pedal-operated vehicles having wheels 20 inches or larger in diameter, including special-frame delivery bicycles and folding bicycles. Manufacturers' ceiling prices for replacement parts and original equipment and accessories of the types regularly sold with bicycles when sold by a bicycle manufacturer, are also adjusted. This order does not cover children's bicycles with wheels smaller than 20 inches in diameter and other items of children's wheeled goods covered by Order No. 4 under § 1499.159e of Maximum Price Regulation No. 188. Used bicycles, imported bicycles, those made chiefly from imported parts and war bicycles covered by Order 3145 under MPR 188 and MPR 158 are also excluded from the coverage of this order.

(b) As used in this order the term:

(1) "Manufacturer" means the person who makes the first sale of a completed bicycle, that is, the first person having title to a completed bicycle after it has been fabricated, and is ready for use, regardless of whether or not he has fabricated it. An assembler of bicycles purchased knocked-down from a manufacturer is not considered to be a manufacturer.

(2) "Mail order house" means an establishment selling at retail, which as a separate operating unit, makes offerings through catalogs or printed price lists, receives orders by mail, and makes deliveries by mail, railway, express or other common carrier.

(3) "Chain store" means a retail store which is one of a group of ten or more retail stores under common ownership or control, which as a group had combined sales of over $1,000,000 for the year 1944.

(4) "Mid-west zone" means the states of Alabama, Arkansas, Florida, Georgia, Kansas, Louisiana, Mississippi, Nebraska, North Dakota, Oklahoma, South Dakota and all counties in Texas other than El Paso, Hudspeth, Culberson, Jefferson Davis, Presidio, Brewster, Terrell, Pecos, Reeves.

(5) "Far-west zone" means the states of Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming, and the following counties in Texas: El Paso, Hudspeth, Culberson, Jefferson Davis, Presidio, Brewster, Terrell, Pecos, Reves.

(6) "Manufacturers' price" for the purpose of calculating resellers' ceiling prices for sales of bicycles means his adjusted ceiling price, f. o. b. factory, as provided in section 3 of this order, to the designated class of purchaser, or his selling price to that class of purchaser, if it is lower than the adjusted ceiling price.

SEC. 3. *Bicycle manufacturers' ceiling prices.* (a) A bicycle manufacturers' ceiling price for a sale of a bicycle, bicycle part, or accessory to each class of purchaser, other than ultimate consumers, is the highest of the applicable of the following:

(1) 118% of his highest price to each class of purchaser in effect between October 1 and October 15, 1941.

(2) 110% of the highest price at which he delivered or offered the article for delivery during March 1942, to each class of purchaser in the case of an article which was not sold or offered for sale between October 1, and October 15, 1941.

(3) 118% of his ceiling price to each class of purchaser established under the provisions of the First, Second or Third Pricing Methods of MPR 188, provided that price was based on maximum prices of comparable articles which were no higher than the October 1 to October 15, 1941 prices, or 110% of his ceiling price so established when that price was based on maximum prices of comparable articles which were higher than their October 1 to October 15, 1941 prices.

(4) 110% of his ceiling price to each class of purchaser established under the provisions of the Fourth Pricing Method (§ 1499.158) or under § 1499.159c of MPR 188.

(5) His adjusted ceiling price to each class of purchaser established under the provisions of Supplementary Orders 118, 133, 148 or Revised Supplementary Order 119.

(b) Orders may be issued under this section denying a manufacturer permission to sell at prices adjusted by all or part of the increases authorized by this section when it appears that the manufacturer has discontinued or will discontinue production of his low-priced articles or will decrease the proportions of low-priced to high-priced articles which he manufactures, so that his present or prospective production is not representative of his sales between October 1 and October 15, 1941. The average price at which the manufacturer's products will be sold will be considered in determining how much, if any, of the increases will be granted to such a manufacturer.

SEC. 4. *Retail ceiling prices.* This section provides for the determination of retail ceiling prices of bicycles covered by this order. Manufacturers, except in the case of bicycles sold only to another manufacturer, are required to calculate the retail ceiling prices of their products in accordance with the provisions of this section, and are required to comply with the tagging provisions of section 7 of this order.

(a) The retail ceiling prices of a bicycle sold by the following classes of sellers shall be:

(1) 155% of the "manufacturer's price" to the class of distributor for sales to which he has the highest ceiling price when sold by dealers other than "mail order houses" or "chain stores".

(2) The higher of 145% of the "manufacturers' price" to the seller, or the price determined as in (1) above less 7% when sold by a "chain store" or other direct buyer except a "mail order house."

(3) 135% of the "manufacturer's price" to the mail order house when sold by a mail order house.

(b) The retail ceiling prices are for sales in all areas except the Mid-west and Far-west zones. The following differentials may be added to those retail ceiling prices when sold by a retailer in the Mid-west or Far-west zone:

(1) 3% of the retail price for sales in the Mid-west zone.

(2) 6% of the retail price for sales in the Far-west zone.

SEC. 5. *Distributor's ceiling prices.* Manufacturers, except in the case of bicycles sold only to another manufacturer or directly to mail order houses, chain stores, or dealers, are required to calculate distributors' ceiling prices in accordance with this section:

(a) A distributor's ceiling price for the sale of a bicycle to a dealer is the retail price of that bicycle in the zone in which the distributor is located less 25%.

SEC. 6. *Resellers' terms and discounts.* (a) Resellers' ceiling prices fixed by this section are subject to his cash discounts, delivery terms, allowances and other price differentials which he had in effect during March 1942, or which have been established under applicable OPA regulations.

(b) A reseller who did not sell articles covered by this order during March 1942, shall allow the same cash discounts, delivery terms, allowances and other price differentials which his closest competitive seller who did sell articles covered by this order during March 1942, is required to allow in accordance with the provisions of this order.

(c) A reseller who cannot ascertain his ceiling prices or the cash discounts, delivery terms, etc., which his nearest competitor is required to allow, shall apply to the nearest District Office of the Office of Price Administration for an order under this section establishing the ceiling prices or the conditions to which his ceiling prices are subject. Such application may be by letter and shall state the type of business he is operating (distributor, dealer), when he started to sell articles covered by this order and the class of purchasers to whom he sells. An order will be issued under this section establishing ceiling prices or terms, allowances and other price differentials and conditions of sale in line with the conditions of sale generally fixed by this order.

(d) If a reseller who did not sell articles covered by this order during March 1942 does not allow the same discounts, delivery terms and other price differentials allowed by his nearest competitor who did sell articles covered by this order during March 1942, or who does not file an application in accordance with the provisions of this section, or if he fails to provide any of the information required by this section, the Price Administrator may, on his own motion, issue orders under this section fixing ceiling prices, discounts, allowances and other price differentials in line with such ceiling prices and conditions of sale fixed by this order. Ceiling prices and conditions of sale so established will apply to all sales and deliveries made on and after May 21, 1946.

SEC. 7. *Retail ceiling tags.* (a) On and after June 21, 1946, unless otherwise authorized by order of the Office of Price Administration, a manufacturer may not ship to a distributor, a dealer, or a chain store, any bicycle covered by this order, unless a retail-ceiling price tag or label is attached to it. That tag or label shall state: The manufacturer's name or the brand name; the model designation of the article; the retail ceiling price in each zone, and that the tag or label may not be removed before the article is delivered to the consumer.

However, a manufacturer is not required to comply with the foregoing tagging provision with respect to articles which are shipped to mail order houses (including mail order houses which also operate as any other type of retailer) or with respect to articles which are shipped for export.

(b) On and after June 21, 1946, no person may display, offer for sale, sell or deliver at retail a bicycle which is required to be tagged or labelled in accordance with the provisions of paragraph (a) of this section, except that mail order houses are not required to comply with this provision, with respect to those articles for which a price no higher than their retail ceiling price is published in their current catalog or price list.

All sellers who receive "untagged" a bicycle which the manufacturer is required to tag with the retail ceiling price, must tag is with the proper retail ceiling price before it is displayed, offered for sale, sold or delivered at retail.

SEC. 8. *Notification.* At the time of, or prior to, the first invoice to a purchaser for resale of a bicycle covered by this order, each manufacturer and distributor shall notify purchasers for resale of the ceiling prices fixed under this order for resellers. These notices may be given in any convenient form.

Section 1499.159d of Maximum Price Regulation No. 188 requires manufacturers to file with the Office of Price Administration 3 copies of each new price list or catalog which is issued to the trade. The manufacturer shall file 2 copies with the District Office of the Office of Price Administration having jurisdiction over the area in which his principal place of business is located and one copy with the Housewares and Accessories Price Branch, Office of Price Administration, Washington 25, D. C.

SEC. 9. *Division of ceiling prices by order.* Any ceiling prices reported or established under this order may at any time be disapproved or revised when it appears that those ceiling prices are not in line with the general level of ceiling prices established by this order. In such instances the Office of Price Administration may, on its own motion, issue an order under this section establishing ceiling prices in line with the general level of ceiling prices established by this order.

SEC. 10. *Credit charges on dealers' sales.* Charges for the extension of credit may be added to the retail ceiling prices established by this order or by any order issued under this order unless otherwise provided. No such credit charge may exceed that permitted by this section.

(a) Dealers who is March 1942 collected a separately stated additional charge for the extension of credit on sales of articles covered by this order may collect a charge for the extension of credit on sales under this order, not exceeding such charge in March 1942 on a similar sale on similar terms to the same class of purchaser. Dealers who did not then so state and collect a charge for the extension of credit only on installment plan sales; and the charge shall not exceed the separately stated additional charge collected for the extension of credit on a similar sale on similar terms to the same class of purchaser in March 1942 by dealer's closest competitor who made such a separately stated charge.

An installment plan sale as used in the above paragraph means a sale where the unpaid balances is to be paid in installments over a period of either (1) six weeks or more from the date of sale in the case of weekly installments, or (2) eight weeks or more in the case of other than weekly installments.

(b) All charges for the extension of credit shall be quoted and stated separately. Any charge which is not quoted and stated separately or which otherwise does not conform to this section, shall for the purpose of this order, be considered to be part of the price charged for the article sold.

(c) No dealer may require as a condition of sale that the purchaser must buy on credit.

SEC. 11. *Relationship between this order and other regulations.* The provisions of this order supersede the provisions of the General Maximum Price Regulation, of Maximum Price Regulation No. 188, and of any other orders previously issued under those regulations except order No. 3145 under MPR 188 to the extent that they are inconsistent with the provisions of those regulations.

SEC. 12. *Revocation of certain ceiling prices.* Regardless of any provisions of the General Maximum Price Regulation, Maximum Price Regulation No. 188, or any approval or order obtained or issued thereunder by the Office of Price Administration, all ceiling prices heretofore or hereafter established by any seller under those regulations or orders for sales of bicycles do not apply to any sales or deliveries made after June 21, 1946, except prices established by Order No. 3145 under MPR 188 and those manufacturers' ceiling prices continued in effect by section 3 of this order.

In addition, all resellers' ceiling prices approved or established by orders at any time under Supplementary Order No. 118, Revised Supplementary Order No. 119, Supplementary Order No. 133, Supplementary Order No. 148 or Supplementary Order 153 for sales of bicycles, shall not apply to any articles which are delivered by the manufacturer on or after May 21, 1946. Resellers' ceiling prices for such articles shall be determined in accordance with the provision of this order.

SEC. 13. *Compliance with this order*—(a) *No buying or selling at over ceiling prices.* Prices established by this order are ceiling prices. Prices lower than ceiling prices may be charged and collected at any time. However, regardless of any contract or other obligation, no person shall sell, offer to sell, or deliver, and in the course of trade or business, no person shall purchase or accept delivery of any article at a price higher than the ceiling price fixed by this order or before the manufacturer has properly determined his ceiling price under this order.

If, in violation of this provision, a sale, offer to sell, or delivery of any article is made before its ceiling price has been properly established in accordance with this order, the ceiling price applicable to the sale, offer to sell, or delivery shall be the correct ceiling price for the article properly determined in accordance with this order.

(b) *Certain practices forbidden.* It shall be a violation of this order to charge a price above the applicable ceiling price in connection with any sale of an article, either alone or in conjunction with any other consideration, even though the price increase appears only indirectly.

The following is illustrative of the things a seller is not permitted to do. A seller is not permitted to require the purchaser, as a condition of the sale or transfer of a bicycle, to make payment over a period of time; to require him to finance the purchaser through any particular lending agency; to require him to purchase any equipment, accessories, repairs, parts or services so as to increase the total compensation above the article's ceiling price; to require him to purchase any other commodity or service; or to require him to make payment in whole or in part by exchanging, transferring, or trading in any other article. Where there is an exchange, transfer or trade-in in connection with a sale, it is a violation for the seller to give the purchaser an allowance for the article exchanged, transferred or traded-in, which is less than its reasonable value.

SEC. 14. *Definitions.* Unless otherwise defined herein or the context requires otherwise, the definitions contained in § 1499.20 of the General Maximum Price Regulation and § 1499.163 of Maximum Price Regulation No. 188, whichever is applicable, shall apply to all terms used herein.

SEC. 15. *Modification of the provisions of this order.* The provisions of this order, as applicable to articles or persons subject hereto, may be modified by orders of general applicability issued under this section.

SEC. 16. *Delegation of authority.* Any Regional Administrator or District Administrator authorized by the appropriate Regional Administrator may issue orders under section 6 of this order.

Effective date. This order shall become effective on the 21st day of May 1946.

NOTE: All reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 21st day of May 1946.

Administrator.

BOILERS, BOILER REPAIR PARTS AND BOILER JACKETS

MODIFICATION OF MAXIMUM PRICES

An opinion accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Order No. 1 under section 22 of Maximum Price Regulation No. 591 is amended by adding a new section to read as follows:

SEC. 9.2 *Cast-iron gas fired heating boilers, cast-iron hot water supply boilers, cast iron heating boiler repair parts and boiler jackets*—(a) *Scope of this section.* This section applies to all manufacturers and resellers of cast-iron gas fired heating boilers, cast-iron hot water supply boilers, and cast-iron heating boiler repair parts for any heating boiler regardless of type of fuel used, and boiler jackets.

(b) *Manufacturers' maximum prices.* Notwithstanding the provisions of any other section of this regulation, manufacturers of the products set forth in (a) above may increase their October 1, 1941 maximum net prices to each class of purchaser by 27½ percent.

(c) *Optional use of this section.* Since the provisions of this section are not intended to reduce properly established maximum prices, any manufacturer whose price in effect to each class of purchaser on October 1, 1941, plus the increase provided for under (b) above is less than his maximum price properly established under Maximum Price Regulation No. 591, may continue to use as his maximum price the maximum price properly established under that regulation.

(d) *Manufacturers' increase for items not having an October 1, 1941 price.* A manufacturer may not increase his properly established maximum price for any of the commodities set forth in (b) above for which he does not have an October 1, 1941, price without specific authorization from the Office of Price Administration.

A manufacturer desiring to modify his properly established maximum price for which he does not have an October 1, 1941 price, shall file an application for such modification of his maximum price to reflect the increase obtained by other manufacturers for similar articles under (b) above, setting forth the following:

(1) Full description of the item. Cuts or detailed sketches should be supplied.

(2) Established maximum price for the item and the section and regulation under which the maximum price was established.

(3) If possible, the names of competitors marketing similar items for which they had October 1, 1941 prices.

Such applications should be filed with the Prefabrication and Building Equipment Price Branch, Office of Price Administration, Washington 25, D. C.

(e) *Resellers' maximum prices.* On and after May 21, 1946, the maximum price for the sale by a reseller of any cast-iron boiler covered by this regulation shall be determined by increasing his maximum price in effect to each class of purchaser on May 20, 1946, by the percentage amount by which the manufacturer of the boiler has increased his maximum price pursuant to paragraph (b) above.

(f) *Notification by manufacturer.* Any manufacturer modifying his maximum price in accordance with the provisions of this section shall notify each of his purchasers, in writing, at or before the issuance of the first invoice at the adjusted price of either the percentage by which he has increased his net price for the commodity or of the increase in list price which remains subject to the functional discounts in effect to each class of purchaser during March 1942.

(g) *Reporting provisions; manufacturers.* Any manufacturer who increases his maximum price as permitted under this section shall within 10 days after such a price has been increased, submit to the Prefabrication and Building Equipment Price Branch, Office of Price Administration, Washington 25, D. C., a report stating the following:

(1) Plate number or other identification for each commodity whose price has been increased.

(2) Its maximum price in effect just prior to the increase authorized by this amendment.

(3) Its maximum price in accordance with this section.

(4) The percentage increase in net prices for the commodity or the new list prices and the functional discounts to each class of purchaser, whichever method used in effecting the increase pursuant to this section.

This amendment shall become effective May 21, 1946.

NOTE: The reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 21st day of May 1946.

[RMPR 86, Order 61]

EXCEL FOUNDRY AND MACHINE CO.

APPROVAL OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to sections 9 and 14 of Revised Maximum Price Regulation No. 86; *It is ordered:*

(a) This order establishes ceiling prices for sales of the Model "WAE" washing machine with pump manufactured by the Excel Foundry and Machine Company of Fall River, Massachusetts. The ceiling prices established include the additional OPA industry adjustment and are not, therefore, subject to any further increase under Revised Maximum Price Regulation No. 86.

(1) The manufacturer's ceiling price for sales of the model "WAE" washing machine, with pump, to distributors is $69.00 each. This ceiling price is f. o. b. factory.

(2) Distributors' ceiling prices for sales in each zone of the model "WAE" washing machine with pump to dealers are as follows:

Model	Ceiling price for sales to dealers—		
	Zone 1	Zone 2	Zone 3
"WAE" with pump.....	$82.66	$86.30	$88.30

These ceiling prices are subject to each seller's customary terms, discounts, allowances, and other price differentials in effect on sales of similar articles.

(3) The ceiling price in each zone for sales of the model "WAE" washing machine with pump by dealers to ultimate consumers is as follows:

Model	Ceiling price for sales to ultimate consumers—		
	Zone 1	Zone 2	Zone 3
"WAE" with pump....	$124.95	$130.75	$133.75

These ceiling prices are subject to each seller's customary terms, discounts, allowances and other price differential in effect on sales of similar articles.

(b) For purposes of this order Zones 1, 2 and 3 comprise the following states:

Zone 1. Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Delaware, Pennsylvania, Maryland, Virginia, West Virginia, North Carolina, Kentucky, Ohio, Michigan, Indiana, Wisconsin, Illinois, and the District of Columbia.

Zone 2. North Dakota, Minnesota, South Dakota, Nebraska, Iowa, Kansas, Missouri, Arkansas, Tennessee, Mississippi, Alabama, South Carolina, Florida, Louisiana, Georgia.

Zone 3. Montana, Wyoming, Colorado, Oklahoma, Texas, New Mexico, Arizona, Utah, Idaho, Washington, Oregon, California, Nevada.

(c) At the time of, or prior to the first invoice to each distributor the manufacturer shall notify him of the ceiling prices established by this order for resales by distributors. This notice may be given in any convenient form.

(d) All the provisions of Revised Maximum Price Regulation No. 86 continue to apply to all sales and deliveries of machines covered by this order, except to the extent that those provisions are modified by this order.

(e) Unless the context requires otherwise, the definitions set forth in the various sections of Revised Maximum Price Regulation No. 86 shall apply to the terms used herein.

(f) This order may be revoked or amended by the Price Administrator at any time.

(g) This order shall become effective May 21, 1946.

Issued this 21st day of May 1946.

[MPR 599, Order 19]

GENERAL MOTORS CORP.

APPROVAL OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 11 of Maximum Price Regulation No. 599, *It is ordered:*

(a) This order establishes ceiling prices for sales of automobile radios sold by the Chevrolet Motor Division of Gen-

eral Motors Corporation which are designed to be installed in motor cars of its manufacture.

(b) The ceiling prices for sales by the Chevrolet Motor Division of General Motors Corporation and its dealers of the radios listed below, are the prices set forth opposite each radio for sales to each class of purchaser under the terms and conditions of sale specified.

Article	Model No.	Ceiling prices for sales to—	
		Dealers	Consumers
Radio	985792	$18.77	$25.61
	985986	37.21	60.67

These ceiling prices are subject to the same terms and conditions of sale including provision for transportation charges to which ceiling prices of extra or optional equipment or accessories sold by the Chevrolet Motor Division of General Motors Corporation, are subject under the provisions of Maximum Price Regulation 594 and 453 and orders thereunder. If these regulations or orders do not expressly cover a particular type of sale, these ceiling prices are subject to the seller's customary terms, discounts, allowances and other price differentials for such a sale. These ceiling prices apply only to sales of these radios on an uninstalled basis and do not include the prices of any antenna.

(c) The ceiling prices fixed by this order are exclusive of Federal excise taxes. In addition to these ceiling prices each seller may collect the amount of the Federal excise taxes. State and local taxes may also be collected.

(d) Sellers of the radios covered by this order are not required to comply with the tagging requirements of Maximum Price Regulation No. 599, but at the time of or prior to the first invoice to a purchaser for resale of such radio the Chevrolet Motor Division of General Motors Corporation shall notify the purchaser of the ceiling prices, terms and conditions of sale established by this order.

(e) *Description.* (1) Radio, Model No. 985792 is a 5 tube, 1 band, battery power radio with a 5 inch Electric Magnetic Speaker, all in a steel case, 5½" x 6⅜" x 11", designed for installation in an automobile manufactured by the Chevrolet Motor Division of General Motors Corporation.

(2) Radio, Model No. 985986 is a 7 tube, 1 band, battery power radio with a 6" x 9" Electric Magnetic Speaker, all in a steel case, 9⅛" x 9½" x 11", designed for installation in an automobile manufactured by the Chevrolet Motor Division of General Motors Corporation.

This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 21st day of May 1946.

Issued this 21st day of May 1946.

[RMPR 165, Order 1 to Supp. Service Reg. 49]

AUTOMOTIVE SERVICES

ESTABLISHMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to § 1499.682 (i) of Supplementary Service Regulation No. 49 to RMPR 165, it is ordered:

(a) *What this order does.* This order authorizes sellers of automotive services subject to SSR 49 to establish their maximum service charges by multiplying their own maximum customer's hourly rate by the applicable labor times specified in the respective manuals or labor schedules set out in paragraph (b) hereof; *Provided*, That such sellers meet and comply with each and every condition specified in the "Notice" which is set out in full in Appendices A, B and C of this order. No manual or labor schedule shall be authorized for use under this order unless the "Notice" appears on the front page of such publication.

(b) *Manuals or labor schedules affected.* The manuals or labor schedules referred to in paragraph (a) are as follows:

1. Motor's Factory Flat Rate and Shop Manual, 1946 edition.
2. Chilton Flat Rate and Service Manual, 1946 edition.
3. Sectional Panel Flat Rate Supplement to the 1942 Chevrolet, Pontiac, Oldsmobile, Buick and Cadillac Service Flat Rate Manuals.

(c) Any seller of automotive services who is qualified to use any of the manuals or labor schedules specified in this order and elects to do so, must within 10 days of making such an election notify his local Price Board to that effect. Once a seller has made an election to use a particular manual or labor schedule, he must thereafter continue to use it for all services covered therein.

APPENDIX A

This is the "Notice" for Motor's Factory Flat Rate and Shop Manual, 1946 edition:

NOTICE

You are authorized by OPA to use this manual to arrive at your maximum labor charge for a given job.

IF—

(1) you use the conversion table on pages 708 and 709 and reduce the price listed here for that job to one based upon your own authorized customer's hourly rate if below $3.00,

and

(2) your present legal ceiling for that job is not a "fixed charge" which is lower than the price set for you by this Manual. (A fixed charge is a charge not computed on the basis of an hourly rate. Examples: Relining brakes on 1941 Blank Cars, $------. Quick tune-up, all Blank Models, $-------)

and

(3) on a towing charge, your present ceiling price is not lower than the price set for you by the use of the suggested schedule of towing prices on page 707 of this Manual,

and

(4) the supplementary statement which you file shows that the job is included among those jobs which you will hereafter price by the use of this Manual. (You must file with your local Price Control Board in accordance with section 14 of RMPR 165 your intention to use all or any part of this Manual for pricing purposes.)

Important. In case of any doubt about your ceiling prices, always consult your local OPA office.

APPENDIX B

This is the "Notice" for Chilton Flat Rate and Service Manual, 1946 edition:

NOTICE

Practically every automotive repair shop is covered by the provisions of OPA Regulation SSR 49, and must make a choice as to whether it will price under Appendix A or Appendix B of that regulation. If you have elected to price under Appendix A, you may not, by the use of this manual or otherwise, charge more for one of the 56 operations there listed, than the ceiling price established for you.

With this important exception you are authorized by OPA to use this manual to arrive at your labor charges for a given job.

IF—

(1) you use the conversion table on last page and reduce the price listed here for that job to one based upon your own authorized customer's hourly rate if below $3.00;

and

(2) you are now legally pricing that job by the use of a Chilton Manual, or on the basis of the mechanics actual time on the job;

and

(3) your present ceiling for that job is not a "fixed charge" which is lower than the price set for you by this Manual. (A "fixed charge" is a charge not computed on the basis of an hourly rate. Examples: Relining brakes on 1941 Blank Cars, $xxx. Quick tune-up, all Blank Models, $xxx.)

and

(4) the supplementary statement which you file shows that the job is included among those jobs which you will hereafter price by the use of this Manual. (You must file with your local Price Control Board in accordance with section 14 of RMPR 165 your intention to use all or any part of this Manual for pricing purposes.)

Important. In case of any doubt about your ceiling prices, always consult your local OPA Office.

APPENDIX C

This is the "Notice" for Sectional Panel Flat Rate Supplement to the 1942 Chevrolet, Pontiac, Oldsmobile, Buick, and Cadillac Flat Rate Manuals:

NOTICE

You are authorized by OPA to use this manual to arrive at your maximum labor charge for a given job.

IF—

(1) your present legal ceiling for that job is not a "fixed charge" which is lower than the price set for you by this Manual, (A fixed charge is a charge not computed on the basis of an hourly rate. Examples: Relining brakes on 1941 Blank Cars, $xxx. Quick tune-up, all Blank Models, $xxx.)

and

(2) the supplementary statement which you file shows that the job is included among those jobs which you will hereafter price by the use of this Manual. (You must file with your local Price Control Board in accordance with section 14 of RMPR 165 your intention to use all or any part of this Manual for pricing purposes.)

Important. In case of any doubt about your ceiling prices, always consult your local OPA office.

This order shall become effective on the 27th day of May 1946.

Issued this 22d day of May 1946.

Regional and District Office Orders.

[Region VI Order G-32 Under RMPR 122]

SOLID FUEL IN CHICAGO REGION

Pursuant to the authority vested in the Regional Administrator of Region VI by § 1340.260 of Revised Maximum Price Regulation No. 122, as amended, and for reasons stated in an opinion issued herewith, *It is ordered:*

(a) *What this order does.* This order continues in effect the 10¢ per net ton increase which is now established under the area pricing orders of Region VI of the Office of Price Administration issued under § 1340.260 of Revised Maximum Price Regulation No. 122 for delivered sales of solid fuel to persons other than resellers, and authorizes dealers to increase by 10¢ per ton their maximum prices for sales f. o. b. seller's facilities in less than railroad carlots to persons other than resellers.

(b) *Geographical applicability.* This order applies to all sales of solid fuels by dealers for delivery in less than railroad carlots to persons other than resellers within the areas covered by each area pricing order in Region VI, issued under § 1340.260 of Revised Maximum Price Regulation No. 122 which includes the States of Illinois, Iowa, Minnesota, Nebraska, North Dakota, South Dakota, Wisconsin, and Lake County, Indiana.

(c) *Price adjustments.* On all sales of solid fuel f. o. b. seller's facilities in less than railroad carlots to persons other than resellers, who are governed by maximum prices established by Region VI Orders Nos. G-1 to G-16 inclusive under Revised Maximum Price Regulation No. 122, and the appendix thereto, and any other Region VI area pricing orders issued under § 1340.260 of that regulation, dealers are hereby permitted to increase their maximum prices by 10 cents per net ton.

(d) This Order No. G-32 removes the April 30, 1946, termination date heretofore placed upon the 10¢ per ton increase, and shall remain in effect in each area covered by Region VI area pricing orders until such area order is amended to reflect the price increase permitted herein and to supersede this Order No. G-32.

(e) *Effect of order on Revised Maximum Price Regulation No. 122.* Insofar as any provision of this order may be inconsistent with any provision of Revised Maximum Price Regulation No. 122, as amended, the provisions contained in this order shall be controlling. Except as herein otherwise provided, the provisions of Revised Maximum Price Regulation No. 122, as amended, shall remain in full force and effect.

(f) This order may be revoked, amended or modified at any time.

This order shall become effective March 30, 1946.

Issued this 15th day of April 1946.

PLUMBING SERVICES AND INSTALLED PLUMBING AND HEATING FIXTURES IN JACKSON AND HINDS COUNTY, MISS.

For the reasons set forth in the accompanying opinion and under the authority conferred upon the Regional Administrator for Region IV of the Office of Price Administration by section 9 of Revised Maximum Price Regulation 251, *It is ordered:*

(1) That the Appendix to Order G–5 under section 9 of Revised Maximum Price Regulation 251, as issued by the Regional Administrator for Region IV of the Office of Price Administration on March 27, 1946, be stricken and the following Appendix inserted in lieu thereof.

APPENDIX

Maximum prices of plumbing services and sales of installed plumbing fixtures and materials. The maximum amount which may be charged for plumbing and allied services customarily performed in this area by plumbing contractors shall be the "Maximum hourly service rates" as provided in sub-paragraph (a) below, plus "the maximum prices of plumbing fixtures and materials", and "transportation charges" as set forth in sub-paragraphs (b), (c) and (d) below:

(a) *Maximum hourly service charge.* The maximum hourly labor charge for plumbing services shall be the straight time hourly rate set forth in Column A or the legal wages paid per hour multiplied by the mark-up in Column B whichever is lower, together with any applicable overtime:

Types of labor	Maximum hourly service rates	
	Column A: Straight time charges per hour	Column B [1]: Mark-up factor of legal wage rates paid
Master plumbers	2.25	1.42
Journeyman plumbers	2.25	1.42
Apprentice plumbers	1.25	1.42
Helpers or laborers	1.00	1.42

[1] In calculating the hourly service rate per hour in column B, the resulting figure may be rounded to the nearest 25 cents.
In no instance, however, shall the resulting figure be in excess of the amount in column A.

(b) *Maximum prices of plumbing and heating fixtures and materials*—(1) *Fixtures.* The maximum amount which may be charged for any fixture involved in the process of repairing or installing, as defined in this order, shall not exceed the invoiced cost f. o. b. Jackson, Mississippi, plus a mark-up not in excess of 50% on cost. Any fixture marked with a label containing the legal O. P. A. retail ceiling price, the seller must use this price in lieu of the 50% mark-up on cost.

(2) *Materials.* The maximum amount which may be charged for any materials involved in the process of repairing or installing, as defined in this order, shall not exceed the invoiced cost f. o. b. Jackson, Mississippi, plus a mark-up not in excess of 50% on cost. The maximum price for any "plumbing specialty", priced at less than $5.00, shall not exceed seller's present established price. All other "plumbing specialties" must be priced as "materials" under this order.

(c) *Maximum prices of sub-contracted work.* The maximum amount which may be charged for any necessary sub-contracted work such as sheet metal work, pipe covering, plastering, painting and electrical work, incidental to the installation or repair of plumbing or heating shall not exceed the actual cost of such sub-contracted work plus a mark-up not in excess of 20% on cost.

(d) *Transportation charges.* For jobs outside the city limits of Jackson, Mississippi, the seller may charge not more than 5¢ per mile for actual mileage to and from the job site, measured from the city limits.

Maximum prices of plumbing and heating services and sale of installed fixtures and materials in excess of $250.00. The maximum prices of plumbing and heating services and of installed fixtures and materials for any job in excess of $250.00 shall be calculated according to section 7 of Revised Maximum Price Regulation 251.

Except as otherwise provided herein, all the provisions of Order G–5 under section 9 of Revised Maximum Price Regulation 251 issued on March 27, 1946, shall remain in full force and effect.

This order may be revised, amended, revoked or modified at any time by the Office of Price Administration.

This order shall become effective May 6, 1946.

Issued May 1, 1946.

[Region VI Rev. Order G–1 Under Gen. Order 61]

USED LUMBER IN CHICAGO REGION

For the reasons set forth in the Opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region VI of the Office of Price Administration by General Order No. 61, It is hereby ordered:

Article I—Coverage of This Order

SECTION 1. *Products, transactions and area covered.* This order applies to sales or purchases by any person of the categories of used lumber for which maximum prices are established in the Appendices to this order, when made for delivery in Region VI of the Office of Price Administration, which is composed of the States of Illinois, Iowa, Minnesota, Nebraska, North Dakota, South Dakota, Wisconsin, and Lake County in the State of Indiana.

Where delivery is made in areas outside of those described in the attached Appendices and where no dollar and cents ceiling prices have been issued for such area under the authority of General Order 61, the maximum prices shall be those established for the area from which the stock is shipped. However, if an order has been issued under the authority of General Order 61 establishing dollar and cents ceiling prices for the area into which delivery is made, then the maximum prices shall be those established by such order.

The body of this order contains the general provisions which are applicable to all of the Appendices hereto. The special provisions and specific prices applicable in particular areas are set forth in Appendices hereto, each of which is issued as a part of this order. Insofar as any provisions contained in any Appendix may be inconsistent with any provision contained in the body of this order, the provision contained in the Appendix shall be controlling in the area governed by that Appendix. Where the applicable Appendix does not contain a maximum price for a kind of sale for a category of used lumber, the maximum price shall be determined by the appropriate provision of the applicable order or regulation issued by the Office of Price Administration.

Article II—Definitions

SEC. 2. *Used lumber.* Used lumber means lumber and lumber products which have been recovered from, and were at one time a part of, a building, structure or fabricated item made wholly or partially of lumber.

SEC. 3. *Categories of used lumber.* Maximum prices are established by this order for the categories of used lumber described below, including such lumber when run to standard or special patterns; but such descriptions are not intended to, and do not, include items customarily produced and sold as mouldings or millwork.

(a) *Boards.* Used lumber of less than 2" nominal thickness.

(b) *Dimension.* Used lumber of 2" nominal thickness.

(c) *Planks & small timbers.* Used lumber of over 2" and up to and including 4" nominal thickness and of 12" or less nominal width; also nominal thicknesses over 4" up to and including 6" in all nominal widths up to and including 8".

(d) *Large timbers.* Used lumber of nominal sizes larger than 6" x 8", also nominal thicknesses of more than 2" when wider than 12".

(e) *Flooring.* Used hardwood lumber surfaced to approximately $^{25}/_{32}$" thickness, and which has tongue and groove or other pattern commonly used for hardwood flooring.

(f) Scrap lumber is used lumber of any of the other categories described in this section which, because of defects in quality or deficiencies in size, does not meet the grade specifications in section 4.

SEC. 4. The following are the grades of used lumber for which maximum prices are established by this order:

(a) Standard grade (or prime grade) is used lumber in the form of boards, dimension, planks or timbers, which individually are at least 5 feet in length, generally free from loose or rotten knots, knot holes, and rot, and generally free from other defects which materially impair the strength of the pieces and will prevent its use for standard construction purposes. This grade may include pieces which are partly defective in some of the above respects provided at least two-thirds of each such piece is free from these defects in lengths of 5 feet or more and the aggregate footage containing such defects does not constitute more than 15 percent of the total footage in the individual sale. Standard grade (or prime grade) also includes used lumber from 4 feet in length to less than 5 feet in length which is 100 percent usable.

(b) Reclaimed hardwood flooring is used hardwood flooring of standard $^{25}/_{32}$" thickness, entirely free of nails or other foreign matter and with upper surface whole or free from voids or splits. A tolerance of $\frac{1}{8}$" in thickness will be permitted where flooring is worn or sanded. Not more than 25 percent of the tongue and not more than 25 percent of the lower surface representing the under part of the groove may be missing on any piece.

SEC. 5. *Person.* The term "person" includes any individual, corporation, partnership, association, or any other organized group of persons, or their legal successors or representatives; the United States, or any government, or any of its political subdivisions, or any agency of the foregoing.

SEC. 6. *Sale.* "Sale" includes a barter, exchange, lease, or transfer, and an agreement or offer to sell, barter, exchange, lease, or transfer.

SEC. 7. *Established yard.* Seller's established yard means premises occupied by the seller for the purpose of regularly and continually maintaining a stock of new and used lumber or used lumber alone customarily received from various unrelated sources of supply.

SEC. 8. *Other definitions.* (a) "Nominal thickness" or "nominal width" means the thickness or width of the piece before planing. Actual thickness or width after planing to produce an even and uniform surface is generally $\frac{1}{4}$" to $^{3}/_{8}$" less than nominal thickness or width.

(b) "Cleaned" means lumber free of nails, bolts, and other foreign material.

(c) A delivery shall be deemed to have been made by the seller:

(1) For a sale F. O. B. dealer's yard or F. O. B. wrecking site, when the used lumber is loaded at the yard or wrecking site into a conveyance or carrier owned, controlled or hired by such purchaser.

(2) For a sale delivered to a location designated by the purchaser, when the used lumber is shipped by conveyance or carrier owned, controlled or hired by the seller and unloaded at the purchaser's designated site.

Article III—Specific Requirements

SEC. 9. *Posting ceiling prices.* Every person selling used lumber for delivery in, or from stocks located in the area covered by this order shall obtain from the Office of Price Administration at least two copies of each Appendix applicable to the geographical areas in which the seller sells used lumber covered by this order. One copy of each Appendix applicable to sales made by the seller must be posted and maintained in a prominent place at or near each location in the area where used lumber is offered for sale, in such manner that it can be easily read, and that purchasers can approach it within a distance of two feet. One other copy must be kept available so that it may be shown to and read by any customer at his request.

SEC. 10. *Sales slips and receipts.* Where a sale of used lumber is covered by this order and the total price of the sale is $5.00 or more, the seller shall, regardless of his previous practice and whether or not requested by the buyer give to such buyer a sales slip, bill, receipt, or other written evidence of the sale, setting forth the following:

1. Name and address of seller.
2. Buyer's name.
3. Place of delivery.
4. Location from which stock is sold (seller's yard or site other than seller's yard).
5. Description of items sold and itemized prices (in terms of categories, grades, lengths, quantities and any other specification affecting the price).
6. Total price.
7. Additions (for delivery or other extra).

SEC. 11. *Records and reports.* Every person who makes a sale of used lumber shall keep a record of such sale showing the name of the buyer and place of delivery, date of the sale, the grades sold, the quantities sold and the price charged in the same detail as required in section 10. Such records shall be kept for a period of 2 years or for the duration of the Emergency Price Control Act of 1942, as amended, whichever be the shorter.

Article IV—Prohibited Practices and Penalties

SEC. 12. *Sales of used lumber at higher than maximum prices prohibited.* (a) On and after the effective date of this order, regardless of any contract or obligation, no person shall make a sale, or delivery of used lumber of the varieties covered by this order and no person shall buy or receive such used lumber under a sale, at prices higher than the maximum prices fixed by this order; and no person shall agree, offer, or attempt to do any of these things.

(b) Prices lower than the maximum prices may, of course, be charged and paid.

SEC. 13. *Prohibited practices.* Any practice which is designed to get the effect of a higher than ceiling price is as much a violation of this order as a direct over-the-ceiling charge. Such practices include, but are not limited to, the following:

(a) Getting the effect of a higher price by changing the credit practices from what they were in March, 1942. This includes decreasing credit periods, or making greater charges for extension of credit.

(b) Refusing to sell except in small quantities, or with or without delivery under circumstances which bring the seller an extra return.

(c) Wrongly grading used lumber for which maximum prices are fixed in this order; or incorrectly or incompletely recording the information required by section 10 to be set forth on the sales slip, receipt or other evidence of sale.

(d) Quoting a gross price above the maximum price, even if accompanied by a discount the effect of which is to bring the net price below the maximum.

(e) Charging, paying, or receiving a commission for the service of procuring, buying, selling, or locating used lumber covered by this order, or for any related service which does not involve actual physical handling of used lumber, if the commission plus the purchase price results in a total payment by the buyer for such used lumber which is higher than the maximum price permitted by this order. For the purpose of this order, a commission is any compensation, however designated, which is paid, wholly or in part, for the procurement of lumber, and which is based directly or indirectly on the quantity, price or value of the lumber in connection with which the service is rendered.

SEC. 14. *Penalties.* (a) Any person violating any provision of this order is subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspension of license provided for in the Emergency Price Control Act of 1942, as amended.

(b) Any person making a sale of used lumber covered by this order for which the total price is higher than $5.00 and who either fails to give the buyer a sales slip, paid bill, receipt, or other evidence of sale, or although such document is given, fails to set forth in it the information required to be set forth by section 10 (so that a determination can be made as to whether or not the price charged was proper), shall be limited to making a charge of $5.00 pr M'BM for all lumber delivered under such sale. The application or enforcement of this provision to a sale or against a seller shall not exclude the application or enforcement of the penalties provided in Paragraph (a) of this section.

Article V—Maximum Prices

SEC. 15. Ceiling prices for any category of used lumber for which maximum prices are not fixed in this order are subject to the General Maximum Price Regulation.

SEC. 16. *Maximum prices.* The maximum prices set forth in the Appendices attached hereto shall apply to all sales of used lumber of the categories covered by this order, when the used lumber, at the time the order is taken, is part of a stock at the seller's established yard, or is located at a wrecking site and delivery is made either at the yard or wrecking site or by truck or other conveyance within the area defined in section 1, above.

SEC. 17. *Additions for delivery.* (a) If the buyer requests delivery within a free delivery zone which the seller recognized during March 1942, the seller may not charge for making the delivery.

(b) If the buyer requests delivery outside the free delivery zone which the seller recognized during March 1942, the seller may add a charge for delivery as follows:

(1) Where delivery is by common or contract carrier, the actual amount paid to the carrier by the seller may be charged.

(2) Where delivery up to 100 miles is by truck owned or controlled by the seller, the amount added for delivery may not be higher than 10 cents per M'BM for each mile to place of delivery but not for any part of the return trip. When truck delivery over 100 miles is to be made, the addition may not be more than 10 cents per M'BM for each mile from the point of origin to the nearest possible point of rail loading-out plus the amount of rail transportation from there to destination.

(3) A minimum charge of 75 cents may be made on any delivery where the permissible charges do not amount to 75 cents.

(c) If the buyer elects to take delivery at the site of the lumber or at the seller's established yard, no reduction in price shall be required for that reason.

SEC. 18. *Revocation of Order No. G–1 under General Order No. 61.* This order specifically revokes and supersedes in its entirety Order No. G–1 issued December 20, 1945, including Appendices attached thereto under the authority of General Order No. 61.

This order may be amended, modified, or revoked at any time.

Issued this 20th day of March 1946.

This order shall become effective April 10, 1946.

R. E. WALTERS,
Regional Administrator.

APPENDIX A

USED LUMBER—LEGAL MAXIMUM PRICES PER THOUSAND BOARD FEET

When sold for delivery in the following area: In the counties of Cook, Du Page, Kane, Lake, McHenry, and Will in the State of Illinois, in the county of Milwaukee in the State of Wisconsin, in Lake County in the State of Indiana, and in the counties of Hennepin and Ramsey in the State of Minnesota.

Board, Dimension, Planks, and Timbers

[When cleaned of nails, bolts and other foreign material]

	4 feet to 20 feet long	Over 20 feet
Standard grade—cleaned: [1]		
Boards (all widths less than 2" nominal thickness)	$45.00	$47.00
Dimension (all widths 2" nominal thickness)	48.00	50.00
Planks and small timbers (over 2" up to 4" nominal thickness, 12" or less nominal width; also nominal thicknesses over 4" up to and including 6" in all nominal widths up to and including 8")	48.00	52.00
Large timbers (nominal sizes larger than 6" x 8"—also 2" when wider than 12")	50.00	55.00
Standard grade—not cleaned: [1]		
Boards (as described above)	35.00	37.00

Large timbers (as described above)	40.00	45.00

Reclaimed Hardwood Flooring [1]

Per thousand board feet $90.00

Above prices apply when sold f. o. b. seller's yard or delivered within seller's free delivery zone.

For sales amounting in total for all items of less than $10.00, the prices may be increased by 10 percent.

Deduct $4.00 per thousand from above prices when sold f. o. b. wrecking site.

Scrap lumber: Maximum price is $5.00 per thousand board feet when sold for delivery either at the yard or the wrecking site.

[1] Standard grade (or prime grade) is used lumber in the form of boards, dimension, planks or timbers, which individually are at least 5 feet in length, generally free from loose or rotten knots, knot holes, and rot, and generally free from other defects which materially impair the strength of the pieces and will prevent its use for standard construction purposes. This grade may include pieces which are partly defective in some of the above respects provided at least two-thirds of each such piece is free from these defects in lengths of 5 feet or more and the aggregate footage containing such defects does not constitute more than 15 percent of the total footage in the individual sale. Standard grade (or prime grade) also includes used lumber from 4 feet in length to less than 5 feet in length which is 100 percent usable.

[2] Reclaimed hardwood flooring is used flooring of standard $2\frac{25}{32}$" thickness, entirely free of nails or other foreign matter and with upper surface whole or free from voids or splits. A tolerance of $\frac{1}{16}$" in thickness will be permitted where flooring is worn or sanded. Not more than 25 percent of the tongue and not more than 25 percent of the lower surface representing the under part of the groove may be missing on any piece.

[Region VI Order G–116 Under 18 (c)]

TRANSPORTATION OF MILK IN SOUTHERN ILLINOIS

For the reasons set forth in the opinion issued simultaneously herewith and under the authority vested in the Regional Administrator for Region VI of the Office of Price Administration by § 1499.18 (c) of the General Maximum Price Regulation, it is hereby ordered:

(a) *Effect of this order.* This order adjusts maximum rates for deliveries of fluid milk by for-hire carriers from producers' farms or loading platforms to dairies, milk processing plants, milk receiving stations or other concentration points located within the area comprising the counties of Adams, Pike, Greene, Macoupin, Montgomery, Christian, Shelby, Moultrie, Cumberland, Clark and all counties south thereof within the State of Illinois, as well as from producers' farms and loading platforms within this area to points of concentration within the States of Missouri, Kentucky and Indiana.

(b) *Maximum rates.* The maximum rate that may be charged by any for-hire carrier of milk who is subject to this Order No. G–116 for a transportation service covered hereby shall be the higher of the following:

(1) The legal maximum rate existing on April 30, 1946, or

(2) The maximum rate per cwt. established under section 2 of the General Maximum Price Regulation plus 5¢ per cwt.: *Provided, however,*

(i) That such sum may in no event exceed 40¢ per cwt.,

(ii) That to the extent that application of this subparagraph (2) authorizes an increase in any maximum rate existing on April 30, 1946, no processor shall pay a greater proportion of such increase than the proportion of the total transportation charge borne by him for the same service during January 1943, and

(iii) That in no event shall the processor pay a greater increase than 2½¢ per cwt.

(c) A "for-hire" carrier of milk is one who, for a compensation paid by the persons he serves, transports fluid milk by wagon or by motor vehicle, (other than a tank wagon or tank truck), and has no financial interest in such milk. Hence, the term does not apply to milk processors who transport, in their own conveyances, milk to which they have acquired title.

(d) Lower prices for any service covered by the instant order may be charged, offered, demanded or paid.

This order shall become effective on the first day of May 1946, but it may be amended, revised or revoked at any time.

Issued this 25th day of April 1946.

[Region VII Order G–22 Under Gen. Order 68]

BUILDING AND CONSTRUCTION MATERIALS IN TWIN FALLS, IDAHO, AREA

Order No. G–22 under General Order No. 68. Maximum prices for retail sales of certain building and construction materials in the Twin Falls, Idaho, Area, Docket No. 7–GO 68–22.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to the provisions of General Order 68, it is hereby ordered:

SECTION 1. *What this order does.* This Order No. G–22 under General Order 68 covers all retail sales by any seller, located in the Twin Falls, Idaho area, herein designated as Idaho Building Materials Area No. 4, of the specified building and construction materials listed in the tables annexed to and incorporated herein. The Twin Falls, Idaho area, for the purposes of this order includes all of the City of Twin Falls, Idaho, and all of Twin Falls County, Idaho.

SEC. 2. *Definitions.* For the purposes of this order,

(a) "Retail sale" means a sale to an ultimate user or to a purchaser for resale on an installed basis.

(b) "Delivered sale" means the sale of any quantity of the building and construction materials covered by this order, delivered to any point designated by the purchaser.

(c) "Yard sale" means the sale of any quantity of the building and construction materials covered by this order delivered to the purchaser at the seller's yard, store or warehouse.

(d) "Building and construction materials" means the masonry, gypsum, and metal lath, insulation and wallboard, roofing and siding, and metal products materials, as set forth in the annexed price tables incorporated in this order.

SEC. 3. *Relation to other regulations.* The maximum prices established by this Order No. G–22 supersede any maximum

prices or pricing method previously established by any other regulation or order covering the commodities listed in the tables annexed to and incorporated herein. Except to the extent that they are inconsistent with the provisions of this order, all other provisions of the General Maximum Price Regulation or other applicable regulation or order shall continue to apply to retail sales covered by this order.

SEC. 4. *Authorized maximum prices.* Upon and after the effective date of this Order No. G–22, the maximum prices for the retail sales of the specified building and construction materials covered by this order shall be the prices listed in the tables annexed to and incorporated herein.

SEC. 5. *Delivery practices.* (a) Sales under this order may be made as yard sales or delivered sales. If the buyer requests delivery within a free delivery zone which the seller recognized during March 1942, the seller shall not charge for making the delivery.

(b) If the buyer requests delivery outside the free delivery zone which the seller recognized during March 1942 or if no free delivery zone was recognized by the seller in March 1942, the seller may make delivery charges not in excess of those made by him in March 1942 but if delivery is made by a common or contract carrier the seller shall not charge in excess of the actual freight paid.

(c) If the seller was not in business during March 1942, he may elect to establish a free delivery zone or to make delivery charges, or both, and any such delivery charges shall not be in excess of such charges made by his principal competitors in his community for delivery during March 1942, and subject to the limitations of this section.

(d) All additional charges for delivery shall be itemized separately on any sales slips furnished the buyer and record thereof shall be kept as required by Section 8 of this order.

SEC. 6. *Discounts and allowances.* Each seller, subject to this order, must maintain his customary terms, discounts, and allowances on sales to each class of purchaser which he had in effect during March 1942.

SEC. 7. *Availability of order.* Every seller making a sale covered by this order shall, if requested by the purchaser, make available to the purchaser for inspection a copy of this order. Copies for this purpose may be obtained from the office of the Regional Administrator or from the Boise District Office of the Office of Price Administration.

SEC. 8. *Sales slips and records.* (a) Every seller covered by this order who has customarily given his customers a sales slip or other evidence of purchase must continue to do so. Upon request from a customer such seller, regardless of previous custom, shall give the purchaser a receipt showing the date, name and address of the seller and the purchaser, a description and the quantity of each item sold and the price received for it. If he customarily prepared his sales slips in more than one copy he must keep a duplicate copy of each sales slip delivered by him pursuant to this section. Such sales slips and records required to be kept by subsection (b) of this section shall be kept at the seller's principal place of business in the area and shall be made available for inspection by representatives of the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(b) Each seller making a sale of $10.00 or more, regardless of previous custom, must keep and retain at his principal place of business in the area covered by this order, records concerning each such sale covered by this order showing at least the following:

1. Name and address of buyer.
2. Date of transaction.
3. Place of delivery.
4. Complete description and quantity of each item sold and the price charged.
5. Any additional charges for delivery.

SEC. 9. *Prohibitions against sales at higher than maximum prices.* On and after the effective date of this order, regardless of any contract or other obligation, no person shall sell or offer to sell building or construction materials covered by this order at prices higher than the maximum prices established by this order.

SEC. 10. *Evasions.* (a) Any practice, scheme or device which results in a higher price to the purchaser of the specified commodities covered by this order than is permitted by this order shall be deemed to be a violation of this order and shall subject the seller to all the civil liabilities and the criminal penalties provided by the Emergency Price Control Act of 1942, as amended and extended.

(b) No seller shall as a part of the consideration or as a condition of a sale of the specified commodities covered by this order, secretly or otherwise receive, either directly or indirectly, any side payment, commission, fee, consideration or other thing of value whatsoever nor shall the seller, either directly or indirectly acquire or receive in addition to the maximum prices established by this order the benefit of any services, transportation agreements or other valuable thing, material or property.

(c) No seller shall eliminate or reduce in any form or manner any discount or allowance customarily offered in connection with the sale of the specified commodities covered by this order nor shall the seller lower the quality thereof below that called for by the specifications or agreement with respect to the sale of the specified commodities covered by this order nor shall the seller in any manner make a delivery charge in excess of the amount provided in section 5 of the order.

(d) No seller shall by any of the foregoing plans, schemes or devices, or by any other plan, scheme or device receive or acquire or attempt to receive or acquire anything of value, service, valuable right, property or property right, money or other consideration whatsoever in addition to the maximum prices established in this order for the sale of the specified commodities covered by this order.

SEC. 11. *Less than maximum prices.* Prices lower than the maximum prices for sales covered by this order may, of course, be charged and paid.

SEC. 12. *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this order. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 13. *Revocation or amendment.* This order may be revoked, modified or amended at any time by the Price Administrator or by the Regional Administrator.

This Order No. G–22 shall become effective May 13, 1946.

Issued this 26th day of April 1946.

RICHARD Y. BATTERTON,
Regional Administrator.

[Region VIII Order G–27 Under SO 94]

SURPLUS FROM GOVERNMENT HOUSING PROJECT IN HANFORD, WASH.

For the reasons set forth in an accompanying opinion and pursuant to the authority conferred upon the Regional Administrator by sections 11 and 13 of Supplementary Order No. 94, it is ordered as follows:

(a) *Sales at retail.* The maximum price at which any person may sell or deliver at retail millwork, electrical fixtures, wiring, and equipment, and hardware and building materials, acquired by the Mohawk Wrecking Company from the housing project owned by the United States Government at Hanford, Washington, shall be 75% of the "catalog price."

The "catalog price" is the lowest price stated in one of the following catalogs for an article the same as that being sold or, if none, for the most nearly similar article:

For millwork: Stock Millwork Catalog No. 39, published by Dempsey, Kimsey, and Downs, Portland, Oregon;
For electrical fixtures, wiring, and equipment: Westinghouse Electric Supply Company Catalog No. 82, or General Electric Supply Corporation Catalog No. 82–WP;
For hardware and building materials: Those catalogs in effect as of the date of issuance of this order and published by Jensen-Byrd Company, Spokane, Washington, or by the Building Supply Company, Incorporated, Spokane, Washington.

(b) *Sales other than at retail.* The maximum price at which any person may sell or deliver other than at retail any of the articles described in paragraph (a) shall be the price therein provided for sales at retail less discounts, as follows:

Item	Discounts	
	Sales to retailers	Sales to all others, including wholesalers
	Percent	*Percent*
Millwork	30	30 and 20
Electrical fixtures and wiring	40	40 and 33⅓
Hardware and building materials	30	30 and 20

(c) *Notification of purchasers.* The Mohawk Wrecking Company shall attach a tag to each article covered by this order, the maximum price of which for sales to wholesalers is 25 cents or more, showing the maximum retail price applicable to such article under this order. Each seller, when making a sale other than to an ultimate consumer, shall notify the purchaser in writing, on the invoice or otherwise, of the maximum retail price. In the absence of such tagging or notification, the maximum price applicable to any sale shall be the lowest price provided by this order.

(d) *Definitions.* (1) "Sale at retail" means a sale to an ultimate user other than an industrial or commercial user.

(2) "Retailer" means a seller the major part of whose business consists of sales at retail. For the purposes of this order, "retailer" shall also include industrial and commercial users.

(e) All prices stated herein are f. o. b. seller's place of business.

(f) This order shall become effective April 26, 1946, and shall continue in effect until the sales for which maximum prices are herein established shall be made subject to an order issued by the National Office of the Office of Price Administration.

(g) This order may be amended, corrected, or revoked at any time.

Issued this 26th day of April 1946.

BEN C. DUNIWAY,
Regional Administrator.

PAINTING AND PAPERHANGING SERVICES IN ANCHORAGE, ALASKA, AREA

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Alaska Director of the Office of Price Administration by section 9 of Revised Maximum Price Regulation 251, and Delegation Order No. 5, it is ordered:

SECTION 1. *What this order covers.* (a) This order establishes maximum prices for all painting and paperhanging services performed in connection with premises located within the Anchorage area.

(b) The Anchorage area means any point within the city limits of Anchorage or any point within seventy-five miles radius therefrom.

SEC. 2. *Relation to Revised Maximum Price Regulation 251.* Except as otherwise provided in this order, this order supersedes sections 6, 7 and 8 of Revised Maximum Price Regulation 251 with respect to sales covered by this order. Except to the extent they are inconsistent with the provisions of this order, however, all other sections of Revised Maximum Price Regulation No. 251, together with all amendments thereto, that have been or may be issued, shall apply to sales covered by this order.

SEC. 3. *Maximum prices.* (a) The maximum hourly rate for any seller of the services covered by this order shall not exceed $2.50 per hour for each employee. If the seller performs some of the productive work himself he shall not charge in excess of such hourly rate for his own services. The seller may not levy any charges for time preparing samples, making estimates and collections, and other services considered as items of general overhead or job expense.

(b) *Measurement of hours.* The total number of hours per workman chargeable against any job is to be computed from the time such workman leaves the seller's shop or the previous job (whichever is later) until he completes the job (if he proceeds to another job) or until he returns to the shop (if he proceeds there directly), excluding, however, any stops or delays in transit. The hours for which charges are made shall not exceed those shown in the seller's payroll nor those shown on any records or invoices which this order may require the seller to prepare, issue, or keep.

(c) *Overtime work.* May be charged for at the rate of one and one-half times the rate provided above, but only if performed at the customer's request and only if the employee (if any) is paid on an overtime basis, and only if the work is performed on Saturday, Sunday, a legal holiday, or after the performance of eight hours of straight time work on a given day and before 8:00 a. m. of the following day.

(d) *Minimum charge.* If a job requires less than one man-hour there may be collected a minimum charge equal to the rate for one hour.

(e) *Materials.* The maximum price of any materials used shall be the maximum price provided by the appropriate maximum price regulation for sales of such materials at retail. Any unused materials charged to the customer shall become the property of the customer.

(f) *Definitions.* "Painting and paperhanging services" means the painting of any building, structure, or construction project, or any part, fixture, or equipment thereof, or the application of any wall paper or decorating or surface-finishing paper, or any paint, calcimine, shellac, varnish, or any other protective or ornamental coating thereto, and also includes all services incidental thereto, such as cleaning and preparation of surfaces, or cleaning of premises.

SEC. 4. *Lump sum price.* (1) A seller may offer to or make sales covered by this order on the basis of a lump sum price but such lump sum price must not be higher than the maximum price figured in accordance with the pricing methods and requirements of this order.

(2) *Recomputation.* Within 30 days from the completion of any service covered by this order for which a price was charged on the basis described in paragraph (1) above, the seller shall check his price by reviewing the categories and other factors used in his estimate on the basis of the actual services rendered and material furnished and shall determine whether the price quoted, charged or collected is higher than the maximum price computed under this order. In the event that the price quoted, charged or collected is higher than the maximum price computed under the terms of this order the seller shall reduce his price to the proper maximum price and shall refund to the buyer within such period of 30 days after the completion of the service any excess which may have been collected or, if no excess has been collected, then, by written notice to the buyer, shall cancel the indebtedness of the buyer for any such excess, or both, as the case may require. Such a charge or collection in an amount in excess of the maximum price properly computed in accordance with this order shall not be considered to be a violation of this order if the amount thereof is refunded or credited to the buyer in accordance with this paragraph.

SEC. 5. *Sales in excess of $200.00.* For any sale of services covered by this order where the maximum price computed under this order is $200.00 or more, the maximum price shall be the maximum price computed under sections 7 and 8 of Revised Maximum Price Regulation 251, or the maximum price computed under the provisions of this order, whichever is lower.

SEC. 6. *Sales not covered by this order.* If in connection with any sale covered by this order any sales of installed building materials or construction services are made for which maximum prices are not fixed by this order, such sales shall be separately priced and billed on all invoices and sales slips. The maximum prices for such other sales shall be computed under Revised Maximum Price Regulation 251 or other applicable regulation or area order.

SEC. 7. *Records.* Each seller must keep, at his place of business, available for inspection by representatives of the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, records concerning each sale covered by this order, showing the following:

1. Name and address of purchaser.
2. Location of premises.
3. Date of transaction.
4. An itemized description of the materials and services involved and the prices charged.
5. Copy of the invoice, if the invoice must be given under the Regulation.

SEC. 8. *Notification and invoices.* Each seller supplying services covered by this order shall, if requested by the purchaser, make available to the purchaser for inspection, a copy of this order and a copy of Revised Maximum Price Regulation 251. (Alternative provision where appropriate: Each seller covered by this order shall post, in a conspicuous place in his place of business, a list of the maximum prices fixed by this order for sales made by him.) Before final billing the seller shall furnish to each purchaser an invoice showing the following:

1. The names and addresses of the seller and the purchaser.
2. The location of the premises.
3. The date the work was completed.
4. An itemized description of the materials and services involved and the prices charged, with time charges itemized.

SEC. 9. *Amendment.* This order may be amended or revoked at any time by the Office of Price Administration.

This Order G–1 shall become effective May 5, 1946.

Issued this 3d day of May 1946.

WALTER E. WALSH,
Acting Alaska Director.

[Region II Adopting Order 1 Under Basic Order 3 Under RMPR 251]

INSTALLED INSULATION IN EXISTING STRUCTURES AND RELATED AND INCIDENTAL CONSTRUCTION WORK IN NEW YORK

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and under the authority vested in the Regional Administrator of Region 2 by the Emergency Price Control Act of 1942 as amended by section 9 of Revised Maximum Price Regulation 251 as amended and by Revised Procedural Regulation No. 1, which authority has been duly delegated by such Regional Administrator to the Assistant to the Regional Administrator in charge of the New York District Office, it is hereby ordered that:

SECTION 1. *What this order covers.* This adopting order under Basic Order No. 3 under section 9 to Revised Maximum Price Regulation No. 251 is amended, covers all sales of installed insulation and related and incidental construction work in existing structures in the area hereinafter described. All provisions of Basic Order No. 3 under section 9 of Revised Maximum Price Regulation No. 251 as amended are adopted in this order and are just as much a part of this order as if specifically set forth herein. If said Basic Order No. 3 is amended in any respect, the provisions of said order as amended, shall likewise without further action become part of this order. All persons subject to this adopting order are also subject to Basic Order No. 3 under section 9 of Revised Maximum Price Regulation No. 251 as amended, and should be familiar with the provisions of said basic order.

SEC. 2. *Territory covered by this order.* The geographical area covered by this order consists of the counties of Westchester, Bronx, New York, Kings, Queens, Nassau, Suffolk, and Richmond, all in the State of New York.

SEC. 3. *General provisions*—(1) *Related and incidental work.* The term "related and incidental" work, for the purposes of this order, shall mean any installation of building materials, or any work necessary for the actual installation of insulation and provided by the seller for which prices are not fixed by this order. Charges for such work shall be determined under RMPR–251, and shall be stated separately on all contracts or invoices.

(2) *Fire retarding.* Where fire retarding material and specified density are required by local building codes, or by any other local ordinance, the cost of doing this work shall be determined under RMPR–251.

(3) *Special insulation.* All types of insulation not expressly listed in the categories contained in this order, shall, for the purposes of this order, be treated as special insulation. Charges for such special insulation shall be determined under Revised Maximum Price Regulation 251, and such charges shall be separately stated on all contracts or invoices.

(4) *Bonded, tar, gravel and metal roofs.* Where it is necessary to preserve the guarantee of a bonded roof, the price of the opening and restoration of the roof to its original condition, in accordance with the guarantee, shall be determined under RMPR–251.

Where it is necessary to open a roof, the exterior of which is composed of tar, gravel, or metal the price of the opening and restoration of the roof to its original condition shall be determined under RMPR–251.

(5) *Access to areas to be insulated.* The maximum prices fixed by this order include scaffolding and other means for access commonly used by the industry for the installation of insulation.

Where unusual conditions are encountered which require special scaffolding or other special means of access to areas to be insulated, the price of this special work shall be determined under RMPR–251.

(6) *Retaining material.* The price of furnishing and installing retaining materials other than the three standard types specified in this order shall be determined under RMPR 251.

(7) *Finished flooring.* The term finished flooring shall mean flooring strip or parquet up to three and one-quarter inches (3¼") wide, and other achitecturally designed or antique flooring that has been sanded, filled, finished, waxed and pressure rubbed, or shellacked to form a finished product.

Where it is necessary to make openings in such floor for the insulation of areas under said floor, the price of the openings and restoration of the floor to its original condition shall be determined under RMPR–251.

(8) *Finished ceilings.* Where it is necessary to make openings in a ceiling, or overhang, finished with materials other than the three standard retaining materials specified in this order, for the insulation of areas above such ceiling, the price of the openings and restoration of the ceiling to its original condition shall be determined under RMPR–251.

(9) *Deliveries.* The maximum prices provided by this order shall apply to all installations of insulation made within a radius of ten miles of the seller's nearest place of business.

For installations of insulation at more distant points, one-half of one percent (½ of 1%) may be added to the total contract price for each mile in excess of 10 miles from the seller's nearest place of business.

SEC. 4. *Maximum prices.* The maximum prices for all sales of installed insulation in existing structures in the area covered by this order are set forth in Schedule A hereto annexed and made a part of this order. The prices fixed in this order apply to all sales in the area covered by this order regardless of the location of the seller's place of business.

SEC. 5. *Relationship of this order to other regulations and orders.* As previously stated, all provisions of Basic Orded No. 3 are adopted by this order. The maximum prices fixed by this order supersede sections 6, 7, and 8 of Revised Maximum Price Regulation No. 251 as amended with respect to all sales of installed insulation in existing structures in the area covered by this order, unless

otherwise provided by this order. All other provisions of Revised Maximum Price Regulation No. 251 as amended are applicable to transactions covered by this order unless otherwise specifically provided in this order.

SEC. 6. *Notification.* Every person making sales of insulation covered by this order shall furnish to the purchaser at or before the starting of the work, a copy of the agreement pursuant to which the work is to be done. This agreement shall set forth the name and address of the buyer and of the seller, the location of the work, and an adequate description of the areas to be insulated, the materials to be used, and the services to be performed, an the amount to be paid. If any work other than insulation for which ceiling prices are fixed by this order is to be performed, the price of such work shall be separately stated.

SEC. 7. *Revocation or amendment.* This order may be revised, amended, revoked, or modified at any time by the Office of Price Administration.

This order shall become effective June 1, 1946.

Issued this 15th day of May, 1946.

DAVID J. WILLIAMS,
Assistant to the Regional Administrator in Charge of New York District Office.

MEAKER CO.

AUTHORIZATION OF MAXIMUM PRICES

Order No. G-2 under Supplementary Order No. 142. Adjustment provisions for sales of industrial machinery and

equipment subject to Revised Maximum Price Regulation No. 136. Docket No. 6–SO 142–2 (b)–42.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 2 of Supplementary Order 142, as amended, *It is ordered:*

(a) The Meaker Company of 1629 S. 55th Avenue, Chicago 50, Illinois (hereinafter referred to as the seller) is hereby authorized to sell semiautomatic variable speed plating machines at a price not to exceed a 9.11% addition to its present legally established prices. Also for such additional six inches in depth of each unit (beyond the standard depth for that unit—covered by the list price) and additional charge of $1\frac{1}{10}$% may be added to the list price. Such price shall be subject to all customary discounts as that term is defined in section 28 (a) of Revised Maximum Price Regulation No. 136.

(b) Maximum prices of resellers of semi-automatic variable speed plating machines manufactured by the Meaker Company are hereby increased by 9.11% over their presently established maximum prices; also for each additional six inches in depth of each unit (beyond the standard depth for that unit—covered by the list price) an additional charge of $1\frac{1}{10}$% may be added to the new list price.

(c) If the reseller has no established maximum prices, the 9.11% increase may be added to the resellers price as established under the provisions of section 11 (c) and (d), Revised Maximum Price Regulation No. 136, under which subparagraphs the reseller determines his maximum prices if he is unable to price under paragraph (b) above; also for each additional six inches in depth of each unit (beyond the standard depth for that unit—covered by the list price) an additional charge of $1\frac{1}{10}$% may be added to the new list price.

(d) In all cases the reseller's price shall be adjusted to reflect all applicable extra charges, discounts, allowances, handling and delivery charges or state and local taxes that the reseller had in effect on March 31, 1944 to a purchaser of the same class as defined in section 28 (a) of Revised Maximum Price Regulation No. 136.

(e) All requests not granted herein are denied.

(f) This order may be amended, modified or revoked at any time.

(g) This order shall become effective immediately.

(h) Issued this 8th day of April 1946.

DAYTON ELECTRIC MFG. CO.

AUTHORIZATION OF MAXIMUM PRICES

Order No. G–3 under Supplementary Order No. 142. Adjustment provisions for sales of industrial machinery and equipment subject to Revised Maximum Price Regulation No. 136; Docket No. 7–SO 142–2 (b)–28–5.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 2 of Supplementary Order No. 142, as amended, *It is ordered:*

(a) The Dayton Electric Manufacturing Company (hereinafter referred to as the seller) is hereby authorized to increase its present maximum prices on exhaust fans by an amount not to exceed 25%. Such price shall be subject to all customary discounts allowed by the seller on March 1, 1942, to purchasers of the same class as that term is defined in section 28 (a) (7) of Revised Maximum Price Regulation No. 136.

(b) The reseller's maximum price of exhaust fans manufactured by the Dayton Electric Manufacturing Company is hereby increased 25% over its (the reseller's) presently established maximum prices.

(c) If the reseller has not established maximum prices the 25% increase may be added to the reseller's price as established under the provisions of section 11(c) and (d) of Revised Maximum Price Regulation No. 136, under which subparagraph the sellers determine their maximum price if they are unable to qualify under paragraph (b) above.

(d) In all cases the reseller's price shall be adjusted to reflect all applicable extra charges, discounts, allowances, handling and delivery charges or state and local taxes that the reseller had in effect on March 31, 1944 to a purchaser of the same class as defined in section 28(a) of Revised Maximum Price Regulation No. 136.

(e) *Definitions.* "Reseller" as used herein is limited to purchasers of exhaust fans who buy for resale to other than the ultimate consumer or user.

(f) All requests not granted herein are denied.

(g) This order may be amended, modified or revoked at any time.

(h) This order shall become effective immediately.

(i) Issued this 8th day of April 1946.

[Region VI Order No. G–7 Under Rev. SO 119]

AMERICAN PLYWOOD CORP.

ESTABLISHMENT OF MAXIMUM PRICES

For the reasons set forth in an accompanying opinion and under the authority vested in the Regional Administrator of Region VI of the Office of Price Administration under the provisions of section 16 of Revised Supplementary Order No. 119, this Order No. G–7 is issued:

(a) *What this order does.* This order establishes maximum prices for sales of hollow core doors manufactured by the American Plywood Corporation, New London, Wisconsin (hereinafter referred to as the "manufacturer").

(b) *Manufacturer's maximum prices.* The manufacturer's maximum prices of hollow core doors on and after the effective date of this order shall be as follows:

The maximum prices of flush doors which have hollow cores of insulating board of any species of lumber except fir, larch, spruce, or hemlock, and which have veneer faces of any species listed in section 26 (d) of Revised Maximum Price Regulation No. 293 shall be the manufacturer's maximum price under Revised Maximum Price Regulation No. 293 plus 25 percent.

(c) *Resellers' maximum prices.* The maximum prices of all resellers of hollow core doors covered by this order shall be increased by applying their percentage mark-up established under the applicable regulation to the manufacturer's adjusted maximum price as determined under paragraph (b) above.

(d) Manufacturer and resellers must maintain customary discounts, allowances, and handling and delivery charges.

(e) *Retailers.* All retailers of hollow core doors covered by this order shall determine their maximum prices after the effective date of this order in accordance with section 9 of Revised Maximum Price Regulation No. 293.

(f) *Notification.* At the time of or prior to the first invoice to the purchaser for resale, the manufacturer shall furnish such purchaser with a copy of this order.

(g) *Definitions.* (1) Reseller means any person who purchases hollow core doors subject to this order and who resells them to any person other than the ultimate consumer.

(2) Retailer is any person who purchases hollow core doors subject to this order and sells them to an ultimate consumer.

(h) *Applicability.* The maximum prices established by this order are applicable to all sales and deliveries of hollow core doors, subject to this order, made in the continental United States.

This order may be amended, modified, or revoked at any time.

This order No. G–7 shall become effective on the 18th day of April, 1946.

Issued this 18th day of April, 1946.

[Region VI Rev. Order G–14 Under RMPR 122, Amdt. 2]

SOLID FUELS IN MILWAUKEE COUNTY, WIS.

An opinion accompanying this Amendment has been issued simultaneously herewith. Revised Order No. G–14 under Revised Maximum Price Regulation No. 122 is amended in the following respects:

1. Paragraph (c), price schedule, subparagraph (1) is amended to read as follows:

(c) *Price schedule.* (1) Immediately below and as part of this paragraph (c) is a schedule which sets forth maximum prices before discounts for sales of specified sizes, kinds and quantities of solid fuels. Column 1 describes the coal or coke for which prices are established. Column 2 shows the maximum prices for "direct delivery" of domestic fuel sold in quantities of less than 1 ton. Column 3 shows the maximum price for direct delivery of domestic fuel sold in quantities of 1 ton or more.

Column 4 shows the maximum prices for "yard sales" of domestic fuel. Column 5 shows the maximum prices for "commercial" or "steam" sales and Column 6 shows the maximum prices for "yard sales to dealers." The terms "direct delivery," "yard sales" and "commercial sales" are defined in paragraph (1) of this order.

"Dealer at yard" prices established by this revised order may not be charged to dealers who do not have their principal place of business in Milwaukee County, Wisconsin. Such sales shall be priced under the provisions of Revised Maximum Price Regulation No. 122.

SOLID FUELS IN BLOOMINGTON-NORMAL, ILL., AREA

(a) ***Applicability.*** This Appendix No. 35 applies to all delivered sales to consumers of solid fuels made by retail yards where the fuel is delivered to the purchaser within the city limits of Bloomington, Illinois and of Normal, Illinois and within a radius of one mile of the city limits of Bloomington, Illinois and of Normal, Illinois.

(b) ***Price schedule.*** (1) Immediately below and as a part of this paragraph (b), is a price schedule which sets forth adjusted maximum prices before discounts for delivered sales of solid fuels of specified sizes, kinds, and quantities. All prices are stated on a net ton basis.

(2) On sales of less than one ton, the price shall be proportional to the price per ton plus an additional charge of 25 cents, but in no event shall the total price be in excess of that for a sale of one ton; for example, if the price of one ton is $7.85, the price of ½ ton would be $3.93 plus 25 cents or a total of $4.18; the price of ¾ ton would be $5.89 plus 25 cents or a total of $6.14.

(3) On sales of more than one ton, for each fraction of a ton sold, the price shall be proportional to the price per ton; for example, if the price of one ton is $10.00, the price of 1½ tons would be $15.00.

SOLID FUELS IN MACOMB, ILL., AREA

(a) *Applicability.* This Appendix No. 37 applies to all sales of solid fuels by retail yards delivered within the city limits of Macomb, Illinois.

(b) *Price schedule.* Immediately below and as a part of this section (b) is a price schedule that sets forth maximum prices for "domestic delivered" sales by dealers in lots of one (1) ton or more of specified kinds and sizes of solid fuels. Sales in lots of fractions of a ton or tons shall be governed by the price schedule as follows:

(i) On "domestic delivered" sales of less than 1 ton, the price shall be proportional to the price per ton plus an additional charge of 25 cents, but in no event shall the total price be in excess of that for the sale of 1 ton; for example, if the price of 1 ton is $7.85, the price of ½ ton would be $3.93 plus 25 cents or a total of $4.18; the price of ¾ ton would be $5.89 plus 25 cents or a total of $6.14.

(ii) On "domestic delivered" sales of more than 1 ton, for each fraction of a ton sold, the price shall be proportional to the price per ton; for example, if the price of 1 ton is $10.00, the price of 1½ tons would be $15.00.

To the above maximum prices there may be added the Retailer's Occupational Tax of the State of Illinois and also the Federal Transportation Tax of 4 cents per ton.

To the price of any size or kind of coal subject to Revised Maximum Price Regulation No. 122 not specified in the price schedule above may be added 55 cents per ton.

(c) *Charges for treatment of coal.* Whenever a dealer has been charged by his supplier for the chemical or oil treatment of coal at the mine, he may add such treatment charge to the applicable maximum price set by this Appendix No. 37, provided that the treated coal is kept separate and is not mixed with untreated coal. When a treatment charge is made pursuant to this section the dealer need not separately state the amount of such service charge if he clearly indicates on the invoice that such coal is so treated.

(d) *Discounts.* The maximum price set forth in section (b) above shall be subject to a discount of $0.50 per ton where picked up by a domestic consumer at the dealer's yard.

(e) Immediately below and as a part of this section (e) is a Schedule of Service Charges which a dealer may make for the special services described when rendered in connection with sales of solid fuels covered by this Appendix. These charges may be made only if the buyer requests the service and the dealer renders it pursuant to the request. The charges must be separately stated on the dealer's invoice.

SCHEDULE OF SERVICE CHARGES

	Per ton
(1) Carry or wheel from curb	$0.50
(2) Carry upstairs	.75

(f) *Steam or commercial sales.* Steam or commercial deliveries of screenings and stoker coal, size group nos. 21, 22, 23, 24, 26, 27 and 28; and 17 to 20 inclusive, shall be sold at $0.50 per ton less than the domestic delivered prices set forth in the price schedule in (b) above.

(g) *Definitions.* (1) "Domestic sales" means all sales other than sales made to commercial and industrial users such as hotels, industrial plants, office buildings, large department stores, institutional users such as hospitals, public institutions, and public buildings.

(2) "Delivered" or "delivery" means dumping or chuting of fuel from the seller's vehicle directly into the buyer's bin or storage space; but if this is physically impossible, the terms refer to the discharge of the fuel directly from the seller's vehicle at a point where this can be done and which is nearest and most accessible to the buyer's bin or storage space.

(3) Except as otherwise provided herein or as the context may otherwise require, all terms used in this Appendix shall bear the meaning given them in Revised Maximum Price Regulations No. 122 or the Emergency Price Control Act of 1942; if not therein defined, they shall be given their customary trade meaning.

This order may be amended, modified or revoked at any time.

This Appendix No. 37 to Order No. G–16 shall become effective May 1, 1946.

Issued this 30th day of April 1946.

R. E. WALTERS,
Regional Administrator.

U. S. MACHINE CORP.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to section 15 of Revised Supplementary Order No. 119, *It is hereby ordered:*

Order No. G–18 under Revised Supplementary Order No. 119 is hereby amended in the following respects:

1. Paragraph (a) is hereby amended to read as follows:

(a) *What this order does.* This order provides an adjustment of the maximum prices for the stokers described in paragraph (b) hereof manufactured by U. S. Machine Corporation of Lebanon, Indiana (hereinafter referred to as the manufacturer). This order also provides an adjustment for resellers of such commodities.

2. Paragraph (b) is hereby amended to read as follows:

(b) *Adjusted maximum prices.* The manufacturer is hereby authorized to increase its maximum prices to all classes of purchasers, established under Maximum Price Regulation No. 188 or Maximum Price Regulation No. 591, as the case may be, excluding any prior adjustments which may have been granted under either of said Maximum Price Regulations, for stokers under 1200 lbs. per hour capacity manufactured by it, by not more than 16.73%.

3. Appendix A is hereby revoked and deleted from said order.

This amendment shall become effective April 18, 1946.

Issued April 18, 1946.

INTERSTATE POWER CO.

NOTICE OF FILING AND NOTICE OF AND ORDER RECONVENING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 20th day of May, A. D. 1946.

I. Notice is hereby given that Interstate Power Company ("Interstate"), a registered holding company and a subsidiary of Ogden Corporation ("Ogden"), also a registered holding company, has filed, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, an Amended Plan for the reorganization of Interstate. The Amended Plan provides, among other things, in addition to the transactions proposed in the plan heretofore filed, for the reorganization of Interstate prior to determination of the validity and rank of Ogden's holdings in Interstate and, pending such determination, for the deposit pursuant to a proposed escrow agreement of funds representing Ogden's claims in respect of such holdings.

All interested persons are referred to said Amended Plan, which is on file in the office of the Commission, for a full statement of the transactions therein proposed, which may be summarized as follows:

Interstate is an electric and gas utility company, operating in Iowa, Minnesota and South Dakota. It is also a holding company owning all of the outstanding securities of Interstate Power Company of Wisconsin, an electric utility company operating in Wisconsin, and East Dubuque Electric Company, an electric utility company operating in Illinois.

The following tabulation shows the presently outstanding securities of Interstate and their ownership by Ogden and by others:

	Principal amount or shares outstanding	Owned by Ogden	Owned by others
1st mortgage 5% bonds, due 1957	$26,035,000		$26,035,000
6% debentures	7,500,000	$100	[1] 7,499,900
6% demand note	2,475,000	2,475,000	
$7 cum. pfd. stk., no par value	*Shares* 72,500	*Shares* 3,108	*Shares* [2] 63,392
$6 cum. pfd. stk., no par value	47,500	9,461	[2] 38,039
Common stock, no par value	175,000	175,000	

[1] Includes $272,000 principal amount owned by Atlas Corp., the owner of approximately 76% of Ogden's outstanding common stock.
[2] Includes 2,340 shares owned by Atlas Corp.
[3] Includes 250 shares owned by Utilities Elkhorn Coal Co., a subsidiary of Ogden, and 156 shares owned by Atlas Corp.

The first mortgage bonds and debentures are currently redeemable at 102. All interest on the first mortgage bonds, debentures and demand note of Interstate has been paid regularly. Pursuant to an agreement dated June 20, 1941, all interest received by Ogden since that date on the demand note has been deposited by Ogden in escrow with Manufacturers Trust Company. The agreement provides that such funds shall be held intact until all questions of validity and rank of the demand notes shall have been passed upon by this Commission and any court having jurisdiction. As at March 31, 1946, such escrowed funds (part of which are invested in U. S. Government securities), aggregated $734,593. Prior to June 20, 1941, Ogden received payments of interest on the demand note aggregating $222,750.

The preferred stocks are entitled to $100 per share and accrued dividends in involuntary liquidation, and rank on a parity with each other. No dividends have been paid on the preferred stocks since December 20, 1933. Dividend arrears, at March 31, 1946, amounted to $6,810,650, or $93.94 per share, on the $7 preferred stock, and $3,824,700, or $80.52 per share, on the $6 preferred stock.

The plan provides for the following:

(1) Interstate will have a capitalization consisting of $20,000,000 principal amount of new first mortgage bonds and 3,000,000 shares of new common stock of the par value of $3.50 per share.

(2) The new first mortgage bonds will be sold pursuant to competitive bidding.

(3) (a) Such number of the 3,000,000 shares of new common stock will be sold pursuant to competitive bidding as may be necessary to raise funds sufficient, when added to the principal amount of the new bonds, for the following purposes:

(i) Reimbursement of the treasury or discharge of obligations of the company in the amount of $1,500,000 for new construction completed or in progress prior to the effective date of the Amended Plan.

(ii) Payment and discharge at the principal amount thereof (without premium) of the $26,035,500 principal amount of presently outstanding first mortgage bonds.

(iii) Payment and discharge at the principal amount thereof (without premium) of the $7,500,000 principal amount of presently outstanding 6% debentures, including the $100 debenture held by Ogden.

(iv) Payment and discharge at the principal amount thereof of the $2,475,000 6% Demand Note owned by Ogden.

(b) There shall also be sold to the successful bidder or bidders for the shares sold as above provided, at the same price per share net to Interstate, such number of shares of the 3,000,000 shares of new common stock which remain after satisfying the requirements of subsection (a) above as would be allocable to Ogden for its holdings of 12,569 shares of Interstate's preferred stocks, if such shares were compensated on a parity with the preferred shares held by others than Ogden.

(4) The entire balance of the 3,000,000 shares of new common stock remaining unsold after satisfying the requirements of section (3) above shall be distributed pro rata to the holders of Interstate's preferred stocks other than Ogden. Such distribution shall be made on a basis whereby there shall be distributed in exchange for each share of $6 Preferred Stock 90% of the number of new common shares distributed in exchange for each share of $7 Preferred Stock.

(5) The present common stock of Interstate will be surrendered for cancellation upon the effective date of the Amended Plan.

(6) (a) Immediately following the sale of the shares of new common stock pursuant to section (3) above, there shall be deposited in an escrow account cash equal to the aggregate of the following:

(i) the principal amount of the $100 Debenture owned by Ogden;

(ii) the principal amount of the $2,475,000 6% Demand Note owned by Ogden;

(iii) the proceeds of sale of the shares of new common stock referred to in (3) (b) above; and

(iv) the cash proceeds of the fund escrowed with respect to interest received by Ogden on the 6% Demand Note since June 20, 1941, hereinabove referred to.

(b) There shall be issued to holders of preferred stock who qualify to receive common stock under the Amended Plan pursuant to paragraph (4) above non-negotiable certificates evidencing their proportionate contingent interests in the funds to be deposited in the escrow account pursuant to subsection (a) of this paragraph (6).

(c) As soon as practicable after the Amended Plan becomes effective, the Commission shall continue or institute such proceedings as may be necessary for a final disposition of the issues raised concerning the rank and status of the $2,475,000 Demand Note and the $100 Debenture owned by Ogden and the relative rights of Ogden with reference to the 12,569 shares of Interstate's preferred stocks held by Ogden.

(d) In connection with the provisions of subsection (a) of this paragraph (6), an escrow agreement will be executed providing, among other things, that Ogden shall be entitled to direct and control the investment and reinvestment of all funds deposited in the escrow account, and that Ogden warrants and agrees that at the time of the determination of the questions referred to in subsection (c) above, the funds in such escrow account will be at least equal to the amount of cash originally deposited in such escrow account, plus a guaranteed return thereon specified in the escrow agreement, from the date of such deposit to the time of such final determination. The escrow agreement will further provide that any excess above the sum of the amount originally deposited plus the guaranteed return thereon shall be transferred to Ogden.

(e) The amount originally deposited in the escrow account plus the guaranteed rate of return thereof as described in subsection (d) above shall be distributed to Ogden and/or among the holders of the certificates described in subsection (b) above in accordance with the final determination of the questions referred to in subsection (c) above.

(f) Upon the deposit in the escrow account of all sums provided for in subsection (a) above, Interstate shall be released and discharged of all liability to Ogden and to the holders of the preferred stocks of Interstate, and thereafter Interstate shall have no responsibility with respect to the escrow account, or the funds deposited therein.

(7) The Board of Directors of Interstate shall be empowered to fix a record date of its stockholders for the purposes of distribution of the new common stock and for the termination of the right to effect transfers of the presently outstanding stock of Interstate. In lieu of fractional shares scrip certificates will be issued representing rights to such fractional shares (disregarding balances of less than 1/100 of a share) and exchangeable, when accompanied by other certificates in such amount as to represent in the aggregate one or more full shares of stock, for certificates for such full shares. The holders of outstanding preferred shares and of said scrip certificates will not be entitled to any rights as shareholders of the reorganized company until said preferred shares or scrip certificates are so exchanged. If not so exchanged, all unexchanged preferred shares and all scrip certificates outstanding will become void in five years from the effective date of the Amended Plan.

(8) As of the effective date of the Amended Plan, the excess of the cost to Interstate of utility plant over original cost thereof will be written off.

The filing further states that Interstate is advised that it is the position of Ogden that the demand note and debenture held by Ogden rank equally with all other debentures of Interstate, that said demand note and debenture are entitled to receive the same treatment as that accorded to the other debentures and that the shares of the preferred stocks of Interstate held by Ogden rank *pari passu* with all other shares of the preferred stocks of Interstate and are entitled to receive the same treatment as such other shares.

The Amended Plan provides that upon the entry by the Commission of an order or orders approving it, subject to a reserved right to withdraw the Amended Plan in the event of a substantial change in market conditions, the Board of Directors of Interstate will request the Commission pursuant to section 11 (e) of the Act to apply to a court of competent jurisdiction to enforce and carry out the terms of the Amended Plan.

II. On May 20, 1943, the Commission entered an order (1) directing, among other things, pursuant to section 11 (b) of the Act, that Interstate shall take such steps as may be necessary to recapitalize so as to distribute voting power fairly and equitably among its security holders, and (2) approving, pursuant to section 11 (e) of the act, a plan filed by Ogden and certain of its subsidiaries which provided, among other things, that Interstate would be recapitalized (Holding Company Act Release No. 4307).

III. Public hearings having been held with respect to Interstate's plan pursuant to this Commission's notice and order herein dated October 3, 1945, and having been continued subject to call; and

It appearing to the Commission that the hearing herein should be reconvened for the purpose of adducing further evidence and affording further opportunity to all interested persons to be heard;

It is ordered, That the hearing in this matter be reconvened on June 12, 1946, at 10:00 a. m., e. d. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On that date, the hearing room clerk in Room 318 will advise as to the room in which the hearing will be held.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing. The officer so designated to preside at the hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of the issues presented by the Amended Plan, particular attention will be directed at said hearing to the question, in addition to those specified in the Commission's notice and order herein dated October 3, 1945, whether the establishment of an escrow account, and the terms of the proposed escrow agreement relating thereto, as provided in the Amended Plan, adequately protect the interests of all persons affected thereby.

Notice is hereby given of said reconvened hearing to Interstate, to The Chase National Bank of the City of New York, Trustee of Interstate's First Mortgage 5% Bonds, to Chemical Bank & Trust Company of the City of New York, Trustee of Interstate's 6% Debentures, and to all interested persons, said notice to be given to Interstate, The Chase National Bank of the City of New York and Chemical Bank & Trust Company of the City of New York by registered mail, and to all other persons by a general release of this Commission which shall be distributed to the press and mailed to all persons on the mailing list for releases issued under the Act and by publication in the FEDERAL REGISTER.

It is further ordered, That Interstate shall give additional notice of said reconvened hearing to all record holders of shares of its preferred stocks as of a date not more than 30 days prior to the date of said hearing by mailing to each of said persons a copy of this notice and order at his last known address at least fifteen days prior to the date of said hearing.

Any person desiring to be heard or otherwise wishing to participate in the proceedings should file with the Secretary of the Commission on or before June 6, 1946, his application therefor, as provided by Rule XVII of the rules of practice of the Commission.

By the Commission.

NELLYE A. THORSEN,
Assistant to the Secretary.

HOPE ENGINEERING CO. ET AL.

PREVIOUS ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 20th day of May, A. D. 1946.

In the matter of Hope Engineering Company, O. P. Wilson and Sumner Cottingham, voting trustees under "The Rio Grande Valley Gas Company common stock voting trust agreement of December 12, 1936", Rio Grande Valley Gas Company; File No. 70-1217.

The Commission having on February 28, 1946 issued its "Order Granting Application and Permitting Declaration to Become Effective" in the above entitled proceeding, published as Holding Company Act Release No. 6440, and it appearing necessary to make certain revisions and corrections in said order;

It is ordered, That said order dated February 28, 1946, be and it hereby is amended in the following respects:

(1) The second paragraph of said order is amended to read:

The applicants-declarants propose to organize a new corporation, Rio Grande Valley Gas Company ("Rio of Texas") in the State of Texas, the State in which Rio of Delaware conducts its business, with an authorized capital of $10,000 consisting of 10,000 shares of Common Stock, $1 par value. Rio of Delaware proposes to acquire said 10,000 shares for a cash consideration of $10,000. The authorized capital of Rio of Texas will then be increased to $2,080,376, consisting of Common Stock, $1 par value. Rio of Delaware proposes to sell to Rio of Texas all of its assets subject to all of its liabilities, and to acquire the additional 2,070,376 shares of the Common Stock of Rio of Texas, which will assume all the liabilities of Rio of Delaware including the $2,244,000 principal amount of First Mortgage Bonds, Series A, 4% due April 1, 1961, and $87,000 principal amount of First Mortgage Bonds, Series B, 4%, due October 1, 1961, which are presently outstanding in the hands of Northwestern Mutual Life Insurance Company.

(2) The words, "2,066,376 shares" appearing in the third paragraph of said order are amended to read "2,080,376 shares".

(3) The paragraph numbered "1." in said order, appearing at page 3 of said release, is amended to read:

The issuance by Rio of Texas of 10,000 shares of its Common Stock, $1 par value, and the sale thereof to, and the acquisition thereof by three individual subscribers for the account of Rio of Delaware for a cash consideration of $10,000.

(4) The paragraph numbered "2." in said order, appearing at page 3 of said release, is amended to read:

The transfer and conveyance by Rio of Delaware to Rio of Texas of all of the assets, including all of the real property, of Rio of Delaware (except the 10,000 shares of the Common Stock, $1 par value, of Rio of Texas referred to in the preceding paragraph); the acquisition thereof by Rio of Texas; the issuance by Rio of Texas in exchange therefor of 2,070,376 additional shares of the Common Stock, $1 par value of Rio of Texas, and the acquisition thereof by Rio of Delaware, and the assumption by Rio of Texas of liability upon $2,244,000 principal amount of First Mortgage Bonds, Series A, 4%, due April 1, 1961, and $87,000 principal amount of First Mortgage Bonds, Series B, 4%, due October 1, 1961, of Rio of Delaware.

By the Commission.

HOPE ENGINEERING CO. ET AL.

FINDINGS AND ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 20th day of May A. D. 1946.

In the matter of Hope Engineering Company, O. P. Wilson and Sumner Cottingham, voting trustees under "The Rio Grande Valley Gas Company common stock voting trust agreement of December 12, 1936", Rio Grande Valley Gas Company; File No. 70-1217.

By order dated February 28, 1946 (Holding Company Act Release No. 6440), the Commission granted and permitted to become effective a joint application and declaration filed by Hope Engineering Company ("Hope"), a registered holding company and O. P. Wilson and Sumner Cottingham, Voting Trustees under "The Rio Grande Valley Gas Company Common Stock Trust Agreement of December 12, 1936" ("Trustees"), also a registered holding company and a subsidiary of Hope, and Rio Grande Valley Gas Company ("Rio of Delaware"), a public utility company and a subsidiary of Hope and Trustees, authorizing certain transactions as a result of which Hope and Trustees would cease to be holding companies and reserving jurisdiction with respect to the applications of Hope and Trustees declaring that they had ceased to be holding companies.

Hope, Trustees and Rio of Delaware have now filed a Certificate of Notification, pursuant to Rule U-24, from which it appears that the transactions so authorized have been consummated.

The Commission finding that Hope and Trustees do not directly or indirectly own, control or hold with power to vote, or otherwise, any of the outstanding voting securities of a public utility company or of a company which is a holding company within the meaning of the provisions of the act, and that Hope and Trustees have each ceased to be a holding company, and that their respective registrations as holding companies should cease to be in effect and that it is not necessary to impose any terms or conditions for the protection of investors in connection with the termination of such registration;

It is ordered and declared, That Hope and Trustees have each ceased to be a holding company, and that the registration of Hope Engineering Company, and of O. P. Wilson and Sumner Cottingham, Voting Trustees under "The Rio Grande Valley Gas Company Common Stock Voting Trust Agreement of December 12, 1936", as holding companies shall from the date of this order cease to be in effect.

By the Commission.

NORTH AMERICAN CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 20th day of May 1946.

The North American Company, a registered holding company, has filed a declaration pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935 and the general rules and regulations promulgated thereunder, regarding a proposal to pay on July 1, 1946, a dividend to its holders of

common stock of record on June 3, 1946, payable in the common stock of Pacific Gas and Electric Company, having a par value of $25 per share, owned by The North American Company, at the rate of one share of common stock of Pacific Gas and Electric Company on each 100 shares of the outstanding common stock of The North American Company. No certificates will be issued for fractions of shares of stock of Pacific Gas and Electric Company, but, in lieu thereof, cash will be paid at the rate of forty-five cents for each 1/100 of a share of stock of Pacific Gas and Electric Company, this rate being based on the approximate market price of $45 per share as of April 25, 1946, the date on which the proposed dividend was declared. The North American Company has requested that the order of the Commission permitting the declaration to become effective conform to the requirements of section 1808 (f) of the Internal Revenue Code, as amended.

The declaration having been filed on April 26, 1946, and notice of filing having been duly given in the manner and form prescribed by Rule U-23 under said act and the Commission not having received a request for hearing with respect to said declaration within the period specified in such notice, or otherwise, and not having ordered a hearing thereon; and

The North American Company having requested that the Commission issue its order on or before May 20, 1946; and

The Commission finding that the requirements of section 12 (d) of the act and Rules U-43 and U-44 thereunder are satisfied, that no adverse findings are necessary thereunder, and that action upon said declaration should be accelerated, and the Commission deeming it appropriate in the public interest and in the interest of investors to permit said declaration to become effective:

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24 that said declaration be and the same is hereby permitted to become effective forthwith.

It is further ordered, And the Commission finds, that the distribution and transfer by The North American Company on July 1, 1946, to its common stockholders of record on June 3, 1946, of shares of common stock of Pacific Gas and Electric Company having a par value of $25 per share, represented by Certificate No. NF–268359, in payment as a dividend to such stockholders, at the rate of one share of common stock of Pacific Gas and Electric Company on each one hundred shares of the outstanding common stock of The North American Company is necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935 and is a step in compliance with the order of this Commission dated April 14, 1942, with respect to The North American Company pursuant to section 11 (b) (1) of the act.

By the Commission.

PENNSYLVANIA GAS & ELECTRIC CORP. ET AL.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 20th day of May A. D. 1946.

In the matter of Pennsylvania Gas & Electric Corporation the Petersburg & Hopewell Gas Company, Penn-Western Service Corporation; File No. 70–1288.

Notice is hereby given that Pennsylvania Gas & Electric Corporation ("Penn Corp"), a registered holding company, and The Petersburg & Hopewell Gas Company ("Petersburg") and Penn-Western Service Corporation ("Penn-Western"), subsidiaries of Penn Corp, have filed an application and declaration pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935 and the general rules and regulations of this Commission thereunder.

All interested persons are referred to said document which is on file at the offices of this Commission for a statement of the transactions therein proposed which are summarized as follows:

1. Penn Corp proposes to sell to Scott, Horner & Mason, Incorporated of Lynchburg, Virginia, its investment in Petersburg consisting of 55,000 shares of common stock with a par value of $10 per share (all of the outstanding common stock of Petersburg) for a cash consideration of $600,000, subject to closing adjustments. The application and declaration states that Scott, Horner & Mason, Incorporated, a broker and dealer, intends to resell the common stock of Petersburg to be acquired only to residents of the State of Virginia.

2. Penn Corp proposes to use part of the proceeds from the foregoing transaction to redeem a portion ($345,000 principal amount) of Penn Corp's 6% Gold Debentures, Series A, due March 1, 1976, at the redemption price of 105% of the principal amount. The application and declaration states that Penn Corp may use $255,000 of the proceeds from the sale of the common stock of Petersburg for the purchase from York County Gas Company, a subsidiary of Penn Corp, of 3,000 shares of $7 Second Cumulative Preferred Stock of North Penn Gas Company, also a subsidiary of Penn Corp, at the price of $85 per share. (The use of the $255,000 by Penn Corp for such purpose is a portion of the subject matter of a separate application, File No. 70–1285, with respect to which hearings will be scheduled in the future. The Commission has neither approved nor disapproved the purchase by Penn Corp of such preferred stock from York County Gas Company.)

3. Petersburg proposes to donate to Penn-Western (an approved mutual service company) all of Petersburg's holdings of the capital stock of Penn-Western, consisting of 24 shares of such capital stock, originally received as a gift from Penn Corp, and Penn-Western proposes to acquire said capital stock and to pay to Penn Corp an amount equivalent to the consideration ($240) originally received by Penn-Western from Penn Corp for the issuance of said capital stock. The application and declaration states that Scott, Horner & Mason, Incorporated of Lynchburg, Virginia, its investment in Petersburg consisting of 55,000 shares of common stock with a par value of $10 per share (all of the outstanding common stock of Petersburg) for a cash consideration of $600,000, subject to closing adjustments. The application and declaration states that Scott, Horner & Mason, Incorporated, a broker and dealer, intends to resell the common stock of Petersburg to be acquired only to residents of the State of Virginia.

2. Penn Corp proposes to use part of the proceeds from the foregoing transaction to redeem a portion ($345,000 principal amount) of Penn Corp's 6% Gold Debentures, Series A, due March 1, 1976, at the redemption price of 105% of the principal amount. The application and declaration states that Penn Corp may use $255,000 of the proceeds from the sale of the common stock of Petersburg for the purchase from York County Gas Company, a subsidiary of Penn Corp, of 3,000 shares of $7 Second Cumulative Preferred Stock of North Penn Gas Company, also a subsidiary of Penn Corp, at the price of $85 per share. (The use of the $255,000 by Penn Corp for such purpose is a portion of the subject matter of a separate application, File No. 70–1285, with respect to which hearings will be scheduled in the future. The Commission has neither approved nor disapproved the purchase by Penn Corp of such preferred stock from York County Gas Company.)

3. Petersburg proposes to donate to Penn-Western (an approved mutual service company) all of Petersburg's holdings of the capital stock of Penn-Western, consisting of 24 shares of such capital stock, originally received as a gift from Penn Corp, and Penn-Western proposes to acquire said capital stock and to pay to Penn Corp an amount equivalent to the consideration ($240) originally received by Penn-Western from Penn Corp for the issuance of said capital stock. The application and declaration states that the contract for supervisory services between Petersburg and Penn-Western will be cancelled at the date of the closing of the sale of Penn Corp's investment in Petersburg.

The applicants and declarants state that the Virginia Corporation Commission may have jurisdiction over the transactions between Petersburg, Penn Corp and Penn-Western.

The applicants and declarants have designated section 12, Rule U-45 and U-50 (a) (4) as being applicable to the proposed transactions.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held in respect of such matters; and that said declaration shall not be permitted to become effective and that said application shall not be granted except pursuant to further order of the Commission;

It is ordered, That a hearing on said application and declaration, under the applicable provisions of the act and the rules of the Commission promulgated thereunder, be held at 10:00 a. m., E. D. S. T., on the 29th day of May 1946, at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such date the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held. All persons desiring to be heard or otherwise wishing to participate in the proceedings should notify the Commission in the manner provided by Rule XVII of the rules of practice on or before May 27, 1946.

It is further ordered, That Robert P. Reeder, or any other officer or officers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a Trial Examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of the issues involved in these proceedings, particular attention will be directed at the hearing to a consideration of the following matters and questions:

1. Whether competitive conditions have been maintained in the negotiation of the proposed sale of the common stock of Petersburg.

2. Whether the proposed donation by Petersburg to Penn-Western of 24 shares of capital stock of Penn-Western and the transactions incidental thereto comply with the applicable provisions of the act and the rules thereunder.

3. Whether the proposed use by Penn Corp of part of the proceeds from the sale of its investment in Petersburg to redeem a portion of Penn Corp's 6% Gold Debentures is appropriate and in conformity with the requirements of the act.

4. Whether the proposed accounting entries on the books of Penn Corp, Petersburg and Penn-Western are appropriate and in conformity with the requirements of the act.

5. Whether the fees, commissions or other remuneration to be paid in connection with the proposed sale are for necessary services and are reasonable in amount.

6. What terms or conditions, if any, with respect to the proposed transactions should be prescribed in the public interest or for the interest of investors or consumers.

7. Generally, whether in any respect, the proposed transactions are detrimental to the public interest or the interest of investors or consumers or will tend to contravene or circumvent any provisions of the act or the rules thereunder.

It is further ordered, That the Secretary of the Commission shall serve notice of said hearing by mailing a copy of this order by registered mail to Penn Corp, Petersburg, Penn-Western, Scott, Horner & Mason, Incorporated, the prospective buyer, to the Virginia Corporation Commission, to the City Manager of the City of Hopewell, Virginia, and to the Mayor of the City of Petersburg, Virginia; and that notice shall be given to all other persons by general release of this Commission which shall be distributed to the press and mailed to the mailing list for releases under the act; and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] NELLYE A. THORSEN,
Assistant to the Secretary.

KEWANEE PUBLIC SERVICE CO. AND NORTH AMERICAN LIGHT & POWER CO.

NOTICE REGARDING FILING OF DECLARATION OR APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 21st day of May 1946.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 (the "Act") by Kewanee Public Service Company ("Kewanee"), a subsidiary of North American Light & Power Company ("Light & Power"), a registered holding company, and by Light & Power.

Notice is further given that any interested person may not later than May 27, 1946, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter said declaration or application as filed or as amended may be granted or permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said declaration or application which is on file in the office of the said Commission for a statement of the transactions therein proposed which are summarized below:

As a step contemplated by the plan under section 11 (e) of the act previously filed by Kewanee and Light & Power (File No. 54–141), Kewanee proposes to call for redemption and retirement, on July 1, 1946, its outstanding $716,100 principal amount of First Mortgage Bonds, 6% Series Due July 1, 1949. To provide funds for the foregoing, Kewanee proposes to use the proceeds of an issuance and sale of $600,000 principal amount of new bonds, and available cash to the extent necessary. Kewanee has made arrangements whereby The Equitable Life Assurance Society of the United States would purchase the entire issue of $600,000 of new bonds at 100% of face amount plus accrued interest. The new bonds would bear interest at the rate of 3¼% per year and be entitled First Mortgage Bonds, 3¼% Series A; the date of issue, May 1, 1946, and date of maturity, May 1, 1976. If necessary, Kewanee anticipates making bank or other loans to cover the redemption during the period between actual redemption of its outstanding bonds and issue of its new bonds.

Light & Power and Kewanee propose to enter an agreement whereby the $210,000 of notes of Kewanee held by Light & Power together with accrued interest thereon shall be subordinated to the lien of the trust indenture securing the new bonds. It is represented in substance that as part of the proposed transactions, dividends or other distributions (other than solely in stock of Kewanee) to stockholders of Kewanee will be restricted, so long as any of such bonds are outstanding, to net income (as defined in the indenture) earned after December 31, 1945, and that for purposes of this provision any payments (in cash or securities other than stock of Kewanee), on account of interest or principal on the said $210,000 of notes of Kewanee held by Light & Power, will be treated as payments of dividends.

Expenses to be incurred in connection with the foregoing transactions are estimated as follows:

Stock transfer taxes (bond issue tax)	$660
Legal fees	9,500
Miscellaneous expenses	1,750

It is represented that the proposed transactions are subject to the jurisdiction of the Illinois Commerce Commission, and will be approved by that Commission prior to consummation.

By the Commission.

Secretary.

UNITED STATES EMPLOYEES' COMPENSATION COMMISSION.

[Administrative order 8]

AUTHORIZATION TO FURNISH LOCAL PAYMENTS OF BENEFITS IN CASES OF CERTAIN EMPLOYEES EMPLOYED OUTSIDE CONTINENTAL UNITED STATES

By virtue of the authority vested in the United States Employees' Compensation Commission by the Employees' Compensation Act of September 7, 1916, as amended (sec. 42, 56 Stat. 725; 5 U.S.C. Sup. 793), Foreign Claims Commission No. 197 of the War Department is authorized to process claims, to make initial payments of compensation, and to furnish other benefits initially, as provided by such act of September 7, 1916, as amended, and pursuant to the regulations of the Commission promulgated thereunder (20 CFR, Chapt. 1, Subchapter A), and such supplementary instructions as may from time to time be issued

by the Commission, in cases of civilian employees of the United States who are injured, while in the performance of their duty for the United States, in the area which is served by the Foreign Claims Commission No. 197, having its headquarters at Cairo, Egypt.

As used herein, the phrase "to process claims" means (1) to receive, assemble, and file reports of injury, medical reports, reports of investigation, and other papers related to cases of injury; (2) to make investigations and to secure necessary supplementary information in connection with cases or claims; (3) to obtain medical examinations; (4) to arrange for medical, surgical, and hospital services and supplies in the treatment and care of employees in disability cases; (5) to examine and adjudicate claims for compensation in injury cases, including the making of findings of fact and awards; (6) to prepare vouchers for local disbursement of benefits and local payment of medical and other expenses; (7) to review cases for readjustment of compensation.

As used herein, the phrases "to make initial payments of compensation" and "to furnish other benefits initially" mean the payment of compensation in cases of injury, and the furnishing of any other benefits provided for by such Act, except compensation for death, for a period not to exceed 180 days.

The action of the said Foreign Claims Commission in any case, and the payments made under this authority, are subject to final review by the Commission, and to readjustment if found necessary.

Order approved by the Commission May 17, 1946.

WM. MCCAULEY,
Secretary.

EXECUTIVE ORDER 9729

FURTHER DEFINING THE FUNCTIONS AND DUTIES OF THE OFFICE OF DEFENSE TRANSPORTATION

By virtue of the power and authority vested in me by the Constitution and laws of the United States, particularly by Title III of the Second War Powers Act, 1942, as amended, as President of the United States and Commander in Chief of the Army and Navy, it is hereby ordered as follows:

1. The Director of the Office of Defense Transportation is hereby authorized to perform the functions and exercise the power, authority and discretion conferred upon the President of United States by section 2 (a) of the Act of June 28, 1940 (54 Stat. 676) as amended by Title III of the Second War Powers Act, 1942, as amended (56 Stat. 177, 58 Stat. 827, 59 Stat. 658), for the purpose of allocating the use of transportation equipment and facilities by rail carriers, motor carriers, water carriers (except vessels under the jurisdiction of the Administrator of the War Shipping Administration), and air carriers, upon such conditions, and to such extent, as the said Director shall deem necessary or appropriate in the public interest and to promote the national defense. In order to perform such functions and exercise such power, authority and discretion, the Director is further authorized to exercise the authority conferred upon the President by said Second War Powers Act, 1942, as amended, to obtain information, require reports and the keeping of records, make inspection of books, records and other writings, premises or property of any person, make investigations, administer oaths and affirmations, and require the attendance and testimony of witnesses and the production of books, records or other documentary or physical evidence pursuant to said statute.

2. The allocation of vessels by the Administrator of the War Shipping Administration under Executive Order No. 9054 of February 7, 1942, as amended, shall be subject to and shall be determined and made by the Administrator according to such cargo requirements, and according to such priorities and policies with respect thereto, as may be established by the Director.

3. The Director of the Office of Defense Transportation may exercise the power, authority and discretion conferred upon him by this order through such persons and agencies, and in such manner, as he may determine.

4. Nothing in this order shall be construed as limiting the authority vested in the Administrator of the Civilian Production Administration pursuant to Executive Orders 9125 and 9638.

[1] E.O. 9729.

[2] Appears under Agriculture Department in Notices section.

sanitary conditions as herein defined and that the meat, meat products, and animal fats produced therein have been inspected and found to be clean, wholesome, and suitable for human consumption;

(ii) With respect to an owner of livestock, that such owner is entitled to have such livestock custom slaughtered in a designated certified slaughtering plant without charge against any quota or other slaughtering limitation, except as may be imposed as a condition of certification under this order.

(5) "Federal inspection" means inspection pursuant to the provisions of the act of March 4, 1907 (34 Stat. 1260), as amended, 21 U.S.C. 71, and as extended by Public Law 602, 77th Congress, approved June 10, 1942 (56 Stat. 351), and the rules and regulations promulgated thereunder.

(6) "Sanitary condition", with respect to the certification of a slaughtering plant, means that such plant:

(i) Has a well-constructed building in a good state of repair, with an adequate drainage system and a supply of clean hot and cold water sufficient to maintain the facilities, plant and products produced therein in a sanitary condition;

(ii) Has lighting and ventilation sufficient for all slaughtering and processing operations;

(iii) Is protected against flies and rodents and is located a reasonable distance from any stable, barnyard, hog lot, refuse heap, privy, or other source of fly breeding or contamination;

(iv) Has all necessary equipment and facilities, so arranged as to permit the handling of animals and carcasses in a clean and sanitary manner;

(v) Has adequate facilities, apart and separate from slaughtering and processing operations, for the segregation and disposal of condemned carcasses and for the handling and disposal of inedible by-product and offal;

(vi) Has adequate facilities for cooling, chilling, and holding carcasses and edible by-products until moved into distribution channels or adequate facilities for cooling, chilling, and holding are available in the immediate vicinity.

(7) "Governmental agency" means the Army, Navy, Marine Corps, or Coast Guard of the United States (excluding for the purposes of this order, United States Army post exchanges, United States Navy ships' service departments, United States Marine Corps post exchanges, and similar organizations), United States Department of Agriculture, (including any corporate agency thereof), the War Shipping Administration, and the Veterans' Administration.

(8) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons whether incorporated or not.

(9) "Administrator" means the Administrator, Production and Marketing Administration, United States Department of Agriculture, or any employee of the United States Department of Agriculture to whom the Administrator has delegated, or may hereafter delegate, any or all of the authority vested in him by this order.

(b) *Exemptions from slaughtering quota restrictions.* Subject to the provisions of this order, no quota or other slaughtering limitation shall be imposed upon or shall be operative against any certified slaughterer or any certified slaughtering plant, to the extent that the slaughtering operations on behalf of such certified slaughterer or in such certified slaughtering plant are conducted in accordance with the requirements for certification herein contained.

(c) *Persons who may apply for certification.* Any owner or operator of a slaughtering plant, and any owner of livestock which is to be custom slaughtered may apply for certification, except the following:

(1) An owner or operator of a slaughtering plant which on the effective date of this amendment, is operating under Federal Inspection with respect to all of its slaughtering operations.

(2) An owner or operator of a slaughtering plant which was operating under Federal inspection prior to the effective date of this amendment and which, in the judgment of the Secretary of Agriculture, withdrew from such inspection for the purpose of applying for certification under this order.

(d) *Applications for certification.* Applications for certification may be filed with the Secretary of Agriculture. Application forms will be furnished upon request to the Livestock Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C. All applications shall be properly executed and shall contain all the information therein requested. If the applicant is an owner of livestock and does not own or operate a slaughtering plant, he should state upon the application whether or not arrangements have been made with the owner or operator of a slaughtering plant for the custom slaughter of such livestock in such plant, and if such arrangements have been made the name and address of the plant should be given. If the applicant is an owner or operator of a slaughtering plant or facility, an examination of such plant or facility will be made to determine whether the same is operated under sanitary conditions. An investigation of all facts disclosed in the application, including facts concerning compliance with Office of Price Administration regulations and War Food Orders, will be made to determine whether certification is justified. All applications shall contain a statement by the applicant that he agrees to comply with the provisions of this order and with any rules, regulations, or orders that may be issued thereunder. The applicant shall also agree that any certification issued to him shall be contingent upon compliance with such provisions.

(e) *Certification of owners of livestock.* Certification granted to owners of livestock who do not own or operate slaughtering plants shall specifically designate the slaughtering plant in which such livestock is to be custom slaughtered. Such certifications shall be valid only with respect to slaughtering operations performed for or on behalf of such owner in such designated plant.

(f) *Certification of designated parts of slaughtering plants.* Certification may be had with respect to a designated part only of any slaughtering plant. The provisions of this order shall apply only to meat, meat products, or animal fats produced in such designated part of such plant.

(g) *Examination of slaughtering plants and inspection of meat.* Certification with respect to any slaughtering plant shall be based upon an examination of such plant to determine whether the same is operated under sanitary conditions as defined herein, and an inspection of the meat, meat products, or animal fats produced therein to determine whether the same are clean, wholesome, and suitable for human consumption. Inspection of meat, meat products, and animal fats shall be made by inspectors under the supervision of veterinarians, both duly qualified under the laws of the State, city, or county in which the affected plant is located, or by inspectors approved by the Administrator. Inspection of the meat, meat products, or animal fats produced in any slaughtering plant shall include ante mortem inspection immediately prior to slaughter, and post mortem inspection immediately after slaughter and during the processing of the carcasses or meat.

(h) *Supervision of inspection.* All slaughtering operations and all inspections authorized hereunder shall be subject to approval by the Administrator and to supervision by authorized representatives of the Department of Agriculture, and shall be conducted in accordance with such instructions and requirements as the Administrator may prescribe.

(i) *Compliance with set aside requirements.* (1) Any certification granted pursuant to this order is expressly conditioned upon compliance, by the person concerned, with all applicable orders requiring the setting aside, reserving, holding, processing, and packaging of meat, meat products, and animal fats for procurement by the armed services of the United States or by other governmental agencies; and with any requirement of the Administrator, addressed to the owner or operator of the plant or to the owner of the livestock, with respect to the making available of meat, meat products, or animal fats to the armed services of the United States or to other governmental agencies. Any violation of such orders or requirements shall be cause for refusal to grant certification or for the termination or revocation of any certification theretofore granted.

(2) Procurement officers of the armed services of the United States or of other governmental agencies may require additional inspection of animals or of the carcasses, meat, meat products, or animal fats derived therefrom which are required to be set aside or made available for procurement by the armed services of the United States or other governmental agencies.

(j) *Markings required.* Each accessible wholesale cut of meat which has been inspected and passed pursuant to this order, whether in the entire carcass or detached therefrom, shall be stamped by the inspector with the legend "Certificate No.", followed by the certificate

(3) "Certified slaughterer" means any owner of livestock who has been certified by the Secretary of Agriculture under the provision of this order.

(4) "Certification" means certification by the Secretary of Agriculture pursuant to Section 3A of the Stabilization Act of 1942, as amended, as follows:

(i) With respect to a slaughtering plant, that such plant is operated under

number assigned to such plant by the Secretary of Agriculture. Such legend shall be contained in a rectangular design. Such marking shall be in addition to any mark or number assigned by the State, city, or local authorities and commonly used by such plant.

(k) *Movement in interstate or foreign commerce.* Meat produced in accordance with the requirements for certification as specified in this order, including any rules, regulations, or orders issued pursuant thereto, and which is properly marked as required in paragraph (j) hereof shall have the same status for purposes of transportation in interstate or foreign commerce as meat produced in plants operated under Federal inspection.

(l) *Refusal, suspension, termination, and revocation of certifications.* The Administrator may refuse to grant certification or may suspend, terminate, or revoke any certification theretofore granted if he determines that:

(1) The slaughtering plant concerned does not have or has failed to maintain sanitary conditions as herein defined.

(2) The meat, meat products, or animal fats produced in such slaughtering plant will not be or are not being disposed of in legitimate trade channels in accordance with law.

(3) The owner or operator of such slaughtering plant or the owner of the livestock has failed to comply in full with orders requiring the setting aside, reserving, holding, processing, and packaging of meat, meat products, and animal fats for procurement by the armed services of the United States or other governmental agencies, or with requirements of the Administrator with respect to the making available of meat, meat products, or animal fats for the armed services of the United States or other governmental agencies.

(4) The owner or operator of such slaughtering plant or the owner of the livestock has failed to comply with any other provision of this order or with the requirements of any other War Food Order with respect to meat.

(5) Certification has been erroneously granted or is based upon false or erroneous information.

(m) *Records and reports.* (1) Every owner or operator of a slaughtering plant and every owner of livestock to whom certification is granted under this order shall keep accurate records showing the number of all animals purchased, slaughtered, and condemned, together with the reason for condemnation in each case, the quantity of meat, meat products, or animal fats sold in interstate commerce and the quantity of such products sold in intrastate commerce. Such records shall be kept separate for each species of livestock slaughtered.

(2) The Administrator shall be entitled to obtain such information from and require such reports and the keeping of such records by, any person, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order, subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(n) *Audits and inspections.* The Administrator shall be entitled to make such audits or inspections of the books, records, and other writings, premises, livestock, meat, meat products, or animal fats of any person, and to make such investigations as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(o) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional or unreasonable hardship on him may file a petition for relief with the Order Administrator. Petitions shall be in writing and shall set forth all pertinent facts and the nature of the relief sought. The Order Administrator may take any action with reference to such petition which is consistent with the authority delegated to him by the Administrator. If the petitioner is dissatisfied with the action taken by the Order Administrator, he may, by a request addressed to the Order Administrator, obtain a review of such action by the Administrator. After said review, the Administrator may take such action as he deems appropriate, which action shall be final.

(p) *Violations.* (1) If the Administrator has reason to believe that any owner or operator of a slaughtering plant is violating any provision of this order which deals with sanitary or inspection requirements, and the Administrator is accordingly unable to certify that the meat, meat products, or animal fats produced in such plant are clean, wholesome, and suitable for human consumption, he may, without prior notice or hearing, suspend the certification theretofore granted to the owner or operator of such plant: *Provided, however,* That such owner or operator shall, within 10 days, be given an opportunity to appear and be heard on the question of whether such suspension shall be vacated or shall be made permanent by way of termination or revocation of the certification. Such appearance and hearing shall be before an authorized representative of the Department of Agriculture and in accordance with the procedure established by the Administrator. Any certified slaughterer and any owner or operator of a certified slaughtering plant who violates any other provision of this order shall likewise be liable to suspension, termination, or revocation of any certification theretofore granted: *Provided, however,* That suspension, termination, or revocation of any certification for the violation of any provision of this order other than sanitary or inspection requirements shall be subject to the procedural regulations set forth in War Food Order No. 78–1, as now in effect or as it may be hereafter amended.

(2) Any person who willfully violates any provision of this order is guilty of a crime and may be prosecuted under any and all applicable laws. Civil action may also be instituted to enforce any liability or duty created by, or to enjoin any violation of, any provision of this order.

(q) *Delegation of authority.* (1) The administration of this order and the powers vested in the Secretary of Agriculture, insofar as such powers relate to the administration of this order, are hereby delegated to the Administrator. The Administrator is authorized to redelegate to any employee of the United States Department of Agriculture any or all of the authority vested in him by this order.

(2) The Administrator is authorized to establish such rules and regulations as he may deem necessary or appropriate in order to provide for the inspection of slaughtering plants seeking certification hereunder, and of meat, meat products, or animal fats produced therein.

(r) *Communications.* All reports required to be filed hereunder, all applications for certification under this order, and all communications concerning this order shall, unless otherwise provided, be addressed to Order Administrator, War Food Order No. 139, Livestock Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C.

(s) *Territorial scope.* This order shall apply within the 48 States and the District of Columbia.

(t) *Effective date.* This amendment shall become effective at 12:01 a. m., e. s. t., May 24, 1946. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 139, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

NOTE: All record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1468—GRAIN

WHEAT AND FLOUR

War Food Order No. 144 (11 F.R. 2501, 3243, 3392, 4289, 4323, 4445) is further amended as follows:

1. By deleting paragraph (g) and substituting in lieu thereof the following:

(g) *1946 crop wheat exemptions.* The provisions of this order with reference to supply certificates, preference orders, and inventory restrictions shall not apply to wheat of the 1946 crop.

2. By deleting paragraph (bb) and substituting in lieu thereof the following:

(bb) *Use of wheat by millers.* (1) Except for export purposes or for delivery to the Commodity Credit Corporation, no miller shall, during May 1946, process wheat into flour in excess of the quantity of wheat necessary to produce 75 percent of the quantity of flour distributed by such miller for domestic use or consumption during the month of May 1945.

(2) Except for export purposes or for delivery to Commodity Credit Corporation, no miller shall during the month of June 1946 process wheat into flour in excess of the quantity of wheat necessary to produce 75 percent of the monthly average quantity of flour distributed by such miller for domestic use or consumption during 1945.

(3) Except for export purposes or for delivery to Commodity Credit Corporation, no miller shall, during any calendar month beginning July 1946, process wheat into flour in excess of the quantity of wheat necessary to produce 85 percent of the monthly average quantity of flour distributed by such miller for domestic use or consumption during 1945.

3. By adding, immediately after paragraph (dd), the new paragraph:

(ee) *Set aside requirements.* (1) The requirements of this paragraph (ee) shall apply only to wheat grading No. 3 or better or grading No. 4 or No. 5 on test weight, produced in the following States: California, Colorado, Idaho, Illinois, Indiana, Iowa, Kansas, Maryland, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, New York, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, South Dakota, Texas, Utah, Washington, Wyoming. No producer shall deliver such wheat to a country elevator, or by truck, wagon, or water to a subterminal elevator, terminal elevator or mill elevator unless, within 15 days from the time of delivery, not less than one-half of all such wheat shall be sold to such country elevator, subterminal elevator, terminal elevator, mill elevator, or to a merchandiser, miller or other processor: *Provided, however,* That this provision shall not apply to wheat delivered for the account of the Commodity Credit Corporation.

(2) No merchandiser, miller or other processor, and no owner or operator of a country elevator, subterminal elevator, terminal elevator or mill elevator shall purchase or accept delivery of wheat unless he shall:

(i) Set aside, reserve and hold for delivery to the Commodity Credit Corporation not less than one-half of all wheat purchased by him from producers.

(ii) Deliver to Commodity Credit Corporation, in the form of either wheat or flour, all wheat set aside, reserved and held under paragraph (ee) (2) (i) hereof. Such delivery shall be made as directed by Commodity Credit Corporation.

This amendment shall become effective at 12:01 a. m., e. s. t., May 24, 1946. With respect to violations, rights accrued, liabilities incurred, or appeals taken, prior to said date, under War Food Order No. 144, as amended, all provisions of said order shall be deemed to remain in full force for the purpose of sustaining any proper suit, action or other proceeding with respect to any such violation, right, liability, or appeal.

(E.O. 9280, 7 F.R. 10179; E.O. 9577, 10 F.R. 8087)

Issued this 22d day of May 1946.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Reg., Amdt. 40–3]

PART 40—AIR CARRIER OPERATING CERTIFICATION

ROUTE AND DEFINITION OF ROUTE

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 17th day of May 1946.

Effective May 17, 1946, Part 40 of the Civil Air Regulations is amended as follows:

1. By amending § 40.11 to read as follows:

§ 40.11 *Route.* Applicant shall show that the route over which it proposes to operate is, or prior to operation will be, equipped with such navigational facilities (including terrain and intermediate airports, emergency landing fields, and ground aids to air navigation) as are determined by the Administrator to be necessary for safe operation as related to the service offered.

2. By adding a new section to read as follows:

§ 40.110 *Definition of route.* A route is that portion of the navigable airspace designated by the Administrator which is to be used by the air carrier in scheduled air transportation.

(52 Stat. 984, 1607; 49 U.S.C. 425, 551)

PART 40—AIR CARRIER OPERATION CERTIFICATION

PILOT ROUTE QUALIFICATION

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 17th day of May 1946.

Effective May 17, 1946, Part 40 of the Civil Air Regulations is amended as follows:

1. By amending § 40.2611 (b) to read as follows:

§ 40.2611 (b) *Requirements for pilot route qualifications.* The air carrier shall be responsible for qualifying each first pilot for the route over which he is to fly aircraft in scheduled air transportation as first pilot. Such qualification shall include a thorough knowledge of all of the instrument approach procedures, the terrain, any obstructions or congested areas, and the physical layout of the airport and approaches at each regular, provisional, refueling and alternate airport approved for the route. It shall also include the navigational facilities, communications procedures, minimum safe flight levels, position reporting points, holding procedures, and all other traffic control procedures for the route. In complying with the foregoing requirements the air carrier shall establish a detailed qualifying procedure, including flight over the route, which shall be performed by the pilot qualifying for the route. Such procedure shall be submitted for the approval of the Administrator and when approved by him shall be made a part of the air carrier operating certificate. A pilot may be listed in the air carrier operating certificate as first pilot for the route when the air carrier has certified to the Administrator that the pilot has performed the qualifying procedures and is qualified for the route, and this certification is endorsed by the pilot.

2. By repealing § 40.2614 (e).

PART 61—SCHEDULED AIR CARRIER RULES

MISCELLANEOUS AMENDMENTS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 17th day of May 1946.

Effective May 17, 1946, Part 61 of the Civil Air Regulations is amended as follows:

1. By repealing § 61.24 (Alternate route).
2. By amending § 61.513 to read as follows:

§ 61.513 *Route competency.* No first pilot shall be deemed competent over any route or part thereof unless he has met the appropriate requirements specified in § 40.2611 (b) of this chapter and is listed in the air carrier operating certificate.

3. By repealing § 61.5130 (Adjacent routes).
4. By amending § 61.514 to read as follows:

§ 61.514 *Maintenance of pilot route qualification.* After 12 consecutive months' absence from flight duty over a route or part thereof a first pilot will no longer be deemed competent for the carriage of persons in air transportation service over such routes or part thereof unless he has requalified in accordance with the provisions of § 40.2611 (b) of this chapter.

PART 61—SCHEDULED AIR CARRIER RULES

DEVIATION FROM ROUTE

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 17th day of May 1946.

Effective May 17, 1946, § 61.731 of the Civil Air Regulations is amended to read as follows:

§ 61.731 *Deviation from route.* No scheduled air carrier aircraft shall deviate from its authorized route, except when operating in accordance with traffic control instructions issued by a control tower or control center or when circumstances render such deviation necessary as a safety measure. In the latter case any deviation of more than 25 miles from the authorized route shall be explained by the pilot in a written report to the Administrator of Civil Aeronautics. Such report shall be made within 7 days after the completion of the flight.

PART 600—DESIGNATION OF CIVIL AIRWAYS

REDESIGNATION OF WIDTH OF CIVIL AIRWAYS

MAY 15, 1946.

Acting pursuant to the authority vested in me by section 302 of the Civil Aeronautics Act of 1938, as amended, I hereby amend Part 600 of the regulations of the Administrator of Civil Aeronautics as follows:

By amending § 600.10 (a) to read as follows:

§ 600.10 (a) *Scope.* Each civil airway, except as hereinafter provided, shall include the navigable air space of the United States above all that area on the surface of the earth lying within 5 miles of the center line prescribed for each such airway, but shall not include any of the air space of an air-space reservation as provided for in section 4 of the Air Commerce Act of 1926.

This amendment shall become effective 0001 e. w. t., June 1, 1946.

TITLE 16—COMMERCIAL PRACTICES

Chapter I—Federal Trade Commission

[Docket No. 5191]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

LEWIS & CONGER, ET AL.

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product or service:* § 3.96 (a) *Using misleading name—Goods—Qualities or properties.* In connection with the offering for sale, sale, and distribution of pillows now designated as "Foxhole Pillows" or any other similar article of merchandise in commerce, (1) using the term "Foxhole" or any other term of similar import or meaning to designate or describe respondents' product or any similar article of merchandise which is not suitable for use by soldiers when engaged in active combat in foxholes; (2) representing, directly or by implication, that respondents' product now designated as a "Foxhole Pillow" or any similar article of merchandise can be satisfactorily carried in a military helmet when the result of such use is to raise the helmet from the head and fail to give protection to the neck of the wearer or cause the helmet to not give any of the protective functions for which it was designed; (3) representing, directly or by implication, that respondents' product now designated as a "Foxhole Pillow" or any similar article of merchandise is suitable for use as a headrest by soldiers when engaged in active combat in foxholes; or, (4) representing, directly or by implication that respondents' product or any similar article of merchandise can be used without preventing the circulation of air in a military helmet when such product fills the space in the crown of a military helmet and presses upon the head of the wearer; prohibited.

(Sec 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Lewis & Conger et al., Docket 5191, April 2, 1946]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 2d day of April A. D. 1946.

In the Matter of Lewis & Conger, a Corporation, and Conrad W. Woehler, Trading as C. W. Products Company

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, answer of the respondents, testimony and other evidence in support of the complaint and in opposition thereto taken before a trial examiner of the Commission theretofore duly designated by it, report of the trial examiner upon the evidence and exceptions filed thereto, and briefs filed in support of the complaint and in opposition thereto; and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent Lewis & Conger, a corporation, and its officers, and the respondent Conrad W. Woehler, an individual, doing business under the trade name of C. W. Products Company or doing business under any other name, and their respective representatives, agents, and employees, directly or through any corporate or other device in connection with the offering for sale, sale, and distribution of pillows now designated as "Foxhole Pillows" or any other similar article of merchandise in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the term "Foxhole" or any other term of similar import or meaning to designate or describe respondents' product or any similar article of merchandise which is not suitable for use by soldiers when engaged in active combat in foxholes.

2. Representing, directly or by implication, that respondents' product now designated as "Foxhole Pillows" or any similar article of merchandise can be satisfactorily carried in a military helmet when the result of such use is to raise the helmet from the head and fail to give protection to the neck of the wearer or cause the helmet to not give any of the protective functions for which it was designed.

3. Representing, directly or by implication, that respondents' product now designated as a "Foxhole Pillow" or any similar article of merchandise is suitable for use as a headrest by soldiers when engaged in active combat in foxholes.

4. Representing, directly or by implication, that respondents' product or any similar article of merchandise can be used without preventing the circulation of air in a military helmet when such product fills the space in the crown of a military helmet and presses upon the head of the wearer.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-940]

WILLIAM S. KNOBLOCK

William S. Knoblock of 3418 Avelon Boulevard, Los Angeles, California, is engaged in the manufacture of storage batteries. During the period from June 1, 1945 through January 31, 1946 while acting for Battery Manufacturing Associates, which he owned and controlled, William S. Knoblock used a considerable amount of lead in the manufacture of storage batteries although he had no quota to use such lead, in violation of Conservation Order M-38. William S. Knoblock was aware of the provisions of Order M-38 and his actions were so grossly negligent as to constitute wilful violations thereof. These violations have diverted critical materials to uses not authorized by the War Production Board and the Civilian Production Administration. In view of the foregoing, it is hereby ordered, that:

§ 1010.940 *Suspension Order No. S-940.* (a) For a period of one year from the effective date of this order, William S. Knoblock shall not use any lead in the manufacture of storage batteries nor shall any allocation or authorization to use lead for such purposes be granted to him during this period.

(b) Nothing contained in this order shall be deemed to relieve William S. Knoblock from any restriction, prohibition, or provision contained in any other order or regulation of the Civilian Production Administration, except insofar as the same may be inconsistent with the provisions hereof.

(c) The restrictions and prohibitions contained herein shall apply to William S. Knoblock or to any concern owned or controlled by him, his successors or assigns, or persons acting on his behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

(d) This order shall take effect on the date of issuance.

Issued this 22d day of May 1946.

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Reg. 28, Schedule I, as Amended May 23, 1946]

CRITICAL PRODUCTS

(a) *Introduction.* The table in this Schedule lists certain of the critical products which the Civilian Production Administration has determined to be in such tight supply that they are serious threats to the national economy. (This Schedule supersedes former Directions 1 through 5 and 7 through 12 to PR-28 covering critical products.) When effective assistance of other kinds is not practicable, the CPA may assign CC preference ratings under paragraph (e) of Priorities Regulation 28 for material which is needed to sustain or increase the production of these products. In addition to the rules explained in paragraph (b) below, the general rules in paragraphs (c) and (d) of Priorities Regulation 28 governing the application for and assignment of CC ratings are also applicable. Especially important is paragraph (d) (1) of Priorities Regulation 28, requiring a determination that the use of substitute and less scarce materials is not practicable, that reasonable efforts have been made to get the required item without a rating, and that a rating is required to obtain the item by the latest date and in the minimum quantity practicable after taking into consideration material in inventory and available without a rating.

(b) *Explanation of table.*

Column I—Critical products. Column I lists the critical products for which CC ratings may be granted to sustain or increase production. When "specialized machinery" for another critical product is listed in Column I, it includes only machinery and equipment designed solely for the production of that critical product. It does not include general types of equipment suitable for other use even though a particular piece of equipment is designed and built expressly for a producer of the critical product.

Column II—Persons eligible. Column II states the persons who may apply for CC ratings. Where Column VI indicates that CC ratings may be assigned for construction, the builder or contractor may apply instead of the person listed.

Column III—Production materials. (1) If the word "yes" appears in Column III, the CPA may assign CC ratings to the person named in Column II to get production materials needed to make the item listed in Column I regardless of the applicant's minimum economic rate of operation. Where the applicant regularly sells materials as maintenance, repair or operating supplies for the item he makes, CC ratings may also be assigned to him for such supplies or for materials needed to make them. Applications for CC ratings for textile fabrics or yarns should be made under Priorities Regulation 28A, and CC ratings may be assigned under paragraph (d) of that Regulation in accordance with subpargaraph (d) (5) (i).

(2) If the word "no" appears in Column III, CC ratings will be assigned for production materials only as provided in Priorities Regulation 28. The same rule applies to any production materials expressly excluded from Column III.

Column IV—Capital equipment. (1) If the word "yes" appears in Column IV, the CPA may assign CC ratings to the person named in Column II to get capital equipment which either (i) will result in a substantial increase in production of the item listed in Column I, or (ii) is needed to replace present operating equipment which is in danger of imminent breakdown.

(2) Where the word "no" appears in Column IV, CC ratings will be assigned for capital equipment only as provided in Priorities Regulation 28. The same rule applies to any capital equipment expressly excluded from Column IV.

Column V—MRO. (1) If the word "yes" appears in Column V, the CPA may assign CC ratings to the person named in Column II to get maintenance, repair and operating supplies (MRO) which he needs to use in making the item listed in Column I.

(2) If the word "no" appears in Column V, CC ratings will be assigned for MRO only as provided in Priorities Regulation 28.

Column VI—Construction. (1) If the word "yes" appears in Column VI, the CPA may assign CC ratings to the person named in Column II, or to his builder, for material needed for incorporation in new plants or in expanded or modernized old ones where increased production of the item listed in Column I will result, or where the construction is necessary to prevent a loss of production.

(2) If the word "no" appears in Column VI, CC ratings will be assigned for construction materials only as provided in Priorities Regulation 28.

NOTE: Item "Plumbing fixtures . . ." added to table May 23, 1946.

Veneer, softwood (formerly covered by direction 5)	do	No	Yes	Yes	Yes (at existing plants only).
Wire, copper magnet	do	Yes	Yes	Yes	Yes.

[1] CC ratings will be assigned for special repair parts for underground coal mining machinery only where the repair part is essential for the continued operation of the mine and then only where it will not interfere with delivery of mining machinery for more essential purposes.

[2] CC ratings for construction for logs, lumber, and pulpwood will be assigned only for construction at existing plants or at plants which need to be relocated because of increased availability of timber, manpower or transportation facilities.

Issued this 23d day of May 1946.

PART 4700—VETERANS' EMERGENCY HOUSING PROGRAM

[Veterans' Housing Program Order 1, Supp. 2, as Amended May 23, 1946]

BEGINNING CONSTRUCTION

§ 4700.3 (a) *What this supplement does.* Veterans' Housing Program Order 1 restricts the "beginning" of certain kinds of work on structures. "To begin work on a structure" is defined in paragraph (c) (2) as "to incorporate into a structure on the site materials which are to be an integral part of the structure." The restrictions of VHP–1 on the beginning of construction do not apply to work which takes place before construction has begun. VHP–1 also does not apply to work which was begun before it became effective and which was being carried on at the time it became effective and is carried on normally after that time. This supplement explains these provisions of the order and gives examples of their application.

(b) *Beginning construction.* Materials which are to be an integral part of a structure are considered to have been incorporated in the structure on the site only when they are placed in the position in which they are to remain permanently as a part of the structure. Furthermore, materials are considered to be an integral part of a proposed structure only if they will be physically attached to the building or structure and will be permanently located within the boundary lines of its walls. Construction is not "begun" under VHP–1 unless both these conditions are met. Paragraphs (c) and (d) below list examples of cases where construction has not begun and has begun.

(c) *Cases where construction has not begun.* (1) The following kinds of work do not constitute beginning construction on a proposed structure and the cost of such work need not be included in computing the cost of a job under paragraph (d) (2) of VHP–1 to determine whether the job comes within the applicable allowance under paragraph (d) (1) of the order:

Demolition of buildings.
Tearing out partitions or walls in a building which is being altered.
Site preparation such as excavating, grading, filling with dirt, gravel or crushed stone.
Laying down driveways, walks, railroad sidings, etc.
Erecting fences, work sheds and construction shanties.
Laying pipes, conduits and wires outside the boundary lines of the walls of the structure.
Building retaining walls not physically incorporated within the structure.
Driving sheet piling to prevent cave-ins.
Constructing or erecting forms for concrete.

(2) The following operations do not constitute beginning construction on a proposed structure but the cost or value of the fabricated items or the materials must be included in computing the cost of a job in accordance with paragraph (d) (2) of VHP–1:

Fabricating structural steel shapes or other prefabricated sections, panels or buildings, whether off-site or on the site.
Purchasing materials or receiving delivery of materials on or off the site.

(d) *Cases where construction has begun.* The following kinds of work constitute the beginning of construction on a proposed structure:

Pouring concrete footings or other foundations.
Placing reinforcing rods or mats in place in an excavation preparatory to pouring concrete.
Driving permanent bearing piles or caissons.
Installing pipes, conduits or wires in the place where they will remain permanently as part of the building, if located within the boundary lines of the walls of the proposed structure.
Building foundation walls, whether laid dry or with mortar.
Incorporating permanently in place additional building materials in a building which is being remodelled, whether the incorporation is for the purpose of repairing the parts of the building left standing or as part of the new alterations.

(e) *Carrying on construction.* The exemption from VHP–1 for work begun before the issuance of the order applies only to work which was being carried on when the order was issued and which is carried on normally afterward. This means that if a job was started before the issuance of the order, but was abandoned or discontinued either before or after the issuance of the order, it is not exempt from the order by reason of the earlier beginning. However, this does not mean that work must be carried on every day. If construction was or is suspended temporarily for reasons beyond the builder's control such as inability to get materials or labor, or a work stoppage, or unfavorable weather conditions, the construction job is considered to have been carried on normally within the meaning of VHP–1. However, a suspension of work for more than 3 months is not considered a temporary suspension regardless of the reasons for the suspension. Application must be made to proceed with any construction on which work has been suspended for more than 3 months.

(f) *Scope of work begun.* The exemption for a structure begun before the issuance of VHP–1 is limited to the structure which was under construction at the issuance of the order. It does not apply to any other structure, even though the two are to be used together and one would be useless without the other, or even though the two structures have common heating systems or other common services, or even though the two are connected by pipes, wires, connecting passageways, bridges or the like. Furthermore, the exemption only applies to a structure of the kind and size which was under construction at the issuance of the order. For example, if a builder has begun a 3-story building 100 feet by 100 feet before the issuance of the order and was constructing this building at the time the order was issued, he would be permitted to complete this building, but he would have to get authorization if he later decided to redesign the proposed structure and build a 5-story building 100 feet by 500 feet. The exemption is limited to the building which he was in fact building when the order was issued. This rule also applies to modernization jobs. (The requirement of paragraph (d) (3) of VHP–1 that all related modernization work be considered a single job does not exempt all modernization work merely because one part of it has been started before the issuance of the order.) When one part of a modernization program has been started before the issuance of the order, a later part of the program can be considered to have been started by that time only if the two parts of the program are so closely related in space, purpose and performance as to be inseparable.

(g) *When the order took effect.* VHP–1 was filed in the Division of the Federal Register and was made available for public inspection at 11:54 a. m., eastern standard time, on March 26, 1946. VHP–1 became effective at that time with respect to the 48 States, the District of Columbia, Puerto Rico, and the Virgin Islands. Amendment 1 to VHP–1 extending the applicability of the order to the Territory of Hawaii was filed in the Division of the Federal Register and made available to the public at 10:04 a. m., eastern standard time on April 12, 1946. Therefore, the order became effective in the Territory of Hawaii at 4:34 a. m., Hawaiian standard time, on April 12, 1946.

Issued this 23d day of May 1946.

PART 1306—IRON AND STEEL

[RPS 100, Amdt. 6]

CAST IRON SOIL PIPE AND FITTINGS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Price Schedule No. 100 is amended in the following respects:

1. Section 1306.309 (a) of Revised Price Schedule No. 100 is amended to read as follows:

(a) *Base discounts.* The minimum discount from the list prices for cast iron soil pipe and fittings described in §§ 1306.310 and 1306.311, shall be as follows:

	Percent
2" to 6" extra heavy pipe	35
2" to 6" medium pipe	30
2" to 6" standard pipe	25
2" to 6" fittings	20
2" to 15" victory pipe (as described in § 1306.311)	26
8" to 15" pipe and fittings	26

2. A new § 1306.310a is added to read as follows:

§ 1306.310a *Illegal practices; sales of extension pieces.* On and after May 23, 1946 and notwithstanding the list prices set forth in § 1306.310 therefor, any extension piece to extend more than 6 inches shall be priced only on a linear foot basis, using the list price per foot of pipe as set forth in §§ 1306.310 and 1306.311 subject to the pipe discounts shown in § 1306.309 (a) to determine applicable maximum prices.

This Amendment No. 6 shall become effective May 23, 1946.

Issued this 23d day of May 1946.

PART 1377—WOODEN CONTAINERS

[MPR 524, Amdt. 5]

USED TIGHT COOPERAGE

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 524 is amended as follows:

1. Section 3 is amended to read as follows:

SEC. 3. *Maximum prices.* The maximum prices of used tight cooperage and the service of reconditioning such cooperage are shown in the following tables:

USED TIGHT COOPERAGE

(Maximum prices—Metropolitan Area sales by other than dumpers—delivered, or loaded on freight car at buyer's option, all other sales—f. o. b. conveyance.)

Regular Barrels	As they run sales to anyone by—		Domestic sales by qualified used tight-cooperage dealers or their agents

2. Section 4 is amended to read as follows:

SEC. 4. *Sales or Services for which prices are not specifically established.* Any person desiring to make a sale of items or charge for services covered by this regulation and whose selling price is not specifically established by the regulation shall make application to the Lumber Branch, Office of Price Administration, Washington 25, D. C. for a price. The application must contain a complete description of the item or service to be priced, the applicant's March 1942 selling price of the item or service, if he sold such item or service at that time, or his selling price in the first month preceding March 1942, if he had no sales in March 1942, his requested selling price or charge and his method of arriving at that price or charge, including material, labor, transportation, storage or other factors affecting the requested selling price or charge.

The requested selling price or prices may be used pending approval of a price by the Office of Price Administration subject, however, to adjustment to the price finally approved. Prices not disapproved within 20 days from the receipt by the Office of Price Administration of application containing the information necessary and required for establishing a price or prices are approved until specifically revoked.

3. Section 6 is amended to read as follows:

SEC. 6. *Definitions*—(a) *Dumper or emptier.* One who purchases commodities in barrels, and/or dumps or empties the contents of barrels, or his agent.

(b) *Peddler.* One who attains used barrels from emptiers for the purpose of resale and makes local delivery to purchasers or, in case of shipments by rail, makes delivery to freight car without storing, selecting or reconditioning them.

(c) *Used tight barrel dealer.* One, other than a dumper, peddler, broker, blender, bottler, or agent thereof, who has storage facilities and is engaged in the manufacture, buying, selling, reconditioning, recoopering, repairing and rebuilding of tight barrels and who has on his premises the machinery or tools necessary to perform the above listed operations on the containers which he sells or services. However, cooperage organizations which are subsidiaries of or affiliates of dumpers, which in other respects qualify under the terms of this definition and who prior to July 1, 1945 were engaged in manufacturing new cooperage and reconditioning and selling reconditioned tight barrels to other than parent companies or their affiliates are qualified as used tight barrels dealers.

(d) *Metropolitan Area.* An area within a radius of 30 miles of the seller's place of business.

(e) *Reconditioned barrel*—(1) *Regular run.* A used barrel with all sound staves, heads and hoops which has been steamed and/or washed clean inside, washed outside, flagged, if necessary, recoopered to liquid tightness; except, at the buyer's option one sound fitting head may be furnished loose and the hoops not driven to a final tightness, provided the barrel has been completely recoopered and tested.

(2) *Whiskey barrel*—(i) *Char on.* A used whiskey barrel originally made of sap clear white oak, reconditioned to liquid tightness and from which the char has not been removed; broken staves, and/or defective heading pieces to be replaced by removing defective material and properly refitting the replacement material without completely collapsing the barrel; joints flagged if necessary; hoops to be shortened if required to assure proper fit after driving.

(ii) *Scraped or char removed and recoopered used whiskey barrel.* A used whiskey barrel from which practically all of the char has been removed by lathing, scraping, sanding, or some comparable method, without the necessity of completely collapsing the barrel during the process; all defective material replaced and barrel properly recoopered to liquid tightness, except, at buyer's option, one sound fitting head may be furnished loose and the hoops not driven to final tightness, provided, however, the barrel has been completely recoopered and tested.

(f) *Rebuilt or remanufactured whiskey barrel.* A whiskey barrel that has been completely remanufactured from properly prepared used staves and recircled used heading, and/or new staves or new heading, if required. All staves properly joined, barrel steamed, fired, trussed, recrozed and finished off by the same processes as used in new barrel manufacture. Hoops to be either reworked used hoops, or new hoops, or combinations of both. This rebuilding process starts with a completely collapsed barrel and/or used shook.

(g) *Service rebuilding or remanufacturing of used whiskey barrels.* The rebuilding of a whiskey barrel as described in (f) above except that the major portion of the materials to be used are the property of the customer and will be furnished in the form either of a standing or knocked-down used whiskey barrel.

(h) *Sound barrel.* An unreconditioned barrel, complete with all hoops, no broken, cracked or defective staves, and two heads (one of which may be dropped) without breaks, cracks or other defects. Warpage in heads which will fit the croze and minor defects in staves or heads which will take up in hoop driving do not constitute unsoundness. This barrel requires no more than hoop driving (and in the case of dropped head barrels, the insertion of the second head) to make it liquid tight.

(i) *Selected barrel.* A sound barrel, partially or wholly unreconditioned, which has been selected for uniformity or comparability of size, type and condition.

(j) *Cull barrel.* An unsound, defective barrel.

(k) *Distillery run barrels.* Used whiskey barrels which have not been recontained but any quantity of which contains at least 50 percent sound barrels.

(l) *As they run barrels.* Used regular run barrels which have not been reconditioned or selected in any way.

(m) *Regular run tight barrels.* All used tight barrels except those which have been used for whiskey or other commodities requiring a similar high quality barrel.

This amendment shall become effective on May 23, 1946.

NOTE: Approval of the reporting requirements in this amendment waived by Budget Bureau.

Issued this 23d day of May 1946.

PAUL A. PORTER,
Administrator.

PART 1389—APPAREL

[MPR 607,[1] Amdt. 1]

MANUFACTURERS' PRICES FOR MEN'S AND BOYS' TAILORED CLOTHING AND RELATED GARMENTS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Maximum Price Regulation 607 is amended in the following respects:

1. The third sentence in section 1 (b) is amended to read as follows: "However, if a person, who qualifies as a manufacturer under conditions (1) or (2), distributes garments through retail stores which are separate legal entities, and some of these stores are under the same ownership and control as such person while the remainder are independent, sales by the stores are not considered manufacturers' sales under condition (3); in this case, sales by the person to the stores are considered manufacturers' sales."

2. The first sentence of Section 4 (a) (3) is amended to read as follows:

(3) If you sell the garments which you manufacture direct to individual ultimate consumers, as well as to separate retail stores (i. e., separate legal entities, some or all of which are not under the same ownership and control as your business), you may set up "sub-groups" and select a different division factor for each subdivision.

3. Section 4 (b) (3) is amended to read as follows:

(3) If you select class division factors, the total range between the highest and lowest individual factor may not exceed .15. (For example, you may select class factors of .65 and .80, but you may not select class factors of .64 and .80.) However, if you sell the garments which you manufacture direct to individual ultimate consumers as well as to separate retail stores (i. e., separate legal entities, some or all of which are not under the same ownership and control as your business), the total range between your lowest factor for sales to consumers and your highest factor may be greater than .15 but must not exceed .30.[2]

4. Two undesignated paragraphs and three examples are added at the end of section 5 (b) (1), to read as follows:

For purposes of paragraph (b), the price used to establish the "highest price line limit for the corresponding garment classification under the applicable provision of MPR 177" must be a price for sale of a "basic garment." That is, a price charge for a special order garment, or for a garment made with special features (where its price consists of a base amount plus a differential for such features), may not be used to establish a MPR 177 highest price line limit. The differential established, in the applicable MPR 177 base period, between the price of a basic garment and the price for a "special garment" is part of your highest price line limit for the group, but it is applicable only to such special garments, and then only if you have elected to figure the direct cost of these garments separately (see Example 10A below).

Moreover, if, in the applicable MPR 177 base period, you sold the same garment to different classes of trade at different prices, this price differential must be reflected in your highest price line limit. Finally, a price charged for a made-to-measure garment may not be used to establish the MPR 177 highest price line limit for a ready-made garment, and vice versa.

Example 10A. T, a manufacturer of men's ready-made regular weight suits, desires to determine his highest price line for that group (#18) under this regulation. T sells these garments to persons other than individual ultimate consumers.

During the period July through November 1941 (MPR 177 base period) T booked garments of this group at $32.50, $35.50 and $37.00 net. The first two prices were for "basic garments." The $37.00 garment was the same as the $35.50 one, except for special features. For these features, T had an established differential of $1.50, which he added to the $35.50 price of the regular garment.

The $37.00 price may not be used as a basis for establishing a highest price line limit, since, by the proviso at the end of section 5 (b) (1), it is not considered a price for a basic garment. Accordingly, T must use $35.50 as his base.

§ 1389.104 (a) (1) of MPR 177, T is permitted to add to this base the amount indicated in Appendix A (7½% of that portion of the price which does not exceed $30.00; 5% of that portion which exceeds such limit). Thus, T's highest price line limit for the group under MPR 177 is $38.025 ($35.00 plus $2.525). Under section 5 (b) (1) (ii) of MPR 607, T's highest price line limit for the group is 105% of his MPR 177 highest price line limit, or $39.93.

For a garment made with special features, T has a limit of $41.43 ($39.93 plus $1.50). However, he may charge this price under MPR 607 only if: (1) the garment is made with such features; and (2) he has elected to compute the direct cost of the model separately, and the price obtained by applying his division factor to the model's direct cost equals or exceeds $41.43.

Example 10B. P, a manufacturer of men's ready-made regular weight suits, desires to determine his highest price line limit for that group under this regulation. P sells these garments to retailers and wholesalers.

During the period July through November 1941 (the MPR 177 base period), P booked garments of this group at $37.50 less 2%, for sales to retailers, and at $37.50 less 7%, for sales to wholesalers. Under MPR 607, P's highest price line limit becomes $42.13 [$37.50 plus $2.625 (the adjustment permitted under MPR 177), times 1.05 (the adjustment permitted under section 5 (b) (1) (ii) of MPR 607)]. However, for sales to retailers it is subject to terms of 2%, while for sales to wholesalers it is subject to terms of 7%.

Example 10C. V, a manufacturer, has established a highest price line limit under MPR 177 of $55.00 net for men's made-to-measure regular weight suits. He did not manufacture ready-made suits during the MPR 177 base period, but now desires to produce such garments. What is V's highest price line limit for ready-made suits?

Since a highest price line limit for made-to-measure garments may not be used for ready-made garments, V could not establish a limit for these garments under MPR 177. Accordingly, V must apply for a highest price line limit for ready-made suits, pursuant to section 7 of MPR 607.

5. Subdivisions (ii) and (iii) of section 5 (d) (2) are amended to read as follows:

(ii) The prices arrived at by dividing the direct cost of each garment in the group by the applicable division factor are uniform (note: material cost shall be calculated on the basis of the fabric range which you have set up for the group for your first selling season under the regulation); and

(iii) The maximum price of all garments in the group is above your highest price line limit for the group, determined under paragraph (b) above.

6. Section 5 (d) (4) is amended to read as follows:

(4) *Standard for authorizing increased highest price line limits.* If you meet the conditions set forth in (2) above, an increased highest price line limit will be authorized by order for each group number, equal to the price calculated by dividing the direct cost of garments in the group by the applicable division factor, or equal to 110% of your MPR 177 highest price line limit for the group, whichever is lower.

7. A sentence is added at the end of section 6 (b) (3) to read as follows: "If the contractor's charge does include such items of labor overhead cost, because the obligation to pay for these items is his, you may include the dollars and cents cost of the items as part of your direct cost, provided that such cost is separately stated on the contractor's invoice."

8. An undesignated paragraph is added at the end of section 7 (a) (3) to read as follows:

Highest price line limits will be authorized by order which are in line with the limits established by the firm or firms with which the owners of your business have been associated, or in line with the adjusted limits set forth in Appendix J.

9. An undesignated paragraph is added at the end of section 8, to read as follows:

The records required by this regulation shall be kept, and made available for examination by OPA, at the following places:

(a) If you are a manufacturing-retailer, at your central office.

(b) If you are not a manufacturing-retailer and you have only one plant, at that plant.

(c) If you are not a manufacturing-retailer and you have several plants or no plant, at your principal sales office.

10. The last sentence in section 10 (e) is deleted.

11. A sentence is added at the end of section 17 to read as follows: "However, if you are a manufacturing-retailer, your OPA district office means the OPA office for the district in which is located your central office."

12. In paragraph (a) (3) (i) (*a*) of Appendix E, the date "March 1, 1945" in the first sentence is amended to read "March 1, 1946."

13. In Step 1 of paragraph (a) (3) (i) (*b*) in Appendix E, the date "March 1, 1945" is amended to read "March 1, 1946."

14. Footnote 26, which relates to the phrase "1946 fall selling season" in Step 1 of paragraph (a) (4) in Appendix E, is amended to read as follows:

[26] If you did not cut a particular garment group (or price line, style or model, if you have elected to figure yardage on one of these bases), use the first six months period prior to the effective date of the regulation in which you cut this group (or price line, style or model). If you did not cut the garment group (or price line, style or model) in a past six months period, you may, for purposes of determining the maximum price at which you sell a garment, estimate the average yardage to be consumed by the group (or price line, style or model). However, prior to delivery of such garment you must calculate the actual average yardage for the garment group (or price line, style or model), based on cuttings up to that time; if the actual average yardage is less than the estimated yardage, you must revise your maximum price for the garment.

If you use Method Two, base your calculation on experience during the last six months of 1945. If you did not cut a particular garment group (or price line, style or model) during this period, follow the rule stated in the first paragraph.

15. In Example 13, which is at the end of Step 3 of paragraph (a) (4) in Appendix E, the dates in the first column of Form IV are amended to read as follows:

Date cutting completed (1)	
4/12/45	7/18/45
4/20/45	7/23/45
5/5/45	8/5/45
5/10/45	8/18/45
5/20/45	8/25/45
6/6/45	9/3/45
6/10/45	9/15/45
6/20/45	9/20/45
7/15/45	9/27/45

16. Footnote number 38a is inserted at the end of the second sentence of the third paragraph of paragraph (c) (1) (ii) (*b*) in Appendix E, and the text of the footnote is added to read as follows:

[1] 11 F.R. 2693.

[2] If you select sub-group factors (as provided by paragraph (a) (3)), you must not use a division factor for any sub-group which is more than .15 below your general division factor. (For example, if your general division factor is .65, you may use a sub-group factor of .50, but not one of .49.)

[28] If the piece work costs of particular models or styles do not vary among price lines in a garment group, you may, instead of obtaining a weighted average piece-work cost for each price line, find a weighted average piece-work cost for the garment group. To do this weight the piece-work cost of each style or model by your total estimated deliveries of such style or model throughout the group. At the end of the selling season you must reweight the piece work cost of each style or model by your actual deliveries of such style or model throughout the group, and, if the actual is less than 98% of the estimate, you are in violation and subject to the penalties outlined in the text above.

17. Paragraph (c) (2) of Appendix E excluding the note at the end of the subparagraph is amended to read as follows:

(2) *Contractor's services.* For garments fabricated by a contractor, figure as direct labor cost an amount equal to 80% of the contractor's net service charge for direct labor, markup on direct labor and trim furnished by the contractor. If the contractor's charge has been increased, to reflect a wage increase granted since August 18, 1945, you must subtract the amount attributable to the wage increase and take 80% of the reduced figure. However, if the contractor's charge includes the items of labor overhead cost enumerated in Section 6 (4), because the obligation to pay for these items is his rather than yours, you may also include the dollars and cents cost of these items as part of your direct cost: *Provided*, That such cost is separately stated on the contractor's invoice.

If the same garment is fabricated both in your own plant and by a contractor, you may combine the direct labor costs of the garment and obtain a weighted average cost. To do this, weight each direct labor cost by your estimated production from each source during the selling season for which the garment is scheduled. At the end of that selling season you must reweight by your actual production during the season, and, if the actual weighted average direct labor cost is less than 98% of the estimated weighted average cost, you are in violation of the regulation. The amount of overcharge is the difference between the total dollar amount which you actually charged and the total dollar amount which you could have charged had your maximum prices been based on the actual weighted average direct labor cost. For each subsequent selling season (or at the start of each subsequent six months period, Method Two), you must follow the same procedure.

18. Paragraph (d) of Appendix E, excluding the note at the end of Example 16, is amended to read as follows:

(d) *How to calculate certain labor overhead costs*—(1) *Life, health or accident insurance; retirement or pension funds.*

Step 1. If your labor agreement specifies what percentages of factory labor pay roll should be allowed for these items, use those percentages. If no percentages are fixed, determine an aggregate percentage as follows: select a representative period (not less than one month) in which payments for these items were made; divide the amount expended for such items by your factory labor pay roll for the period (if your pay-roll account reflects wage increases granted after August 18, 1945, you must adjust such account so as to eliminate the effect of such wage increases).

Step 2. For a representative period (not less than one month), find the ratio of your direct labor pay roll to your factory labor pay roll. (Direct labor shall include only the operations set forth in section 6 (a) (3). If your pay roll accounts reflect wage increases granted after August 18, 1945, you must adjust such accounts so as to eliminate the effect of such wage increases.)

Step 3. Multiply the ratio found in Step 2 by the percentage (or percentages) found in Step 1.

Step 4. Apply the percentage (or percentages) found in Step 3 to the direct labor cost of the garment found under paragraph (c) above.

(2) *Holidays.*

Step 1. Divide the number of paid holidays per year by the number of working days per year.

Step 2. Multiply the percentage found in Step 1 by the ratio of your direct labor payroll to your factory labor payroll, found in Step 2 of subparagraph (1) above.

Step 3. Apply the percentage found in Step 2 to the direct labor cost of the garment found under paragraph (c) above.

(3) *Vacations.* If payments for vacations were made during 1945, divide the amount expended for this item by your direct labor payroll for that year; apply the resultant percentage to the direct labor cost of the garment found under paragraph (c) above. If payments for vacations were not made during 1945, you may estimate what percentage of your direct labor payroll this item will represent; then apply the estimated percentage to the direct labor cost of the garment found under paragraph (c) above.

NOTE: You must preserve all the records on which your calculation of certain labor overhead costs is based. If you have estimated the cost of vacations, you must prepare and keep a record showing how your estimate was arrived at.

19. The heading to Column (4) of item 10 in Form V in Appendix G is amended to read as follows:

Total cost per yard [(2)+(3)] (4)

This amendment shall become effective May 23, 1946.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 23d day of May 1946.

PAUL A. PORTER,
Administrator.

PART 1445—LIVESTOCK

[MPR 469,[1] Incl. Amdts. 1-21]

LIVE HOGS

This compilation of Maximum Price Regulation 469 includes Amendment 21, effective May 28, 1946. The text added or amended by Amendment 21 is underscored.

A statement of the considerations involved in the issuance of this Maximum Price Regulation No. 469 has been issued simultaneously herewith and filed with the Division of the Federal Register.[2]

So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation. In the judgment of the Price Administrator, the maximum prices established by this maximum price regulation are and will be generally fair and equitable, and comply with the requirements of section 3 and the other requirements of the Emergency Price Control Act of 1942, as amended, Executive Orders Nos. 9250 and 9328, and will effectuate the purposes of said Act and Executive Orders.

§ 1445.1 *Maximum prices for live hogs.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 469 (Live Hogs), which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1445.1 issued under 56 Stat. 23, 765; 57 Stat. 566; Pub. Law 383, 78th Cong.; Pub. Law 108, 79th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681, E.O. 9599, 10 F.R. 10155; E.O. 9651, 10 F.R. 13487; E.O. 9697, 11 F.R. 1691.

ARTICLE 1—GENERAL PROVISIONS

SECTION 1. *What this regulation does.* This regulation fixes dollar-and-cents ceiling prices for live hogs, including live pigs. It does not apply

(a) To sales or deliveries of live hogs for breeding or for serum purposes, or of live hogs weighing less than 140 pounds for feeding for more than one month: *Provided*, That all hogs sold to a dealer, an order buyer or a slaughterer, other than a farm slaughterer shall be deemed to be sold for slaughtering purposes. On and after October 9, 1945, if hogs are sold to a dealer, an order buyer or a slaughterer for any exempt purpose the dealer, order buyer, or slaughterer, or any authorized person acting in such purchaser's behalf shall provide the seller with a signed statement indicating the specific exempt purpose for which such hogs are being bought before such sale shall be exempt. On and after October 9, 1945, any seller selling hogs to a dealer, an order buyer or a slaughterer for an exempt purpose shall require such purchaser to provide him with the signed statement hereinbefore required, and such seller, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, shall keep and preserve such signed statement for inspection by the Office of Price Administration. The buyer similarly shall keep and preserve an exact copy of the signed statement hereinbefore required. In addition to the foregoing, all sales of hogs whether for exempt purposes or otherwise, made to or by a dealer, an order buyer or a slaughterer other than a farm slaughterer shall be subject to the record-keeping provisions of section 8 and the invoicing provisions of section 12 of this regulation.

[Paragraph (a) amended by Am. 15, 10 F.R. 12648, effective 10-9-45; Am. 19, 11 F.R. 1213, effective 2-5-46 and Am. 21, effective 5-28-46]

(b) To sales of live hogs outside of the 48 states of the United States and the District of Columbia; or

(c) To sales or deliveries of live hogs by members of 4-H Clubs, Future Farmers of America, or other recognized farm youth organizations, if the sales are duly approved and are made at the place and time of a fair, show or exhibition. Prior approval of the sales must be obtained from a state office of the Office of Price Administration by a county agent, county club agent, vocational agricultural instructor or the chief administrator of the state department of agriculture.

(d) To sales or deliveries of live hogs which have been exhibited in competition at a fair, show, or exhibition, *Provided:*

(1) That such sales are made in the course of a regularly scheduled public sale held at the time and place of such fair, show or exhibition.

(2) That permission to hold such regularly scheduled public sale on a ceiling exempt basis has been obtained from the Director of the appropriate District Office of the Office of Price Administration prior to the sale. The Director of any appropriate District Office of the Office of Price Administration hereby is authorized to grant such permission by order, whenever the following conditions are met:

(i) Written request for such permission has been made by the president, secretary or manager of the organization promoting such fair, show or exhibition.

(ii) Such fair, show or exhibition must be recognized generally as being of state, regional (as distinguished from local) or national character.

(iii) The organization promoting such fair, show or exhibition must have been in existence prior to 1942; or must be an organization that is the legal successor to an organization which was in existence prior to 1942, such succession having occurred prior to November 1, 1945.

(iv) The fair, show or exhibition must have been promoted and held as a regular event prior to 1942 by an organization meeting the requirements of foregoing subdivision (iii).

(v) The traditional events occurring at such fair, show or exhibition prior to 1942 included a regularly scheduled public sale for slaughter of some or all of the live hogs exhibited.

(vi) For purposes of convenience requests for permission to hold such ceiling exempt sales made under this section 1 (d) (2) may be combined with requests for similar permission filed under section 1 (b) (5) (ii) of Maximum Price Regulation No. 574.[4]

(3) That each live hog or lot of live hogs so sold or delivered to any purchaser at such fair, show or exhibition in the course of such regularly scheduled public sale shall be certified in writing to such purchaser by the secretary or manager of the organization promoting such event as follows:

(i) To have been entered and officially accepted for exhibition purposes at such fair, show or exhibition.

(ii) To have been exhibited in competition at such fair, show or exhibit.

(4) That the exemption herein made shall not extend to the sale at such fair, show or exhibition of live hogs not officially engaging in competitive exhibition in such fair, show or exhibition. For the purposes of this section 1 (d), live hogs which, as the result of the official action of any representative of the organization promoting such fair, show or exhibition, have been rejected for, or barred from competitive exhibition prior to the holding of the event in which competition winners are selected, shall not be deemed to have been exhibited at such fair, show or exhibition.

[Paragraph (d) added by Am. 18, 10 F.R. 14733, effective 12-3-45]

SEC. 2. *How ceiling prices on live hogs are fixed.* (a) The ceiling price for any live hog sold depends on the sex and age of the hog and on the location of the scales upon which the hog is weighed for sale. All hogs sold must be weighed at a terminal market, interior market or buying station.

[Paragraph (a) amended by Am. 6, 9 F.R. 5075, effective 5-15-44 and Am. 11, 9 F.R. 14606, effective 12-13-44]

(b) "Terminal market" means one of the municipalities named in Schedule I of Appendix A (section 13), and includes all of the public markets, slaughter houses, and places which, except for their location in such municipality, otherwise meet the requirements of a "buying station" as specified in this regulation.

(c) "Interior market" means one of the municipalities named in Schedule II of Appendix A (section 13), and includes all of the public markets, slaughter houses, and places which, except for their location in such municipality, otherwise meet the requirements of a "buying station" as specified in this regulation.

(d) "Buying station" means any fixed place of business, other than a terminal market or an interior market, where live hogs are weighed for sale and sold to the buyer and where a regular market is maintained. As used herein, "regular market" means a fixed place of business where hogs are regularly purchased and sold and where some person is, or persons are, regularly engaged in the business of buying and/or selling hogs. No place shall operate as a buying station which does not meet all of the requirements for buying stations specified in this regulation.

[Paragraphs (b), (c) and (d) amended by Am. 15, 10 F.R. 12648, effective 10-9-45]

(e) No place shall be deemed a terminal market, interior market or buying station unless it meets the following requirements:

(1) It must be equipped with pens, chutes and other facilities for loading, unloading, sorting and holding hogs.

(2) It must be equipped with scales adapted to the weighing of livestock: *Provided*, That scales adapted to the weighing of livestock located elsewhere than on the premises of the terminal market, interior market or buying station may be deemed to constitute part of the equipment of a terminal market, interior market or buying station if the conditions set forth in either of the following subdivisions (i) or (ii) are met:

(i) The terminal market, interior market or buying station used such scales in the regular conduct of its business for more than a year prior to January 1, 1944; and, on or before March 7, 1946, the operator of such terminal market, interior market or buying station filed with the appropriate District Office of the Office of Price Administration within whose jurisdiction the terminal market, interior market or buying station is located a signed statement setting forth: (*a*) the name and address of the business establishment for which the statement has been filed, (*b*) the date; (*c*) the location of the scales used and the owner or operator thereof; and (*d*) the approximate period prior to January 1, 1944, during which such scales were used regularly by the terminal market, interior market or buying station in the conduct of its business. In the event the statement herein required is not filed on or before March 7, 1946, the right of the establishment to operate as a terminal market, interior market, or buying station thereafter shall be suspended until the signed statement herein required has been filed. The permissive use herein authorized shall be subject to review by the appropriate District Director, and may be revoked or amended at any time to require the use of more conveniently located scales in any instance. In no event, however, shall the use of scales operated or controlled by a competing terminal market, interior market or buying station be required.

(ii) The terminal market, interior market or buying station has received written authorization from the appropriate District Director of the Office of Price Administration granting permission to use specified scales located elsewhere than on the premises of the terminal market, interior market or buying station. The District Director of the Office of Price Administration within whose jurisdiction the terminal market, interior market or buying station is located may, by order, authorize the use of specified scales located elsewhere than on the premises of a terminal market, interior market or buying station following written application therefor only if the following conditions are met:

(*a*) The scales to be used are adapted to the weighing of livestock.

(*b*) The scales to be used are located within reasonable proximity to the pens and chutes of the terminal market, interior market or buying station. In

determining what constitutes "reasonable proximity" the availability of suitable scales located nearer to the chutes and pens of the terminal market, interior market or buying station than those for which the permission is sought shall be accorded due consideration, but nothing herein contained shall be construed to require the use of scales operated or controlled by a competing terminal market, interior market or buying station.

[Paragraph (e) amended by Am. 15, 10 F.R. 12648, effective 10–9–45 and Am. 19, 11 F.R. 1213, effective 2–5–46]

(f) "Municipality" means the area within the corporate limits of a municipal corporation, and the zone adjacent to and commercially a part of such municipal corporation.

[Paragraph (f) added by Am. 2, 8 F.R. 13847, effective 10–7–43]

(g) "Sow" means a female hog that shows evidence of having produced pigs or that is in an evident stage of pregnancy.

(h) "Boar" means an uncastrated male hog.

(i) "Stag" means a mature castrated male hog that shows pronounced sex development or physical characteristics peculiar to the adult uncastrated male.

[Paragraphs (g), (h) and (i) added by Am. 11, 9 F.R. 14606, effective 12–13–44]

(j) "Auction market" means a place of business where live hogs are sold at auction, and which meets all the requirements of a terminal market, interior market or buying station as set forth in this regulation.

[Paragraph (j) added by Am. 19, 11 F.R. 1213, effective 2–5–46]

(k) "Farm slaughterer" means a person chiefly engaged in producing agricultural products as the resident operator of a farm and who does not sell or deliver meat of a dressed weight in excess of 6,000 pounds in any twelve consecutive months.

[Paragraph (k) added by Am. 21, effective 5–28–46]

SEC. 3. *How to find the ceiling prices for live hogs.* (a) First, find the location of the terminal market, interior market or buying station where the hogs are weighed for sale.

(b) Second, refer to Appendix A (section 13) for the ceiling price of live hogs other than sows, boars or stags. For the ceiling price of sows, boars and stags, refer to the prices listed in Appendix A (section 13) and subtract 75 cents per hundredweight from such prices.

(1) The ceiling prices for live hogs, other than sows, boars or stags, which are weighed at a terminal market for sale are found in Schedule I of Appendix A (section 13). The ceiling prices for sows, boars and stags which are weighed at a terminal market for sale shall be the prices listed in Schedule I of Appendix A (section 13) minus 75 cents per hundredweight.

(2) The ceiling prices for live hogs, other than sows, boars or stags, which are weighed at an interior market for sale are found in Schedule II of Appendix A (section 13). The ceiling prices for sows, boars and stags which are weighed at an interior market for sale shall be the prices listed in Schedule II of Appendix A (section 13) minus 75 cents per hundredweight.

(3) The ceiling prices for live hogs, other than sows, boars or stags, which are weighed at a buying station for sale are found in Schedule III of Appendix A (section 13). The ceiling prices for sows, boars and stags which are weighed at a buying station for sale shall be the prices listed in Schedule III of Appendix A (section 13) minus 75 cents per hundredweight.

(4) The ceiling price for any lot of hogs in which sows, boars and/or stags are weighed simultaneously with hogs other than sows, boars and stags shall be, for all hogs so weighed simultaneously, the applicable ceiling price for sows, boars and stags.

[Subparagraph (4) added by Am. 19, 11 F.R. 1213, effective 2–5–46]

[Paragraph (b) amended by Am. 6, 9 F.R. 5075, effective 5–15–44; Am. 10, 9 F.R. 12969, effective 10–30–44 and Am. 11, 9 F.R. 14606; effective 12–13–44]

SEC. 4. *Service charges to buyers.* Note: Sales of hogs purchased at "public markets", as defined in paragraph (c) hereof, are exempt from the provisions of this section 4. Charges for services rendered in connection with such sales are subject to the jurisdiction of the Secretary of Agriculture pursuant to the Packers and Stockyards Act of 1921, as amended.

[Above paragraph amended by Am. 15, 10 F.R. 12648, effective 10–9–45]

(a) *Dealer's service charge to slaughterers.* (1) The ceiling price for any lot of live hogs sold by a dealer shall be the applicable ceiling price determined as required by the provisions of section 3: *Provided*, That a dealer may collect only from a buyer who is a slaughterer (in addition to the applicable ceiling price) a service charge not to exceed:

$15 per shipment of more than 26,000 pounds;
$14 per shipment of 26,000 pounds or less but more than 24,000 pounds;
$13 per shipment of 24,000 pounds or less but more than 22,000 pounds;
$12 per shipment of 22,000 pounds or less but more than 20,000 pounds;
$11 per shipment of 20,000 pounds or less but more than 18,000 pounds;
$10 per shipment of 18,000 pounds or less but more than 16,000 pounds;
$9 per shipment of 16,000 pounds or less but more than 14,000 pounds;
$8 per shipment of 14,000 pounds or less but more than 12,000 pounds;
$7 per shipment of 12,000 pounds or less but more than 10,000 pounds;
$6 per shipment of 10,000 pounds or less but more than 8,000 pounds;
$5 per shipment of 8,000 pounds or less but more than 6,000 pounds;
$4 per shipment of 6,000 pounds or less but more than 4,000 pounds;
$3 per shipment of 4,000 pounds or less but more than 2,500 pounds;
$2 per shipment of 2,500 pounds or less but not more than 25 cents per head.

(2) "Shipment," as used in paragraph (a) (1) above, means each carload, less than carload, truckload, wagonload, boatload or driven consignment.

(3) A dealer is a person who regularly utilizes a fixed place of business which meets the requirements of a buying station, who buys live hogs from the producer at such fixed place of business or at an auction market, and who resells such hogs to a slaughterer. The charges permitted by subparagraph (1) of this section 4 (a) shall apply only (i) to sales to slaughterers of hogs weighed at the fixed place of business regularly utilized by the dealer and purchased from the producer by the dealer at such fixed place of business; or (ii) to sales of hogs weighed at an auction market and purchased at such auction market by the dealer and resold to a slaughterer.

[Subparagraph (3) added by Am. 15, 10 F.R. 12648, effective 10–9–45]

[Paragraph (a) amended by Am. 1, 8 F.R. 13741, effective 10–5–43; Am. 3, 9 F.R. 694, effective 1–22–44; Am. 8, 9 F.R. 12279, effective 10–14–44; Am. 12, 10 F.R. 3055, effective 3–26–45 and Am. 15, 10 F.R. 12648, effective 10–9–45]

(b) *Order buyer's service charges to slaughterers.* (1) On and after October 9, 1945, and notwithstanding the terms of any contract or agency, contract of employment or other contractual arrangement heretofore entered into by a slaughterer and an order buyer (except contracts calling for the payment of salary or wages at regular fixed intervals and which are not dependent upon the volume of hogs purchased for the slaughterer by the order buyer), no slaughterer shall pay, give, grant, or assume liability to pay, give, or grant wages, commissions, fees, dividends, bonuses, gratuities or other forms of compensation to an order buyer in excess of $0.05 per hundredweight for the services performed by such order buyer in purchasing hogs for the account of such slaughterer; and no order buyer shall accept, claim, or otherwise receive wages, commissions, fees, dividends, bonuses, gratuities or other forms of compensation from a slaughterer in excess of $0.05 per hundredweight for the services performed by such order buyer in purchasing hogs for the account of such slaughterer.

(2) An order buyer is a person who, as the agent of a slaughterer, purchases hogs for such slaughterer and meets all of the following requirements:

(i) The hogs purchased by such agent must be weighed for purchase at a terminal market, an interior market or a buying station.

(ii) The hogs purchased by such agent must be for the account of the slaughterer.

(iii) The title to the hogs purchased must not vest in the agent, but shall vest immediately in the slaughterer. Nothing herein contained, however, shall be construed to prevent such an agent from asserting any lien he may have acquired against hogs in his possession for money expended by him on behalf of such slaughterer in the purchase of the particular lot of hogs against which the lien is asserted.

(iv) The invoice, receipt or other written evidence of sale must indicate that title to the hogs purchased is transferred directly from the seller to the slaughterer.

(v) The legal authority to bind the slaughterer to pay the seller for the hogs purchased by such agent on behalf of the slaughterer must exist. Nothing herein contained, however, shall be construed to prevent such slaughterer's agent from paying the seller on behalf of the slaughterer from funds belonging to the agent.

[Paragraph (b) amended by Am. 15, 10 F.R. 12648, effective 10–9–45]

(c) "Public market" means a stockyard which is under the jurisdiction of the Secretary of Agriculture pursuant to the Packers and Stockyards Act of 1921, as amended.

[Paragraph (c) added by Am. 8, 9 F.R. 12279, effective 10–14–44]

(d) *Feeding and bedding charges.* Any dealer or order buyer who furnishes necessary feed or bedding for hogs after being weighed for purchase by a slaughterer and which are either awaiting shipment or are in transit to such slaughterer may charge the slaughterer an amount not to exceed the prevailing market cost of the feed consumed or the bedding used at the point where such feed and/or bedding was provided if the shipment is other than by rail. If the shipment is by rail, the total amounts charged shall be at the same rates which the rail carrier could have charged under its tariffs if it had performed the services. Where such charges are made, under either set of circumstances, an accurate written statement of the items entering into such charge must be given the slaughterer.

[Paragraph (d) added by Am. 15, 10 F.R. 12648, effective 10–9–45]

SEC. 5. *Ceiling prices for live hogs sold for export.* The ceiling price for any lot of live hogs sold to be exported out of the United States shall be determined in accordance with the provisions of the Second Revised Maximum Export Price Regulation [1] issued by the Office of Price Administration.

SEC. 6. *When the new ceiling prices take effect.* On October 4, 1943, the ceiling prices fixed by this regulation take effect. On and after October 4, 1943, no person shall sell or deliver and no person in the course of trade or business shall buy or receive live hogs at a price higher than the ceiling price fixed by this regulation; and no person shall offer to sell live hogs in excess of these ceiling prices.

SEC. 7. *Conditions of sale.* (a) All live hogs sold shall be weighed at a terminal market, interior market or buying station, and all sales of live hogs shall be deemed made on the day of weighing. Live hogs sold to different buyers must be weighed separately.

(b) No sale of live hogs shall be made except at the weight so determined.

(c) All expenses of transporting the hogs to the place of weighing shall be paid by the seller. If the buyer transports the hogs to the place of weighing, a transportation charge of not less than 5 cents per 100 pounds for distances up to and including 6 miles, and not less than 10 cents per 100 pounds for distances over 6 miles, must be deducted from the applicable ceiling price to be paid to the seller by the buyer. The amount of such transportation charge must be shown on the invoice, receipt or other written record of the sale.

[Paragraph (c) amended by Am. 15, 10 F.R. 12648, effective 10–9–45]

(d) The person weighing each live hog or lot of live hogs sold shall write on the invoice of such sale or the receipt evidencing such sale (1) the weight and number of hogs other than sows, boars and stags; (2) the weight and number of sows, boars and stags; (3) his name; and (4) the place and date of weighing: *Provided*, That this requirement shall not apply in the event the person weighing the particular lot of live hogs sold is required by regulation of another Federal governmental agency or by State statute or regulation of a State governmental agency to execute a scale ticket in triplicate containing the same information required to be written on the invoice or receipt by this paragraph (d), except that it may contain the weight and number of hogs weighed in place of the information required by subparagraphs (1) and (2) hereof, and one copy of such scale ticket is delivered to the buyer, one is delivered to the seller or his agent, and one is retained by the weighing agency: *Provided further*, That in the event that the price charged or paid per hundredweight for a lot of live hogs sold does not exceed the ceiling price, at the point of weighing of such lot of live hogs, for sows, boars and stags, the person weighing such lot of live hogs may write on the invoice of such sale or the receipt evidencing such sale the weight and number of hogs weighed in place of the information required by subparagraphs (1) and (2) of this paragraph (d).

[Paragraph (d) amended by Am. 6, 9 F.R. 5075, effective 5–15–44; Am. 7, 9 F.R. 5435, effective as of 5–15–44; Am. 10, 9 F.R. 12969, effective 10–30–44 and Am. 11, 9 F.R. 14606, effective 12–13–44]

(e) Except in instances where the total price per hundredweight charged or paid for all hogs weighed simultaneously in one lot does not exceed the ceiling price per hundredweight established for sows, boars and stags at the point of weighing the simultaneous weighing of sows, boars and stags in one lot of hogs containing hogs other than sows, boars and stags is prohibited.

[Paragraph (e) added by Am. 19, 11 F.R. 1213, effective 2–5–46]

SEC. 8. *Records and reports.* (a) Every person who sells, or in the course of trade or business buys or receives live hogs, and every agent of such a person for sale or purchase shall make and preserve for so long as the Emergency Price Control Act of 1942 remains in effect complete and accurate records of each such sale or purchase showing (1) the date; (2) the name and address of the buyer and the seller; (3) the place at which the live hogs sold were weighed; (4) the weight and number of hogs other than sows, boars and stags, and the price charged or received or paid therefor; and (5) the weight and number of sows, boars and stags, and the price charged or received or paid therefor. In the event that the price charged or paid per hundredweight for a lot of live hogs sold does not exceed the ceiling price, at the point of weighing of such lot of live hogs, for sows, boars and stags, the record of the sale or purchase may show the weight and number of hogs sold and the price charged or received or paid therefor in place of the information required by subparagraphs (4) and (5) of this paragraph (a).

(b) On and after February 5, 1946, and for as long as the Emergency Price Control Act of 1942, as amended, remains in effect, any buyer receiving the invoice and any seller receiving the receipt referred to in paragraph (a) of this section, any buyer or seller or seller's agent receiving copies of the scale ticket referred to in section 7 (d) and any slaughterer receiving the written statement of the items entering into any charge for feed and bedding referred to in paragraph (d) of section 4 shall keep and preserve such invoice, receipt, scale ticket, or written statement for inspection by the Office of Price Administration.

[Paragraph (b) amended by Am. 19, 11 F.R. 1213, effective 2–5–46]

[Sec. 8 amended by Am. 6, 9 F.R. 5075, effective 5–15–44; Am. 7, 9 F.R. 5435, effective as of 5–15–44; Am. 10, 9 F.R. 12969, effective 10–30–44 and Am. 11, 9 F.R. 14606, effective 12–13–44]

SEC. 9. *Indirect price increases.* The price limitations set forth in this regulation shall not be evaded directly or indirectly. An example of an indirect price increase forbidden by this section is a sale of some other commodity to the buyer in conjunction with the sale of live hogs, where the buyer did not normally buy this commodity from the seller in the past. Except as provided in section 4 (a), no payments, commissions or allowances for any service, or for transportation or shrinkage, or for any other purpose shall be made by the buyer of live hogs to the seller, unless the total sales price, including such payment, commission or allowance, is equal to or less than the maximum price: *Provided*, That the following payments shall not be construed as evasions of the price limitations under the following conditions:

(a) A payment or service charge by a buyer to the seller for services rendered to the buyer, if such payment is in accordance with tariffs for such services filed by the seller pursuant to the provisions of the Packers and Stockyards Act, 1921, as amended.

(b) A payment by a buyer to the seller for transporting live hogs from the place of weighing to the buyer's delivery point, if the seller is a common carrier or if the rate paid does not exceed that fixed by the General Maximum Price Regulation.[4]

(c) A payment by a buyer to an order buyer for transporting live hogs from the place of weighing to the buyer's delivery

[Sec. 9 amended by Am. 1, 8 F.R. 13741, effective 10-5-43 and Am. 3, 9 F.R. 694, effective 1-22-44]

SEC. 10. *Prohibitions.* (a) On and after October 4, 1943, the date this regulation takes effect, if any person sells or delivers or negotiates the sale or delivery of live hogs at prices higher than the ceiling prices herein established, or if any person in the course of trade or business buys or receives or negotiates the purchase or receipt of live hogs at prices higher than the ceiling prices herein established, or otherwise violates any of the provisions of this regulation, he is subject to the criminal penalties, civil enforcement actions and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended.

(b) The sale of any hog at farm weights to any buyer for purposes other than breeding, scrum production or feeding for more than one month is prohibited. "Farm weight" means the weight of the hog as determined by any manner other than weighing the hog on scales that are located at a terminal market, interior market or buying station.

(c) Specifically, but not exclusively, the following practices are prohibited:

(1) The sale or purchase of slaughter hogs conditioned upon the sale or purchase of breeding hogs, serum hogs or hogs for feeding purposes as indicated in section 1 (a).

(2) The sale or purchase of hogs conditioned upon the sale or purchase of any other commodity by either the seller or the buyer of the hogs.

(3) The sale or purchase of hogs conditioned upon the performance of any service by either the seller or the buyer of the hogs and for which provision is not made in this regulation, or, if the sale is made at a public market, in the rules and regulations established by the Secretary of Agriculture pursuant to the Packers and Stockyards Act of 1921, as amended.

(4) The charging or receiving, or the owing or paying of any consideration, whether money or otherwise, for services not authorized to be performed and paid for under the provisions of this regulation, or, if the sale is made at a public market, for services not authorized to be performed and paid for under the provisions of the rules and regulations established by the Secretary of Agriculture pursuant to the Packers and Stockyards Act of 1921, as amended.

(5) The payment of fees or any other form of compensation for "finding", or otherwise locating hogs for a purchaser.

(6) The offering, express or implied, or the delivery, in token or in kind, of tankage, other protein supplements, or feeds in connection with the purchase or acquisition of hogs; or the solicitation, express or implied, or the acceptance, in token or in kind, of tankage, other protein supplements, or feeds in connection with the sale or delivery of hogs.

[Subparagraph (6) added by Am. 21, effective 5-28-46]

[Sec. 10 amended by Am. 15, 10 F.R. 12648, effective 10-9-45]

ARTICLE II—SPECIAL PROVISIONS

SEC. 11. *Fill practice.* (a) Fill practice at any public stockyard shall be the same as that in effect during the week commencing June 20, 1943.

(b) Except at a public stockyard, no hog may be fed or watered on the day of sale prior to weighing; but (1) hogs may be fed or watered after the weighing referred to in section 7 of Article I, and (2) hogs may be fed or watered prior to weighing at any terminal market, interior market or buying station, if the top price paid for hogs at the market or station on the day before weighing was below the ceiling price.

[Paragraph (b) amended by Am. 3, 9 F.R. 694, effective 1-22-44]

(c) "Public stockyard" means any stockyard under the jurisdiction of the Secretary of Agriculture pursuant to the Packers and Stockyards Act of 1921, as amended.

[Paragraph (c) added by Am. 8, 9 F.R. 12279, effective 10-14-44]

SEC. 12. *Duty of seller to furnish invoice.* (a) Every person selling live hogs shall furnish the buyer with an invoice or accept from the buyer a receipt or both showing (1) the name and address of the buyer and seller; (2) the place at which the hogs sold were weighed; (3) the weight and number of hogs sold other than sows, boars and stags; (4) the weight and number of sows, boars and stags sold; and (5) the price charged or received therefor, separately stated for hogs other than sows, boars and stags and for sows, boars and stags, including all allowances and payments for all services rendered in connection with the sale. In the event that the price charged or paid per hundredweight for a lot of live hogs sold does not exceed the ceiling price, at the point of weighing of such lot of live hogs, for sows, boars and stags, the invoice or receipt, whichever is used, may show the weight and number of hogs sold and the price charged or received therefor, including all allowances and payments for all services rendered in connection with the sale, in place of the information required by subparagraphs (3), (4) and (5) of this paragraph (a).

[Paragraph (a) amended by Am. 6, 9 F.R. 5075, effective 5-15-44; Am. 7, 9 F.R. 5435, effective as of 5-15-44; Am. 10, 9 F.R. 12969, effective 10-30-44 and Am. 11, 9 F.R. 14606, effective 12-13-44]

(b) The invoice shall be delivered to the buyer or the receipt shall be delivered to the seller on the day of weighing of the hogs sold or on the day of delivery of the hogs to the buyer, whichever day is later; and no invoice shall be delivered to the buyer or receipt delivered to the seller until the person weighing the hogs has endorsed on the invoice or receipt the information required to be so endorsed by section 7 (d).

[Paragraph (b) amended by Am. 6, 9 F.R. 5075, effective 5-15-44 and Am. 7, 9 F.R. 5435, effective as of 5-15-44]

(c) If the seller does not deliver an invoice, but accepts a buyer's receipt pursuant to the provisions of this section, the seller shall be estopped from denying the truth of the facts stated on such receipt in any action relating to the enforcement of the maximum prices fixed by this regulation.

PART 1305—ADMINISTRATION

[SO 160]

INDIVIDUAL ADJUSTMENTS TO MAINTAIN NORMAL PEACETIME EARNINGS FOR CERTAIN INDUSTRIES

A statement of the considerations involved in the issuance of this supplementary order, issued simultaneously herewith has been filed with the Division of the Federal Register.

SECTION 1. *Scope of this supplementary order.* This supplementary order provides a method by which manufacturers in certain industries, which are listed in Appendix A, may automatically increase their ceiling prices for the commodities they manufacture included within the listed industry or industry group. The increase, if any, to which the manufacturer is entitled under this order, is one which will enable him to earn at least the margin of profit to sales specified for his industry in Appendix A, after taking into consideration the recent changes in wage rates and materials prices. This order is a part of the general program of OPA under the new wage price policy contained in Executive Order 9697. For most industries in which adjustments are required under the Executive order, action will take the form of a percentage increase which each manufacturer may add to his existing ceiling prices, calculated to give the industry as a whole a return on net worth equal to the 1936–1939 rate after giving effect to current wage rates and materials prices. Because of the urgent need for prompt action and the size of the undertaking it will plainly be impossible to make a study of every industry to ascertain the increase required, if any. The industries listed in Appendix A of this order are those for which no study will be made. They are industries which are not of a major significance in the total national economy or those which are not comprised of any well-defined group of manufacturers so that individual adjustment is a suitable method of meeting the requirements of the Executive order. No industry will be listed, however, unless it appears that industry action would otherwise be required within three months under the terms of Executive Order 9697.

SEC. 2. *How to proceed under this order.* If your industry is listed in Appendix A, you can figure the amount of ceiling price increase, if any, to which you are entitled under this order by using OPA Form 611–2800 which can be obtained from any OPA District Office, where you may also receive assistance in completing the form. If you qualify for an increase, you then file two copies of the form with the OPA District Office for the district in which your principal place of business is located. Unless OPA notifies you not to do so, you may begin to sell and deliver articles at your new ceiling prices twenty days after you mail your report to OPA. However, if within the twenty-day period OPA asks you to furnish additional information, you may not begin to sell and deliver at your new ceiling prices until twenty days after the day you mail the information which OPA has requested. OPA may later order any of the new ceiling prices to be decreased (but not retroactively if it finds you did not calculate them correctly.

(The word "you" in this order means any manufacturer affected by it)

SEC. 3. *How to calculate your new ceiling prices.* To calculate the amount of increases, if any, which you are allowed under this order, follow the procedure described in OPA Form 611–2800, and its accompanying instructions, which are a part of this supplementary order.

In general, the adjustment will be calculated as follows:

First, select the profit and loss statement for the year 1945 for the smallest unit of your business for which you regularly maintain separate accounts and which manufacturers the products of the industry listed in Appendix A. If your fiscal year did not begin on January 1, 1945, use the profit and loss statement for the most recent fiscal year.

Second, add to the total cost figure in the profit and loss statement an amount which reflects the "approved" increases in wages and salaries and the legal increases in materials prices or decreases in materials costs which have taken place since the closing date of the profit and loss statement.

An "approved" wage increase is one which the Price Administrator is permitted to take into account under the Supplementary Wage and Salary Regulations issued by the Economic Stabilization Director on March 8, 1946. These include all wage and salary increases lawfully made before February 14, 1946, with or without specific approval of the appropriate wage or salary stabilization agency, any wage or salary increase made at any time in accordance with a governmental recommendation in a wage controversy announced before February 14, 1946, increases made on and after February 14, 1946 by most employers employing eight or less employees, and other increases which have been given specific approval by regulations or specific order of the Office of Economic Stabilization, the Wage Stabilization Board or other appropriate wage or salary stabilization agency.

Third, you may, if you wish, add to the total cost figure a further amount, to take account of increases in "approved" wages and salaries and legal increases and decreases in materials prices which occurred during the accounting period

[1] 9 F.R. 10476, 13715; 10 F.R. 11295.

covered by the statement but which did not affect your production costs during the entire period and therefore are not completely reflected in the statement. (For example, if the ceiling price of a particular material you use was increased on July 1, 1945 so that thereafter you charged it to your production cost at a 10% higher rate, you may increase your total cost figure by 10% of the total amount of that material used prior to that date, since the profit and loss statement shows the effect of the increase for only half the year, if you operate on a calendar year basis.)

Fourth, if these net increases in total cost reduce your percentage of profit to sales below the percentage listed opposite your industry or industry group in Appendix A, you may increase your ceiling prices for the commodities included under the industry or industry group in Appendix A by an amount sufficient to restore that profit percentage. (The percentages listed in Appendix A have been calculated to return a percentage of profit to sales equivalent to the return on net worth earned by the particular industry or industry group on the average during the years 1936–1939.)

NOTE: If your ceiling price for a particular product changed during the accounting period, a special adjustment for that fact must be made. This adjustment is explained on OPA Form 611–2800.

SEC. 4. *When the 1945 profit and loss statement is unrepresentative.* If your 1945 profit and loss statement

(a) Shows net sales of less than 75% of your 1941 sales, *or*

(b) Includes sales on contracts or subcontracts with any United States war procurement agency or with any Allied Government of more than one-third of your total sales,

Then you may not use the 1945 profit and loss statement as a basis for calculating your increase. Instead you will make your adjustment from your profit and loss statement for the most recent three-month period beginning not earlier than January 1, 1946, unless your operation during those months was affected by strikes, seasonal factors, or was otherwise distorted, in which event you may use the most recent quarterly statement not affected by distorting factors.

NOTE: If you were not in business during 1941, use your profit and loss statement for the most recent fiscal years. If you were not in business before January 1, 1945, however, you should use the quarterly statement called for by this section.

SEC. 5. *Wholesale and retail ceiling prices*—(a) *Items other than food.* Wholesalers and retailers may increase their ceiling prices as provided in Supplementary Order 153—Adjustments at Wholesale and Retail Where Suppliers Have Received Individual Adjustments. Under that order, wholesalers and retailers may increase their ceiling prices by the percentage by which the manufacturer may increase his ceiling price under this order, when the ceiling price of the article being sold by the wholesaler or retailer is fixed under the General Maximum Price Regulation, or Maximum Price Regulation 142 or 210. Each manufacturer who receives an adjustment under this order must therefore provide each of his customers, before, or at the time of the first sale at the higher ceiling price, with a notice stating that the OPA has allowed the manufacturer an individual increase under this order and giving the percentage of the manufacturer's individual increase. Wholesalers receiving such a notice must give the same or a similar notice to their customers, before or at the time of their first sale at the higher ceiling price.

(b) *Food.* With the first delivery after the date of any change in a seller's ceiling price under this order of an item of food covered by MPR 421, 422, or 423, the seller shall supply each wholesaler and retailer subject to those regulations, with written notice reading as follows:

(Insert date)

NOTICE TO WHOLESALERS AND RETAILERS

Our OPA ceiling price for (describe item by kind, variety, grade, brand, container type and container size) has been changed under Supplementary Order 160. We are authorized to inform you that if you are a wholesaler or retailer pricing this item under Maximum Price Regulation No. 421, 422, or 423, you must refigure your ceiling price for this item on the first delivery of it to you from your customary type of supplier with this notification after (insert date of change in ceiling price). You must refigure your ceiling price following the rules in section 6 of Maximum Price Regulation No. 421, 422, or 423, whichever is applicable to you.

For the period of 60 days after figuring the new ceiling price for the item, and with the first shipment after the 60 day period to each person who has not made a purchase within that time, the seller shall include in each case, carton or other receptacle containing the item, the written notice set forth above, or securely attach it to the outside. However, for sales direct to any retailer, the seller may supply the notice by attaching it to, or stapling it on, the invoice covering the shipment, instead of providing it with the goods.

SEC. 6. *Orders modifying this supplementary order.* The provisions of this supplementary order as applied to certain commodities or persons subject to the order, may be modified by general orders under this section or by orders under any regulation establishing manufacturers' ceiling prices for articles subject to this supplementary order.

SEC. 7. *Delegation of authority.* The Price Administrator, any Regional Administrator, and any District Director who has been authorized to act by the appropriate Regional Administrator, may make adjustments or act upon applications for adjustment under this order.

This supplementary order shall become effective on the 28th day of May 1946.

NOTE: The reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 23d day of May 1946.

PAUL A. PORTER,
Administrator.

REPORT OF CEILING PRICE ADJUSTMENT UNDER SUPPLEMENTARY ORDER NO. 160

Name of firm

Address—Number and street

City, postal zone number, State

File two copies of this report with the District Office for the district where your principal place of business is located.

READ THE INSTRUCTIONS CAREFULLY BEFORE YOU BEGIN TO FILL OUT THIS FORM

You may use this form to report an adjustment in your ceiling prices only if you manufacture commodities within one or more of the industry classifications listed in Appendix A of Supplementary Order 160 and if your existing maximum prices for those commodities do not permit you to realize the margin of profit designated for each industry classification in Appendix A of that order.

To calculate the amount of the adjustment, if any, to which you are entitled, you must first determine in Part I the appropriate organizational unit of the business and the fiscal period which you will use as a basis for the calculations. Second, you must supply in Part II the profit and loss statement covering the organizational unit and the fiscal period selected in Part I. Any adjustments in that profit and loss statement necessary to reflect current materials prices, wage rates, salaries, and ceiling prices on your product may be reported in Part III. You may then determine in Part IV, from the preceding information, the increase factor which you apply to your existing ceiling prices to determine your new ceiling prices.

PROCEDURE

1. File duplicate copies of this form when completed with the OPA District Office for the district where your principal place of business is located.

2. Unless notified to the contrary, you may begin to sell and deliver articles at your new maximum prices 20 days after you mail this report to OPA (or 20 days after you mail any additional information OPA requests from you). However, after this 20-day period, OPA may require you to change any of the new ceiling prices if it finds that you did not calculate them correctly.

PART I.—SELECTION OF THE APPROPRIATE PROFIT AND LOSS STATEMENT

Select in Item 1 below the organizational unit on which your report will be based. Then fill in the sales information relating to this organizational unit in Item 2. On the basis of this information, you will determine in Item 3 whether to use the profit and loss statement covering your most recent fiscal year or your most recent quarter after January 1, 1946.

1 Name of organizational unit

2 Classification of Sales. Fill in the following sales information relating to the organizational unit selected in Item 1 for the periods specified.

	Classification (1)	Most recent fiscal year From: To: (2)	Most recent quarter From: To: (3)
a	Total sales		
a 1	Sales on contracts or subcontracts with a U. S. War Procurement Agency or an Allied Government.		
a 2	Other sales		
a 3	Total		
b	Commodity groups eligible for adjustment (as listed in Appendix A).		
b 1			
b 2			
b 3			
b 4			
b 5	Total		

3 Determination of fiscal period. If your answer is "yes" to both a and b below, you must supply in Item 4 the profit and loss statement covering your most recent fiscal year. If your answer is "no" to either of these questions, then you must supply in Item 4 the profit and loss statement covering your most recent quarter after January 1, 1946.

		Yes	No
a	Were the net sales in the organizational unit selected in Item 1 during your most recent fiscal year equal to 75% or more of the net sales of $_____ for the same organizational unit during 1941?	☐	☐
b	Were your sales on contracts and subcontracts with any U. S. War Procurement Agency or any Allied Government during your most recent fiscal year (Item 2a, line 1, column 2) equal to or less than one-third of total sales during that period in the organizational unit reported in Item 1 (Item 2a, line 3, column 2).	☐	☐

PART II.—FINANCIAL DATA

The basic financial information on which the adjustment will be determined is set forth in this Part II.

4 Profit and loss statement. Supply in column 2, a profit and loss statement for the organizational unit selected in Item 1 and for the fiscal period determined in Item 3. Your overall profit and loss statement for the same period should be submitted in Column 3, unless you have reported on this basis in Column 2.

	Item (1)	Organizational unit From: To: (2)	Overall From: To: (3)
a	Net sales (after returns, allowances and cash discounts).		
b	Materials used		
c	Labor		
d	Other factory cost		
e	Net change in in-process and finished inventories (add decrease or deduct increase).		
f	Selling, general, and administrative		
g	Non-operating expenses net of other income.		
h	Total costs and expenses		
i	Net profit before taxes on income		

PART III.—CALCULATION OF COST AND SALES ADJUSTMENTS

The adjustments necessary to reflect current materials prices, wage rates, salaries, and ceiling prices on your product may be calculated in Items 5 through 8 below.

If no substantial changes have occurred in any of these factors during or since the accounting period reported in Item 4, you may omit this Part III entirely and move directly to the calculation of your price adjustment in Part IV.

If such changes of a substantial nature have occurred, the adjustments in this Part III will enable you to have them reflected in your price increase.

To simplify the calculations, you may prefer to limit consideration only to changes occurring since the closing date of the accounting period reported in Item 4. If you wish, however, you may also report changes which occurred during that accounting period, but in this case, since the changes would already be partially reflected in your profit and loss statement, the adjustment would apply only to costs incurred, or sales prior to the change.

You may omit any of the cost schedules below (Items 5 through 7) where no changes have occurred or where the changes do not seem to be sufficiently important to warrant consideration. However, if you report any changes in Items 5 through 7, you must fill in Item 8 for the same period.

Please check below the basis of your calculations.

☐ Adjustment to cover only changes since the closing date of the accounting period reported in Item 4, Column 2.

☐ Adjustment to cover changes since the beginning of the accounting period reported in Item 4, Column 2.

SPECIFIC INSTRUCTION TO ACCOMPANY OPA FORM 611-2800

PART I—SELECTION OF THE APPROPRIATE PROFIT AND LOSS STATEMENT

Item 1: Identify the organizational unit for which you are submitting a profit and loss statement in Item 4. This should represent the smallest unit of your business for which you regularly compile a separate statement and which includes all the commodities falling within one or more of the industry classifications listed in Appendix A. This profit and loss statement, therefore, may be for a department, division, plant, subsidiary, or any other unit for which separate accounts are customarily compiled. If there are no such operating subdivisions, the statement will cover the entire business.

Where eligible commodities are manufactured in two or more organizational units, you will need to file a separate report for each such unit. If you prefer, however, you may calculate your adjustment for all the eligible commodities in a single report, provided that the calculations are based on a consolidated profit and loss statement covering all the affected departments. In this case, identify all the organizational units which you have combined for the purposes of the report.

Item 2b: List only industry classifications appearing in Appendix A of the Order. The figures in columns 2 and 3 should cover total sales of all commodities in each of the eligible industry classifications, including sales on contract or subcontract with the U. S. or an Allied Government.

Item 3: If you are required to report on a quarterly basis, you must report for the most recent quarter after January 1, 1946, unless your operation during those months was affected by strikes or was otherwise distorted. In this case, select the most recent quarter during which such distorting factors were not present.

If you report for an alternative quarter, because of such abnormalities in your most recent quarter, then you must submit on a separate sheet a statement describing the conditions which you regard as causing your most recent quarter to be unsatisfactory.

If you were not in business during 1941, use your profit and loss statement for the most recent fiscal year. However, if you did not enter business before January 1, 1945, you should use the quarterly statement.

PART II—FINANCIAL DATA

Item 4: The profit and loss statement must be prepared in accordance with generally accepted accounting principles. In addition, the following rules must be observed:

(a) The profit and loss statement must not reflect costs due to (1) unlawful or unapproved wages or salaries, (2) unlawful prices for materials, (3) provision for special reserves and contingencies, or (4) amortization of emergency facilities at depreciation rates in excess of normal.

(b) If there have been transactions with affiliated corporations or businesses which either are of a kind which would not result from arms' length bargaining or which differ from the transactions which the manufacturer has customarily had with such affiliates, the profit and loss statement must be adjusted to reflect the results which would emerge from such arms' length bargaining or the normal relations with your affiliates.

Column 2. Supply the profit and loss statement for the organizational unit identified in Item 1. This will cover your overall operation if the information cannot be supplied for a subordinate organizational unit.

Column 3. If an organizational unit is reported in Column 2, supply in Column 3, the profit and loss statement for the next highest organizational unit which includes the unit reported in Column 2. If you are reporting your overall operation in Column 2, you may omit column 3.

Item 4b: In determining the total for materials used, the same inventory valuation method must be used in determining both the beginning and the ending inventory.

Items 4d, 4f, and 4g: Do not include in these items any amounts not properly chargeable as operating costs or expenses applicable to the particular P & L period.

Item 4e: The same inventory valuation method must be used in determining both the beginning and the ending inventory.

NOTE.—Any adjustments to your profit and loss statement which are necessary in order to conform to the above instructions should be shown and fully explained on a separate sheet and filed with your report.

PART III—CALCULATION OF COST AND SALES ADJUSTMENT

Item 5, Column 1: Identify each material or part on which you experience a price change (increase or decrease) during the period for which you are reporting cost and price changes and which you consider sufficiently important to include in the adjustment of your profit and loss statement.

Column 2: Give date of first invoice on which material or part was billed to you at the changed price.

Column 3: Enter the dollar amount of the material specified in Column 1 which was used during the accounting perior prior to the date you began charging the material to production at the higher price. If you are reporting cost and prices changes since the close of that accounting period, the figure in this column will equal the total of the material used during the accounting period. The date on which the material is first charged to production at the changed price will ordinarily be later than the date in Column 2 by the number of days' inventory of the material on hand when it was first invoiced at the changed price.

If more than one material price change is reported for the same material, then for each subsequent change enter the dollar value of the material used during the accounting period prior to the date you began charging the material to production at the changed price plus any amounts entered in Column 5 covering previous changes in the price of that material.

Column 4: Calculate the percentage change in the price for the material by dividing the difference between the price before and after the adjustment by the price before the adjustment. The prices used for this calculation should be those appearing on the last invoice before the change and on the first invoice on which the material was billed at the changed price.

The processing of your case will be expedited if you submit with your application the invoices (or copies thereof) used in calculating these percentages. These will be returned to you upon request.

Column 5: The figure for a price decrease should be entered as a negative quantity.

Item 6a, Column 1: An entry should be made for each separate occasion of an approved wage increase among the factory employees in the organizational unit designated in Item 1. The change might involve only one job, or might include several job classifications, or even the whole of a department or plant.

An "approved" wage increase is one which the Price Administrator is permitted to take into account under the Supplementary Wage and Salary Regulations issued by the Economic Stabilization Director on March 8, 1946.

These include all wage and salary increases lawfully made before February 14, 1946, with or without specific approval of the appropriate wage or salary stabilization agency, any wage or salary increase made at any time in accordance with governmental recommendation in a wage controversy announced before February 14, 1946, increases made on and after February 14, 1946 by most employers employing eight or less employees, and other increases which have been given specific approval by regulations or specific order of the Office of Economic Stabilization, the Wage Stabilization Board or other appropriate wage or salary stabilization agency.

Column 2: Give date of specific approval. If such approval was not required, give date the adjustment was instituted. List only adjustments occurring within the relevant period checked on the form: that is, since end of the fiscal period reported in Item 4 or since the beginning of that period.

Column 3: Enter the total wages paid to the group specified in Column 1 during the accounting period but prior to the date the adjustment was reflected in current payrolls. If you are reporting cost and price changes since the close of that accounting period, this figure will equal the total wages paid that group during the entire accounting period.

If more than one wage change is reported for the same labor group, then for each subsequent change enter the total wages paid that group during the accounting period prior to the change plus any amounts entered in Column 5 covering previous changes in wages paid that group.

Column 4: Enter the percentage change in the wage rates of the groups specified in Column 1. If the wage adjustment was authorized in cents per hour, you may convert it to percentage terms by dividing the amount of the change by the average straight-time hourly earnings of the group during the last normal payroll period immediately prior to the adjustment.

If the group includes more than one job classification or level receiving non-uniform adjustments, the figure reported should represent the weighted average of all the changes. The weighted average may be determined by multiplying the amount of each separate change by the number of employees affected and dividing the sum of these products by the total number of employees receiving the adjustment.

Wage changes in the form of fringe adjustments, such as in paid vacations or shift differentials, may also be included. Such adjustments must be converted to the average percentage effect they will have on total payroll.

Column 6: Indicate type of authorization as follows:

(a) For each specific authorization, insert the WLB or WSB Agency ordering or approving the change, the case number, and the date of the ruling or order.

If the group includes employees receiving non-uniform adjustments, the figure reported should represent the weighted average of all the changes. See the Instruction to Item 6, Column 4, for the method to be used in computing a weighted average.

Column 6: If the adjustment came within the jurisdiction of the War Labor Board or the Wage Stabilization Board, follow the instructions to Item 6, Column 6. If it was within the jurisdiction of the Stabilization Unit of the Bureau of Internal Revenue, then identify BIR Office approving the change and give approval date.

Item 8, Column 1: List each product on which there has been a price adjustment during the period for which you are reporting cost and price changes.

Column 4: Enter the dollar amount of the sales of the product prior to the date the adjusted ceiling price became effective. If you are reporting changes in costs and prices occurring since the close of the accounting period reported in Item 4, then enter the total sales of the produce during that period. If you are reporting increases in ceiling prices occurring during the accounting period, and if more than one increase occurred, enter for each increase the actual sales of the product prior to the increase plus the amount of the increase resulting from previous adjustments on that product, and recorded in Column 5.

Column 6: Give details of OPA authorization, including date, order number, if any, and Office approving the increase.

PART IV—DETERMINATION OF PRICE ADJUSTMENT

Item 10: To arrive at your new maximum prices, you multiply the maximum prices of each article in each eligible commodity group in effect on the date the application was filed by the appropriate factor appearing on line *f*. The percentage increase to which you are entitled is indicated by the numbers to the right of the decimal point. Thus an increase factor of 1.075 means you may increase your prices by 7½ per cent. If the factor you derive is less than 1.00 (e. g. 0.95), you are not entitled to any adjustment under the order and you should not file a report.

You may apply the increase factor only to the eligible commodities even though other commodities may have been covered by the profit and loss statement used as a basis for the calculations.

(b) For other adjustments, such as those under WLB or WSB general orders, or voluntary adjustments between August 18, 1945 and February 14, 1946 (which were automatically approved by Executive Order 9697), indicate type of authorization and the authorizing WLB or WSB Agency if they are relevant.

Item 6b, Line 1: Give dates of payroll periods used. If you are adjusting for cost and price changes since the end of the accounting period used in Item 4, report in Column 2 for the last payroll period in that accounting period. If you are adjusting for cost and price changes since the beginning of the accounting period, report for the first payroll period in the accounting period during which wage rates remained unchanged.

Report in Column 3 for your most recent payroll period.

Line 2: Fill in number of hours worked by all factory employees in the organizational unit reported in Item 1 during each of the payroll periods used.

Line 3: Total earnings of employees at straight-time rates means earnings (1) before deductions for Social Security, withholding taxes, insurance, hospitalization dues, etc., (2) inclusive of regularly recurring bonus payments, such as production bonuses, and (3) exclusive of extra payments for overtime, and bonus payments that are not a part of regular earnings.

Item 7, Column 1: Identify each group of employees whose salaries are included in your selling, general and administrative expense (Item 4f) and which were granted a separate adjustment during the period for which you are reporting such changes.

Column 2: Give date on which change was made.

Column 3: Enter the aggregate amount of the salaries paid to the group specified in Column 1 during the accounting period but prior to the date the adjustment was reflected in current salary payments. If you are reporting cost and price changes since the close of that accounting period, this figure will equal the total salaries paid that group during the entire accounting period.

If more than one salary change is reported for the same group of employees, then for each subsequent change enter the total salaries paid that group during the accounting period prior to the change plus any amounts entered in Column 5 covering previous salary changes for that group.

Column 4: Enter the percentage change in the salary rates of the group specified in Column 1. If the adjustment was established in dollar and cents terms, you may convert this to a percentage by dividing the amount of the change by the average salary rate of the group prior to the adjustment.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 249—FORMS, SECURITIES EXCHANGE ACT OF 1934

AMENDMENT TO INSTRUCTIONS FOR USE OF FORMS 10-K AND 1-MD

The Securities and Exchange Commission, acting pursuant to authority con-

ferred upon it by the Securities Exchange Act of 1934, particularly sections 13, 15 (d) and 23 (a) thereof, and deeming such action necessary and appropriate in the public interest and for the protection of investors and necessary for the execution of the functions vested in it by the said act, hereby amends the instructions to Item 7 of Form 10–K and Form 1–MD by inserting at the end of such instructions a new paragraph reading as follows:

In the annual report of the registrant filed for its fiscal year ending on or after December 31, 1945, there shall be included, in addition to the statement of changes, if any, during the fiscal year, a brief description of the general character of the business in which the registrant and its subsidiaries were engaged at the end of the fiscal year, or were about to engage if any change was then contemplated. Registrants which have already filed their annual report for such fiscal year shall furnish the information in the form of an amendment to the annual report within ninety days after the effective date of this instruction. Registrants which have not yet filed their annual report for such fiscal year may, if necessary, apply for a reasonable extension of time within which to furnish the information.

Effective May 22, 1946.

[P. & S. Docket No. 1211]

ST. PAUL UNION STOCK YARDS CO.

NOTICE OF PETITION FOR MODIFICATION

By a document filed on May 1, 1946, the respondent requested a modification of the provisions of orders entered on February 4, 5, 1946 (5 AD 83, 85), which modified a schedule of rates and charges prescribed in the basic order entered in this proceeding on September 7, 1940.

In support of its request for modification, the respondent averred the following: On January 26, 1946, as a result of a strike at its stock yards its property was seized by order of the President of the United States and thereafter protracted negotiations were carried out by respondent and the local unit of the United Packinghouse Workers of America who represent respondent's employees. On April 15, 1946, the United Packinghouse Workers of America petitioned the National Wage Stabilization Board to grant a general wage increase of 16 cents per hour retroactive to January 26, 1946, which petition was granted. On April 29, 1946, an order was signed by the President directing the respondent to put into effect the increased wage rates. Respondent stated that the petition herein is occasioned by the increased operating expenses which will accrue to it from the effect of the order of the President. Accordingly, respondent seeks a modification of the rates and charges now in effect to permit it to file a supplement to its tariff increasing its rates and charges as follows:

Yardage:	*Cents per head*
Cattle	56
Calves (300 lbs. or under)	36
Hogs	18
Sheep	12
Horses and mules	56
Colts	40

Regular yardage charges will be collected on so-called "plants" in the Commission Division, including stockers and feeders when so planted.

Exceptions:

On livestock consigned direct to packers located at South St. Paul, one-half of the above rates will apply.

No yardage charge will be collected on the following:

A. Through-billed livestock unloaded for feed, water and rest only, not sold or weighed.

B. Livestock originating at country points, consigned to or in care of, or guaranteed by a commission firm, billed through or direct, offered for sale and not sold.

C. Livestock originating at public markets, consigned to commission agencies or dealers at this market, offered for sale, not sold, but forwarded without change in ownership.

D. Livestock received for dipping, spraying, testing or vaccinating.

The rates now set forth in respondent's tariff on file with the Secretary are as follows:

Yardage on initial sales, and yardage on resales in the commission division:	*Cents per head*
Cattle	44
Calves	30
Hogs	15
Sheep	10
Horses and Mules	45
Colts	30
Yardage on resales in other than the commission division for local delivery:	
Cattle	19
Calves	12
Hogs	5
Sheep	2
Yardage on resales in other than the commission division for shipment away from the markets:	
Cattle	8
Calves	6
Hogs	3
Sheep	1
Yardage on direct shipments:	
Cattle	22
Calves	15
Hogs	7½
Sheep	5

Effect of proposed modification. The effect of such proposed modification, if granted, would be to increase the revenues of the respondent, and, accordingly, it appears that public notice should be given to all interested persons of the request of the respondent so as to afford all interested persons, including patrons of the respondent, an opportunity to manifest their desire to be heard on the matter. Therefore, notice is hereby given to the public and to all interested persons of the request of the respondent for a modification of the orders of the Secretary referred to above. This notice is being given for the purpose of affording said respondent and all other interested persons including patrons of the respondent an opportunity to be heard on the matters covered in the petition for modification.

All persons who desire to be heard shall notify the hearing clerk, Office of the Solicitor, United States Department of Agriculture, Washington 25, D. C., within 15 days from the date of the publication of this order.

Copies hereof shall be served on the respondent by registered mail or in person.

Done at Washington, D. C., this 22d day of May 1946.

[S. O. 519]

UNLOADING OF CELERY AT SEATTLE, WASH.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 22d day of May, A. D. 1946.

It appearing, that car PFE 75855 containing celery at Seattle, Washington, on the Union Pacific Railroad Company, has been on hand refused for an unreasonable length of time and that the delay in unloading said car is impeding its use; in the opinion of the Commission an emergency exists requiring immediate action. It is ordered, that:

Celery at Seattle, Washington, be unloaded. (a) The Union Pacific Railroad Company, its agents or employees, shall unload forthwith car PFE 75855 containing celery now on hand at Seattle, Washington, consigned to Don H. Skone.

(b) *Notice and expiration.* Said carrier shall notify V. C. Clinger, Director, Bureau of Service, Interstate Commerce Commission, Washington, D. C., when it has completed the unloading required by paragraph (a) hereof, and such notice shall specify when, where and by whom such unloading was performed. Upon receipt of that notice this order shall expire. (40 Stat. 101, sec. 402; 41 Stat. 476, sec. 4; 54 Stat. 901, 911; 49 U.S.C. 1 (10)–(17), 15 (2))

It is further ordered, that this order shall become effective immediately; that a copy of this order and direction shall be served upon the Union Pacific Railroad Company, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission, at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

KIKUJI HATAKEYAMA

In re: Certain laundry equipment owned by Kikuji Hatakeyama, also known as Kikuji Frank Hatakeyama, as Kikeyi Hatakeyama and as K. Hatakeyama.

Under the authority of the Trading with the Enemy Act, as amended, and Executive orders issued thereunder, and pursuant to law, the undersigned, after investigation:

1. Having found in Vesting Order Number 3939, dated July 17, 1944, that Kikuji Hatakeyama, also known as Kikuji Frank Hatakeyama, as Kikeyi Hatakeyama and as K. Hatakeyama, is a national of a designated enemy country (Japan);

2. Finding that the person described in subparagraph 1 hereof was the owner of property described in subparagraph 3 hereof when employees of the Office of Alien Property Custodian took control and possession of said property;

3. Finding that the property described as follows:

3 Ironing boards.
2 Padded tables.
2 Tying out tables with paper racks.
2 distributing bins.
1 50-gallon bleach crock and 1 50-gallon soap tank.
1 Two compartment wood wash tray.
6 Wood tables.
2 Canvas basket trucks.
1 Work bench, with vise.

when employees of the Office of Alien Property Custodian took control and possession thereof, was property within the United States owned or controlled by a national of a designated enemy country (Japan);

And determining that to the extent that such national, when employees of the Office of Alien Property Custodian took control and possession of said property, was a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan);

And further finding that employees of the Office of Alien Property Custodian took control and possession of the aforesaid property, believing that it was encompassed within Vesting Order Number 3939 and Supplemental Vesting Order Number 5509; and that it was subsequently sold and the proceeds with respect thereto duly received by this Office;

hereby confirms and ratifies the said acts of said employees in taking control and possession of the aforesaid property and all actions taken on behalf of the Alien Property Custodian in reliance thereon and pursuant thereto, and hereby determines that the said property was vested by virtue of the said acts duly ratified and confirmed.

Executed at Washington, D. C., on May 20, 1946.

MARTHA OBERMEYER

In re: Bank account owned by Martha Obermeyer.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Martha Obermeyer, whose last known address is Gaisbergstr. 35, Heidelberg, Germany, is a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Martha Obermeyer, by Brown Brothers Harriman & Co., 59 Wall Street, New York, New York, arising out of a checking account, entitled Mrs. Martha Obermeyer, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any

claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. IWAO OKADA

In re: Bank account owned by Iwao Okada.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Iwao Okada whose last known address is Japan, is a resident of Japan and a national of a designated enemy country (Japan);

2. That the property described as follows: That certain debt or other obligation owing to Iwao Okada by Guaranty Trust Company of New York, 140 Broadway, New York, New York, arising out of a dollar account, entitled Iwao Okada, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Japan);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

In re: Bank account owned by Mrs. Luise Weingaertner.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Mrs. Luise Weingaertner, whose last known address is Nuernberg, Germany, is a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Mrs. Luise Weingaertner, by The Bowery Savings Bank, 110 East 42d Street, New York, New York, arising out of a savings account, Account Number 91302–W, entitled Luise Weingaertner, and any and all rights to demand, enforce and collect the same.

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country;

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to constitute an admission by the Alien Property Custodian of the lawfulness of, or acquiescence in, or licensing of, any set-offs, charges or deductions, nor shall it be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on May 8, 1946.

[Dissolution Order 35]

CONTINENTAL CERAMICS CORP.

Whereas, by Vesting Order No. 1175, dated March 31, 1943 (8 F.R. 5278, April 21, 1943), the Alien Property Custodian vested all the issued and outstanding shares of the capital stock of Continental Ceramics Corporation, a New York corporation; and

Whereas, Continental Ceramics Corporation has been substantially liquidated under the supervision of the Alien Property Custodian,

Now, under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that the claims of all known creditors have been paid, except such claim, if any, as the Alien Property Custodian may have for monies advanced or services rendered to or on behalf of the corporation, and except a claim of Societe Belge de Ceramique Cerabel in the sum of $50.08, and a claim of A. Lanternier & Cie, determined by the officers and directors to be in the sum of $68.63; and

2. Having determined that it is the national interest of the United States that said corporation be dissolved, and that its assets be distributed, and a Certificate of Dissolution having been issued by the Secretary of State of the State of New York;

hereby orders, that the officers and directors of Continental Ceramics Corporation (to wit, Stanley B. Reid, President and Director, Francis J. Carmody, Secretary and Director, and Robert Kramer, Director, and the Treasurer and other Directors, if existing vacancies in those offices are hereafter filled, and their successors, or any of them), continue the proceedings for the dissolution of Continental Ceramics Corporation, in accordance with the statutes of the State of New York in such cases made and provided; and further orders, that the said officers and directors wind up the affairs of the corporation and distribute the assets thereof coming into their possession as follows:

(a) They shall first pay the current expenses and reasonable and necessary charges of winding up the affairs of said corporation and the dissolution thereof; and

(b) They shall then pay all known Federal, state, and local taxes and fees owed by or accruing against the said corporation; and

(c) They shall then pay the sum of $50.08 due Societe Belge de Ceramique Cerabel and the sum of $68.63 due A. Lanternier & Cie into accounts in any bank or banks whose deposits are insured by the Federal Deposit Insurance Corporation, the said accounts to be entitled respectively "Societe Belge de Ceramique Cerabel Account, subject to the authorization of the Alien Property Custodian" and "A. Lanternier & Cie Account, subject to the authorization of the Alien Property Custodian". The said accounts shall be made expressly subject to the following conditions and a certified copy of this order shall be furnished to the bank or banks at the time said accounts are opened:

(I) Withdrawals shall be made from the accounts only:

(i) On the signature of an authorized representative of Societe Belge de Ceramique Cerabel or A. Lanternier & Cie, as the case may be, in conformity with an applicable authorization of the Alien Property Custodian, his delegate or supervisor,

(ii) On the signature of the Alien Property Custodian, his delegate or supervisor, or

(iii) In any other manner which may be directed by the Alien Property Custodian, his delegate or supervisor.

(II) Statements shall be rendered in accordance with the usual practice of the bank or banks to "Societe Belge de Ceramique Cerable Account, subject to the authorization of the Alien Property Custodian" and "A. Lanternier & Cie Account, subject to the authorization of the Alien Property Custodian" care of Alien Property Custodian, Washington 25, D. C., or as may otherwise be directed by the Alien Property Custodian, his delegate or supervisor.

(III) The bank or banks are hereby authorized to charge their customary and usual service charges including charges in payment or reimbursement for interest due; cable, telegraph or telephone charges; postage costs; custody fees, small adjustment charges to correct bookkeeping errors; and, but not by way of limitation, minimum balance charges, account carrying charges, notary and protest fees, and charges for reference books, photostats, credit reports, transcripts or statements, registered mail insurance, stationery and supplies, checkbooks, and other similar items.

The payment of the said sums as herein directed into such accounts shall to the extent thereof be a full acquittance and discharge for all purposes of the obligations of Continental Ceramics Corporation.

(d) They shall then pay over, transfer, assign and deliver to the Alien Property Custodian, all of the funds and property, if any, remaining in their hands after the payments as aforesaid, the same to be applied by him, first in satisfaction of such claims, if any, as he may have for monies advanced or services rendered to or on behalf of the corporation, and second, as a liquidating distribution of assets to the Alien Property Custodian as holder of all the issued and outstanding stock of the corporation; and

further orders, that nothing herein set forth shall be construed as prejudicing the rights, under the laws of the State of New York, of any person who may claim against said corporation; *Provided, however*, That nothing herein contained shall be construed as creating additional rights in such persons; and such persons or any of them may file claims with the Alien Property Custodian against any funds or property received by the Alien Property Custodian hereunder: *Provided, however*, That any such claims against said corporation shall be filed with or presented to the Alien Property Custodian within the time prescribed for such claims by the statutes of the State of New York; and further orders, that all actions taken and acts done by the said officers and directors of Continental Ceramics Corporation, pursuant to this order and the directions contained herein shall be deemed to have been taken and done in reliance on and pursuant to paragraph numbered (2) of subdivision (b) of section 5 of the Trading with the Enemy Act, as amended, and the acquittance and exculpation provided therein.

Executed at Washington, D. C., this 13th day of May 1946.

OFFICE OF PRICE ADMINISTRATION.

[MPR 389, Order 67]

EATWELL PROVISION CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

On April 15, 1946, Eatwell Provision Company, 500 East 156th Street, New York, New York filed an application for the establishment of maximum prices on sales of the sausage products known as "Cooked Salami, Italian Style," "Fresh Sausage, Italian Style, 80% pork, 20% veal," "Fresh Sausage, All Pork, Italian Style," "Dry Sausage, Abruzzise Style" and "Dry Sausage, Casalinga Style" and made in accordance with the individual secret formulae submitted by the applicant. That application was assigned Docket No. 6036.3–389–2(a)–90.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in the opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389; *It is ordered:*

(a) That the maximum prices other than at retail for the sausage products known as "Cooked Salami, Italian Style," "Fresh Sausage, Italian Style, 80% pork, 20% veal," "Fresh Sausage, All Pork, Italian Style," "Dry Sausage, Abruzzise Style" and "Dry Sausage, Casalinga Style" and made by Eatwell Provision Company in accordance with the individual formulae submitted to the Office of Price Administration for this order, except that veal trimmings and boneless processing beef, cutter and canner grade, may be substituted as the respective veal and beef ingredients specified in the various formulae, if desired, shall be determined by the seller as follows:

(1) The base prices for these products are established at the following amounts per hundredweight:

Cooked salami, Italian style	$42.00
Fresh sausage, Italian style, 80 percent pork, 20 percent veal	34.50
Fresh sausage, all pork, Italian style	38.00
Dry sausage, Abruzzise style	36.50
Dry sausage, Casolinga style	44.00

NOTE: If sold not boxed, 50 cents per cwt. must be deducted from the above price.

(2) To the base price for "Fresh Sausage, All Pork, Italian Style" should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage containing meat and meat by-products from swine only, and to all other base prices should be added the proper zone differentials provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage which is not Kosher sausage, all beef sausage or sausage containing meat and meat by-products from swine only. In determining the proper zone differential to be added, the zone description provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Cooked Salami, Italian Style", "Fresh Sausage, Italian Style, 80% pork, 20% veal", "Fresh Sausage, All Pork, Italian Style", "Dry Sausage, Abruzzise Style" and "Dry Sausage, Casalinga Style" to a wholesaler, peddler-truck-seller, or intermediate distributor, Eatwell Provision Company shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Cooked Salami, Italian Style", "Fresh Sausage, Italian Style, 80% pork, 20% veal", "Fresh Sausage, All Pork, Italian Style", "Dry Sausage, Abruzzise Style" and "Dry Sausage, Casalinga Style" have been established by the Office of Price Administration at the following base prices per hundredweight:

Cooked salami, Italian style	$42.00
Fresh sausage, Italian style, 80 percent pork, 20 percent veal	34.50
Fresh sausage, all pork, Italian style	38.00
Dry sausage, Abruzzise style	36.50
Dry sausage, Casalinga style	44.00

To these may be added the zone differential provided in section 12 (b) of MPR 389 (See section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for this product pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of "Cooked Salami, Italian Style", "Fresh Sausage, Italian Style, 80% pork, 20% veal", "Fresh Sausage, All Pork, Italian Style", "Dry Sausage, Abruzzise Style" or "Dry Sausage, Casalinga Style" to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Cooked Salami, Italian Style", "Fresh Sausage, Italian Style, 80% pork, 20% veal", "Fresh Sausage, All Pork, Italian Style", "Dry Sausage, Abruzzise Style" and "Dry Sausage, Casalinga Style" have been established by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling prices for these items in accordance with the provisions of Maximum Price Regulation No. 336.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of section 4, the recording and reporting provisions of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraphs (b) and (c) of section 12 shall be applicable to all sales made under this order.

(e) All prayers of this application not herein granted are denied.

(f) This Order No. 67 may be revoked or amended by the Price Administrator at any time.

This Order No. 67 shall become effective May 23, 1946.

Issued this 22d day of May 1946.

[Rev. SO 119, Order 221]

REMINGTON-RAND, INC.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Retail ceiling prices.* Remington-Rand, Inc. of 315 Fourth Avenue, New York 10, New York, may compute its adjusted retail ceiling prices for the standard typewriters which it manufacturers, as follows:

(1) The retail ceiling price (exclusive of Federal Excise Tax) is the manufacturers' retail list price in effect prior to the effective date of this order, exclusive of any adjustment charge heretofore authorized, increased by 14 percent, plus the Federal Excise Tax and state and local taxes applicable thereto.

(2) The manufacturer's adjusted maximum price to each class of purchaser is the retail ceiling price determined under the previous paragraph, less his customary discounts to the particular class of purchasers.

(b) *Distributor's ceiling prices to dealers.* A distributor's ceiling price to dealers (exclusive of Federal Excise Tax) is the retail ceiling price determined under paragraph (a) of this order, less his customary discounts. In addition, the amount of the Federal Excise Tax paid to the manufacturer may be collected.

(c) *Terms of sale.* Maximum prices adjusted by this order are subject to each seller's terms, discounts and allowances on sales to each class of purchaser in effect during March 1942, or thereafter properly established under Office of Price Administration regulations.

(d) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the article. This notice may be given in any convenient form.

(e) The provisions of Supplementary Order No. 153 shall not apply to sales covered by this order.

(f) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 23d day of May 1946.

Issued this 22d day of May 1946.

KEYSTONE DRILLER CO.

ADJUSTMENT OF MAXIMUM PRICES

Order No. 115 under Supplementary Order No. 142. Adjustment provisions for sales of industrial machinery and equipment. Keystone Driller Company, Beaver Falls, Pa. Docket No. 6083-SO 142-136-527.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 2 of Supplementary Order No. 142, *It is ordered:*

(a) The maximum price for sales by the manufacturer, Keystone Driller Company, Beaver Falls, Pennsylvania, of all its products which are covered by any of the regulations listed in Supplementary Order No. 142, shall be determined as follows: The maximum prices for any of the above-described products, having a base date price shall be the applicable base date price increased my 25.0% of that price.

The phrase in this order "base date price" shall mean a price frozen under the applicable regulation (by reference to published list prices, and to sales made during a defined period of time prior to a base date) except that for every product covered by this order the base date to be used for establishing a frozen price shall be October 1, 1941. The phrase does not include any price adjusted upward by industry-wide or individual adjustment orders.

(b) For any product for which a price is established under section 8 of Revised Maximum Price Regulation 136; 4 (d) (1) (1) of Maximum Price Regulation 67, § 1361.53 of Maximum Price Regulation 246; or § 1390.205 (d) of Maximum Price Regulation 351; the maximum price shall be computed under the appropriate provisions of the applicable regulation using the price computed under paragraph (a) of the order for the frozen priced product before change or modification.

The maximum prices for sales by resellers of the products described in paragraph (a) above shall be determined as follows: The reseller shall increase the maximum net prices he had in effect to a purchaser of the name class, just prior to January 29, 1946, by the percent by which his net invoice cost has been increased by reason of this order.

The Keystone Driller Company, Beaver Falls, Penna., shall notify each purchaser, who buys the products listed in paragraph (a) above for resale of the percentage by which this order permits the reseller to increase his maximum net prices. A copy of each such notice shall be filed with the Machinery Branch, Office of Price Administrator, Washington, D. C.

(c) All requests not granted herein are denied.

(d) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective May 23, 1946.

O'KEEFE & MERRITT CO.

APPROVAL OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 11 of Maximum Price Regulation No. 64, *It is ordered:*

a. That Order 272 under Maximum Price Regulation No. 64 is amended in the following respect:

Paragraph (a) is amended to read as follows:

(a) This order establishes maximum prices for sales at retail of the two models of gas ranges listed below manufactured by the O'Keefe & Merritt Company, 3700 E. Olympic Blvd., Los Angeles 23, California. For sales in each zone by retail dealers to ultimate consumers, the maximum prices, including the Federal excise tax but not including any state or local taxes imposed at the point of sale, are those set forth below:

Model	Maximum prices for sales to ultimate consumers			
	Zone 1	Zone 2	Zone 3	Zone 4
4385–A	$214.25	$216.95	$218.95	$223.50
4385 without broiler safety.	200.95	205.60	207.60	212.15

These prices include delivery and installation. If the retailer does not provide installation, he shall compute his maximum price by deducting $6.00 from the maximum price shown above for his sales on an installed basis. If the retailer sells a stove equipped with any of the items listed below, he may add to the applicable maximum price for the stove shown above an amount no greater than that set forth below opposite that item of equipment:

Additional equipment:	*Amount which may be added*
Light "L"	$6.95
Minute minder clock "M"	5.75
Signal timer clock "X"	11.75
Automatic clock "C"	35.75

In all other respects these prices are subject to each seller's customary terms, discounts, allowances (other than trade-in allowances) and other price differentials in effect on sales of similar articles.

This amendment shall become effective on the 5th day of June 1946.

Issued this 22d day of May 1946.

[MPR 200, Order 19]

BEEBE BROS. RUBBER CO. ET AL.

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to § 1315.1405b of Maximum Price Regulation 200, it is ordered:

(a) *What this order does.* This order establishes maximum prices for sales by the manufacturer and by wholesalers in the shoe repair trade of men's 6/8" brown whole heels, special competitive grade, which are manufactured by the Beebe Brothers Rubber Company, Nashua, New Hampshire. This order also establishes maximum prices for shoe repairmen's sales (attached and unattached) of these men's 6/8" brown rubber whole heels.

(b) *Maximum prices.* Maximum prices for all sales in the shoe repair trade by the manufacturer, wholesalers and shoe repairmen of the men's 6/8" brown rubber whole heels described in paragraph (a) shall be as follows:

MEN'S BROWN WHOLE HEELS

Maximum Prices for Special Competitive Grade 6/8".
To wholesalers: $1.20 per dozen pair.
To shoe repairmen: $1.60 per dozen pair.
To consumers (attached): $0.45 per pair.
To consumers (unattached): $0.18 per pair.

The above maximum prices for sales to shoe repairmen shall be reduced by any cash discounts given by the seller to shoe repairmen of the same class during March 1942.

The above maximum prices for sales to wholesalers shall be decreased by 5% if the purchaser pays cash within 30 days after delivery.

All other discounts, allowances and trade practices of sellers which were in effect March 1942 shall apply to sales covered by this order.

(c) *Notification of maximum prices.* With or prior to the first delivery to a wholesaler or a shoe repairman of any of the heels covered by this order, the seller shall notify the purchaser in writing of the maximum prices for sales by the shoe repairman of the rubber heels attached and the maximum prices for sales, by the shoe repairman of the unattached heels as established by paragraph (b) of this order. If the purchaser is a wholesaler, the notification shall include the maximum price applicable to the wholesalers' resales to wholesalers and to shoe repairmen, and a statement that such purchaser is required by this order to notify any shoe repairman to whom he sells of the maximum prices for the sales of the heels by the shoe repairman, attached or unattached, as established by paragraph (b) of this order.

(d) All provisions of Maximum Price Regulation 200 not inconsistent with this order shall apply to sales covered by this order.

(e) This order may be revoked or amended by the Administrator at any time.

This order shall become effective May 23, 1946.

Issued this 22d day of May 1946.

[MPR 200, Order 20]

AVON SOLE CO. ET AL.

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to § 1315.1405b of Maximum Price Regulation 200 and section 5 of Revised Maximum Price Regulation 165, it is ordered:

(a) *What this order does.* This order establishes maximum prices for sales by the manufacturer and by wholesalers in the shoe repair trade of the Men's Golf Spike Brown Rubber Full Soles, approximately 14 iron at the ball and 12 iron at the shank, and Men's ⅜" Bevel Golf Spike Brown Rubber Heels which are manufactured by the Avon Sole Company, Avon, Massachusetts. This order also establishes maximum prices for shoe repairman's sales of these Rubber Heels and Soles attached.

(b) *Maximum prices.* The manufacturer's, wholesalers' and shoe repairmen's maximum prices for sales in the shoe repair trade of the Men's Golf Spike Rubber Soles and the Men's Spike Rubber Heels described in paragraph (a) shall be as follows:

Description	Maximum prices, per pair		
	Sales by shoe repairmen to consumers attached	Sales to shoe repairmen	Sales to wholesalers
Men's golf spike brown rubber soles	$3.85	$1.73	$1.20
Men's ¾" bevel gold spike brown rubber heels	1.65	.75	.56

The above maximum prices for sales to shoe repairmen shall be reduced by any cash discounts given by the seller

to shoe repairmen of the same class during March 1942.

The above maximum prices for sales to wholesalers shall be decreased by 5% if the purchaser pays cash within 30 days after delivery.

All other discounts, allowances and trade practices of sellers which were in effect during March, 1942, shall apply to sales covered by this order.

(d) *Notification of Maximum Prices.* With or prior to the first delivery to a shoe repairman or a wholesaler of any of the heels or soles covered by this order, the seller shall notify the buyer in writing of the maximum prices for shoe repairmen's sales of these attached heels and attached sales as established by paragraph (b) of this order. If the buyer is a wholesaler of the heels and soles covered by this order, the seller shall also notify the wholesaler in writing of the maximum prices applicable to his resales to wholesalers and to shoe repairmen as established by paragraph (b) of this order. This notification shall include a statement that the wholesaler is required to notify any purchaser to whom he sells that the maximum prices for the shoe repairmen's sales of these heels (attached) and soles (attached) to consumers shall be the maximum prices established by paragraph (b) of this order.

(e) All provisions of Maximum Price Regulation 200 and Revised Maximum Price Regulation 165 that are not inconsistent with this order shall be applicable to sales covered by this order.

(f) This order may be revoked or amended by the Administrator at any time.

This order shall become effective May 23, 1946.

Issued this 22d day of May 1946.

			Per M	*Cents*
The Champions	The Champions	50	$60	2 for 15
La Kada	La Kada	50	$75	10

(b) The manufacturer and wholesalers shall grant, with respect to their sales of each brand and size or frontmark of domestic cigars for which maxi-

mum prices are established by this order, the discounts they customarily granted in March 1942 on their sales of domestic cigars of the same price class to purchasers of the same class, unless a change therein results in a lower price. Packing differentials charged by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class may be charged on corresponding sales of each brand and size or frontmark of cigars priced by this order, but shall not be increased. Packing differentials allowed by the manufacturer or a wholesaler in March 1942 on sales of domestic cigars of the same price class to purchasers of the same class shall be allowed on corresponding sales of each brand and size or frontmark of cigars priced by this order and shall not be reduced. If a brand and size or frontmark of domestic cigars for which maximum prices are established by this order is of a price class not sold by the manufacturer or the particular wholesaler in March 1942, he shall, with respect to his sales thereof, grant the discounts and may charge and shall allow the packing differentials customarily granted, charged or allowed (as the case may be) in March 1942 by his most closely competitive seller of the same class on sales of domestic cigars of the same March 1942 price class to purchasers of the same class.

(c) On or before the first delivery to any purchaser of each brand and size or frontmark of domestic cigars for which maximum prices are established by this order, the manufacturer and every other seller (except a retailer) shall notify the purchaser of the maximum list price and the maximum retail price established by this order for such brand and size or frontmark of domestic cigars. The notice shall conform to and be given in the manner prescribed by § 1358.113 of Maximum Price Regulation No. 260.

(d) Unless the context otherwise requires, appropriate provisions of Maximum Price Regulation No. 260, shall apply to sales for which maximum prices are established by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective May 23, 1946.

Issued this 22d day of May 1946.

[MPR 389, Order 66]

VICTORY PROVISION CO. ET AL.

ESTABLISHMENT OF MAXIMUM PRICES

On April 15, 1946, Victory Provision Company, 3833 South Halsted Street, Chicago 9, Illinois, filed an application for the establishment of maximum prices on sales of the sausage products known as "Cooked Salami (A. C.)" and "Thuringer (N. C.)" and made in accordance with the individual secret formulae submitted by the applicant. That application was assigned Docket No. 6036.3-389-2(a)-84.

Due consideration has been given to the application and an opinion in support of this order has been issued simultaneously herewith and filed with the Division of the Federal Register.

For the reasons set forth in the opinion, and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, and pursuant to the provisions of section 2 (a) (6) of Maximum Price Regulation No. 389, *It is ordered:*

(a) That the maximum prices other than at retail for the sausage products known as "Cooked Salami (A. C.)" and "Thuringer (N. C.)" and made by Victory Provision Company in accordance with the individual formulae submitted to the Office of Price Administration for this order, except that boneless processing beef, cutter and canner grade may be substituted as the beef ingredient in each, if desired, shall be determined by the seller as follows:

(1) The base prices for these products are established in the following amounts per hundredweight:

"Cooked Salami (A. C.)," $27.75.
"Thuringer (N. C.)," $27.75.

NOTE: If sold not boxed, 50 cents per cwt. must be deducted from the above price.

(2) To the base price should be added the proper zone differential provided in section 12 (b) of Maximum Price Regulation No. 389 for sausage which is not Kosher sausage, all beef sausage or sausage containing meat and meat by-products from swine only. In determining the proper zone differential to be added, the zone description provided in section 14 of Maximum Price Regulation No. 389 shall be used.

(3) That to the sum of the base price plus the applicable zone differential the "Permitted additions to base prices" provided in section 12 (c) of Maximum Price Regulation No. 389 may be added when applicable.

(b) That with the first delivery of "Cooked Salami (A. C.)" or "Thuringer (N. C.)" to a wholesaler, peddler-truck-seller, or intermediate distributor Victory Provision Company shall supply each such seller with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Cooked Salami (A. C.)" and "Thuringer (N. C.)" have been established by the Office of Price Administration at the following base prices per hundredweight:

"Cooked Salami (A. C.)"--------- $27.75
"Thuringer (N. C.)"---------- 27.75

To these may be added the zone differentials provided in section 12 (b) of MPR 389 (See section 14 for zone boundaries) plus the permitted additions of section 12 (c). We are required to inform you that if you are a wholesaler, a peddler-truck-seller, or an intermediate distributor you must figure your ceiling prices for these products pursuant to the same sections of Maximum Price Regulation No. 389.

(c) That with the first delivery of "Cooked Salami (A. C.)" or "Thuringer (N. C.)" to a retailer the seller shall supply such retailer with a written notice in the following form:

(Insert date)

Our OPA ceiling prices for "Cooked Salami (A. C.)" and "Thuringer (N. C.)" have been established by the Office of Price Administration. We are required to inform you that if you are a retailer, you must figure your ceiling price for these items in accordance with the provisions of Maximum Price Regulation No. 336.

(d) That all pertinent provisions of Maximum Price Regulation No. 389, including the descriptive labelling and invoicing provisions of Section 4, the recording and reporting provisions, of section 6, and the definitions of section 13, in addition to the pricing provisions of paragraphs (b) and (c) of Section 12 shall be applicable to all sales made under this order.

(e) All prayers of this application not herein granted are denied.

(f) This Order No. 66 may be revoked or amended by the Price Administrator at any time.

This Order No. 66 shall become effective May 23, 1946.

Issued this 22d day of May 1946.

PAUL A. PORTER,
Administrator.

[MPR 399, Order 7]

THE PRECISION UTILITIES MANUFACTURING CORP.

APPROVAL OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 1 of Maximum Price Regulation No. 399, *It is ordered:*

(a) This order establishes ceiling prices for sales at retail and wholesale of the Model No. 18, all-aluminum, 80-pound capacity ice box manufactured by the Precision-Utilities Manufacturing Corporation, 79th Street and Rockaway Beach Boulevard, Holland, Long Island, New York, which the manufacturer has sold, or sells, at ceiling prices determined by him under Order No. 4332 under Maximum Price Regulation No. 188. The ceiling prices set by this order do not apply to the sales of any Model No. 18 ice boxes sold by the manufacturer at ceiling prices determined under any other regulation or order.

(1) For sales of the Model No. 18, all-aluminum ice box to ultimate consumers, the ceiling price is $57.50 each.

(2) For sales of the Model No. 18, all-aluminum ice box at wholesale, the ceiling price is $34.50 each. This ceiling price is subject to each seller's customary terms, discounts, allowances, and other price differentials in effect on sales of similar articles.

(b) Within five days after the issuance of this order, the manufacturer, and every purchaser for resale at wholesale, must give written notice to every purchaser for resale who has purchased an ice box covered by this order, of the ceiling prices established by this order for resales by the purchaser. This notice may be given in any convenient form.

(c) On or after the effective date of this order, no person may offer for sale, sell or deliver, to an ultimate consumer an ice box covered by this order, unless there is securely attached thereto, a retail ceiling price tag setting forth, in dollars-and-cents the ceiling price established by this order for sales of the ice box at retail.

(d) All of the provisions of Maximum Price Regulation No. 399 shall continue to apply to sales under this order, except to the extent that they are modified by this order.

(e) This order may be revoked or amended by the Price Administrator at any time.

This order shall become effective on the 23d day of May 1946.

Issued this 22d day of May 1946.

JORDAN REFRIGERATOR CO.

AUTHORIZATION OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to section 9 of Maximum Price Regulation No. 591, *It is ordered:*

(a) The maximum net prices, f. o. b. point of shipment, for sales by any person of the following frozen food display case manufactured by the Jordan Refrigerator Company of Philadelphia, Pennsylvania, and as described in the application dated April 8, 1946, which is on file with the Prefabrication and Building Equipment Price Branch, Office of Price Administration, Washington 25, D. C., shall be:

	On sales to distributors	On sales to dealers	On sales to consumers
Model 22, SC frozen food display case, 22 cu. ft., ¼ hp...	$340	$408	$680

(b) The maximum net prices established in (a) above may be increased by the following amount to each class of purchaser to cover the cost of crating when crating is actually supplied: $6.00.

(c) The maximum net prices established by this order shall be subject to discounts and allowances and the rendition of services which are at least as favorable as those which each seller extended or rendered or would have extended or rendered to purchasers of the same class on comparable sales in the same general category on October 1, 1941.

(d) On sales by a distributor or dealer the following charges may be added to the maximum prices established in (a) above:

(1) The actual amount of freight paid to obtain delivery to his place of business. Such charges shall not exceed the lowest common carrier rates.

(2) Crating charges actually paid to his supplier but in no instance exceeding the amount specified in (b) above.

(e) Each seller covered by this order, except a dealer, shall notify each of his purchasers, in writing, at or before the issuance of the first invoice after the effective date of this order, of the maximum prices established by this order for each seller as well as the maximum prices established for purchasers upon resale, except dealers, including allowable transportation and crating charges.

(f) The Jordan Refrigeration Company shall stencil on the inside of lid on cover of the frozen food display case covered by this order, substantially the following:

(3) *Advertising.* A charge for advertising expense not to exceed the amount of the charge which the Company makes to the central dealer for this expense.

(4) *Transportation.* A charge to cover the central dealer's expense, if any, for the transportation of the new automobile and extra or optional equipment from the factory, South Bend, Indiana, to the place at which delivery is made to the direct dealer.

(5) *Wholesale servicing, unloading and receiving charge.* A charge for wholesale servicing, unloading and receiving each new automobile not to exceed $6.00 when such operations are performed.

(6) *Preparing and conditioning charge.* When the central dealer delivers a new automobile to a person at the request of a direct dealer who sells the automobile to such person, the central dealer may make a charge not to exceed $10.00 to the direct dealer for preparing and conditioning the new automobile for delivery to such person. This charge is in addition to the preparation charge permitted by subparagraph (2) above.

(e) A reseller when not selling under a "Central Dealer Agreement" is authorized to sell to any purchaser each of the Studebaker Model 6G Champion automobiles listed in subparagraph (1) of paragraph (a) at a price not to exceed the respective list price in that subparagraph plus the following applicable charges:

(1) *Extra or optional equipment.* A charge for each item of extra or optional equipment listed in subparagraph (2) (i) of paragraph (a) affixed to the new automobile which shall not exceed the applicable list price in that subparagraph.

(2) *Preparing and conditioning charge.* A charge for preparing and conditioning the new automobile for delivery not to exceed $16.00.

(3) *Charge for transportation.* A charge to cover the direct dealer's transportation expense not to exceed the following:

(i) *When the transportation charge to direct dealer is prepaid.* A charge not to exceed the net invoice transportation charge to the direct dealer for the new automobile and extra or optional equipment being sold; or

(ii) *When the transportation charge to direct dealer is not prepaid—(a) When delivery is by truckaway for the greater part of distance to place of delivery.* A charge not to exceed either the rail freight charge permitted by paragraph (c) below or a charge not to exceed the truckaway charge, at truckload rates, for the transportation of the new automobile and extra or optional equipment by the most direct route from South Bend, Indiana, to the place at which delivery is made to the purchaser including transportation tax at the current legal rate; or

(b) *When delivery is by combination boat and truckaway.* A charge not to exceed either the rail freight charge permitted by paragraph (c) or a charge not to exceed the combination boat and truckaway charge, based on rates approved by the Federal Interstate Commerce Commission, for transportation of the new automobile and extra or optional equipment by the most direct route from South Bend, Indiana, to the place at which delivery is made to the purchaser including transportation tax at the current legal rate; or

(c) *All other methods of delivery.* A charge not to exceed the rail freight charge at carload rate for the transportation of the new automobile and extra or optional equipment by the most direct route from South Bend, Indiana, to the place at which delivery is made to the purchaser, including transportation tax at the current legal rate.

(4) *Factory handling.* A factory handling charge to cover factory preparation for shipment and federal excise taxes, with respect to automobile being sold, not to exceed:

Description	*Charge*
DeLuxe:	
4-door sedan	$79.50

(5) *State and local taxes.* A charge equal to his expense for state and local taxes on the sale or delivery of the new automobile and extra or optional equipment.

(6) *Gas, oil and anti-freeze.* A charge for gas, oil and anti-freeze supplied with the new automobile not to exceed applicable maximum prices.

(f) *Resale in territories and possessions.* A reseller is authorized to sell each of the Studebaker Model 6G Champion automobiles listed in paragraph (a) (1) in a territory or possession of the United States at a price not to exceed the maximum price permitted by paragraph (d) or (e), whichever is applicable, to which he may add a sum equal to the expense incurred by or charged to him for: payment of territorial and insular taxes on the purchase, sale or introduction of the new automobile in the territory or possession, when not charged under paragraph (d) or (e); export premiums; boxing and crating for export purposes; assembly costs, if any; marine and war risk insurance; landing, wharfage, and terminal operations; ocean freight; freight to port of embarkation when not charged under paragraph (d) or (e); and freight from the point of debarkation by the most direct route to the place of business of the reseller.

(g) *Posting maximum prices and completing Certificates of Transfer.* In posting maximum prices in accordance with section 16 of Maximum Price Regulation 594, the reseller shall list a charge for "federal excise taxes and factory handling" in the amount permitted by this order instead of a "charge for Federal excise tax". Also, in completing a Certificate of Transfer in accordance with section 15 of Maximum Price Regulation 594, the reseller shall list the charge for "Federal excise taxes and factory handling" permitted by this order in the space allotted for "charge for excise tax" instead of such a tax, and shall make a notation on the certificate that such a substitution has been made. Reseller in completing Certificate of Transfer shall also list all accessories sold with the car for which maximum prices have been established by other orders or regulations.

(h) All requests not granted herein are denied.

(i) This order may be amended or revoked by the Administrator at any time.

This order shall become effective May 22, 1946.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 22d day of May 1946.

PAUL A. PORTER,
Administrator.

[Rev. SO 119, Order 225]

BROWNE-MORSE CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119; it is ordered:

(a) *Manufacturer's ceiling prices.* Browne-Morse Company, Muskegon, Michigan, may compute its adjusted ceiling prices for sales of metal office furniture which it manufactures as follows:

(1) For an article in its line during October 1941, the adjusted ceiling prices are the highest prices charged during that month to each class of purchaser increased by 22.23 percent.

(2) For an article not in its line during October 1941, but which has a properly established ceiling price, in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by the percentage determined in accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(3) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(4) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

The adjustment charge determined in accordance with this order must be separately stated by the manufacturer on each invoice to a purchase for resale.

(b) In all other respects, the provisions of Order No. 11 under § 1499.159c of Maximum Price Regulation No. 188 shall apply to all sales and deliveries of metal office furniture manufactured by Browne-Morse Company.

(c) The provisions of Supplementary Order No. 153 shall not apply to sales of articles covered by this order.

(d) This order may be revoked or amended by the Price Administrator at any time.

(e) This order shall become effective on the 22d day of May 1946.

Issued this 22d day of May 1946.

PAUL A. PORTER,
Administrator.

(c) $9,500 if such dwelling is designed for a three-family residence; or

(d) $12,000 if such dwelling is designed for a four-family residence;

Provided, That the Commissioner may, if he finds that at any time or in any particular geographical area it is not feasible, within such limitations of maximum mortgage amounts, to construct dwellings without sacrifice of sound standards of construction, design, or livability, prescribe by regulation or otherwise higher maximum mortgage amounts not to exceed:

(1) $8,100 if such dwelling is designed for a single-family residence; or

(2) $12,500 if such dwelling is designed for a two-family residence; or

(3) $15,750 if such dwelling is designed for a three-family residence; or

(4) $18,000 if such dwelling is designed for a four-family residence.

2. Section 576.18 is hereby amended to read as follows:

§ 576.18 *Payments and maturity dates.* The mortgage should come due on the first of a month and must have a maturity satisfactory to the Commissioner, not to be less than 5, nor more than 25 years from the date of insurance. The amortization period should be either 10, 15, 20, or 25 years by providing for either 120, 180, 240, or 300 monthly amortization payments.

3. Section 576.19 is hereby amended to read as follows:

§ 576.19 *Rate of interest.* The mortgage may bear interest at such rate as may be agreed upon between the mortgagee and the mortgagor, but in no case shall such interest rate be in excess of four per centum (4%) per annum. Interest shall be payable in monthly installments on the principal then outstanding.

4. Section 576.28 is hereby amended to read as follows:

§ 576.28 *Project must be acceptable risk in view of shortage of housing.* The mortgage must be executed with respect to a project which, in the opinion of the Commissioner, is an acceptable risk in view of the shortage of housing.

5. Section 576.33 is hereby amended to read as follows:

§ 576.33 *Occupancy priority to veterans of World War II and their immediate families.* The mortgagor must establish, in a manner satisfactory to the Commissioner, that after completion of the dwelling or dwellings, preference or priority of opportunity to purchase or rent will be given to veterans of World War II and their immediate families, except that this requirement does not apply to hardship cases as defined by the Commissioner and approved by him.

6. Part 576, as amended, is further amended by striking out § 576.37; renumbering §§ 576.34, 576.35 and 576.36 to read §§ 576.35, 576.36 and 576.37, respectively; and adding immediately following § 576.33 a new section numbered § 576.34, reading as follows:

§ 576.34 *Availability for rental.* The Commissioner may, in his discretion, require the mortgagor to establish that after completion of the dwelling or dwellings, the property will be held for rent in such instances and for such periods of time as the Commissioner may prescribe.

(55 Stat. 55, c. 31, as amended by 56 Stat. 301, c. 319; 12 U.S.C. 1736)

These amendments to Part 576, Administrative Rules for War Housing Insurance Under Section 603 of the National Housing Act, are effective as to all mortgages on which a commitment to insure under Section 603 is issued on or after May 22, 1946.

Issued at Washington, D. C., May 22, 1946.

Chapter I—War Rental Housing Insurance

PART 580—ADMINISTRATIVE RULES FOR WAR RENTAL HOUSING INSURANCE UNDER SECTION 608, NATIONAL HOUSING ACT, FOR MORTGAGES NOT EXCEEDING $200,000.00

MISCELLANEOUS AMENDMENTS

1. Section 580.8 is hereby amended to read as follows:

§ 580.8 *Approval of application.* Upon approval of an application, a commitment will be issued upon a form approved by the Commissioner, setting forth the terms and conditions upon which the mortgage will be insured which commitment may be on a form providing for advances of mortgage money during construction and the insurance of such advances or it may be on a form providing for insurance of the mortgage after completion of the improvements depending upon the request of the mortgagee indicated upon the application for mortgage insurance.

2. Section 580.10 is hereby amended by striking out of the first sentence the words, "and in excess of twelve thousand dollars ($12,000.00)," by striking out of the first sentence the words "reasonable replacement" and substituting therefor the words "necessary current" and by striking out the last sentence thereof and substituting in lieu thereof the following sentence: "Such part of the mortgage as may be attributable to dwelling use shall not exceed $1,500.00 per room: *Provided*, That the Administrator may increase this amount to $1,800.00 where in his discretion cost levels so require."

3. Section 580.13 is hereby amended by adding to the end thereof the following sentence: "In cases where a commitment has been issued to insure upon completion amortization shall commence on the first day of a month not later than thirty (30) days after the expiration date of the commitment."

4. Section 580.21 is hereby amended to read as follows:

§ 580.21 *Soundness of risk of project.* The mortgage must be executed with respect to a project which, in the opinion

of the Commissioner, is an acceptable risk in view of the shortage of housing.

5. Section 580.23 is amended to read as follows:

§ 580.23 *Occupancy priority to war workers.* The mortgagor must establish, in a manner satisfactory to the Commissioner, that after completion of the project, preference or priority of opportunity to occupy will be given to veterans of World War II and their immediate families, except that this requirement does not apply to hardship cases as defined by the Commissioner and approved by him.

6. Section 580.25 is amended by adding at the end thereof the following new sentence: "In cases where a commitment to insure upon completion is issued, this requirement may be waived at the discretion of the mortagee."

7. Part 580, as amended, is further amended by striking out § 580.31; renumbering §§ 580.32, 580.33, 580.34, 580.35, 580.36 and 580.37 to read §§ 580.31, 580.32, 580.33, 580.34, 580.35 and 580.36, respectively.

(55 Stat. 55, c.31, as amended by 56 Stat. 301, c.319; 12 U.S.C. 1736)

These amendments to Part 580 of the Administrative Rules are effective as to all mortgages not in excess of $200,000.00 on which a commitment to insure under Section 608 is issued on or after May 22, 1946.

Issued at Washington, D. C., this 22d day of May 1946.

MISCELLANEOUS AMENDMENTS

1. Section 581.8 is hereby amended to read as follows:

§ 581.8 *Approval of application.* Upon approval of an application, a commitment will be issued upon a form approved by the Commissioner, setting forth the terms and conditions upon which the mortgage will be insured which commitment may be on a form providing for advances of mortgage money during construction and the insurance of such advances or it may be on a form providing for insurance of the mortgage after completion of the improvements depending upon the request of the mortgagee indicated upon the application for mortgage insurance.

2. Section 581.10 is amended by striking out of the first sentence the words "reasonable replacement" and substituting therefor the words "necessary current" and by striking out the last sentence and substituting in lieu thereof the following sentence: "Such part of the mortgage as may be attributable to dwelling use shall not exceed $1,500 per room: *Provided*, That the Commissioner may increase this amount to $1,800 where in his discretion cost levels so require."

3. Section 581.13 is hereby amended by adding to the end thereof the following sentence: "In cases where a commitment has been issued to insure upon completion amortization shall commence on the first day of a month not later than thirty (30) days after the expiration date of the commitment."

4. Section 581.21 is hereby amended to read as follows:

§ 581.21 *Soundness of project risk.* The mortgage must be executed with respect to a project which, in the opinion of the Commissioner, is an acceptable risk in view of the shortage of housing.

5. Section 581.23 is hereby amended to read as follows:

§ 581.23 *Occupancy priority to war workers.* The mortgagor must establish, in a manner satisfactory to the Commissioner, that after completion of the project, reference or priority of opportunity to occupy will be given to veterans of World War II and their immediate families, except that this requirement does not apply to hardship cases as defined by the Commissioner and approved by him.

6. Section 581.26 is hereby amended by adding at the end thereof the following new sentence: "In cases where a commitment to insure upon completion is issued, this requirement may be waived at the discretion of the mortgagee."

7. Part 581, as amended, is further amended by striking out § 581.34; renumbering §§ 581.35, 581.36, 581.37, 581.38, 581.39 and 581.40 to read §§ 581.34, 581.35, 581.36, 581.37, 581.38 and 581.39, respectively.

8. Section 581.37 is amended by adding at the end thereof an additional paragraph (d) as follows:

§ 581.37 *Title evidence.* • • •

(d) In the event a commitment to insure upon completion is issued and accepted the provisions of § 581.38 (b) and (c) do not apply.

(55 Stat. 55, c. 31, as amended by 56 Stat. 301, c. 319; 12 U.S.C. 1736)

These amendments to Part 581 of the Administrative Rules are effective as to all mortgages in excess of $200,000.00 on which a commitment to insure under Section 608 is issued on or after May 22, 1946.

Issued at Washington, D. C., 22d day of May 1946.

PART 582—ADMINISTRATIVE REGULATIONS FOR WAR RENTAL HOUSING INSURANCE UNDER SECTION 608 OF THE NATIONAL HOUSING ACT APPLICABLE TO ALL MORTGAGES INSURED UNDER SECTION 608

MISCELLANEOUS AMENDMENTS

1. Section 582.4 is amended by striking the period at the end of the third sentence thereof and substituting a semicolon and the word "or" and the following new paragraph:

§ 582.4 *Prepayment premium charges.* • • •

(e) Where, at the time of prepayment, there is placed on the property a new insured mortgage less than the original principal amount of the prepaid mortgage, *Provided*, That the Commissioner finds that the collection of such charge would be inequitable under the particular circumstances of the transaction.

2. Section 582.7 is amended by adding at the end thereof, after the form of endorsement, the following paragraph:

§ 582.7 *Approval endorsement form.* • • •

In cases where a commitment has been issued to insure upon completion the Commissioner, will upon full compliance with the terms of such commitment, endorse the original credit instrument for insurance by executing both certificates of the endorsement form as set forth in § 582.5 and this section.

3. Section 582.9 (a) is amended by inserting in the second sentence thereof before the first semicolon of subparagraph (3) the following: "and any mortgage insurance premiums paid after default."

4. Section 582.17 (b) is amended by striking out the period at the end thereof and inserting a comma and the following: "nor to any mortgage transferred to such a bank or trust company as trustee exclusively for the benefit of outstanding owners of undivided interests in the trust estate, under the terms of certificates issued and sold more than three years prior to said transfer, by a corporation which is subject to the inspection and supervision of a Governmental Agency."

(55 Stat. 55, c. 31, as amended by 56 Stat. 301, c. 319; 12 U.S.C. 1736)

These amendments to Part 582 of the Administrative Regulations are effective as to all mortgages on which a commitment to insure under Section 608 is issued on or after May 22, 1946.

Issued at Washington, D. C., this 22d day of May 1946.

TITLE 29—LABOR

Chapter VI—National Wage Stabilization Board

[General Wage Approval 8]

PART 805—GENERAL WAGE APPROVALS

NON-FERROUS METAL INDUSTRY

§ 805.8 *General wage approval for the non-ferrous metal industry.* This section is issued pursuant to section 3 (a) of Executive Order 9697 dated February 14, 1946, and sections 304 and 308 (a) of the Supplementary Wage and Salary Regulations of the Office of Economic Stabilization, dated March 8, 1946.

(a) Any wage or salary increase granted to employees within the jurisdiction of the National Wage Stabilization Board who are employed in a facility in the non-ferrous metal mining industry as defined in paragraph (b) of this section shall be deemed approved within the meaning of section 3 (a) of Executive Order 9697 to the extent such increase does not exceed 18½ cents per hour over and above the straight-time rates paid by such facility on August 17, 1945.

(b) This section shall apply only to wage or salary increases to employees in facilities:

(1) Which are principally engaged in the mining, milling, smelting, or refining of primary metals of any one or more of the following kinds: copper, lead, zinc, or associated by-products (primary metal is metal won from ore); and

(2) Which are covered by the recommendations of the Non-Ferrous Metals Fact Finding Board appointed by order of the Secretary of Labor under date of March 20, 1946, or are situated in the States of Colorado, Wyoming, Montana, Idaho, Utah, Arizona, New Mexico, California, Nevada, Washington, Oregon, or Alaska.

(c) Any employer who seeks to use a wage or salary increase approved by this section as a basis for action by the Office of Price Administration or any other government agency shall supply to any such agency any requisite information indicating that the adjustments have been made or agreed upon pursuant to this section.

(d) The terms of this section do not constitute any standard for the approvability of any wage or salary increases in any facility not falling within the definition set forth in paragraph (b) of this section; nor does this section constitute any expression of opinion by the National Wage Stabilization Board as to whether or to what extent any wage or salary increase should be granted by any facility which does fall within the definition set forth in paragraph (b) of this section. This pre-approval shall have effect only where a wage or salary adjustment has been finally determined or agreed upon by the party or parties involved.

(e) On request of any employer or collective bargaining representative involved, accompanied by pertinent factual information, the National Wage Stabilization Board will issue rulings as to whether any specified facility or facilities come within the terms of this section.

Approved: May 22, 1946.

B. M. JOFFE,
Executive Director.

MACHINES, PARTS AND INDUSTRIAL EQUIPMENT

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 136 is amended in the following respect:

Paragraph (p) of section 19 is amended to read as follows:

(p) *Tools, dies, jigs, fixtures, molds and patterns made and used specifically by manufacturers in connection with manufacture of any product.* Where a manufacturer of any product manufactures and uses tools, dies, jigs, fixtures, molds and patterns, specifically in connection with the manufacture of any product, and where the manufacturer sells these tools, dies, jigs, fixtures, molds and patterns to the purchaser of that product, the maximum price for such sales shall be the price as established

by sections 7, 8, 9 or 10, as applicable, except that the maximum price shall not be less than the total costs thereof to the manufacturer.

This amendment shall become effective May 24, 1946.

Issued this 24th day of May 1946.

PART 1413—SOFTWOOD LUMBER PRODUCTS

[Rev. MPR 293,[1] Incl. Amdts. 1-17]

STOCK MILLWORK

This compilation of Revised Maximum Price Regulation 293 includes Amendment 17, effective May 28, 1946. The text amended by Amendment 17 is underscored.

In the judgment of the Price Administrator, the maximum prices established by this revised regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. Such specifications and standards as are used in this regulation were, prior to such use, in general use in the trade or industry affected. A statement of the considerations involved in the issuance of this revised regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.[2]

§ 1413.51 *Maximum prices for stock millwork.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Revised Maximum Price Regulation No. 293 (Stock Millwork), which is annexed hereto and made a part hereof, is hereby issued.

ARTICLE I—PROHIBITIONS AND SCOPE OF REGULATION

SEC. 1. *Sales of stock millwork at higher than maximum prices prohibited.* (a) On and after September 21, 1943, regardless of any contract or other obligations no person shall sell or deliver and no person shall buy or receive any stock millwork for direct mill shipment or for retail shipment at prices higher than the maximum prices fixed by this regulation and no person shall agree, offer or attempt to do any of these things.

[Paragraph (a) amended by Am. 9, 10 F.R. 11359, effective 9-10-45]

(b) If, upon the purchase of stock millwork, the buyer gets from the seller a written statement that to the best of his knowledge the price does not exceed the maximum price fixed by this regulation, and if the buyer has no reason to doubt the truth of the statement, the buyer shall be deemed to have complied with this section.

(c) Prices lower than the maximum prices may, of course, charged or paid.

SEC. 2. *To what products, transactions, and persons this regulation applies*—(a) *Products covered by the regulation.* This regulation covers woodwork items referred to in the appendices when such items are made either wholly or in large part from lumber cut from the following woods: Ponderosa pine (Pinus ponderosa), Idaho pine (Pinus monticola), sugar pine (Pinus lambertiana), Northern or Northeastern pine (Pinus strobus), Southern pine, including shortleaf pine (Pinus echinata), Loblolly pine (Pinus taeda), slash pine (Pinus caribaea), such longleaf pine (Pinus polustris) as contains less than six annular rings per inch and less than one-third summerwood, or any other pinus species known commercially as "Southern pine," California redwood (Sequoia sempervirens) (except on sales of redwood millwork items by manufacturers subject to the provisions of Maximum Price Regulation 253). This regulation also covers veneered doors with hollow or solid cores made of any species of lumber (except fir, larch, spruce or hemlock) or insulating board.

This regulation also covers stock millwork specialties not specifically priced in Appendices A to E and G to K, manufactured wholly or in part from Ponderosa pine (Pinus ponderosa), Idaho pine (Pinus monticola), sugar pine (Pinus lambertiana), Northern or Northeastern pine (Pinus strobus). These specialties include but are not limited to the items listed below:

Stock frames that cannot be priced from List 8 or List 8A:

Ornamental entrance frames
Complete casement sash and window units (including frames)

These specialties do not include softwood mouldings, except mouldings which are part of lock-joint or mitered trim.

The appendices of this regulation mention the titles of several millwork and glass lists. These publications are more fully described as follows:

(1) "Standard Woodwork Lists, catalog No. 40" means the document with that title corrected to March 1, 1941 published by the Pinney Printing Company, Clinton, Iowa, and the supplemental lists, based on the Modular Standards, to Catalog No. 40, as incorporated in Appendix N.

(2) "Standard Pine Frames, Catalog No. 8-A" means the document with that title published by the Pinney Printing Company, Clinton, Iowa.

(3) "Design Book No. 25" means the document with that title published by Universal Catalog Bureau, Dubuque, Iowa.

(4) "Jobber's 'A' Light Glass List of August 15, 1938" means the document with that title copyrighted by the National Glass Distributors' Association.

(5) "8000 series Standard Moulding Book" means the 8000 series Standard Moulding Book, Fourth Edition, published in 1940 by Shattock and McKay Company, Chicago, Illinois.

(6) Illustrations, design layouts and specifications as shown in "National Modular Standard for Ponderosa Pine Wood Windows and sash W. S. S. 45".

[Published by the National Door Manufacturers Association, 332 So. Michigan Ave., Chicago, Ill.]

(7) List 8 means the document with the title "Standard Pine Frame Parts List No. 8" published by the Standard Frame List Publishing Company, Spokane, Washington.

[Subparagraph (7) added by Am. 13, 11 F.R. 2087, effective 3-5-46]

[Paragraph (a) amended by Am. 1, 8 F.R. 14346, effective 10-26-43; Am. 4, 9 F.R. 3514, effective 5-1-44; Am. 6, 10 F.R. 6106, effective 5-30-45; Am. 8, 10 F.R. 10294, effective 8-21-45; Am. 9, 10 F.R. 11359, effective 9-10-45 and as otherwise noted]

(b) *Transactions covered by the regulation*—(1) *Direct-mill sales.* This regulation covers the following direct-mill sales:

(i) Shipments of 15,000 pounds or more by rail to one or more places.

(ii) Shipments of 12,000 pounds or more by truck to a single place.

A "direct-mill sale," as referred to in this regulation, is a sale in which the shipment originates at a factory or factory warehouse, no matter who the seller is, and reaches the purchaser without becoming an integral part of the stock of a distribution warehouse or plant. A shipment which is temporarily stored in a distribution warehouse but does not become a part of the stock of the warehouse for purposes of resale or redistribution is considered a direct-mill sale.

(2) *Retail sales.* This regulation covers all retail sales. For the purpose of establishing a retail price, a retail sale is any sale, except a direct mill sale, made to an ultimate consumer.

[Subparagraph (2) amended by Am. 5, 9 F.R. 3747, effective 4-12-44 and Am. 9, 10 F.R. 11359, effective 9-10-45]

(c) *Transactions not covered by the regulation.* This regulation does not cover sales of special (made-to-order) millwork manufactured according to architects' details, whether the seller manufactures or buys the material used. Such sales are subject to the Maximum Price Regulation 608,[3] Special Millwork.

On specific construction projects calling for part stock millwork and part special (made-to-order) millwork, the stock item shall be priced according to the provision of this regulation and the special (made-to-order) millwork items shall be priced under the provisions of Maximum Price Regulation 608, Special Millwork.

[Paragraph (c) amended by Am. 10, 10 F.R. 13449, effective 11-5-45, and Am. 17, effective 5-28-46]

(d) *Persons covered by the regulation.* Any person who sells or purchases stock millwork covered by this regulation is subject to the regulation.

ARTICLE II—MAXIMUM PRICES AND TERMS OF SALE

SEC. 3. *Maximum prices for carload sales of millwork.* (a) The maximum prices on carload sales of stock millwork and stock millwork specialties are set out in Appendices A to E (sections 17 to 21, inclusive), Appendices G to K (sections 23 to 27, inclusive) and Appendices M to O (sections 29 to 31, inclusive). These ceiling prices are stated as f. o. b. mill prices with full freight allowed. This means that where shipment is by rail the seller must allow the buyer all rail charges (including taxes on the charges) which are paid by the buyer. Where shipment is by truck the seller must allow the buyer all trucking charges (including taxes on the charges) which are paid by the buyer. If the seller pays for the transportation he does not have to allow any freight.

[Paragraph (a) amended by Am. 1, 8 F.R. 14346, effective 10-26-43 and Am. 9, 10 F.R. 11359, effective 9-10-45]

(b) A sale takes the carload ceiling price if the total weight of the millwork (both stock and special) sold is 30,000 pounds or more. A sale which is a carload under this test takes the carload ceiling price even though the millwork is shipped by truck.

(c) Each manufacturer of products covered by this regulation, shall submit to the Millwork Section, Building Materials Price Branch, Office of Price Administration a certified list of buyers of such products to whom he extended his maximum straight car service discounts or concessions during the last six months of 1943.

[NOTE: References to Lumber Branch are changed by Supplementary Order 112 (10 F.R. 6066) to be references to Building Materials Price Branch.]

On sales by a manufacturer to any person to whom that manufacturer customarily granted his prevailing maximum service discounts or concessions during the last six months of 1943, the maximum prices for carload sales of stock millwork shall be the maximum prices established by paragraph (a) of this section, reduced by the jobbers' maximum straight car service discounts or concessions printed in the following publications:

Huttig Manufacturing Co., Muscatine, Iowa; Price File #15, March 4, 1941.
Anson & Gilkey Co., Merrill, Wisconsin; Schedule #5000, September 15, 1941.
Farley & Loetscher Mfg. Co., Dubuque, Iowa; Schedule #101, March 1, 1941.
Carr, Adams & Collier Co., Dubuque, Iowa; Carload price schedule #694, July 15, 1941.
Rock Island Sash & Door Works, Rock Island, Illinois; Schedule #504, September 9, 1941.

[Paragraph (c) added by Am. 5, 9 F.R. 3747, effective 4-12-44 and amended by Am. 16, 11 F.R. 5020, effective 5-6-46]

SEC. 4. *Maximum prices for less-than-carload sales*—(a) *Maximum prices f. o. b. mill.* The maximum f. o. b. mill price (no freight allowed) for a less-than-carload sale of stock millwork shall be the price figured as follows:

(1) Take the maximum price which would govern the sale if it were a carload sale;

(2) Add 5 percent of that price;

(3) Deduct freight on the weight of the shipment at the carload rate from the mill to the buyer.

(b) *Addition for delivery.* In less-than-carload sales, if shipment is made by common carrier, the seller may add to the maximum f. o. b. mill price the actual transportation charges paid or incurred by him.

If shipment is by truck owned or controlled by the seller actual transportation costs may be added. In no case, however, may such addition exceed 80 percent of the common carrier charge for the same shipment.

(c) *Example of how to compute the ceiling price for a less-than-carload sale.* An example of the correct application of this section is as follows: The buyer has ordered 400 doors, specifications: 2'6" x 6'8", 1⅜", 5 x P, No. 1 Ponderosa pine; and 200 windows, specifications: 8⅝" x 14", 1⅜", 12 lights, glazed, SSB, to be delivered by rail to a siding in Washington, D. C., which is in Zone 3. Shipment is made direct from a mill, and the sale is made on an f. o. b. mill price basis (actual freight to be paid by purchaser).

Ceiling price of the doors if the sale had been a carload sale ($7.50 (list), 51 (minimum discount) x 400 (number of doors))	$1,470.00
Crating (40 bundles at $.95 per bundle)	38.00
Ceiling price of the windows if the sale had been a carload sale ($6.50 (list), 35 (minimum discount) x 200 (number of windows))	455.00
Face crating (no extra charge)	0.00
Item I (total of above figures)	$1,963.00
Add: Item II (5 percent of this total)	98.15
	$2,061.15
Deduct: Item III (deduct freight on 16,600 pounds at carload rate of 50¢)	84.00
Maximum f. o. b. mill price	$1,977.15

SEC. 5. *Items not specifically priced*—(a) *What this section covers.* This section applies to any item covered by this regulation for which a maximum price cannot be determined under any other section of the regulation.

[Paragraph (a) amended by Am. 9, 10 F.R. 11359, effective 9-10-45]

(b) *Pricing formula*—(1) *When this paragraph shall be used.* The pricing formula set forth in this paragraph (b) shall be used to price a new item where the manufacturer of the item being priced produces a "comparable item" for which a maximum price has already been established under this regulation. A "comparable item" for the purpose of this section means an item which meets all of the following conditions:

(i) It belongs to the narrowest trade category which includes the item being priced.

(ii) Its current unit direct costs vary from the current unit direct costs of the

[2] Statements of considerations are also issued simultaneously with amendments. Copies may be obtained from the Office of Price Administration.

[3] 11 F. R. 3541.

item being priced by not more than 25 percent.

(iii) It is currently being produced by the manufacturer.

(iv) If more than one "comparable" item meets all of the above conditions, the manufacturer must use the one whose current unit direct costs are nearest to the current unit direct costs of the item being priced.

(2) *Definition of "current unit direct costs".* "Current unit direct costs" for the purpose of this section means the sum of current unit direct labor and labor burden costs and current unit direct material costs including lumber kiln drying and handling cost, computed on a consistent basis for both the item being priced and the comparable item.

(3) *Maximum prices.* The maximum price to a particular class of purchaser for a commodity priced under this Section shall be determined in accordance with the following formula:

(i) Ascertain the maximum price to that class of purchaser of a comparable item,

(ii) Divide Item 1 by the current unit direct costs of such comparable item,

(iii) Multiply the result by the current unit direct costs of the item being priced,

(iv) The resulting amount is the maximum price of the item being priced to that particular class of purchaser.

(4) *Reports and approvals of maximum prices.* Before offering for sale or delivery an item for which maximum prices are determined under this paragraph (b), the manufacturer must file a report with the Office of Price Administration, Building Materials Price Branch, Washington 25, D. C., setting forth the following information:

(i) A complete description of the item being priced and of the comparable item for which a maximum price has already been established.

(ii) The proposed maximum price for the item being priced, and the established maximum price for the comparable item.

(iii) A breakdown of the current unit direct costs as defined in this paragraph, for the item being priced and for the comparable item.

A proposed maximum price under this paragraph (b) shall be deemed to be approved automatically on the expiration of 20 days after the mailing of the report (or on the expiration of 20 days after the mailing of all additional information which may have been requested), unless within that time the Office of Price Administration notifies the manufacturer that his proposed maximum price has not been approved or that action thereon has been deferred pending receipt of further information.

The Office of Price Administration may approve or disapprove and may at any time after approval adjust maximum prices proposed or established under this paragraph so as to make them consistent with the level of maximum prices otherwise established by this regulation.

(c) *Items which cannot be priced under paragraph (b).* If an item covered by this section cannot be priced under paragraph (b) above, the maximum price shall be a price approved by the Office of Price Administration, consistent with the level of maximum prices established by this regulation. A maximum price will generally be approved under this paragraph (c) by adding to the current direct unit costs of the item being priced the average percentage margin over direct costs realized by the manufacturer on all of his sales of items covered by this regulation during his most recent accounting period. In each case covered by this paragraph (c), the manufacturer must file a report with the Office of Price Administration, Building Materials Price Branch, Washington 25, D. C., giving the following information, before offering the item for sale:

(i) A description of the item being priced.

(ii) Reasons why the pricing provisions under paragraph (b) are not applicable.

(iii) His proposed maximum price.

(iv) A statement of the method of computation of the proposed price and of the reasons why he believes it consistent with the level of prices fixed by this regulation.

(v) A breakdown of his current unit costs of direct materials and direct labor for the item being priced, and his average percentage mark-up over direct costs realized by him on all his sales of items covered by this Regulation during his most recent accounting period, supported by profit and loss statement for such period.

The Office of Price Administration may approve or disapprove and may at any time after approval adjust maximum prices proposed or established under this paragraph so as to make them consistent with the level of prices fixed by this regulation.

[Sec. 5 amended by Am. 7, 10 F.R. 6516, effective 6–6–45 and as otherwise noted]

SEC. 6. *Addition for storage in transit.* When a distribution warehouse or yard sells millwork that it does not already have in stock, and then, instead of shipping it directly from the mill to the buyer, stores it in its warehouse or yard and delivers it, in quantities less than the total order, to the buyer as he calls for it, the distributor may shorten the applicable basic discount two points on so much—of the millwork as it actually stored. (Note that the sale is still a direct mill sale.)

This addition may not be made when the distributor merely reloads millwork at the warehouse or yard, or handles and stores it no more than is necessary in a normal case where the distributor receives a mill shipment, reloads it, and delivers it to the buyer. Nor may this addition be made if the millwork is stored at the job site since this is not storage in transit.

SEC. 7. *Charges for special cars and bracing.* (a) No addition to the maximum prices may be made for pool car, community car or stop-over car shipments, except that in the case of stop-over car shipments by rail, the seller may require the purchaser to pay stop-over charges made by the railroad. If the millwork shipped in any one of these combination cars weighs 30,000 pounds or more, it takes the carload ceiling prices.

(b) Where bracing is required to permit partial unloading of a railroad car, a charge not to exceed $3.50 may be made for one brace and $2.50 for each additional brace.

SEC. 8 [Revoked.]

[Sec. 8 amended by Am. 2, 8 F.R. 14314, effective 10–26–43; revoked by Am. 5, 9 F.R. 3747, effective 4–12–44]

SEC. 9. *Maximum prices for retail sales.* The maximum price for a retail sale of a millwork item covered by this regulation (other than combination doors) shall be the sum of the following:

(a) The seller's maximum price for the sale of the item fixed by the General Maximum Price Regulation; and

The amount by which the seller's acquisition cost of the item delivered to his warehouse would by reason solely of price increases authorized by the Office of Price Administration exceed his March 1942 net acquisition cost of the item if the item had been purchased from a supplier of the same class in the same quantities as in March 1942.

[Above paragraph amended by Am. 14, 11 F.R. 3657, effective 4–10–46]

If in March 1942 the seller bought from different classes of suppliers or in different quantities, he may add only the increase in the maximum prices of that class of suppliers which in the period January 1 to March 31, 1942, made the largest total shipments to him. No addition may be made because of cost increases resulting solely from purchasing from a more distant supplier, or from a different class of supplier, or in smaller quantities.

[Sec. 9 amended by Am. 9, 10 F.R. 11359, effective 9–10–45 and as otherwise noted]

SEC. 10. *What the invoice must contain.* All invoices must contain a sufficiently complete description of the millwork to show whether or not the price is proper. The amount added for extras does not have to be shown separately, except for storage-in-transit and bracing. The invoice must also show whether the sale is a direct mill sale, whether it is a carload or less-than-carload sale, and the origin and destination of the shipment.

Failure to invoice properly is just as much a violation of this regulation as charging an excessive price.

SEC. 11. *Prohibited practices.*—(a) *General.* Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings, changes in discount practices, and the like.

ARTICLE III—MISCELLANEOUS

SEC. 12. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant the authorization has been delegated. The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment. (This paragraph, of course, does not apply to adjustable pricing in conjunction with an application for a price on an item not specifically priced; section 5 is applicable in such a case.)

SEC. 13. *Applications for adjustment and petitions for amendment.*—(a) See Procedural Regulation No. 6 [1] for adjustment provisions on certain Government contracts or subcontracts.

[Paragraph (a) amended by Supplementary Order 83, 9 F.R. 973, effective 2–1–44]

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No .1,[2] issued by the Office of Price Administration.

(c) *Individual adjustment.*—(1) *Who may adjust maximum prices.* The Price Administrator or any duly authorized representative may adjust maximum prices for any of the commodities covered by this regulation as hereinafter provided.

(2) *Applications for adjustment.* Any manufacturer of stock millwork may file an application with the Office of Price Administration, Building and Construction Price Division, Washington 25, D. C., for adjustment in his maximum prices for any item of stock millwork covered by this regulation.

An application under this section must be filed in accordance with Revised Procedural Regulation No. 1, issued by the Office of Price Administration. The application shall contain:

(i) Regularly prepared balance sheets, analyses of surplus and statements of profit and loss, reflecting total company operations for the years 1937–1940, inclusive.

NOTE: The filing of these data is optional, provided reports are available from the Bureau of Internal Revenue. Should you prefer, this information will be requested by the Office of Price Administration directly from the Bureau of Internal Revenue.

(ii) Statements of profit and loss covering the company's entire operations for the year 1941 and the last full calendar or fiscal year and the latest available period in the current year, segregated as to the product or products for which an adjustment is requested and all other products together with a complete breakdown, as to direct material, direct labor and factory overhead of the cost of goods produced and sold and of selling, administrative and general expense.

(iii) Balance sheets as of the close of the year 1941 and last full calendar or fiscal year and the latest available period in the current year together with analyses of surplus.

(iv) Statement of the total volume of sales for the item for which price adjustment is requested for the same periods as in (ii) above. The volume should be stated in the units customarily used in the applicant's industry and should show unit quantities applicable to all inventory adjustments with a complete reconciliation between units produced and units sold.

Manufacturers who have previously submitted any of the above required data may omit such items from the data submitted with their application provided they indicate when and in what connection they were submitted.

(3) *Amount of adjustment.* The adjustment will not be generally more than the following:

(i) An amount sufficient to make the adjusted price equal to total cost plus a reasonable net profit on the article or line where the applicant's current over-all earnings on an annual basis are appreciably less than his average annual over-all earnings during the base period years 1937–1940, inclusive, adjusted for changes in net worth.

(ii) An amount sufficient to make the adjusted price equal to total cost, where the applicant's current over-all earnings on an annual basis do not exceed by 15 percent but are not appreciably less than his average annual over-all earnings during the base period years 1937–1940, inclusive, adjusted for changes in net worth.

(iii) An amount sufficient to make the adjusted price equal to manufacturing cost, plus packing cost and shipping cost where delivered prices are quoted or freight is allowed or equalized, where the applicant's current over-all earnings on an annual basis represent an increase of 15 percent or more over his average annual net earnings for the base period years 1937–1940, inclusive, adjusted for changes in net worth.

(iv) In no event shall an adjustment granted a multiple line producer under subdivisions (i) and (ii) be greater than the total amount necessary to make current over-all earnings equal to 115 percent of base period over-all earnings except that any such adjustment shall at least cover manufacturing cost plus packing cost, and shipping cost where delivered prices are quoted or freight is allowed or equalized. Moreover, where such adjustment includes a reasonable profit on a product or line, the total amount of adjustment shall not be greater than that necessary to make current over-all earnings equal to base period over-all earnings.

(v) If the applicant produces the commodity in a line or series of sizes or specifications, and if it is not practical to determine the manufacturing cost or total cost, as the case may be, of each size or specification, a uniform adjustment may be made for the entire line or series. However, any such adjustment for a line or series shall be subject to the limitations in subdivisions (i) to (iv), inclusive, above.

(4) *Meaning of terms used.* In cases where the company was not in business during 1937–1940 and in extremely unusual cases where the period 1937–1940 cannot be considered a representative peacetime period, the Office of Price Administration may make an exception to the use of this base period.

The term "manufacturing cost" means the total of direct materials, direct labor, and manufacturing expenses or factory overhead, applicable to the article.

The term "total cost" means the total of manufacturing cost and reasonable general, administrative, and selling expenses applicable to the article, excluding non-operating expense items and income and excess profits taxes.

The term "over-all earnings" means net profits before income and excess profits taxes experienced on the company's entire operations.

Whenever the applicant is currently operating at a level substantially lower than his normal volume, the overhead items included in "manufacturing cost" and "total cost" may be adjusted to reasonable levels based upon a normal rate of operations. Consideration will not be given, however, to losses due to temporary or non-recurring, factors, inadequate plant utilization, illegal wage payments, excessive overhead, selling and other general costs and other unusual factors.

In evaluating costs, the Office of Price Administration will give consideration to whether they are based on a representative period of normal production.

[Paragraph (c) added by Am. 15, 11 F.R. 4032; effective 4–16–46]

SEC. 14. *Records and reports.*—(a) *Records.* All sellers must keep records which will show a complete description of the items of stock millwork sold, the name and address of the buyer, the date of sale, and the price. Buyers must keep similar records, including the name and address of the seller. These records must be kept for any month in which the seller or buyer sold or bought $200 or more of stock millwork in transactions which are covered by this regulation. They must be kept for two years for inspection by the Office of Price Administration. Any records which the Office of Price Administration later requires must also be kept.

(b) *Reports.* Any reports that the Office of Price Administration has required in the past, or requires from time to time must be submitted.

Each manufacturer of stock millwork specialties covered by this regulation shall file with the Building Materials Price Branch, Office of Price Administration, Washington, D. C., on or before November 1, 1943, the following information:

[1] 9 F.R. 10628; 10 F.R. 1382, 9394.
[2] 9 F.R. 10476, 13715; 10 F.R. 11295.

(1) A statement of his highest selling prices for such stock millwork specialties in effect in October 1941. If such prices were published, he shall submit his net prices or list and discount sheet and if such prices were not published, he shall submit a list of such prices and a statement of the location of the invoices or other records from which such prices were compiled.

(2) A statement of his maximum prices on stock millwork specialties established under this regulation, and

(3) A statement of his maximum prices previously established under the GMPR for such stock millwork specialties.

[Paragraph (b) amended by Am. 1, 8 F.R. 14346, effective 10-26-43]

SEC. 15. *Enforcement and licenses.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for suspension of licenses provided for by the Emergency Price Control Act of 1942.

(b) War procurement agencies and their contracting or paying finance officers are not subject to any liability, civil or criminal, imposed by this regulation. Persons who make sales covered by this regulation to war procurement agencies are, however, subject to all the liabilities imposed by this regulation. "War procurement agencies" include the War Department, the Navy Department, the United States Maritime Commission, and the Lend-Lease Section in the Procurement Division of the Treasury Department, or any of their agencies.

(c) All sellers under this regulation, except mills, are licensed by Supplementary Order 18.[8] This order, in brief, provides that a license is necessary, except for mills, to make sales under this regulation. A license is automatically granted to all sellers making these sales. It is not necessary to apply specially for the license, but a registration may later be required. The Emergency Price Control Act of 1942 and Supplementary Order 18 tell the circumstances under which licenses may be suspended. The license cannot be transferred.

SEC. 16. *Relation to other regulations.* (a) *General Maximum Price Regulation.* Any sale or delivery covered by this regulation is not subject to the General Maximum Price Regulation; except that sales, purchases and deliveries of commodities covered by this regulation which originate outside of and are imported into the continental United States are governed by the General Maximum Price Regulation, and especially Maximum Import Price Regulation.

(b) *Maximum Export Price Regulation.* The maximum prices for export sales of stock millwork are governed by the Second Revised Maximum Export Price Regulation.[7]

ARTICLE IV—APPENDICES

SEC. 17. *Appendix A: Maximum prices for Western and Northern pine open windows and sash and lineal sash stock.* (a) The maximum prices for Ponderosa pine open windows and sash sold alone, or with other millwork, in carload quantities shall be the net prices, f. o. b. mill, full freight allowed, computed by applying the following base discounts to the list prices and list extras contained in Standard Woodwork Lists, Catalogue No. 40:

(b) The maximum prices for Western and Northern pine open windows and sash sold alone, or with other millwork, in carload quantities, where the customer specifically requests Northern Sugar or Idaho pine, shall be the net prices, f. o. b. mill, full freight allowed, computed in the same manner as provided in paragraph (a) of this Appendix A, but with base discounts adjusted as follows:

1. Northern pine: 35 points shorter than base discount.
2. Idaho pine: 15 points shorter than base discount.
3. Sugar pine: 3 points shorter than base discount.

Where the manufacturer furnishes these woods at his option, the maximum prices shall be those established in paragraph (a) of this Appendix A.

(c) The maximum prices established in paragraphs (a) and (b) of this Appendix A shall be subject to the following deductions:

SEC. 28. *Appendix L: Price areas for veneered hardwood doors.* The price areas referred to in Appendices J and K, sections 26 and 27, shall be as follows:

Area 1: All of Wisconsin and that part of Minnesota south of a straight line drawn through and including the cities of Duluth, Minnesota, and Sioux Falls, South Dakota; the western boundary of Area 1 extending south from Sioux Falls on a straight line drawn through and including Lincoln, Nebraska, thence from Lincoln, Nebraska, on a straight line drawn in a southeasterly direction to and including Topeka, Kansas; thence on a straight line eastward to and including Jefferson City, Missouri; thence in a southeasterly direction on a straight line to and including the city of Cairo, Illinois. All of Illinois and all of Iowa, and that part of Missouri north of the southern boundary of this area as described above. Also East Chicago, Indiana Harbor, Hammond and Gary as the only points in Indiana.

Area 2: Bounded on the north by the southern shores of Lake Superior, Lake Huron, Lake Erie and extending east to and including the city of Buffalo, New York; bounded on the east by a straight line drawn from Buffalo, New York, to and including the city of Pittsburgh, Pennsylvania; thence extending south on a straight line to and including Charleston, West Virginia; bounded on the south by a straight line drawn west from Charleston, West Virginia, to and including the city of Lexington, Kentucky, thence on a straight line to and including the city of Louisville, thence along the Ohio River to the Indiana State Line; bounded on the west by the western Indiana State Line and the western shore of Lake Michigan. Included in Area 2 territory are all of Michigan, Ohio, Indiana (except the four cities included in Area 1), and such portions of New York, Pennsylvania, West Virginia and Kentucky as would fall within the boundary lines described herein; also Memphis as the only point in Tennessee.

Area 3E: Bounded on the west by the eastern boundary of Area 2; bounded on the north by the Canadian Border extending from Buffalo to the Atlantic Ocean; bounded on the east by the Atlantic Ocean from the Canadian Border to and including Norfolk, Virginia; bounded on the south by straight lines drawn westward from Norfolk, Virginia, to and including Lynchburg, Virginia, extending thence through but not including Charleston, West Virginia, meeting Area 2 and the western boundary of Area 3, just east of Charleston, West Virginia.

Area 3: All of Kentucky south of the southern boundary of Area 2; all of Tennessee, except Memphis; all of Alabama and Mississippi; also New Orleans as the only point in Louisiana.

Area 4E: Those parts of Virginia and West Virginia south of the southern boundary of Area 3 and of the southeastern point of Area 2; all of North Carolina, South Carolina, Georgia, and that part of Florida north of a straight line drawn through and including Jacksonville and Pensacola.

Area 4: All of Minnesota, North Dakota and South Dakota not included in Area 1; all of Nebraska not included in Area 1; all of Kansas not included in Area 1; all of Missouri south of the southern boundary line of Area 1; Arkansas; Louisiana, except New Orleans, Texas and Oklahoma: eastern Colorado east of a line drawn through and including Trinidad, Pueblo, Colorado Springs, Den-

ver, Boulder and Fort Collins; also Cheyenne as the only point in Wyoming.

Area 5: All of Montana; all of Wyoming except Cheyenne; all of Colorado not included in Area 4; New Mexico, and northeastern Utah, including the cities of Ogden, Salt Lake City and Provo.

Area 6: Oregon, Washington, Idaho, California, Nevada, Arizona, and that part of Utah not in Area 5; all of Florida not included in Area 4.

SEC. 29. *Appendix M: Maximum prices for stock millwork specialties.* The maximum prices for stock millwork specialties covered by this regulation, sold alone or with other millwork, in carload quantities, f. o. b. mill full freight allowed, shall be for each manufacturer, his individual highest net selling prices in effect in October 1941, for carload quantities sold to the same class of customer in the same delivery zone, f. o. b. mill full freight allowed, increased by twenty-five (25) percent.

If the manufacturer's customary method of pricing is to use a list and a discount sheet, he may shorten his discount by the number of half-points which will most nearly approximate a 25 percent increase in the highest net selling price in effect in October 1941. If the manufacturer uses a net list price, the 25 percent increase in price shall be rounded off to the nearest one cent.

[Sec. 29 added by Am. 1, 8 F.R. 14346, effective 10-26-43; amended by Am. 3, 8 F.R. 16199, effective 12-4-43 and Am. 16, 11 F.R. 5020, effective 5-6-46]

SEC. 30. *Appendix N: Supplemental lists to Standard Lists Catalog No. 40.* The following Modular Standard lists of Ponderosa pine sash, windows, sash screens and window screens must be used by all sellers in computing maximum selling prices for any item contained therein. In computing maximum selling prices for items not on this supplemental list, the seller must base his computations on lists contained in Standard Lists Catalog No. 40. In establishing maximum selling prices for 2 light storm sash the seller will use the list price of the 1⅜" 2 light checkrail windows. In establishing maximum selling prices for 4 light storm sash the seller will use the list price of the 1⅜" 4 light checkrail windows.

Supplemental List No. 1. Unless otherwise specified, windows and sash will be supplied with wood parts no wider than standard layouts shown for each design and for an opening no larger than that shown.

Part 1305—Administration

[SO 129, Amdt. 24]

Specified Electrical Machinery and Equipment

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Supplementary Order 129 is amended in the following respects:

1. Section 12 (a) is amended by adding the following to the list of commodities thereunder:

Coils, specifically designed and fabricated for motors, generators, transformers, or any related equipment listed in section 12 of SO 129.

Distribution cutouts, as defined in the National Electric Manufacturers' Association Manual, Part IV, dated January 31, 1946, in Section 8–SG–2. This does not include items classified under section 5 ("Building Equipment and Supplies") of the National Electric Manufacturers' Association Manual.

High voltage insulators as defined in the National Electric Manufacturers' Association Manual, Part IV, dated January 31, 1946, in Section 8–HV, including only the following:

All wet process porcelain or glass low voltage pin type insulators.

All high voltage pin type insulators, including posts, clamps and other variations.

All guy strain insulators.

All spool type insulators.

All suspension insulators, including hewletts.

Outdoor switch and bus insulators of all types, including posts.

Special and apparatus insulators except those assembled with metal parts, but including tubes and wall, roof and floor bushings.

Hi-line (or suspension) hardware, including clamps and associated fittings.

Pole line hardware and line construction specialties as defined in Order 604 of RMPR 136.

Power switching equipment as defined in the National Electric Manufacturers' Association Manual, Part IV, dated January 31, 1946, in Section 8–SG–6, but not including equipment of 601 volts and lower.

2. Section 12 (f) is amended by deleting the words ", repair and replacement," immediately following the word "Parts" at the beginning of the third paragraph thereof.

This amendment shall become effective May 24, 1946.

Issued this 24th day of May 1946.

Paul A. Porter,
Administrator.

[MPR 478, Amdt. 14]

Coated and Combined Fabrics

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Section 7 (c) (3) of Maximum Price Regulation 478 is amended to read as follows:

(3) *Alternative base price for certain fabrics.* For those rubber, pyroxylin or oil coated or combined fabrics whose base period is March 1942 and which were also delivered or offered for delivery during October 1941, the manufacturer may use either the base price determined in accordance with subparagraphs (1) and (2) of this paragraph (c) or the

base price determined in accordance with subparagraphs (1) (i), (ii) and (iii) and (2) above, excepting that the phrase "October 1941", shall be substituted for the phrase "base period", and increased by the following percentages:

	Percent
Rubber coated and combined fabrics	25
Pyroxylin coated and combined fabrics	27
Oil coated fabrics	30.5

This alternative base price shall not be applicable to coated window shade cloth.

This amendment shall become effective May 24, 1946.

Issued this 24th day of May 1946.

PAUL A. PORTER,
Administrator.

AUTHORITY: § 1426.201, issued under 56 Stat. 23, 765; 57 Stat. 566; Pub. Law 383, 78th Cong.; Pub Law 108, 79th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681; E.O. 9599, 10 F.R. 10155; E.O. 9651, 10 F.R. 13487; E.O. 9697, 11 F.R. 1691.

ARTICLE I—SCOPE OF THE REGULATION

SECTION 1. *Sales of eastern fence posts at over-ceiling prices prohibited.* (a) On and after July 2, 1943, regardless of any contract or other obligation, no person shall sell or deliver, and no person shall buy or receive in the course of trade or business, any eastern fence posts covered by this regulation at prices higher than the maximum prices fixed by this regulation, and no person shall agree, offer, or attempt to do any of these things.

(b) Prices lower than the maximum prices, may, of course, be charged and paid.

SEC. 2. *Purpose and coverage of this regulation.* (a) This regulation establishes specific maximum prices for all sales of Eastern fence posts of the species listed in paragraph (c) below when produced in the limited area specified in that paragraph for each "species" and in the heading to the tables in section 4A. Species not listed and species listed in paragraph (c) but produced in any other part of the general territory covered by this regulation remain subject to the General Maximum Price Regulation [4] except on sales by retail yards which are covered in section 3.

(b) *Territory.* "Eastern" territory covered by this regulation is defined as follows: All states east of the Mississippi River and the following area west of the Mississippi River: All of the States of Minnesota, Iowa, Nebraska, Kansas, Missouri, Arkansas, and Louisiana; all of Oklahoma except Cimarron, Texas, and Beaver Counties; and that part of Texas within or east of Hardeman, Foard, Knox, Haskell, Jones, Taylor, Runnels, Concho, Menard, Kimble, Kerr, Real, Uvalde, Zavala, Dimmit, and Webb Counties.

(c) *Species.* (1) Northern White Cedar (Thuja occidentalis), produced in the States of Michigan, Minnesota, Wisconsin, Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont.

(2) Yellow pine, including shortleaf pine (Pinus echinata), loblolly pine (Pinus taeda), slash pine (Pinus caribaea), or longleaf pine (Pinus palustris), and any other species commercially known as Southern yellow pine, produced at any point in Eastern territory as covered by this regulation.

(3) Arkansas red cedar (Juniperus virginiana) produced in Arkansas, Louisiana, Oklahoma, and Missouri.

(4) Tennessee Red Cedar (Juniperus virginiana) produced in Tennessee, Alabama, Kentucky, Virginia, Georgia, North Carolina, South Carolina, West Virginia, Indiana, Ohio and Mississippi.

(5) Texas mountain cedar (Juniperus mexicana and Juniperus pinchotii) produced in Texas and Oklahoma.

(6) Black locust (Robinia pseudoacacia) produced in Arkansas.

(7) All species of oak (Quercus) produced in Arkansas.

(8) Tamarack (Larix laricina) produced in the States of Michigan, Minnesota and Wisconsin.

(d) The term "fence posts" as used in this regulation includes fence posts and stakes, round or split, peeled or unpeeled, treated or untreated.

(e) All posts priced in this regulation must be of sound live timber free of decay, splits, large or numerous knots or knot holes, etc., that would impair strength or durability, except other grades specifically priced in the tables of section 4a.

[Sec. 2 amended by Am. 1, 8 F.R. 10436, effective 7–30–43; Am. 2, 9 F.R. 1322, effective 2–5–44; Am. 3, 9 F.R. 5591, effective 5–29–44 and Am. 4, 11 F.R. 5162, effective 5–14–46]

ARTICLE II—MAXIMUM PRICES AND TERMS OF SALE

SEC. 3. *How to figure maximum prices.* (a) The maximum prices for posts of the listed species for all sales except distributor and retail sales and sales to industrial users, are shown in the tables in section 4a.

(b) *Maximum prices for distributor sales to retailers.* On sales by a distributor of less than carload quantities to a retailer the maximum prices for untreated posts shown in section 4a may be increased 15 percent.

NOTE: Retailers buying posts under this provision and reselling to consumers are limited to resale prices determined according to paragraph (c) below.

(c) *Maximum prices for retail sales.* The maximum prices for retail sales of eastern fence posts, treated or untreated, shall be determined as follows:

(1) *Listed species; untreated or treated by nonpressure methods.* (i) The maximum price from section 4a for the same size and species of post, plus

(ii) An addition for inbound freight computed by multiplying the appropriate estimated weight given in section 4a by the carload freight rate from the basing point given for that species which produces the lowest rate to the seller's yard, plus

(iii) Where the total of (i) and (ii) equals or exceeds $10.00 per retail sale, a mark-up to such total of 25 percent for Yellow Pine posts and of 33⅓ percent for other species; but, where the total of (i) and (ii) is less than $10.00 per sale, a mark-up of 50 percent of Yellow Pine posts and of 60 percent for other species.

(2) *Listed species; pressure treated.* (i) The maximum price from section 4a for the same size and species of post, plus

(ii) The appropriate addition for pressure treatment shown in Maximum Price Regulation 491, Section 19 (c), Table 3,[4] plus

[4] For convenience, this schedule of additions for pressure treatment is shown herein, as follows:

(iii) An addition for freight computed by multiplying the appropriate estimated weight given in section 4a by the carload freight rate from the basing point given for that species which produces the lowest rate to the seller's yard, plus

(iv) Where the total of (i), (ii) and (iii) equals or exceeds $10.00 per retail sale, a mark-up to such total of 25 percent; but, where the total of (i), (ii) and (ii) is less than $10.00 per sale, a mark-up of 50 percent.

(3) *Species not listed; treated or untreated.* (i) The General Maximum Price Regulation price of the supplier from whom the posts are bought, plus

NOTE: These treating additions are per piece and include preservative required to obtain a final retention of six pounds per cubic foot with grade one creosote oil. On any other specification of treatment the original seller must have secured approval of an addition under Section 8 of Maximum Price Regulation 491. The addition so authorized for his supplier must be used by the retailer in figuring the maximum price. If this cannot be ascertained, the retailer must apply for approval of an addition according to Section 6 of Revised Maximum Price Regulation 324.

(ii) Actual transportation costs from the supplier's shipping point to the retail or wholesale yard, plus

(iii) Where the total of (i) and (ii) equals or exceeds $10.00 per retail sale, a mark-up to such total of 33⅓ percent; but, where the total of (i) and (ii) is less than $10.00 per sale, a mark-up of 60 percent.

(4) *Delivery charges.* The maximum prices for retail sales established under this paragraph (c) include free delivery within the mileage limits and to those classes of customers to whom free delivery was extended in March 1942. On retail sales to those classes of customers to whom free delivery was not included in March 1942, an additional charge for delivery may be made, according to (i) or (ii) below.

(i) *Private truck.* When delivery is by truck owned or controlled by the seller, the amount added for delivery may not be more than the actual cost to the seller of delivery by truck. This "actual cost" may not be higher than the over-all average trucking cost for a similar delivery arrived at as of the 12-month period ending December 31, 1942.

(ii) *Common or contract carrier.* When delivery is made by common or contract carrier only the actual amount paid to the carrier for transportation of the eastern fence posts may be added.

(d) *Maximum prices for sales to industrial users.* The maximum prices for sales of eastern fence posts to an industrial user shall be determined as follows:

(1) *Listed species; untreated or treated by nonpressure methods.* (i) The maximum price from section 4a, plus

(ii) An addition for freight computed by multiplying the appropriate estimated weight given in section 4a by the carload freight rate from the basing point given for that species which is nearest the seller's shipping point, plus

(iii) A mark-up of 15 percent to the total of (i) and (ii).

(2) *Listed species; pressure treated.* (i) The maximum price from section 4a for the same size and species of post, plus

(ii) The appropriate additions for pressure treatment shown in Maximum Price Regulation 491, section 19 (c), Table 3,

(iii) An addition for freight computed by multiplying the appropriate estimated weight given in section 4a by the carload freight rate from the basing point given for that species which is nearest the seller's shipping point.

(3) *Species not listed; treated or untreated.* The seller's General Maximum Price Regulation price including delivery to destination shall apply.

(e) *Sales by distributors or retailers of posts priced in Maximum Price Regulation 536.* The price and basing point to be used in computing prices under paragraphs (b) and (c) above for all species priced in Maximum Price Regulation 536 [6] are set forth in section 4 of that regulation.

[Sec. 3 amended by Am. 2, 9 F.R. 1322, effective 2–5–44; Am. 3, 9 F.R. 5591, effective 5–29–44 and Am. 4, 11 F.R. 5162, effective 5–14–46]

SEC. 4. *Definitions of terms used in this regulation.*—(1) *Normal production area.* A normal production area for any species is any area in which posts of that species may be obtained in quantity by truck haul of less than 60 miles from the producing mill.

(2) *Retail sale.* A retail sale is a sale by a retail or wholesale lumber yard or other retail business made to an ultimate consumer out of the regular yard stock. The retail seller must regularly maintain a stock of other merchandise in addition to fence posts, sell generally for local delivery by truck; and his yard must be located on its particular site in order to be near a consuming area.

(3) *Distributor's sale.* A distributor's sale is a sale to retail sellers in less than carload quantities made out of the regular stock of a yard located outside of the normal production area at which yard a stock of fence posts and other merchandise is maintained, and the posts are sorted, graded and assembled for resale or distribution to retail sellers as defined in subparagraph (2). Such distributor's yard must be located on its particular site in order to be near a consuming area and the distributor must generally purchase posts in carload shipments and generally resell them in less than carload quantities. If a distributor makes a sale in carload quantities, he uses the table prices set forth in section 4a.

(4) *Industrial users.* Industrial users for the purpose of this regulation are federal, state, and municipal governments, industrial plants, and transportation systems, which use eastern fence posts for the protection and maintenance of their properties.

[Sec. 4 added and former sec. 4 redesignated as 4a by Am. 4, 11 F.R. 5162, effective 5–14–46]

SEC. 4a. *Table of maximum prices.* Maximum prices on sales to retailers and other nonconsumers are set out in the tables below, for the listed species. The prices in the tables are f. o. b. cars at concentration yard or other loading-out point in the producing area. (If a delivered price is to be quoted, see section 5 for the permitted transportation addition.)

SEC. 5. *Transportation addition.* (a) Except as specially provided in section 3 (c), covering retail-yard sales, addi-

tions for transportation shall be computed from the applicable basing point specified in the heading of the appropriate price table. In the case of Northern white cedar (Table 1) and yellow pine (Table 2), where more than one basing point is given, the applicable basing point is the one nearest the shipper's actual loading-out point.

[Paragraph (a) amended by Am. 3, 9 F.R. 5591, effective 5-29-44]

(b) When the estimated weights in the tables of section 4a are used, the weight times the carload railroad freight rate from the applicable basing point to the actual destination is the maximum permissible addition, even if the estimated weights are higher than the actual weights.

(c) When estimated weights are not used, the maximum addition for transportation is the actual weight times the carload railroad freight rate from the applicable basing point to destination.

[Sec. 5 amended by Am. 2, 9 F.R. 1322, effective 2-5-44]

SEC. 6. *Special specifications of listed species.* Sizes, grades, or specifications of Eastern fence posts of the species and from the areas given in the headings of the tables, but not specifically priced above, are nevertheless subject to this regulation. Maximum prices for such posts shall be determined as follows:

(a) The maximum price shall bear the October 1941 relationship between the special item to be priced and the most similar size or grade on which a specific maximum price is established in the tables. This relation should be determined as it existed in October 1941 or in the first month before that in which sales of both items were made, and the price difference between the two items should be added to or subtracted from the maximum price in the price tables for the comparable item.

This tentative maximum price shall be submitted to the Lumber Branch, Office of Price Administration, Washington, D. C., within 10 days of the use of the price, together with copies of the invoices of the sales which were used to determine it. If, within 30 days after receipt of the request for approval, the Office of Price Administration does not act on it, the price shall be considered approved and shall thereafter be the maximum price of that item for that seller. Pending approval or action by the Office of Price Administration, the seller may deliver the item and receive payment for it, subject to the condition that a refund will be made if the price is in excess of that finally approved by the Office of Price Administration.

(b) For any size, grade, or specification which cannot be priced under paragraph (a) of this section, the maximum price shall be the price established by the Lumber Branch, Office of Price Administration, Washington, D. C., after full facts have been submitted in support of any request for the establishment of a maximum price. This maximum price may be established by a letter or telegram.

SEC. 7. *Treated posts.* Pressure-type preservative treatment additions are established by Maximum Price Regulation 491, § 19 (c), Table 3. On sales of posts of the listed species which are treated by methods other than pressure process, an addition may be made to the maximum prices contained in section 4a, figured according to section 6 of this regulation. Posts of unlisted species, treated by any method, remain under the GMPR, except as covered in section 3 for retail-yard sales.

[Sec. 7 amended by Am. 2, 9 F.R. 1322, effective 2-5-44]

ARTICLE III—SPECIFIC DUTIES AND PRIVILEGES AND PROHIBITED PRACTICES

SEC. 8. *Display of maximum prices.* Any person selling Eastern fence posts at retail shall display in a manner plainly visible to and understandable by the purchasing public the maximum prices permitted under this regulation. The display shall be headed "Ceiling Prices" and shall list the prices by diameter and length.

[Sec. 8 amended by Am. 2, 9 F.R. 1322, effective 2-5-44]

SEC. 9. *Prohibited practices*—(a) *General practices.* Any practice which gets the effect of a higher-than-ceiling price without actually raising the price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific practices.* (1) The practice of breaking up a retail order which would normally be a single order into a series of smaller orders to secure the additional mark-up allowed for small quantity sales of less than $10.00 is specifically prohibited.

(2) Breaking up a carload quantity into less than carload quantities to secure the distributor's mark-up of 15 percent is prohibited.

(3) It is a direct violation to buy or sell material as eastern fence posts under and according to the provisions of Table 4 of section 4a of this regulation for use as saw logs or for any other purpose than as support for fencing.

(4) Sellers must maintain cash discounts and credit terms no less favorable to buyers than the cash discounts and credit terms they allowed on October 1, 1941; except that a discount need not be larger than 2 percent.

[Sec. 9 amended by Am. 1, 8 F.R. 10436, effective 7-30-43; Am. 2, 9 F.R. 1322, effective 2-5-44; and Am. 4, 11 F.R. 5162, effective 5-14-46]

SEC. 10. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of shipment; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after shipment. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration having authority to act upon the pending request for a change in price or to give the authorization.

The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

[Sec. 10 amended by Supplementary Order 50, 8 F.R. 10568, effective 7-27-43]

SEC. 11. *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1,[7] issued by the Office of Price Administration.

SEC. 12. *Records.* Any person, other than a consumer, who buys or sells 200 or more Eastern fence posts in any one month, must keep for a period of two years records of items sold, names and addresses of buyers, date of sale, and price.

SEC. 13. *Enforcement.* Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for revocation of licenses provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 14. *Licensing.* The provisions of Licensing Order No. 1,[8] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

[Sec. 14 amended by Supplementary Order 72, 8 F.R. 13244, effective 10-1-43]

SEC. 15. *Exports and imports.* (a) The maximum price for export sales of all fence posts is governed by the Second Revised Maximum Export Price Regulation.[9]

(b) The basic maximum price for imported fence posts of the listed species is the maximum price shown for the particular species in section 4a. This basic maximum price applies f. o. b. cars at the port of entry, and must be used for computation of maximum resale prices under section 3. Transportation additions permitted by section 5 or section 3 must be computed from the basing point shown for the particular species in section 4a. If more than one basing point is shown, the one nearest the port of entry must be used.

The maximum price for sales of imported fence posts of unlisted species is governed by the Maximum Import Price Regulation.[10]

[Sec. 15 added by Am. 3, 9 F.R. 5591, effective 5-29-44]

Effective date. This regulation shall become effective July 2, 1943. [RMPR 324 originally issued June 26, 1943]

[Effective dates of amendments are shown in notes following the parts affected]

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 24th day of May 1946.

PART 1380—HOUSE AND SERVICE MACHINE INDUSTRY

[MPR 598, Amdt. 12]

POSTWAR HOUSEHOLD MECHANICAL REFRIGERATORS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation No. 598 is amended in the following respect:

Section 15(a) is amended to read as follows:

(a) *Prices set forth in section 24, Appendix A.* Unless an order issued under paragraph (b) of this section specifies otherwise, a dealer's ceiling prices for sales of a particular model of refrigerator sold by the manufacturer after April 17, 1946, at prices adjusted under section 5(b) is the sum rounded to the nearest twenty-five cents, of the applicable price set forth in Appendix A and either

(1) The dollar-and-cent amount of the increase allowed the manufacturer by section 5(b) in this ceiling price for sales of the same model to distributors (including the resulting increase in the Federal excise tax) if he sells the model to distributors, or

(2) The dollar-and-cent amount of the increase allowed the manufacturer by section 5(b) in his ceiling price for sales of the same model to dealers (including the resulting increase in the Federal excise tax) if he sells the model only directly to dealers.

A dealer's ceiling price for sales of a particular model of refrigerator sold by the manufacturer prior to April 18, 1946, is the applicable price set forth in section 24, Appendix A.

Ceiling prices will be established for dealers' sales of models not listed in Appendix A or covered by an order under paragraph (b) of this section by amendment to Appendix A. Ceiling prices so established will be fixed in line with the level of retail ceiling prices established under this regulation. No refrigerator may be sold at retail unless a retail ceiling price has been established for its sale in accordance with this section.

This amendment shall become effective on the 29th day of May 1946.

Issued this 24th day of May 1946.

PAUL A. PORTER,
Administrator.

PART 1384—HARDWOOD LUMBER PRODUCTS

[RMPR 176, Amdt. 1]

BOX GRADE VENEER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 176 is amended as follows:

1. The preamble is amended by adding the following paragraph:

Such specifications and standards as are used in this regulation, were, prior to such use, in general use in the trade or industry affected.

2. Section 1 is amended to read as follows:

SECTION 1. *What this regulation covers.* This regulation covers all sales of box grade veneer. "Box grade veneer" means all veneer, regardless of species, sold or purchased in accordance with the grading rules provided in section 13 for use in the manufacture of boxes or as shingle pads or shingle boards (commonly used as a protector in bundling shingles) of single ply thickness or in double ply if no gluing is involved, which is produced in any part of the United States with the exception of the states of Washington, Oregon, and California.

Box grade veneer includes the prime sizes or the cut to box part finished sizes.

This regulation, however, does not cover any item specifically priced in Revised Maximum Price Regulation 320 or Second Revised Maximum Price Regulation 195 or any orders issued thereunder.

3. Section 3 is amended to read as follows:

SEC. 3. *Maximum prices for box grade veneer.*—(a) *Prime sizes.* The maximum f. o. b. mill prices for 1,000 board feet of box grade veneer which is not cut into box part finished sizes shall be as follows:

Thickness	Length: Less than 62"	Length: 62" and over
¼" and 5/16"	$91.00	$95.55
3/8" and 7/16"	90.00	94.50
1/32" and ½"	89.00	93.45

(b) *Cut-to-size veneer.* The maximum f. o. b. mill price for 1000 board feet of box grade veneer which has been cut to specific box part sizes shall be the maximum price established in paragraph (a) of this section plus $8.00 per M' board measure.

4. A new section 13 is added to the regulation, to read as follows:

SEC. 13. *Grading rules for box grade veneer.* (a) All stock shall be sound (corky tupelo considered unsound), free from rot, or dote. A reasonable amount of pin wormholes, sound tight knots not exceeding three inches in diameter measuring the small way, shall be no defect. A reasonable discoloration or stain shall be no defect.

(b) All stock shall be machine cut to the specified thickness ordered, standard gears as furnished by the lathe manufacturer to be used.

(c) All stock shall be cut tight, and when shipped shall not contain more than 15% moisture content. Said percentage is to be arrived at by test of an equal number of sap and heart pieces. Stock shall be sufficiently flat to straighten under machines, without splitting.

(d) A trimming allowance of ½" in width and 1" in length, shall be allowed on all lengths 30" and over, one-half inch in length, and one-half inch in width on stock less than 30" long. Cutdowns, whether sized before or after drying, shall carry ½" allowance in width.

(e) (1) Only those cutdowns and cutbacks that actually accumulate in working out defects in the logs and rounding the logs used in filling a particular order may be shipped against that order. Such cutdowns and cutbacks shall have the same maximum price as prime size stock in the same length and thickness as the cutdowns and cutbacks.

(2) Standard cutdowns in widths shall run in multiples of 2", the narrowest width to be 4".

(3) Standard cut-backs in lengths shall be 54", 48", 42", 36", 32" and 27".

(f) Checks or splits not longer than one-fourth the length of the piece are not considered defects provided the checks or splits are reasonably straight, do not diverge more than 1" per foot, and do not run over ¼" in width and in all widths.

(g) Specifications on all sizes, both width and length, shall not be specified in fractions of less than ½", except by special arrangement between the seller and the buyer.

(h) Each size is to be bundled separately and to be marked. Each bundle is to contain a uniform number of pieces. Twenty-five pieces of ¼" or 7/32", 30 pieces of 3/16", 35 pieces of 1/8", 40 pieces of 1/7", and 50 pieces of 1/8" are to be the standard number of pieces to each bundle.

This amendment shall become effective May 24, 1946.

Issued this 24th day of May 1946.

PAUL A. PORTER,
Administrator.

[2] Protective service allowances shall be the actual cost of protective services furnished, not to exceed the lowest common carrier charge for the same services (including 3% transportation tax), but shall not include precooling (see paragraph (h)).

[3] The prices named in columns 6 and 7 are maximum prices for each individual lot or shipment of peaches received and sold by the particular seller. For sellers covered by column 7, see general provisions of this appendix.

[4] No separate charge shall be made for precooling since an allowance for precooling is included in the f. o. b. price (see paragraph (h)).

[5] For the purpose of this table, "Southern Idaho" means all counties south of Idaho County in the State of Idaho, and "Northern Idaho" means Idaho County and all counties north of Idaho County in the State of Idaho.

This amendment shall become effective May 24, 1946.

Issued this 24th day of May 1946.

PAUL A. PORTER,
Administrator.

Approved: May 17, 1946.

2. Section 5 (f) (4) is added to read as follows:

(4) *Yellow bar laundry soap*—(i) *Maximum prices.* Notwithstanding the provisions of (1), (2) and (3) above the maximum prices for sales of yellow bar soap having a moisture content of 40 percent or less when packed and made on a basis of at least 15 pounds of rosin to 100 pounds of fats and oils shall be:

Percentage anhydrous content:	*Carload price per case before cash discount delivered (cents per pound)*
69.1 and over	9.2
64.1 to 69.0 inclusive	9.0
59.1 to 64.0 inclusive	8.9
55.0 to 59.0 inclusive	7.8
53.0 to 54.9 inclusive	7.5
50.0 to 52.9 inclusive	7.2

(ii) *Report.* A manufacturer, whose maximum prices prior to May 29, 1946, for sales of this product were below the prices established by subdivision (i) above may increase his previously prevailing maximum prices up to but not in excess of the prices established by subdivision (i) above if prior to the first sale or offer to sell at such increased prices he files with the Rubber, Chemicals and Drugs Price Branch, Office of Price Administration, Washington 25, D. C., a statement showing

(*a*) Brand name and description of product.

(*b*) Percentage anhydrous content.

(*c*) Number of bars per case.

(*d*) Net weight per bar and per case.

(*e*) Previously prevailing maximum delivered carload price per case before cash discount. If the product is not sold in carload lots, then the previously prevailing less than carload maximum price per case before cash discount.

(*f*) Present delivered carload selling price per case before cash discount. If the product is not sold in carload lots, then the present less than carload selling price per case before cash discount.

(iii) *Manufacturers whose maximum prices are above prices established by subdivision (i).* A manufacturers' maximum prices for sales of this product, which are in excess of the prices established by subdivision (i), are revoked effective July 28, 1946, unless such manufacturer files with the Rubber, Chemicals and Drugs Price Branch on or before June 28, 1946, a statement showing:

(*a*) Brand name (if any) and description of product.

(*b*) Percentage anhydrous soap content.

(*c*) Number of bars per case.

(*d*) Weight per case and per bar.

(*e*) Present delivered selling c. l. price per case before cash discount; if not sold in c. l. lots, then l. c. l. present selling price per case before cash discount.

(*f*) Discounts allowed.

(*g*) Pounds or bars of this type of soap produced during the year 1945 and first 4 months of 1946.

(*h*) Breakdown of current total costs per case, showing separately raw material costs, direct labor costs, packaging cost, indirect factory costs, freight out, and selling and administrative expense. Raw material costs and selling and administrative expense should be itemized to show the components of those costs.

(*i*) Overall net income before taxes for base period 1936–1939; if not avail-

able, any other representative period. Also for the year 1945 and for any available period in 1946. If the organizational unit which produces soap is a subsidiary, the net income should be submitted for the parent organization.

(*j*) Maximum price for sales of such product and whether maximum price was established under section 5 (f) (1), 5 (f) (2) or 5 (f) (3) of Maximum Price Regulation 391.

3. Section 6 (b) is amended to read as follows:

(b) *Maximum prices for bar laundry soaps.*

Brand	Size	Pack	Column A f. o. b. warehouse price per case	Column B service price per case
American Family	Large	90	$5.51	$5.63

PART 1413—SOFTWOOD LUMBER PRODUCTS
[MPR 589, Amdt. 4]

DOUGLAS FIR STOCK MILLWORK

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 589 is amended in the following respects:

1. Section 2 is amended to read as follows:

SEC. 2. *To what products, transactions and persons this regulation applies.*—(a) *Products covered by the regulation.* This regulation covers stock millwork (except Douglas fir doors and mouldings, including but not limited to, woodwork items referred to in the appendices, as well as stock millwork specialties, when such stock millwork is made principally with lumber cut from any of the following woods: Douglas fir (Pseudotsuga taxifolia), West Coast hemlock (Tsuga heterophylla and tsuga mertensiana), and sitka spruce (Picea sitchensis).

(b) *Transactions covered by the regulation*—(1) *Direct-mill sales.* This regulation covers the following direct-mill sales:

(i) A sale of millwork weighing 15,000 pounds or more, when shipped at one time by rail to one or more places; and a sale of millwork weighing 12,000 pounds or more, when shipped at one time by truck to a single place.

(ii) A sale of millwork in any quantity, when it is shipped in a mixed shipment with Douglas fir plywood, Douglas fir mouldings, Douglas fir doors, and/or soft wood lumber of any species, and the weights of the total shipment, if by rail to one or more places, is 15,000 pounds or more; or, if by truck to a single place, is 12,000 pounds or more.

A "direct-mill sale," as referred to in this regulation, is a sale in which the shipment originates at a factory or factory warehouse, no matter who the seller is, and reaches the purchaser without becoming an integral part of the stock of a jobber's or other distributor's warehouse or plant. A shipment which is temporarily stored in such a warehouse or plant but does not become a part of its stock for purposes of resale or redistribution is considered a direct-mill sale. Sales out of jobbers' warehouses which are situated in the same locality as a manufacturing plant and which are controlled by the plant, or control it, or are under common control with it, are direct-mill sales.

(2) *Retail sales.* This regulation covers all retail sales. For the purpose of establishing a retail price, a retail sale is any sale, except a direct-mill sale, made to an ultimate consumer.

(c) *Persons covered by the regulation.* Any person who sells or purchases Douglas fir stock millwork covered by this regulation, in transactions covered by this regulation, is subject to the regulation.

(d) *Transactions not covered by this regulation.* (1) This regulation does not cover direct-mill sales in shipments weighing less than the minimum weights provided in paragraph (b) of this regulation. Such direct-mill sales are subject to Maxmum Price Regulation 525.

(2) This regulation also does not cover sales of special (made to order) millwork manufactured according to architects' details, whether the seller manufactures or buys the material used. Such sales are subject to Maximum Price Regulation 608, Special Millwork.

On specific construction projects calling for part stock millwork and part special (made to order) millwork, the stock item shall be priced according to the provisions of this regulation and the special (made to order) millwork items shall be priced under Maximum Price Regulation 608.

2. A new section 5a is added to read as follows:

SEC. 5a. *Maximum prices for retail sales.* The maximum price for a retail sale of a millwork item covered by this regulation shall be the sum of the following:

(a) The seller's maximum price for the sale of the item fixed by the General Maximum Price Regulation, and

(b) The amount by which the seller's net acquisition cost of the item delivered to his warehouse would by reason solely of price increases authorized by the Office of Price Administration exceed his May 1, 1946, net acquisition cost of the item if the item had been purchased from a supplier of the same class in the same quantities as in March 1942.

If in March 1942 the seller bought from different classes of suppliers or in different quantities, he may add only the increase in the maximum prices of that class of suppliers which in the period January 1 to March 31, 1942, made the largest total shipment to him. No addition may be made because of cost increases resulting solely from purchasing from a more distant supplier, or from a different class of supplier, or in smaller quantities.

In no case, however, need the maximum price for a retail sale of a millwork item fixed under this regulation be less than the net acquisition cost of the item plus a markup of 25 percent.

3. In section 19 (a), the table is amended to read as follows:

Description of product: Knocked-down or semiassembled frames; 1,200 or more frames to one order; 20 frames and/or sections of a size and kind.	Delivered to—						
	Zones 1, 8, 14, 15, 16, 17	Zones 1½, 2, 3	Zone 3½	Zone 4	Zones 5, 6, 7, 9, 12, 13	Zone 10	Zone 11

All other designs	58	57	56	55½	58½	57½	[illegible]

4. In section 19 (b) a new subparagraph (18) is added to read as follows:

(18) Window frames listed with pulleys, when furnished without pulleys: Deduct $0.75 list and shorten discount 2 points.

5. In section 19, paragraph (c) is redesignated (d) and a new paragraph (c) is added to read as follows:

(c) The maximum prices for Douglas fir lineal frame stock sold with Douglas fir frames in carload quantities, shall be the net prices, f. o. b. mill, computed by applying the following base discounts to the list prices and list extras contained in the 8000 Series Standard Moulding Book.

Description of product:	*Discount*
Frame stock, lineal, random lengths, clear grade Douglas fir:	
Under $3.00 list	29
$3.00 list and over	22½

Where sales are made on a delivered basis, shorten base discount 1 point for each $0.08 of freight rate or major portion thereof.

6. In section 20 (a), the last two lines following the product description are amended to read as follows:

To all persons	*Percent* 48

7. In section 21 (a), the last two lines are amended to read as follows:

	Percent

PART 1384—HARDWOOD LUMBER PRODUCTS
[MPR 538,[1] Amdt. 3]

COMMERCIAL VENEER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 538 is amended in the following respects:

1. The heading of section 2 is amended to read as follows:

SEC. 2. *Products covered and sellers covered.*

2. In section 2, paragraph (c) is amended to read as follows:

[1] 10 F.R. 314.

(c) *Sellers covered.* (1) This regulation covers manufacturers located anywhere in the United States making direct-mill sales of products covered by this regulation. However, in regard to veneer produced in any part of the United States, other than softwood veneer produced in the States of Washington, Oregon and California, this regulation covers only sales of "commercial veneer" by manufacturers who have been classified by the Office of Price Administration as "commercial veneer manufacturers" in accordance with the criteria below.

A "commercial veneer manufacturer" producing veneer in any part of the United States other than the States of Washington, Oregon and California is a veneer manufacturer who, during the six months period immediately prior to June, 1944, the month in which this regulation became effective, produced, sold, and priced veneer as follows:

(i) Produced veneer of:

(*a*) *Thickness.*

Generally Cut: at least 75 per cent—⅛" and thinner, and not less than 50 per cent 1/16" and thinner.

(*b*) *Thickness tolerances (applicable to veneer green from the lathe).*

Decimal	Fractional	Tolerance (plus or minus)

(*c*) *Grades.*

75 per cent—No. 1 core grade and better.

(*d*) *Moisture limitation.*

Definite percentage (12 per cent or less) specified.

(ii) Sold and priced veneer:

(*a*) Surface measure and not board measure.

(*b*) Separate price for specific grades and not on grade at one price.

(*c*) Specific prices based on the species of veneer and species shown on invoice.

A veneer manufacturer who claims to qualify as a "commercial veneer manufacturer" under the criteria above shall apply to the Lumber Branch, Office of Price Administration, Washington, 25, D. C., for classification as a "commercial veneer manufacturer" and an authorization number qualifying him to sell his veneer under this regulation. The application must set forth in detail wherein the applicant's manufacturing and sales practices are in line with, or differ from, each of the criteria above. The Office of Price Administration shall issue an order either classifying the applicant as a "commercial veneer manufacturer" or denying such classification under the criteria above. The order granting classification and authorization as a "commercial veneer manufacturer" issued by the Office of Price Administration under

this subparagraph (1) shall be effective in regard to sales made by the applicant on and after the date his application is mailed.

(2) A manufacturer producing veneer in any part of the United States other than the States of Washington, Oregon and California, who did not manufacture, sell, and price veneer in the six months prior to June 1944, according to the criteria set forth in (1) above, but who wishes to be classified as a "commercial veneer manufacturer" must apply to the Lumber Branch of the Office of Price Administration for classification as a "commercial veneer manufacturer" and an authorization number qualifying him to sell his veneer under this regulation. Such applicant shall file his application with the Lumber Branch, Office of Price Administration, Washington 25, D. C., together with such information relative to his manufacturing and sales practices as may be required by the Lumber Branch for his classification as a "commercial veneer manufacturer" and authorization to sell veneer under this regulation. The Office of Price Administration shall issue an order either classifying the applicant as a "commercial veneer manufacturer" or denying such classification under the criteria in subdivisions (i) and (ii) of subparagraph (1) above.

3. In the price tables in section 15 (c) listed below, the species, "Southern Basswood (Lynn)," is added to the headings immediately after the other species referred to in the headings: Tables 1, 2, 3, 4, 5, 6, 7, 9, 10, 11, 12, 13, 14, 15, 16, 17, 19, 20, 21, 22, 23, 24, 25, 26, 27, 29, 30.

4. In the price tables in section 15 (c) listed below, the species, "Southern Basswood (Lynn)" is deleted from the headings: Tables 2A, 3A, 4A, 6A, 7A, 9A, 10A, 12A, 13A, 14A, 16A, 17A, 19A, 20A, 22A, 23A, 24A, 26A, 27A, 29A, 30A.

5. In section 15 (c), Price Tables 8, 8A, 18, 18A, 28 and 28A are revoked.

This amendment shall become effective May 24, 1946.

NOTE: all reporting and record keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 24th day of May 1946.

[RMPR 136, Amdt. 39]

MACHINES, PARTS AND INDUSTRIAL EQUIPMENT

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 136 is amended in the following respects:

1. In Appendix A, the product of which the definition begins "Lighting equipment, electrical, for airway, etc." is deleted, and the following phrase is substituted therefor:

Lighting fixture not portable.

2. In Appendix A, the product of which the definition begins "Tanks and vessels, non-pressure, etc." is amended to read as follows:

Tanks and vessels, non-pressure, made of metal heavier than 7 B. W. G. regardless of capacity, or of a capacity in excess of 585 gallons, regardless of gauge, except all obround tanks; field-erected tanks and vessels; products commonly known as plumbing fixtures, such as flush tanks and laundry trays; products commonly known as pans and cans, such as pails and buckets; non-returnable shipping containers; refuse receptacles, drip and waste receivers and septic tanks.

3. In Appendix A, under the product of which the definition begins "Attachments and accessories for machinery and machine tools, etc.", the listed product "Wheels, Buffing and polishing" is deleted.

4. In Appendix A, under the product "Attachments and accessories for machinery and machine tools, etc." the following item is added in appropriate alphabetical sequence:

Ground steel stock for punches, dies, jigs, fixtures, etc.

5. In Appendix A the following product and applicable base date is added in appropriate alphabetical sequence.

Wheels, buffing and polishing—March 31, 1942.

6. Section 2 (a) (11) is amended by striking out the phrase "and residential lighting fixtures."

7. Section 2 (l) is amended to read as follows:

(1) *Retail sales of electric storage batteries and electric fuses.* This regulation applies to sales of electric storage batteries and electric fuses to industrial, commercial, or governmental users. However, this regulation does not apply to sales of these items to any other type of user.

8. Section 12 (f) (2) is amended by striking out the last sentence and substituting therefor the following: "If this statement is not given by the seller to the purchaser as provided in this subparagraph, the maximum price may not be figured under the depreciation method."

9. Section 19 (n) *Fractional horsepower electric motors* is deleted.

10. In Appendix A, the product of which the definition begins, "Antennas, radio, etc.," is amended to read as follows:

Antennas, radio, except automobile antennas and built-in antennas, included within the cases of domestic radio receivers, March 31, 1942.

This amendment shall become effective May 29, 1946.

Issued this 24th day of May 1946.

PART 310—MERCHANT MARINE TRAINING

APPOINTMENT AND TRAINING OF CADET-MIDSHIPMEN IN U. S. MERCHANT MARINE CADET CORPS

Effective as of May 24, 1946, General Order 24, Revised, is amended as follows:

1. Paragraph (b) of § 310.49 *Scholastic requirements* is amended to read:

(b) A candidate for appointment as cadet-midshipman (deck) or cadet-midshipman (engineer) must possess 15 units from accredited schools as shown below. Evidence showing completion of such units or showing that such units are scheduled to be completed within three months from the date of the competitive scholastic test must be furnished by the candidate before an application will be approved.

Required Group (6 Units)

1 unit in algebra.
1 unit in geometry.
3 units in English.
1 unit in science (either physics, chemistry or general science).

Optional Group (9 Units)

In addition to the above required 6 units, a candidate must furnish evidence of the completion of at least 9 units of other subjects at accredited schools.

2. Paragraph (d) of § 310.52 *Scholastic tests* is amended to read:

(d) A candidate who fails to receive sufficiently high grades in the competitive scholastic test may be permitted by the supervisor to take the next semi-annual examination if he has not reached his 21st birthday (or his 24th birthday if a veteran) and remains otherwise qualified.

3. Paragraph (d) of § 310.53 *Schools and courses* is amended to read:

(d) The course shall be, in general, one year at a cadet school followed by a year aboard merchant or training vessels, inclusive of authorized leave, and twenty-four months at the Academy, inclusive of cruises in a training vessel and authorized leave, *Provided*, That:

(1) Cadet-midshipmen who reported to the Academy as upper classmen after May 1, 1945, shall be divided in accordance with the date cadet-midshipmen commenced classes on or about August 1, 1945, the division to be determined by the supervisor with the approval of the Assistant Deputy Administrator for Training. These groups shall be eligible to graduate in December 1946 and in May 1947, respectively.

(2) Cadet-midshipmen, third class, attached to ships as of September 17, 1945, and those assigned to ships during balance of 1945, shall be detached during period April 1 to June 30, 1946, report to the offices of the district supervisors for examinations and if they are selected, report to the Academy as second classmen on July 1, 1946, and as recommended by the supervisor and approved by the Assistant Deputy Administrator for Training, may be divided into two groups according to dates of completion of fourth class course at cadet schools or Academy. The first group may be eligible for graduation on or about February 1, 1948. The second group may be eligible for graduation on or about June 1, 1948. Cadet-midshipmen third class not selected for either of the foregoing categories but who have received a passing grade in the scholastic test may, as recommended by the supervisor and approved by the Assistant Deputy Administrator for Training, continue at sea until space is available at Kings Point in late January or early February 1947. This group will graduate on or about February 1, 1949. No further scholastic test for entrance to Kings Point will be required of this group. Cadet-midshipmen, third class, who fail the scholastic test will be requested to resign in accordance with § 310.69 (b) (5).

(3) Cadet-midshipmen, fourth class, who reported to cadet schools July 1, 1945, and thereafter will be detached during May 1946 and assigned to ships as third classmen. This group will report to the Academy July 1, 1947, as second classmen and be eligible for graduation during the last week of May 1949.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

Subchapter A—General Rules and Regulations

[S. O. 520]

PART 95—CAR SERVICE

FREIGHT EMBARGO; APPOINTMENT OF PERMIT AGENT

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 21st day of May A. D. 1946.

It appearing, that upon request from the Director of the Office of Defense Transportation, and due to a labor dispute which may result in certain common carriers by railroad being unable to transport traffic offered to them so as to properly serve the public; the Commission is of the opinion that an emergency exists in all sections of the country requiring immediate action to best promote the service in the interest of the public and the commerce of the people; It is ordered, that:

(a) *Definition.* The term "common carrier by railroad" means any carrier by railroad or any express company subject to Part I of the Interstate Commerce Act, as amended.

(b) *General embargo.* From and after 4:00 o'clock p. m., Standard Time, on May 23, 1946, no common carrier by railroad shall accept for movement by rail, any carload, less-than-carload, or express traffic consigned, reconsigned, or to be reconsigned to any consignee at any destination in the United States, Mexico, or Canada, except under permit issued by the General Permit Agent hereinafter named, or by a permit agent duly designated by such General Permit Agent.

(c) *Permit agents.* Warren C. Kendall, Chairman, Car Service Division, Association of American Railroads, Washington, D. C., is hereby designated and appointed as General Permit Agent of the Interstate Commerce Commission, with full authority to issue or withhold the issuance of permits under this order, and to designate such permit agents on individual railroads as, in his judgment, may be necessary to act for him in the issuance or the withholding of permits. No permit shall be issued authorizing the acceptance of any shipment until the permit agent has obtained confirmed clearance from the handling line or lines and terminals that the shipment can be handled to destination.

(d) *Priorities.* Priorities in the issuance of permits and in the handling of traffic shall be given in the following order:

1. Food for human consumption; feed for animals.

2. Fuel, including coal, coke, coke by-products, gasoline, fuel oil, kerosene, lubricating oil, lubricating grease, petroleum wax, liquefied petroleum gas. Return of empty liquefied petroleum gas containers. Petroleum asphalt when billed to manufacturing plants to be used as fuel or in the production of briquettes.

3. Medicines, drugs, soaps, surgical instruments, hospital, sickroom and druggists supplies.

4. Chemicals to be used for purification of water supply, sewage disposal, and for sanitary and public health requirements.

5. Newsprint.

6. Containers for food, medicines, drugs; and container materials consigned to manufacturers or processors.

7. Repair or replacement parts and supplies necessary to maintain essential transportation operations during the existence of the emergency.

8. Articles covered by express money classification when moving in express service.

9. Other commodities when transportation conditions will permit.

(e) *Application.* The provisions of this order shall apply to cars moving in intrastate and foreign commerce as well as interstate commerce.

(f) *Rules, regulations and practices suspended.* The operation of all rules, regulations, and practices insofar as they conflict with the provisions of this order, is hereby suspended.

(g) *Expiration date.* This order shall expire at 11:59 p. m., June 5, 1946, unless otherwise modified, changed, suspended or annulled by order of this Commission. (40 Stat. 101, sec. 402, 418, 41 Stat. 476, 485, secs. 4, 10, 54 Stat. 901, 912; 49 U.S.C. 1 (10)–(17), 15 (4))

It is further ordered, that a copy of this order and direction shall be served upon each State railroad regulatory body, upon all express companies subject to Part I of the Interstate Commerce Act, and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

PART 96—JOINT USE OF TERMINALS

PITTSBURG, SHAWMUT & NORTHERN RAILROAD CO.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 23d day of May A. D. 1946.

It appearing, that the United States District Court for the Western District of Pennsylvania, by order dated May 14, 1946, and the Supreme Court of the State of New York, County of Allegany, by order dated May 16, 1946, have permitted Thomas C. Buchanan and Robert C. Sproul, Jr., receivers for the Pittsburg, Shawmut and Northern Railroad Company, (a) to suspend operations of the Pittsburg, Shawmut and Northern Railroad Company north of Bolivar, N. Y., and to embargo all freight and traffic over said portion of the lines of said railroad, and (b) to suspend operations of the railroad south of Hyde, Penna., and to cancel the agreement with the Pittsburg & Shawmut Railroad Company providing for payment of a 10-cent per ton arbitrary charge on tonnage received from the Pittsburg & Shawmut Railroad, and to embargo such freight and traffic thereover as is, in their sound discretion, desirable or economical; and that by embargo of May 22, 1946, effective at once, the said railroad embargoed:

1. All freight consigned, reconsigned to or intended for consignees at the following stations in New York State: Wayland, Perkinsville, Rogersville, Stony Brook Glen, Moraine, Hornell, Webbs, Arkport, Canaseraga, Garwoods, Swains, Birdsall, Bennetts, County House, Angelica, Keeney, Belvidere, Friendship, Nile, Richburg, and the following stations in the State of Pennsylvania: Drummond, Hellen Mills, Brockport, Brockway.

2. All freight originating at stations on the P. S. & N. Railroad named in Paragraph No. 1.

3. All freight originating at or destined to all stations on the P. S. & N. Railroad or points beyond when routed via the D. L. & W. Railroad and Wayland; the Erie Railroad and Hornell, Friendship and Brockway; the B. & O. Railroad and Brockway, and the P. & S. Railroad and Erie Junction.

It further appearing, that on and after May 22, 1946, shippers and receivers of freight located on such portions of this common carrier authorized to be suspended will be without railroad service; that at one point on this common carrier (Hornell, N. Y.) terminal facilities are available for joint or common use by the Erie Railroad, its connecting carrier, and that shippers and receivers transporting traffic by way of Hornell, N. Y., should be accorded railroad service to the extent possible to do so; the Commission is of opinion that an emergency requiring immediate action exists at points in New York and Pennsylvania specified in paragraphs (b) hereof to properly serve the public interest: It is ordered, that:

(a) *Joint use of terminals on Pittsburg, Shawmut & Northern Railroad required.* Thomas C. Buchanan and Robert C. Sproul, Jr., Receivers of the Pittsburg, Shawmut & Northern Railroad, a common carrier by railroad subject to the Interstate Commerce Act, shall allow and permit, joint or common use of its terminals including main-line track or tracks for reasonable distance outside of such terminals at Hornell, N. Y., by the Erie Railroad Company, a common carrier by railroad subject to the Interstate Commerce Act, upon such terms as between the carriers as they may agree upon, or in the event of their disagreement, as the Commission may after subsequent hearing find to be just and reasonable.

(b) *Protection of through routes and joint rates required.* In view of the fact that on those portions of the Pittsburg, Shawmut & Northern Railroad Company via which operations have been author-

lized to be suspended by the court, namely, north of Bolivar, N. Y., and south of Hyde, Penna., various through routes and joint rates exist, among which through routes is one with the Pittsburg & Shawmut Railroad via Erie Junction, Penna., one with the Baltimore & Ohio Railroad Company via Brockway, Penna., two with the Erie Railroad via Friendship and Hornell, N. Y., and one with the Delaware, Lackawanna & Western Railroad Company via Wayland, N. Y., which through routes and joint rates will not apply because of such cessation of operations, leaving available junctions with the Pennsylvania Railroad Company via Olean, N. Y., and St. Marys, Penna., and with the Erie Railroad Company at Hyde, Penna., said receivers of the P. S. & N. R. R. Co. shall protect the presently published rate via said remaining available junctions, and shall collect no other or different charge than they would have collected if in fact the traffic had moved through the junction points via which service is suspended; this requirement to apply as to both inbound and outbound traffic.

(c) *Application.* The provisions of this order shall apply to intrastate and foreign commerce as well as interstate commerce.

(d) *Rules, regulations and practices suspended.* The operation of all rules, regulations and practices insofar as they conflict with the provisions of this order, is hereby suspended.

(e) *Effective date.* This order shall become effective at 6:00 p. m., e. s. t., May 23, 1946.

(f) *Expiration date.* This order shall expire at 11:59 p. m., e. s. t., September 30, 1946, unless otherwise modified, changed, suspended, or annulled by order of this Commission. (40 Stat. 101, sec. 402, 418, 41 Stat. 476, 485, sec. 4, 10, 54 Stat. 901, 912; 49 U.S.C. 1 (10)–(17), 15 (4))

It is further ordered, that a copy of this order and direction shall be served upon the Public Service Commission of New York, Albany, N. Y., and the Pennsylvania Public Utilities Commission, Harrisburg, Pa., and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement and upon the receivers of the P. S. & N. R. R. Co., the Pittsburg & Shawmut Railroad Co., the B. & O. R R. Co., the Erie R. R. Co., the Pennsylvania R. R. Co., and the D. L. & W. R. R. Co., and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

Chapter II—Office of Defense Transportation

[Gen. Order ODT 66]

PART 500—CONSERVATION OF RAIL EQUIPMENT

PREFERENCE AND PRIORITY FOR TRANSPORTATION OF UNITED STATES MAIL

Pursuant to Title III of the Second War Powers Act, 1942, as amended, Executive Order 8989, as amended, and Executive Order 9729, in order to conserve and providently utilize vital transportation equipment, materials, and supplies; and it being deemed necessary in the public interest and to promote the national defense, by reason of the short supply of domestic transportation equipment and facilities, to regulate, allocate, and promote the use of passenger train equipment for the preferential transportation of United States mail, it is hereby ordered, that:

Sec.
500.100 Transportation of United States mail.
500.101 Applicability.
500.102 Definitions.
500.103 Communications.

AUTHORITY: §§ 500.100 to 500.103, inclusive, issued under Title III of the Second War Powers Act, 1942, as amended, 56 Stat. 177, 50 U.S.C. App. 633, 58 Stat. 827, 59 Stat. 658; E.O. 8989, as amended, 6 F.R. 6725, 8 F.R. 14183; E.O. 9729, 11 F.R. 5641.

§ 500.100 *Transportation of United States mail.* Each rail carrier operating passenger train schedules shall give preference and priority to the transportation of United States mail, and where necessary to accord such preference and priority, shall limit or restrict the number of passengers transported on any passenger train operated by such carrier.

§ 500.101 *Applicability.* The provisions of §§ 500.100 to 500.103, inclusive, shall be applicable only in the continental United States.

§ 500.102 *Definitions.* As used in §§ 500.100 to 500.103, inclusive:

(a) The term "rail carrier" means any common carrier by railroad which transports passengers or property for compensation.

(b) The term "continental United States" means the forty-eight States and the District of Columbia.

§ 500.103 *Communications.* Communications concerning §§500.100 to 500.103, inclusive, should refer to "General Order ODT 66" and should be addressed to the Office of Defense Transportation, Washington 25, D. C.

This General Order ODT shall become effective at 4 o'clock p. m., May 23, 1946, and shall remain in full force and effect until further order of the Office of Defense Transportation.

Issued at Washington, D. C., this 23d day of May, 1946.

PART 501—CONSERVATION OF MOTOR EQUIPMENT

RESTRICTIONS UPON MOTOR CARRIERS OF PROPERTY FOR COMPENSATION

Pursuant to Title III of the Second War Powers Act, 1942, as amended, Executive Order 8989, as amended, Executive Order 9156, and Executive Order 9729, in order to conserve and providently utilize vital transportation equipment, materials and supplies; to provide for the preferential transportation of material of war; and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war; and it being deemed necessary in the public interest and to promote the national defense, by reason of the short supply of domestic transportation facilities, to limit the use of rubber-borne transportation facilities in nonessential activities; to regulate, allocate, and promote the use and distribution of such transportation facilities among essential activities and to restrict the operations of motor carriers of property, it is hereby ordered, that:

Sec.
501.530 Restrictions upon motor carrier operations.
501.531 Application for temporary authority; leasing of trucks.
501.532 Directions relating to increase of equipment.
501.533 Utilization of driver or helper of lessor.
501.534 Utilization of excess truck capacity.
501.535 Joint action by motor carriers.
501.536 Construction of order.
501.537 Special or general permits.
501.538 Applicability.
501.539 Definitions.
501.540 Communications.

AUTHORITY: §§ 501.530 to 501.540, inclusive, issued under Title III of the Second War

Powers Act, 1942, as amended, 56 Stat. 177, 50 U.S.C. App. 633, 58 Stat. 827, 59 Stat. 658; E.O. 8989, as amended, 6 F.R. 6725, 8 F.R. 14183; E.O. 9156, 7 F.R. 3349; E.O. 9729, 11 F.R. 5641.

§ 501.530 *Restrictions upon motor carrier operations.* Except as otherwise provided herein, no motor carrier shall accept for transportation, or transport, in over-the-road service, any property other than property specified in Appendix 1, attached hereto.

§ 501.531 *Application for temporary authority; leasing of trucks.* Every motor carrier engaged in the transportation of property in over-the-road service which is not authorized under existing certificate, permit, license, or other authority to transport property of the kinds or classes specified in Appendix 1 is hereby authorized to apply to the appropriate regulatory body or bodies for temporary or emergency authority to transport such property, or kinds or classes thereof, over the routes or in the territory normally served by it, or to make its motortruck equipment available under lease or other arrangement to motor carriers having authority to transport such property, or kinds or classes thereof, in over-the-road service to the extent that such property or kinds or classes thereof can be efficiently and safely transported in such motortruck equipment.

§ 501.532 *Directions relating to increase of equipment.* Every motor carrier authorized to transport property specified in Appendix 1 in over-the-road service is hereby directed to endeavor in good faith to increase its motor truck equipment, whenever needed to accomplish the purposes of §§ 501.530 to 501.540, inclusive, through the acquisition of available idle equipment under lease or other arrangement.

§ 501.533 *Utilization of driver or helper of lessor.* In leasing a motor truck for the purpose of complying with the requirements of §§ 501.530 to 501.540, inclusive, the lessee motor carrier, wherever practicable, shall utilize the services of the driver regularly employed by the lessor in connection with its operation. The services of such driver, or any helper, shall be utilized without transfer of either to the lessee's payroll, and in so utilizing the motor truck the lessee shall assume direction and control thereof and full responsibility to the public, shippers, and consignees for its operation. The lessor shall be responsible for the deduction and payment of payroll deductions, tax withholdings, taxes, assessments, premiums, and other payments due by reason of the payment of wages or other earnings to the driver or any helper utilized in operation of the leased motor truck without transfer to the lessee's payroll.

§ 501.534 *Utilization of excess truck capacity.* Any motor carrier having unutilized and available truck capacity, after accepting and providing for motor truck transportation of all shipments of property of the kinds specified in Appendix 1 tendered to it for transportation in over-the-road service is hereby authorized to use such unutilized and available truck capacity for the transportation in over-the-road service of property other than that specified in Appendix 1.

§ 501.535 *Joint action by motor carriers.* Motor carriers are directed, wherever practicable, to formulate and place into effect plans for joint action designed to accomplish the purposes of §§ 501.530 to 501.540, inclusive, by one or more of the methods described below:

(a) Alternate, stagger, or coordinate schedules between two or more points.

(b) Reciprocally exchange shipments of property between two or more points.

(c) Pool traffic, revenues, or both, between two or more points.

(d) Jointly load for transportation or operate a motor truck or trucks between two or more points.

(e) Divert traffic, operate joint terminals, or joint pickup or delivery vehicles.

(f) Establish arrangements with other carriers for the interchange of equipment.

(g) Appoint one of their own number or any other carrier to act as its or their individual, common, or joint agent, to concentrate, receive, load, forward, unload, distribute, and deliver property; receive, account for, and distribute gross or net revenues therefrom; or otherwise handle or conduct the carriers' business as motor carriers of property upon just and reasonable terms and conditions.

§ 501.536 *Construction of order.* (a) The provisions of §§501.530 to 501.540, inclusive, shall not be so construed or applied as to require any motor carrier to perform any transportation service, the performance of which by it is not authorized or sanctioned by law, or to render any such service beyond its transportation capacity.

(b) Nothing in §§501.530 to 501.540, inclusive, shall be construed to require the loading of a motor truck to such an extent that the gross weight of the truck would exceed the actual safe capacity of any bridge or other structure en route, as determined by local or State authorities, or will exceed the maximum gross weight limitations prescribed by the applicable State law, proclamation, or regulation, Federal statute, or Executive order, whichever is currently controlling.

§ 501.537 *Special or general permits.* The provisions of §§ 501.530 to 501.540, inclusive, shall be subject to any special or general permit issued by the Office of Defense Transportation to meet specific needs or exceptional circumstances or to prevent undue public hardships.

§ 501.538 *Applicability.* The provisions of §§ 501.530 to 501.540, inclusive, shall be applicable only in the continental United States.

§ 501.539 *Definitions.* As used in §§ 501.530 to 501.540, inclusive:

(a) The term "person" means any individual, partnership, corporation, association, joint stock company, business trust, or other organized group of persons, or any trustee, receiver, assignee, or personal representative.

(b) The term "motor carrier" means any person which engages in the transportation of property by motor truck for compensation.

(c) The term "property" means anything, except persons, capable of being transported by motor truck.

(d) The term "motor truck" means either (1) a straight truck, (2) a combination truck tractor and semi trailer, (3) a full trailer, (4) or any combination thereof, or (5) any other rubber-tired vehicle propelled or drawn by mechanical power when used in the transportation of property, other than a motor vehicle engaged primarily in the transportation of persons, but shall not include (i) any motor truck of 12,000 pounds or less gross vehicle weight, (ii) any low-bed motor truck, (iii) any motor truck the primary carrying capacity of which is occupied by mounted machinery, or (iv) any other motor truck the load bearing space of which is not suitable for the efficient and safe transportation of property of kinds or classes specified in Appendix 1 attached hereto.

(e) The term "over-the-road service" means all operations of a motor truck except (1) those within an area which includes any municipality or urban community and a zone extending 25 air miles from the boundaries thereof, (2) those within and between contiguous municipalities or urban communities, and (3) those not more than 25 miles in length.

(f) The term "continental United States" means the forty-eight States and the District of Columbia.

§ 501.540 *Communications.* Communications concerning §§ 501.530 to 501.540, inclusive, should refer to "General Order ODT 61" and should be addressed to the Office of Defense Transportation, Washington 25, D. C.

This General Order ODT 61 shall become effective at 4 o'clock p. m., May 23, 1946, and shall remain in full force and effect until further order of the Office of Defense Transportation.

Issued at Washington, D. C., this 23d day of May 1946.

J. M. JOHNSON,
Director,
Office of Defense Transportation.

AUTHORITY: §§ 501.550 to 501.555, inclusive, issued under Title III of the Second War Powers Act, 1942, as amended, 56 Stat. 177, 50 U.S.C. App. 633, 58 Stat. 827, 59 Stat. 658; E.O. 8989, as amended, 6 F.R. 6725, 8 F.R. 14183; E.O. 9156, 7 F.R. 3349; E.O. 9729, 11 F.R. 5641.

§ 501.550 *Joint action by private motor carriers of property.* Private motor carriers of property are directed to formulate among themselves and place in effect whenever practicable plans for joint action designed to accomplish the purposes of §§ 501.550 to 501.555, inclusive, by one or more of the following methods:

(a) Reciprocally exchange shipments of property between two or more points;

(b) Pool traffic between two or more points;

(c) Jointly load for transportation, or operate, or both, one or more motor trucks;

(d) Operate joint terminals or joint pick-up and delivery vehicles;

(e) Establish arrangements with other private carriers for the interchange of motor trucks and equipment; or

(f) Appoint one of their own number to act as its or their individual, common, or joint agent to concentrate, receive, load, forward, unload, distribute, and deliver property; distribute or allocate costs and expenses of joint action, or otherwise handle or conduct the carriers' activities as such carriers upon just and reasonable terms.

§ 501.551 *Directions to lease motor trucks.* (a) Every private motor carrier of property is directed to endeavor in good faith to lease any of its serviceable motor trucks when idle to, or to make such trucks when idle available by any other arrangement for use by, motor carriers of property whether common, contract, or private, for the transportation in over-the-road service of any property specified in Appendix 1 attached hereto; *Provided, however,* That it shall not be necessary to so lease or make available any truck which is not reasonably suitable for such purpose.

(b) In leasing a motor truck for the purpose of complying with the requirements of §§ 501.550 to 501.555, inclusive, the lessee motor carrier, wherever practicable, shall utilize the services of the driver regularly employed by the lessor in connection with its operation. The services of such driver, or any helper, shall be utilized without transfer of either to the lessee's payroll, and in so utilizing the motor truck the lessee shall assume direction and control thereof and full responsibility to the public and, in the cases of carriers for compensation, to shippers and consignees, for the operation of the leased motor truck. The lessor shall be responsible for the deduction and payment of payroll deductions, tax withholdings, taxes, assessments, premiums, and other payments due by reason of the payment of wages or other earnings to the driver or any helper utilized in operation of the leased motor truck without transfer to the lessee's payroll.

§ 501.552 *Construction of order.* (a) The provisions of §§ 501.550 to 501.555, inclusive, shall not be so construed or applied as to require any motor carrier to perform any transportation service, the performance of which by it is not authorized or sanctioned by law, or to render any such service beyond its transportation capacity.

(b) Nothing in §§ 501.550 to 501.555, inclusive, shall be construed to require the loading of a motor truck to such an extent that the gross weight of the truck would exceed the actual safe capacity of any bridge or other structure en route, as determined by local or State authorities, or will exceed the maximum gross weight limitations prescribed by the applicable State law, proclamation, or regulation, Federal statute, or Executive Order, whichever is currently controlling.

§ 501.553 *Applicability.* The provisions of §§ 501.550 to 501.555, inclusive, shall be applicable only in the continental United States.

§ 501.554 *Definitions.* As used in §§ 501.550 to 501.555, inclusive:

(a) The term "person" means any individual, partnership, corporation, association, joint stock company, business trust, or other organized group of persons, or any trustee, receiver, assignee, or personal representative.

(b) The term "private carrier" means any person which engages in the transportation of property by motor truck other than a person which engages in such transportation for compensation.

(c) The term "property" means anything, except persons, capable of being transported by motor truck.

(d) The term "motor truck" means either (1) a straight truck, (2) a combination truck tractor and semi-trailer, (3) a full trailer, (4) or any combination thereof, or (5) any other rubber-tired vehicle propelled or drawn by mechanical power when used in the transportation of property, other than a motor vehicle engaged primarily in the transportation of persons, but shall not include (i) any motor truck of 12,000 pounds or less gross vehicle weight, (ii) any low-bed motor truck, (iii) any motor truck the primary carrying capacity of which is occupied by mounted machinery; or (iv) any other motor truck the load bearing space of which is not suitable for the efficient and safe transportation of property of kinds or classes specified in Appendix 1 attached hereto.

(e) The term "over-the-road service" means all operations of a motor truck except (1) those within an area which includes any municipality or urban community and a zone extending 25 air miles from the boundaries thereof, (2) those within and between contiguous municipalities or urban communities, and (3) those not more than 25 miles in length.

(f) The term "continental United States" means the forty-eight States and the District of Columbia.

§ 501.555 *Communications.* Communications concerning §§ 501.550 to 501.555, inclusive, should refer to "General Order ODT 62" and should be addressed to the Office of Defense Transportation, Washington 25, D. C.

This General Order ODT 62 shall become effective at 4 o'clock p. m., May 23, 1946, and shall remain in full force and effect until further order of the Office of Defense Transportation.

Issued at Washington, D. C., this 23d day of May 1946.

PART 501—CONSERVATION OF MOTOR EQUIPMENT

INTERCITY COMMON CARRIERS OF PASSENGERS BY BUS

Pursuant to Title III of the Second War Powers Act, 1942, as amended, Executive Order 8989, as amended, Executive Order 9156, and Executive Order 9729, in order to conserve and providently utilize vital transportation equipment, materials, and supplies, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war; and it being deemed necessary in the public interest and to promote the national defense, by reason of the short supply of domestic transportation facilities, to regulate, allocate, and promote the use and distribution of rubber-borne transportation facilities among essential activities, it is hereby ordered, that:

Sec.
501.570 Joint action by intercity carriers.
501.571 Directions relating to increase of equipment.
501.572 Construction of order.
501.573 Applicability.
501.574 Definitions.
501.575 Communications.

AUTHORITY: §§ 501.570 to 501.575, inclusive, issued under Title III of the Second War Powers Act, 1942, as amended, 56 Stat. 177, 50 U.S.C. App. 633, 58 Stat. 827, 59 Stat. 658; E.O. 8989, as amended, 6 F.R. 6725, 8 F.R. 14183; E.O. 9156, 7 F.R. 3349; E.O. 9729, 11 F.R. 5641

§ 501.570 *Joint action by intercity carriers.* Common carriers of passengers by bus engaged in intercity service are directed, wherever practicable, to formulate and place into effect plans for joint action designed to accomplish the purposes of this order by one or more of the methods described below:

(a) Pooling or joint use of equipment or other facilities;

(b) Pooling or division of traffic, service, or revenues;

(c) Alternation, staggering, or coordination of schedules between any two or more points;

(d) Mutual honoring of one another's tickets at the option of the passenger; and

(e) Lease, exchange, or joint use of operating rights.

§ 501.571 *Directions relating to increase of equipment.* Every intercity common carrier of passengers by bus is hereby directed to endeavor in good faith to increase its motor bus equipment wherever needed to accomplish the purposes of §§ 501.570 to 501.575, inclusive, through the acquisition of available idle equipment under lease or other arrangement.

§ 501.572 *Construction of order.* (a) The provisions of §§ 501.570 to 501.575, inclusive, shall not be so construed or applied as to require any common or contract carrier of passengers by motor bus to perform any transportation service the performance of which by it is not authorized or sanctioned by law, or to render any such service beyond its transportation capacity.

(b) Nothing in §§ 501.570 to 501.575, inclusive, shall be construed to require the loading of a bus to such an extent that the gross weight of the bus will exceed the actual safe capacity of any bridge or other structure en route as determined by local or State authorities, or will exceed the maximum gross weight limitations prescribed by the applicable State law, proclamation, or regulation, Federal statute, or Executive Order, whichever is currently controlling.

§ 501.573 *Applicability.* The provisions of §§ 501.570 to 501.575, inclusive, shall be applicable only in the continental United States.

§ 501.574 *Definitions.* As used in §§ 501.570 to 501.575, inclusive:

(a) The term "person" means any individual, partnership, corporation, association, joint stock company, business trust, or other organized group of persons, or any trustee, receiver, assignee, or personal representative.

(b) The term "bus" means any rubber-tired vehicle propelled or drawn by mechanical power, used in the transportation of passengers and having a capacity of 10 or more passengers.

(c) The term "intercity service" means all bus operations except (1) those wholly within any municipality or urban community and a zone extending 15 air miles from the boundaries thereof, or between contiguous municipalities or urban communities, or (2) round-trip schedules on which the average revenue per passenger carried is not more than 35 cents, or (3) round-trip schedules whose principal traffic consists of the movement of workers en route between their homes and their places of employment, or the movement of persons between military or naval establishments and nearby municipalities or urban communities.

(d) The term "continental United States" means the forty-eight States and the District of Columbia.

§ 501.575 *Communications.* Communications concerning §§ 501.570 to 501.575, inclusive, should refer to "General Order ODT 63" and should be addressed to the Office of Defense Transportation, Washington 25, D. C.

PART 505—DIRECTION OF AIR TRANSPORT TRAFFIC

RESTRICTIONS UPON COMMERCIAL CARRIERS BY AIR

Pursuant to Title III of the Second War Powers Act, 1942, as amended, Executive Order 8989, as amended, and Executive Order 9729, in order to conserve and providently utilize vital transportation equipment, materials, and supplies, to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, and it being necessary in the public interest and to promote the national defense, by reason of the short supply of domestic transportation facilities, to limit the use of air transportation facilities in nonessential activities, and to regulate, allocate, and promote the use and distribution of such transportation equipment and facilities among essential activities, it is hereby ordered, that:

Sec.
505.1 Restrictions upon commercial air traffic.
505.2 Cancellation of reservations, etc.
505.3 Utilization of excess aircraft capacity or air lift.
505.4 Aircraft to be made available.
505.5 Control of aircraft, aircraft capacity or air lift.
505.6 New or increased overseas or foreign services.
505.7 Delegation of authority.
505.8 Applicability.
505.9 Definitions.
505.10 Communications.

AUTHORITY: §§ 505.1 to 505.10, inclusive, issued under Title III of the Second War Powers Act, 1942, as amended, 56 Stat. 177, 50 U.S.C. App. 633, 58 Stat. 827, 59 Stat. 658; E.O. 8989, as amended, 6 F.R. 6725, 8 F.R 14183; E.O. 9729, 11 F.R. 5641.

§ 505.1 *Restrictions upon commercial air traffic.* Except as otherwise provided herein, no commercial carrier by air shall transport by aircraft any passengers or property other than as specified in Appendix 1, attached hereto or as the same may be amended from time to time.

§ 505.2 *Cancellation of reservations, etc.* Each commercial carrier by air shall forthwith cancel such reservations, contracts and arrangements for the transportation of passengers or property, and take such other action, as may be necessary, to carry out the provisions and purposes of §§ 505.1 to 505.10, inclusive.

§ 505.3 *Utilization of excess aircraft capacity or air lift.* Whenever any commercial carrier by air has unutilized and available aircraft capacity or air lift after accepting and providing for the transportation by air of all passengers and shipments of property of the kinds and classes specified in Appendix 1, attached hereto, or as the same may be amended from time to time, presenting themselves, or tendered, to it for transportation by air, such carrier is hereby authorized to use such unutilized and available capacity or air lift for the transportation of passengers or property other than specified in said Appendix 1.

§ 505.4 *Aircraft to be made available.* Each commercial carrier by air shall make available all aircraft at its disposal for the transportation of passengers or property of the kinds or classes specified in Appendix 1 hereto attached, or as the same may be amended from time to time, and in the event that such carrier is for any reason unable to utilize such aircraft for such transportation, such carriers shall make such aircraft available through lease or other arrangement to other commercial carriers by air for such transportation.

§ 505.5 *Control of aircraft, aircraft capacity or air lift.* Whenever the Office of Defense Transportation deems it necessary in the public interest and to promote the national defense, any person having possession or control of any aircraft, aircraft capacity or air lift, notwithstanding any contract, charter, subcharter, lease, or other commitment, express or implied, with respect to the use or operation of such aircraft, capacity or air lift, shall cause the same (a) to be operated or utilized in such manner, for such purposes, and between such points, or (b) to be utilized, chartered, leased, or rented by any such person to such other person or persons, as the Office of Defense Transportation shall from time to time direct. Unless the interested parties agree upon the amount of compensation payable for the use of any such aircraft, capacity or air lift so directed to be utilized, chartered, leased, or rented, or unless the amount of such compensation shall have been determined by a Federal or State agency having jurisdiction in the premises, such compensation shall be in an amount determined by the Office of Defense Transportation to be just and equitable, subject to any applicable maximum or minimum price established by any competent governmental authority.

§ 505.6 *New or increased overseas or foreign services.* No commercial carrier by air shall inaugurate any new services or schedules or increase its schedules or services, between any point in continental United States and any point outside thereof, without the prior approval of the Director, Airways Transport Department, Office of Defense Transportation.

§ 505.7 *Delegation of authority.* The Director, Airways Transport Department, Office of Defense Transportation, is hereby authorized to exercise all power and authority vested in the Office of Defense Transportation or the Director thereof to carry out the purposes and intent of §§ 505.1 to 505.10, inclusive, and to issue such orders, rules, regulations, permits, directives or instructions and take such other action as he may deem necessary or advisable from time to time to carry out such purposes and intent, and the provisions of this order shall be subject thereto.

§ 505.8 *Applicability.* The provisions of §§ 505.1 to 505.10, inclusive, shall apply only to transportation by aircraft between points in continental United States.

§ 505.9 *Definitions.* As used in §§ 505.1 to 505.10, inclusive:

(a) The term "person" means any individual, partnership, corporation, association, joint stock company, business trust, or other organized group of persons, or any trustee, receiver, assignee, or personal representative.

(b) The term "commercial carrier by air" means any person who or which is a citizen of the United States, as defined in the Civil Aeronautics Act of 1938, as amended, and who or which engages in the transportation of passengers, or property, or both, by aircraft for compensation.

(c) The term "aircraft" means any aircraft which is used or capable of being used, or intended to be used as a means of transportation by air and which is lawfully authorized to be so used.

(d) The term "property" means anything, except persons, capable of being transported by aircraft.

(e) The term "continental United States" means the forty-eight States and the District of Columbia.

§ 505.10 *Communications.* Communications concerning §§ 505.1 to 505.10, inclusive, should refer to "General Order ODT 65" and should be addressed to the Office of Defense Transportation, Washington 25, D. C.

This General Order ODT 65 shall become effective at 4:00 o'clock p. m., May 23, 1946, and shall remain in full force and effect until further order of the Office of Defense Transportation.

Issued at Washington, D. C., this 23d day of May 1946.

PART 506—CONSERVATION OF WATER EQUIPMENT

RESTRICTION UPON TRANSPORTATION OF PROPERTY BY CARRIERS BY WATER

Pursuant to Title III of the Second War Powers Act, 1942, as amended, Executive Order 8989, as amended, and Executive Order 9729, in order to conserve and providently utilize vital transportation equipment, materials, and

supplies; to provide for the preferential transportation of material of war and for the prompt and continuous movement of other necessary traffic, the attainment of which purposes is essential to the war effort; and it being deemed necessary in the public interest and to promote the national defense, by reason of the short supply of domestic transportation equipment and facilities, to regulate, allocate, and promote the use and distribution among essential activities of the transportation equipment and facilties of carriers by water, it is hereby ordered, that:

Sec.
506.1 Control of vessels.
506.2 Restrictions on operations of carriers by water.
506.3 Directions to charter vessels.
506.4 Joint action by carriers by water.
506.5 Utilization of excess cargo space.
506.6 Construction of order.
506.7 Special and general permits.
506.8 Applicability.
506.9 Definitions.
506.10 Communications.

AUTHORITY: §§ 506.1 to 506.10, inclusive, issued under Title III of the Second War Powers Act, 1942, as amended, 56 Stat. 177, 50 U.S.C. App. 633, 58 Stat. 827, 59 Stat. 658; E.O. 8989, as amended, 6 F.R. 6725, 8 F.R. 14183; E.O. 9729, 11 F.R. 5641.

§ 506.1 *Control of vessels.* Whenever the Office of Defense Transportation deems it necessary in the public interest and to promote the national defense, any person having possession or control of any vessel, notwithstanding any contract, charter, subcharter, lease, or other commitment, express or implied, with respect to the use or operation of such vessel, shall cause such vessel (a) to be operated in such manner, for such purposes, and between such points and ports, or (b) to be chartered, leased or rented by any such person to such other person or persons, as the Office of Defense Transportation shall from time to time direct. Unless the interested parties agree upon the amount of compensation payable for the use of any such vessel, so directed to be chartered, leased, or rented, or unless the amount of such compensation shall have been determined by a Federal or State agency having jurisdiction in the premises, such compensation shall be in an amount determined by the Office of Defense Transportation to be just and equitable, subject to any applicable maximum or minimum price established by any competent governmental authority.

§ 506.2 *Restrictions on operations of carriers by water.* Except as otherwise provided herein, no carrier by water shall accept for transportation or transport any property other than property specified in Appendix 1 attached hereto.

§ 506.3 *Directions to charter vessels.* Each carrier by water, including any private carrier by water, is directed to endeavor in good faith to charter or lease any of its vessels, when idle, or by any other arrangement, to make such vessels, when idle, available for use by any other carrier by water, whether common, contract, or private, for the transportation of any property specified in Appendix 1 attached hereto.

§ 506.4 *Joint action by carriers by water.* Carriers by water, including private carriers by water, are hereby directed wherever practicable to formulate and place into effect plans for joint action with other carriers designed to accomplish the purposes of §§ 506.1 to 506.10, inclusive, by one or more of the methods described below:

(a) Alternate, stagger, or coordinate schedules between two or more points;

(b) Reciprocally exchange shipments of property between two or more points;

(c) Pool traffic, revenues, or both, between two or more points;

(d) Establish arrangements with other carriers for interchanging or pooling equipment.

§ 506.5 *Utilization of excess cargo space.* Any carrier by water having unutilized cargo space in any vessel after accepting and providing for the transportation of all shipments of property of the kinds and classes specified in Appendix 1 tendered to it for transportation, is hereby authorized to use such unutilized and available cargo space for the transportation of property other than that specified in Appendix 1.

§ 506.6 *Construction of order.* The provisions of §§ 506.1 to 506.10, inclusive, shall not be so construed or applied as to authorize or require any carrier by water to perform any transportation service, the performance of which by it is not authorized or sanctioned by law, or to render any such service beyond its transportation capacity.

§ 506.7 *Special and general permits.* The provisions of §§ 506.1 to 506.10 inclusive, shall be subject to any special or general permit issued by the Office of Defense Transportation to meet specific needs or exceptional circumstances or to prevent undue public hardships.

§ 506.8 *Applicability.* The provisions of §§ 506.1 to 506.10, inclusive, shall be applicable only in the continental United States.

§ 506.9 *Definitions.* As used herein:

(a) The term "person" means any individual, partnership, corporation, association, joint stock company, business trust, or other organized group of persons, or any trustee, receiver, assignee, or personal representative.

(b) The term "carrier by water" means any person who engages in the transportation of property by vessel for compensation between points and places in the continental United States.

(c) The term "private carrier by water" means any person who engages in the transportation of his own property by vessel between points and places in the continental United States.

(d) The term "property" means anything, except persons, capable of being transported by vessel.

(e) The term "vessel" means any watercraft or other artificial contrivance of whatever description which is designed or converted for use, which is used, or is capable of being used, or is intended to be used, in the transportation of property, by water, and which is documented under the laws of the United States, or is owned by a citizen of the United States, or is engaged in the transportation, by water, of property between points and places in the continental United States.

(f) The term "continental United States" means the forty-eight States and the District of Columbia.

§ 506.10 *Communications.* Communications concerning §§ 506.1 to 506.10, inclusive, should refer to "General Order ODT 64" and should be addressed to the Office of Defense Transportation, Washington 25, D. C.

This General Order ODT 64 shall become effective at 4:00 o'clock p. m., May 23, 1946, and remain in full force and effect until further order of the Office of Defense Transportation.

Mondakota Gas Company (successor to Mondakota Development Company), Complainant v. Montana-Dakota Utilities Co., Defendant, Docket No. G-220; in the matter of Montana-Dakota Utilities Co., Docket No. G-402.

Upon consideration (1) of the application filed on April 22, 1946, by Montana-Dakota Utilities Co. ("Montana-Dakota") for a rehearing of the order in these proceedings dated March 22, 1946, establishing a rate for the common carrier transportation of natural gas and requiring a new rate schedule to be filed; and (2) of the application of said company filed on May 7, 1946, for a stay of said order of March 22, 1946; and

It appearing to the Commission that:

Good cause exists (1) for granting such rehearing in the respects hereinafter specified, (2) for denying a rehearing in all other respects, and (3) for granting a stay of the order of March 22, 1946, pending determination of the matters set for rehearing;

The Commission orders that:

(A) The application for rehearing of said order of March 22, 1946, be and the same is hereby granted as to the following matters and issues only: The matters involved and the issues arising out of the claimed changes in costs of operation and maintenance and changed operating conditions which Montana-Dakota alleges in its application for rehearing (Paragraphs 1 and 4, pages 2-4, 6-7) have taken place since May 24, 1944, the date of conclusion of the hearing held herein.

(B) Such rehearing shall be held commencing on August 13, 1946, at 10:00 a. m. in Room No. 357, Post Office Building, Minneapolis, Minnesota.

(C) The application for rehearing be and the same is hereby otherwise denied.

(D) Said order of March 22, 1946, be and the same is hereby stayed pending determination before the Commission of the matters involved in the rehearing.

(E) Interested State commissions may participate in the rehearing as provided in § 67.4 of the provisional rules of practice and regulations under the Natural Gas Act.

By the Commission.

[Docket No. G-730]

SOUTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

Notice is hereby given that on May 17, 1946, Southern Natural Gas Company, a Delaware corporation having its principal place of business in Birmingham, Alabama, filed with the Federal Power Commission an application for a certificate of public convenience and necessity, to authorize the construction of certain facilities hereinafter described, pursuant to section 7 of the Natural Gas Act, as amended.

The proposed facilities to be constructed consist of (1) meters and pressure regulating equipment and facilities to tap Applicant's lines at points of connection with lines to be constructed by the following respective purchasers: Town of Ragland, Alabama, Alabama Gas Company, Alabama Natural Gas Corporation, Birmingham Gas Company, and Atlanta Gas Light Company, and (2) 2¼ miles of 6-inch pipe line extending south from the southern terminus of Applicant's present branch line serving Talladega, Alabama, to a point in Talladega County, and 4¾ miles of 6-inch pipe line to parallel Applicant's existing branch line serving Talladega, both of these pipe lines to be constructed for the purpose of serving the purchaser, city of Sylacauga, Alabama.

The application states that the communities to be served by the proposed facilities are the city of Sylacauga, towns of Ragland, Prattville, Sycamore, Lincoln, Notasulga, portions of the cities of Mountain Brook and Homewood and environs, all in the State of Alabama, and the towns of Bremen, Douglasville, Gordon and Hampton, all in the State of Georgia; that there is no gas service at the present time in any of said communities except the area comprising parts of the cities of Mountain Brook and Homewood, Alabama, which are presently supplied with by-product gas by Birmingham Gas Company; that the town of Ragland proposes to construct a system for the distribution of gas for domestic or residential purposes only; that the city of Sylacauga, Alabama, proposes to construct a system for the distribution of gas in Sylacauga; that Alabama Gas Company and Alabama Natural Gas Corporation are both subsidiaries of Applicant and propose to construct systems for the distribution of gas in the towns of Prattville, Lincoln and Notasulga, Alabama; that Birmingham Gas Company, also a subsidiary of Applicant, proposes to convert the Mountain Brook area to the distribution of natural gas and that gas for distribution in this area will be taken from the line owned by Birmingham Gas Company and extending southerly from Applicant's main line at a point in Jefferson County, Alabama, a distance of approximately 2¾ miles, said line having been completed by Birmingham Gas Company in 1945, and having been used only for supplying gas to the Ruffner sintering plant of Sloss Sheffield Steel and Iron Company; that Atlanta Gas Light Company proposes to construct systems for the distribution of gas in Bremen, Douglasville, Gordon and Hampton, Georgia, and to construct lines from said communities to Applicant's system.

The estimated cost of the proposed facilities to be installed and constructed by Applicant will approximate $96,800, to be paid from Applicant's current funds.

Any interested State commission is requested to notify the Federal Power Commission whether the application is one which should be considered under the cooperative provisions of Part 67 of the provisional rules of practice and regulations under the Natural Gas Act, and if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a

joint or concurrent hearing, together with the reasons for such request.
